Diploma SIG

I'm the first person to go to uni in my family.

What are diplomas?

Stand-alone AQF5 qualification that also provides students with a pathway into Bachelor courses.

Saying 'bachelor' just felt like it was too big. Whereas the diploma, most people go, yeah I can do the diploma.

Unlike traditional enabling programs, students receive credit in Bachelor courses.

Having that pathway to be opened into the bachelor just felt, yeah, more manageable.

Aim of the SIG

To bring together a community of practice and advance research about diplomas and diploma students.

Our members are from

Southern Cross University
University of Southern Queensland
University of Wollongong Australia
Griffith University
University of the Sunshine Coast Australia
University of South Australia
The University of Newcastle Australia
University of Tasmania
University of Canberra
