REGLAMENTO DE EXHIBIDORES - ANEXO B

The EXTEMIN Technology and Mining Exhibition Fair (hereinafter, "EXTEMIN") is the technological exhibition held within the framework of PERUMIN 36 - Mining Convention (hereinafter, the "Event"), organized by Instituto de Ingenieros de Minas del Perú (Peruvian Institute of Mining Engineers), hereinafter referred to as the IIMP. These Exhibitor Regulations are an integral part of the Trade Fair Participation Agreement signed by the IIMP and the party that will exhibit its goods and/or products at EXTEMIN or the International Operator, hereinafter referred to as the EXHIBITOR in either case. The EXHIBITOR must abide by this document for the normal performance of its participation, being bound to comply with all its provisions. The contractual relationship created between the EXHIBITOR and the IIMP for the exhibition of goods and/or products and for the granting of Modules includes the provisions of these Exhibitor Regulations and the Trade Fair Participation Contract signed for such purpose, as well as any other provision issued by the IIMP in its capacity as organizer of the Event. It should be noted that it is the obligation of the EXHIBITOR to return one (01) copy of the Exhibitors' Regulations duly signed.

1. IIMP.

The terms "Institute" or "THE IIMP" used herein refer to the Instituto de Ingenieros de Minas del Perú (the Peruvian Institute of Mining Engineers), its offices, or the employees who represent it in the organization of EXTEMIN and the Event.

2. DATE AND VENUE.

Arequipa, from September 25 to 29, 2023, at the Cerro Juli Convention Center, located at Campo ferial Cerro Juli s/n, Jose Luis Bustamante y Rivero, Province and Department of Arequipa.

3. EXHIBITION HOURS *

Monday 25	07:00 - 19:00 horas
Tuesday 26	07:00 - 19:00 horas
Wednesday 27	07:00 - 19:00 horas
Thursday 28	07:00 - 19:00 horas
Friday 29	07:00 - 14:00 horas

* There will be special times for schoolchildren, university students, professionals and the general public, so the EXHIBITOR should consider distributing its material (brochures, flyers, inserts, etc.) with an educational approach aimed at these segments.

4. EXTEMIN COORDINATORS.

They represent the IIMP in all cases before the EXHIBITOR and are the person in charge of ensuring compliance with the provisions of EXTEMIN.

5. THE EXHIBITOR.

This term refers to any Peruvian or foreign natural person, or any legal entity incorporated in Peru or abroad, that has entered into a Trade Fair Participation Agreement with the IIMP, for the purpose of obtaining a space consisting of one (01) or more modules (hereinafter "Modules") at EXTEMIN.

International Operator shall be understood as Chambers of Commerce, Embassies, Consulates or any international entity acting for the purposes of EXTEMIN as a representative of their country of origin and is interested in participating in EXTEMIN, either directly or by inviting companies, associations, guilds or similar entities related to the mining industry in their country of origin to participate in EXTEMIN as exhibitors (hereinafter, "Indirect Exhibitors".)

The EXHIBITOR, in its capacity as International Operator, shall be solely liable for the obligations it undertakes, under any title, with the Indirect Exhibitors. Therefore, there shall be no relationship between the IIMP and the Indirect Exhibitors by virtue of the obligations or rights that the EXHIBITOR and the Indirect Exhibitors maintain. In which case, the EXHIBITOR agrees to hold the IIMP harmless with respect to any claim, contingency, sanction or otherwise, due to the relations that may arise between the EXHIBITOR and the Indirect Exhibitors. Furthermore, the IIMP shall be free to take action against the EXHIBITOR in case it is involved in any of the aforementioned circumstances.

Furthermore, the EXHIBITOR, in its capacity as International Operator, shall be jointly and severally liable for any contingencies, breaches, damages and other events that may arise in connection with the actions of the Indirect Exhibitors in EXTEMIN and in the Event, from the moment of the communication of the Indirect Exhibitor's participation until the end of the Event, who shall undertake all obligations as if they were the EXHIBITOR.

6. ADMISSION OF EXHIBITORS.

The IIMP reserves the right to accept the participation of any company, product or service in EXTEMIN, according to the policies of the Event. Therefore, any of the interested parties may approach the offices of the IIMP to receive information and become acquainted with all the conditions and guidelines established in these Regulations for the purpose of evaluating their admission to the Event.

In the event that any interested party wishes to participate as exhibitor in the Event, and after evaluation by the IIMP, it shall sign a Trade Fair Participation Contract (hereinafter, the "Contract"), which shall result in a first invoice corresponding to the first installment of possession of the Module to be paid by the EXHIBITOR. Once the invoice is received by the EXHIBITOR, the latter shall have up to seven (07) working days to pay. Upon expiration of this period, in case of non-compliance, the registration of the EXHIBITOR to the Event will be cancelled, losing all rights of participation, as well as any amount of money that has been paid as partial or total down payment for the Modules.

The EXHIBITOR that plans to participate by exhibiting in its module heavy and large equipment such as tractors, forklifts, trucks, etc., must coordinate with the IIMP, and comply with the timetables specifically indicated for this purpose, to determine the feasibility of entering the fairgrounds with all its equipment, prior to its registration as exhibitor in the Event.

The EXHIBITOR must take into account that the transfer of its machinery within the fairgrounds may only be carried out by the logistics operator designated by the IIMP.

If the exhibition of equipment includes their operation, they must be in safe operating conditions. These conditions shall be coordinated with those responsible for the IIMP, prior to their operation.

7. CHARACTERISTICS OF THE MODULES.

EXTEMIN has categories of modules in indoor and outdoor areas (hereinafter, the "Module".) A Module is the area determined for the assignment of space and is contracted by the EXHIBITOR, comprised of one (01) or more Modules. For further explanation, see the corresponding annex for the characteristics of the Modules and pavilions, according to their category.

EXHIBITION AREA	
Exhibition space	Area of 195m ²

OUTDOOR PAVILION	
Preferential Outdoor Module I	Area of 25m ²
Preferential Outdoor Module II	Area of 50m ²

PAVILION 1	
Preferential VIP Module	Area of 9m ²
Standard VIP Module	Area of 9m ²
Corner VIP Module	Area of 27m ²

PAVILION 2,3, 4 and 5	
Preferential II Module	Area of 6m ²
Standard II Module	Area of 6m ²
Corner Module	Area of 16m ²

Characteristics (Modules 3x2m. and 3x3m.)

Modular stand structures:

- Aluminum profile structure.
- 15 mm white melamine panels.
- Lighting brackets with 18W energy saving bulbs (03 bulbs per rail, located behind the frieze).
- Universal double socket with grounded outlet.

Furniture:

- 01 Table with a circular table top with a diameter of 0.90m. and a height of approximately 0.75m.
- 02 Chairs with seat and back.
- 01 Melamine credenza with interior shelf and door with key (0.70m. high, 0.40m. deep and 0.40m. wide).
- Trash bin.
- 0.20 m high by 2.93 m long MDF frieze, duco painted in color to be considered (includes the placement of the company's name in die-cut vinyl).

8. ASSIGNMENT FOR USE TO THIRD PARTIES.

The EXHIBITOR may not assign or sublease the contracted area in whole or in part under any circumstance. Non-compliance will result in the automatic termination of the Contract and the return of the duly emptied Module to the IIMP. The amount paid by the EXHIBITOR shall be retained by the IIMP as a penalty for non-compliance with the provisions of this paragraph.

The contracted area may only be assigned or subleased by the EXHIBITOR if the latter is considered an International Operator, in accordance with the provisions of these Regulations. In this case, the automatic termination and the penalty for non-compliance shall not apply, provided that the assignee or sublessee complies with the provisions set forth in the Contract and in these Regulations.

9. EXHIBITOR'S REPRESENTATIVE.

Each exhibitor must designate in writing, through the registration process, a representative before the IIMP. The EXHIBITOR acknowledges (from now) as valid any action, request or contract that its designated representative may make on its behalf before the IIMP.

10. EXHIBITION OF EQUIPMENT AND SAMPLES

The exhibition of equipment in operation and samples must be indicated by the EXHIBITOR to the IIMP no later than five (5) weeks prior to the beginning of the Event, for its authorization by the coordinator of EXTEMIN, which will be obtained only if they do not represent a hazard or inconvenience for the participants, visitors or facilities of the fairgrounds, in accordance with the safety criteria considered by the IIMP. When applicable, the IIMP will indicate to the EXHIBITOR the areas where such equipment may be exhibited while in operation and the rules to be followed for such purpose. The entry and exit of merchandise are not allowed once EXTEMIN is open to the public. Likewise, the entry of heavy machinery is not allowed without prior approval of the maximum weight by the logistics department of the IIMP, neither in the Indoor Pavilions, nor in any other pavilion not specifically designated for that purpose by the IIMP.

The EXHIBITOR shall submit to the IIMP a document evidencing that its assets, as well as its machinery and equipment, have been insured.

In addition, the use of musical instruments and sound amplification equipment will not be allowed, except for audiovisual presentations, in which case the volume may not exceed 70 decibels in any case and must not interfere with the normal operation of EXTEMIN as determined by the IIMP. Notwithstanding the foregoing, the IIMP, in its capacity as organizer, reserves the right to set a different decibel level during the course of the Event.

It is strictly forbidden to play music in the EXHIBITOR's Modules. If the case may be, the EXHIBITOR must submit the corresponding permits and authorizations, as well as proof of payment from APDAYC, UNIMPRO or any other copyright collective management association or others for the use of copyrighted audio or video at the venue before the event begins. In the event that the EXHIBITOR has not made the payment, the EXHIBITOR shall assume full and exclusive responsibility for any infringement committed before APDAYC, UNIMPRO or any other copyright collective management association or others, as well as before any supervisory body related to such rights during the event; therefore, the EXHIBITOR agrees to hold harmless the IIMP with respect to any sanction or damage due to its actions.

11. TEMPORARY CUSTODY.

The entry of samples for exhibition as temporary custody shall be allowed, being the responsibility of the EXHIBITOR to comply with the customs legislation in force. We suggest that this procedure be carried out at least four (04) months in advance. Any entry for custody must be coordinated with the logistics operator assigned by the IIMP. The entry of another logistics operator for the use of forklifts and cranes will not be allowed.

12. DIRECT SALES.

No retail sales or commercialization is allowed inside or outside the Module, i.e., handing out products during the exhibition or at the Event venue.

In this regard, the EXHIBITOR should endeavor to use digital resources for the dissemination of its products or services.

13. SERVICE AT THE MODULE.

The EXHIBITOR is under the obligation to open its Module every day half an hour before the opening time and to have enough personnel to serve the public until the closing time of the day of the Event. The EXHIBITOR must send to the registration department of the IIMP the identification data of the personnel that will serve its Modules, as well as that of their substitutes, as the case may be. The hiring of underage personnel is not allowed. It is also forbidden to eat food in the Module, due to reasons connected with environmental control and hygiene.

13.1. REGARDING THE PERSONNEL IN CHARGE OF THE MODULE'S SERVICE.

The IIMP, with the purpose of protecting the image of PERUMIN 36 - Mining Convention, as well as taking care of the quality standards of EXTEMIN - of which the EXHIBITOR is a part - establishes the following parameters to be considered in relation to the personnel who will be in charge of serving the public attending EXTEMIN:

Image:

During the service shift, people who serve the public must demonstrate order, good manners, and a helpful attitude in their relationship with visitors, and dress with sobriety according to the professionalism and seriousness of the event, as well as the company they are representing.

The clothing may display the institutional colors of the EXHIBITOR and shall be paid for and provided directly by the EXHIBITOR to its personnel.

The IIMP may make observations on the dress code of the people that the EXHIBITOR may appoint to serve its Module, so as to maintain the sober nature of the event. The dress code for attending the Event is business casual. In the event of non-compliance with the dress code established in these Regulations, the IIMP will make a single warning call to the EXHIBITOR, whereby the EXHIBITOR will be instructed to ensure that the appropriate attire is worn at the Event. In case of failure to comply, the IIMP will request the persons who violate the dress code inside the EXHIBITOR's Module to leave the Event.

Personnel hired for the host/hostess service shall not be allowed. In the event that the EXHIBITOR fails to comply, it will be subject to a penalty of five percent (5%) per day of the total value of the contract, and if it ignores the previously indicated penalty, it will also be penalized regarding its participation in future editions.

13.2. FOOD AND BEVERAGE IMPLEMENTATION.

In case the EXHIBITOR wishes to offer food and beverages during Extemin, the following must be considered:

- Inform the IIMP for the corresponding authorization via e-mail at alimentacionperumin@iimp.org.pe.
- The hours allowed to offer alcoholic beverages are from 12:00 to 15:00 hrs. and from 17:00 to 19:00 hrs. Under no circumstances will any other time be allowed.
- Food concessionaires are open from 7:00 to 19:00 hrs.
- The services of the concessionaires located within the event venue must be used.
- For the handling of food and beverages, quality standards must be met.

13.3. THIRD PARTY SERVICES FOR MODULES.

The EXHIBITOR shall submit an authorization request to the IIMP for the entry of persons to perform specific services.

14. DISTRIBUTION AND/OR EXHIBITION OF PROMOTIONAL MATERIAL AND ADVERTISING.

The distribution and/or exhibition of promotional and/or advertising material must be carried out only within the space of the EXHIBITOR's Modules. Characterized persons are not allowed to circulate around the fairgrounds, nor are they allowed to be located at the gate of the fairgrounds and/or perimeter handing out flyers. Likewise, the presence of the EXHIBITOR's personnel is not allowed in the halls of the pavilions or elsewhere outside the Modules.

Exhibitors are encouraged by the organization to deliver advertising material using electronic means.

The use of inflatable or any other type of advertising items inside or outside the venue must be previously evaluated by the IIMP. In case of non-compliance with this clause, the EXHIBITOR will have to pay the IIMP a penalty of thirty percent (30%) of the value of the hired area, and in the case of sponsors, they will also lose all their benefits.

Also, they may not exhibit promotional material that has been banned according to the legal provisions in force or for being contrary to national sovereignty, public order and good customs. It is forbidden to carry out political propaganda or engage in any other activity unrelated to the commercial activities or services offered and which are not strictly related to the purpose of the Event.

Prize draws and raffles promoted by exhibitors must have the prior authorization of EXTEMIN's coordinator and must comply with the legal provisions in force. To this end, they must be notified two (02) months in advance for security, approval and internal control purposes. Such drawings or raffles may only be held within the area of the Modules, and participants may not be located in the hallways and other areas of circulation and/or common public use. The EXHIBITOR shall assume total and exclusive responsibility for any infringement committed by the execution of such drawings or raffles, and undertakes to hold the IIMP harmless with respect to any sanction or damage to the latter due to its actions, and even with respect to the attendees of the Event with whom it contracts.

15. DESIGN AND IMPLEMENTATION OF MODULES AND OUTDOOR AREAS.

The EXHIBITOR that has hired interior and exterior modules and wishes to build, implement and/or decorate its Module through a third-party company that provides such services, may hire any external supplier provided that it complies with the approval process detailed in “ANNEX C: SUPPLIER REGULATIONS” of the IIMP contract.

Suppliers:

The IIMP will publish on the event's website the list of suppliers that have complied with the processes required by the IIMP for the implementation and decoration of the modules.

In the event that the EXHIBITOR wishes to hire an external supplier, the latter must comply with the requirements detailed in “APPENDIX C: SUPPLIER REGULATIONS” of the contract. The EXHIBITOR is totally autonomous to hire the supplier it deems appropriate; therefore, the contracting of the construction, implementation and/or decoration of the Modules is solely and exclusively between the EXHIBITOR and the supplier of its choice.

The IIMP is not to be held responsible for the choice that the EXHIBITOR makes regarding its INSTALLATION SUPPLIER, and therefore undertakes no responsibility if the SUPPLIER fails to comply with their agreement.

The SUPPLIER chosen by the EXHIBITOR shall comply with all the safety and occupational health standards established in the Supplier Regulations.

Installation dates (implementation and decoration)

- The outdoor areas installation will start on Monday, September 4 from 07:00 hrs. to 18:00 hrs., and for indoor modules, it will start on Wednesday, September 13 from 07:00 hrs. to 19:00 hrs.
- The installation of all areas and modules will end on Friday, September 22 at 23:59 hrs. After that time, the cleaning and removal of waste material will be done. The entry of materials or the performance of works of any kind for the decoration and/or implementation of the Modules shall be totally prohibited as from 00:00 hours on September 23, 2022. After the indicated date and time, the company shall be penalized with the percentages specified in clause 20.
- In the event that the EXHIBITOR requires Module construction services, it shall contract a supplier who shall be responsible for developing the corresponding design, with the deadline for receipt of the documents described in “ANNEX C: SUPPLIER REGULATIONS” of the contract in electronic form at the following e-mail address: disenoperumin@iimp.org.pe on the following dates:

Outdoor Zone	June 30, 2023
Pavilion 5	July 31, 2023
Pavilions 1,2,3 and 4	August 15, 2023

Additionally, the installation supplier must submit the same documents in hard copy in order to start the installation at the site.

- In Pavilions 1, 2, 3, 4 and 5, the Modules located at the PERIMETERS shall comply with the table below:

Location	Area	Max. permitted height	Permitted levels
Pavilion 1	9 m ²	3.00 m	1 level
Pavilion 1	18 m ² or more	4.00 m	1 level
Pavilion 2 and 3	6 m ² or more	2.50 m	1 level
Pavilion 4 and 5	6 m ²	2.70 m	1 level
Pavilion 4 and 5	12 m ² or more	3.50 m	1 level

- In outdoor areas, it must be taken into account that the installation of infrastructure and decoration must reach a maximum height of 7.00m, and must have the IIMP's design approval.
- In the case that the exhibitors take CENTRAL ISLANDS, they will be able to reach a maximum height of:

Location	Area	Max. permitted height	Permitted levels
Outdoor zone	25 m ² or more	7.00 m	2 levels
Pavilion 1	9 m ²	3.00 m	1 level
Pavilion 1	18 m ² a 27 m ²	4.50 m	1 level
Pavilion 1	36 m ² or more	5.00 m	2 levels
Pavilion 2 and 3	6 m ²	3.00 m	1 level
Pavilion 2 and 3	12 m ² or 18 m ²	4.00 m	1 level
Pavilion 2 and 3	24 m ² or more	5.00 m	2 levels
Pavilion 4 and 5	6 m ²	3.00 m	1 level
Pavilion 4 and 5	12 m ² or 18 m ²	4.00 m	1 level
Pavilion 4 and 5	24 m ² or more	5.00 m	2 levels

- All designs must comply with the National Building Regulations (RNE).
- The side walls of adjoining modules that have an exposed structure or paneling or that overlaps the structure of the neighboring Module must be made of stretched banner or smooth, flat, solid, sober white MDF. It is not allowed to exceed the established dimensions, nor to place logos on the perimeter walls of the Module that may affect neighboring exhibitors.
- All the ceilings of the Modules must have an adequate finish and closure that optimizes a uniform appearance with its design, allowing the performance of its operation and maintenance works.
- The EXHIBITOR shall take into account the “Technical Data Sheets” of the pavilions where its Modules are located for the design and implementation of its structure and necessary anchoring. These are included at the end of these regulations.
- The EXHIBITOR must take into account the “Technical Data Sheets” of the pavilions where its Modules are located in case they wish to exhibit machinery, equipment or any material that requires special considerations in terms of weights and measures.
- The light poles placed in some cases at the edge of the outdoor areas may not and shall not be used by the EXHIBITOR for decoration, support or placement of advertising.
- It is forbidden to use advertising elements, hot air balloons, inflatable items, or similar, and/or lighting equipment, moving heads or similar, for which the beam of light and/or inflatable item goes outside the limits of each Module. It is hereby stated that the use of advertising elements, hot air balloons, inflatable items, or similar must be previously evaluated by the IIMP, in accordance with the provisions of these Regulations.
- It is forbidden to drill holes, open holes, nail, paint, use staples, thumb tacks or glue on the panels. Any modification shall be at the EXHIBITOR's expense.
- The EXHIBITOR shall verify, prior to the signing of the Contract, the pole plan that will be provided by the IIMP and that is duly registered on the IIMP's website. In this regard, the EXHIBITOR shall verify, in particular, the existence or not of any pole or ceiling support column within the selected Module, in order to take the necessary measures for such purpose.
- The implementation and decoration of the modules is the responsibility of the EXHIBITOR. Furniture, accessories and other decorative items must be in excellent condition; flammable materials must not be used, and applicable safety regulations must be respected at all times. The IIMP shall have the authority and discretion to order, if deemed necessary, the replacement, relocation or new decoration of the items implemented in the Modules, at the EXHIBITOR's expense, without requiring prior authorization from such Exhibitor, with a view to maintaining the safety, order and image of the Event.
- Additionally, consideration should be given to the points specified in “APPENDIX C: SUPPLIER REGULATIONS” of the contract.

The EXHIBITOR and suppliers must respect the access routes indicated for the transit of materials and/or equipment required for the construction, implementation and/or decoration of the Modules. All traffic on the green areas is strictly prohibited.

16. RESPONSIBILITIES.

The IIMP shall not be liable for the non-fulfillment of any of its obligations due to fortuitous events or force majeure. To these effects, fortuitous event or force majeure is understood as that non-attributable cause consisting of an extraordinary, unforeseeable and unavoidable event that prevents the performance of the services or that determines their partial or late or defective performance. Such events include fires, tremors, earthquakes, tsunamis, landslides, avalanches, floods, storms, torrential rains, explosions, war conflicts or external or internal wars, civil disturbances, blockades, acts of terrorism and sabotage, uncontrollable delays in transportation, pandemics and their ravages, strikes and work stoppages, as well as any other similar or different cause. It is understood that this list is without limitation, and therefore includes all events that are beyond the reasonable control of the parties and could not have been foreseen or could not have been avoided and for the loss or damage caused to samples, equipment, tools and decoration material of the EXHIBITOR; for accidents that may be suffered by its own or contracted personnel, nor for damages that the property of the EXHIBITOR may cause to third parties or damage to the venue; during the periods of assembly or construction, installation, operation of EXTEMIN and dismantling. Therefore, it is a fundamental requirement that the installation companies provide their workers with a Complementary Risk Work Insurance Policy - SCTR, covering them during the installation and dismantling of their Modules, as well as a Third-Party Liability Insurance Policy endorsed to the IIMP, which are detailed in "ANNEX C: SUPPLIER REGULATIONS" of the contract.

The IIMP, its directors, officers and employees, general partners, affiliates, subsidiaries, successors and assignees, as well as its agents shall not be liable, directly or indirectly, in any way, vis-à-vis the SUPPLIER for any loss or damage caused by any reason of failure of the EXHIBITOR in terms of the service rendered, or vice versa.

The IIMP shall not be liable for the failure of the EXHIBITOR to make any payment or meet any obligation of any kind to its contractors, chosen supplier or personnel. The EXHIBITOR shall be responsible for any damage or harm caused to EXTEMIN's facilities by the EXHIBITOR, its contractors or its personnel. Any damages that may occur will be assessed by the IIMP and paid by the EXHIBITOR prior to the removal of its goods from the premises. Likewise, the EXHIBITOR is not authorized to repair damages of any kind, which must be communicated in a timely manner to the IIMP. It is the responsibility of the EXHIBITOR to remove equipment and hand-held objects (laptops, tablets and other electronic equipment for personal use, as well as any portable or removable object) daily at the close of the exhibition, as the IIMP will not be responsible for their loss, theft or condition. Similarly, the IIMP is not responsible for voltage drops or interruptions in the supply of electric power, internet signal and drinking water.

The EXHIBITOR is also responsible for ensuring that its SUPPLIER complies with the deadlines established for the implementation, installation and dismantling of its Module.

The EXHIBITOR shall be the sole and exclusive responsible party for the performance of its personnel for the service of the module and for the exhibition of its products and/or goods, as well as for the damages resulting from the performance of such personnel. Likewise, the EXHIBITOR shall be the sole and exclusive responsible party before the competent administrative authorities for the non-compliance with the legal and administrative obligations related to its personnel and in the exhibition of its products and/or goods; and consequently, the EXHIBITOR undertakes to hold the IIMP harmless for any administrative sanction or any other type of sanction resulting from the non-compliance with such legal or administrative obligations.

17. ACCREDITATION OF PERSONNEL FOR THE INSTALLATION, EVENT AND DISMANTLING PERIOD.

The EXHIBITOR assumes responsibility towards the IIMP for ensuring that its supplier accredits its personnel according to the procedure established by the IIMP during the dates of installation and dismantling.

The INSTALLATION SUPPLIER shall be in charge of uploading the data of the personnel that will work during the installation, event and dismantling. For this purpose, it shall register in the IIMP's system up to 48 hours prior to the start of its activities at the site, in order to verify if these personnel comply with the necessary requirements and obtain the authorization that will allow them free transit during the installation, event and dismantling dates of the module.

18. CREDENTIALS AND INVITATION CARDS.

The Trade Fair Participation Contract entitles each Module to:

Outdoor exhibition area

6m² and 9m²

- One (01) registration to the Event, "CONVENTIONIST Credentials." It grants free access to the Mining Convention, EXTEMIN, Commercial Rooms (as long as the exhibiting company does not restrict access) and social activities.
- Two (02) "EXTEMIN EXHIBITOR" Credentials or Permanent Passes, granting free access to EXTEMIN during the exhibition days.
- Thirty (30) Invitation Cards, valid for a single entrance to the fairgrounds-EXTEMIN, six (06) for each day of the week.

16m² and 27m²

- Two (02) registrations to the Event, "CONVENTIONIST Credentials." It grants free access to the Mining Convention, EXTEMIN, Commercial Rooms (as long as the exhibiting company does not restrict access) and social activities.
- Five (05) "EXTEMIN EXHIBITOR" Credentials or Permanent Passes, granting free access to EXTEMIN during the exhibition days.
- Sixty (60) Invitation Cards, valid for a single entrance to the fairgrounds-EXTEMIN, six (06) for each day of the week.

25m²

- Four (04) registrations to the Event, "CONVENTIONIST Credentials." It grants free access to the Mining Convention, EXTEMIN, Commercial Rooms (as long as the exhibiting company does not restrict access) and social activities.
- Eight (08) "EXTEMIN EXHIBITOR" Credentials or Permanent Passes, granting free access to EXTEMIN during the exhibition days.
- Sixty (60) Invitation Cards, valid for a single entrance to the fairgrounds-EXTEMIN, six (06) for each day of the week.

50m²

- Four (04) registrations to the Event, "CONVENTIONIST Credentials." It grants free access to the Mining Convention, EXTEMIN, Commercial Rooms (as long as the exhibiting company does not restrict access) and social activities.
- Eight (08) "EXTEMIN EXHIBITOR" Credentials or Permanent Passes, granting free access to EXTEMIN during the exhibition days.
- Sixty (60) Invitation Cards, valid for a single entrance to the fairgrounds-EXTEMIN, six (06) for each day of the week.

The EXHIBITOR shall provide invitation cards to its supplier to monitor its Module during the fair.

The "EXTEMIN EXHIBITOR" credential and the Invitation Cards do not grant access to the Convention area or to its social activities.

Completing a Registration Form for each participant indicating the category of registration (Extemin Conventinist, Extemin Exhibitor, or Extemin Additional) and sending it no later than May 31, 2023 to the Registration Department of the Convention is an essential requirement. Without this information, the IIMP will not be able to process their registration.

The EXHIBITOR who has paid 100% of the Module, will be enabled in the Platform to enter the data of their guests in advance and the entrance pass will be sent to them by e-mail. Additionally, they must consider that minors and pets are not allowed to enter the Event venue.

The CONVENTIONIST and EXTEMIN EXHIBITOR credentials are personal and non-transferable and must be worn at all times during the Event. Without these credentials it will not be possible to enter the Event. These credentials must be picked up at the Registration Office located at the main entrance of the fairgrounds. It is mandatory to wear the credential every day of the Event. The replacement of credentials due to loss or theft will have an additional cost of S/ 100.00 (One Hundred and 00/100 Soles).

19. PAVILION COORDINATOR.

They represent the EXTEMIN Coordinator in their area, in all cases, before the EXHIBITOR and the attending public, and are in charge of ensuring compliance with EXTEMIN's provisions during the installation, execution, length and dismantling of the Event.

20. ENTRY OF MATERIAL.

Packages, brochures, equipment, laptops and other support materials will be admitted to the fairgrounds accompanied by an entry waybill issued in triplicate by the EXHIBITOR, which must be approved by the surveillance supervisor appointed by the IIMP. In the absence of this document, said materials will not be allowed to enter the fairgrounds. During the fair days, the hours allowed will be from 6:00 a.m. to 8:00 a.m. by accredited personnel. Likewise, the waybills are essential for their subsequent removal from the fairgrounds.

Equipment, materials and other goods entering the fairgrounds during the installation dates shall be admitted to the fairgrounds accompanied by an entry waybill issued in triplicate by the RESPONSIBLE PARTY, which must be approved by the surveillance supervisor appointed by the IIMP. In the absence of this document, said materials shall not be allowed to enter the fairgrounds.

Heavy trucks are allowed to enter the fairgrounds only from September 4 to September 18, 2022 from 6:00 hrs. to 21:00 hrs. No exceptions to the above dates and times are permitted.

21. INSTALLATION.

The EXHIBITORS' visitors must have and produce a valid hard copy of their SCTR insurance and wear hard hats and safety shoes.

Equipment or items that may damage the venue's infrastructure will not be accepted.

The personnel involved in the development of activities will only be allowed to enter the fairgrounds during the installation stage, if they have the authorization and their corresponding personal protective equipment (PPE), hard hat, boots, gloves, goggles, glasses, harness, etc., and will not be allowed to enter with short sleeves or shorts, sweatpants and/or ripped pants.

The EXHIBITOR shall be solely liable for any damage that may be suffered by its personnel, the personnel of subcontractors or third parties it uses, the facilities of the venue, the Modules or areas in use by other exhibitors or participants of the Event, any third party and its own property. It should be noted that the IIMP will not provide personal protective equipment (PPE'S) to third parties.

It is recommended to have double-sided self-adhesive tape, fishing nylon and/or supports similar to curtain hooks that will enable to hang the display elements so as not to damage the walls of the interior modules. In all cases, it shall be the EXHIBITOR'S responsibility to have the necessary accessories, implements and tools for the installation. The EXHIBITOR shall have the certificate of operation of all the equipment used. Due to the strict compliance with safety and environmental protection standards, inside pavilions 1, 2, 3, 4 and 5 of the fairgrounds, the following construction work is not allowed in the exhibition areas specified herein: welding, spray painting, and its derivatives. The components of the project must be prefabricated. Only installation, retouching and furnishing work will be authorized.

In case of non-compliance, the IIMP has the right to request to stop the work, and in case the infringement of these provisions continues, the IIMP may terminate the contract with the EXHIBITOR, and the EXHIBITOR shall forfeit the sums paid in favor of the IIMP.

The Pavilion Coordinator shall be in charge of verifying the completion of the decoration work, which will be due on Friday, September 22, 2023 at 23:59 hours. After this time, a penalty will be charged to all exhibitors according to the following schedule:

- Work performed between 00:00 hrs. and 6:00 hrs. on Saturday 23rd, the penalty will be 10% of the value of the Modules hired per hour.
- Work performed between 6:00 hrs. and 18:00 hrs. on Saturday 24, the penalty will be 20% of the value of the Modules hired per hour.
- Under no circumstances will activities be allowed after 18:00 hrs. on Saturday 24.

The aforementioned penalty shall be paid to the IIMP's bank accounts within twenty-four (24) hours of the completion of such work.

No conditioning works will be allowed during the exhibition hours. Therefore, the EXHIBITOR that has not finished may continue only after the daily closing, after coordination with the Extemin Coordinator. All Modules must remain assembled until the end of the exhibition, and the removal of any exhibited product or decoration elements is prohibited.

The use of portable radio transmitters, devices and/or equipment, drones or other electronic equipment that may cause interference to the telecommunications signals installed for the Event is prohibited in the fairgrounds, unless previously authorized by the EXTEMIN Coordinator.

22. DISMANTLING OF INSTALLATIONS AND REMOVAL OF GOODS.

The dismantling of the Module may take place from Friday, September 29 from 16:00 to 19:00 hours (only light equipment, by hand and/or in mobile carts with their corresponding Waybill and Removal of Goods form). Vehicles may not enter to remove merchandise or goods. As of Saturday, September 30 from 7:00 hrs. to 18:00 hrs., vehicles will be allowed to enter to pick up merchandise or goods with their respective Waybills.

The deadline for the removal of TV sets, samples, minibars, LED screens, merchandising and other valuable items will be Saturday, September 30, 2023 until 16:00 hours.

The EXHIBITOR shall disassemble its Module without using any space for circulation, and shall leave the space in the same conditions as received, i.e., it shall remove all the materials used in the construction of its Module, in addition to the waste and any other item to be disposed of.

In order to remove its materials from the fairgrounds, the EXHIBITOR must fill out the "Removal of Goods" form, which will be distributed by the Pavilion Coordinators prior to the end of the Event. This document, once completed with the corresponding information, must be approved by the Pavilion Coordinator after verification and comparison with the waybill for entry of materials in the fairgrounds. This is an essential requirement for the Event's Security to allow the EXHIBITOR to leave the fairgrounds.

The entry authorization and door designation for the vehicles will be granted by the Pavilion Coordinator once the materials have been verified and approved by the person in charge.

The deadline for the completion of the dismantling of modules in the indoor pavilions is October 8, 2023 and for the outdoor area is October 10, 2023.

At the end of the dismantling period, all installations, constructions, furniture, signs, etc. that have not been removed by the EXHIBITOR shall remain at the disposal of the IIMP, which may freely dispose of them without the right to reimbursement and the EXHIBITOR shall lose all rights over them. The IIMP will invoice the EXHIBITOR a penalty of 10% of the value of the hired area for damage, demolition or transportation, for which the IIMP will verify and attach the photographs and the report of the reason for such penalty.

23. ADDITIONAL SERVICES PROVIDED BY THE IIMP.

The IIMP will provide the following services to the EXHIBITOR:

- **Electric power.** The electric power supply is single-phase, 220 volts and 60 Hz. The power supplied does not have a power stabilizer; this must be taken into account by the EXHIBITOR in case of connecting electronic equipment.

Only the amount allocated by the hired Modules, which will be available only during the fair period (September 25 to 29), shall be considered by the EXHIBITOR as energy free of cost.

In the event that the EXHIBITOR should need:

- Electric power during the days of installation.
- Three-phase power during the days of installation (360V and/or 220 V).
- Additional electric power to that provided during the days of the event (September 25 to 29) either three-phase and/or single-phase.

This must be requested until August 15, 2023. After such date, no requests will be accepted or considered. The IIMP will evaluate its feasibility and will send the additional cost estimate to the EXHIBITOR, which must be paid in full before August 18, 2023.

For the power supply service during installation and dismantling days, the EXHIBITOR must have an extension cord (NLT type electric conductor, 4mm² minimum section and MENNEKES type industrial plug or similar), enabling it to connect to the points authorized by the IIMP.

The IIMP shall make the necessary provisions for the basic supply of electric power in the event of an interruption of the service supplied by the public utility network that is not under the control of the IIMP. Consequently, should this occur, the basic supply of electric power shall not generate any liability of any kind for the IIMP and shall not be grounds for any claim by the EXHIBITOR.

The outdoor areas will have an electric power point presented in halogen-free vulcanized cable, so the exhibitor must bring the necessary materials for its installation inside its Module.

The EXHIBITOR can find the costs and make the request for the service on the same platform where it made the reservation of its stands previously or otherwise the SUPPLIER may request it at the EXTEMIN office, located at the fairgrounds.

In the event that the SUPPLIER needs to bring backup power equipment (power generators, etc.), this must be previously coordinated with the IIMP, taking into account that it could generate additional costs. As per Civil Defense regulations, all Modules must use vulcanized cable; the use of twin cables is forbidden.

- **Surveillance.** The IIMP shall be in charge of the general surveillance of the premises 24 hours a day. However, it shall not be responsible for the loss of valuables, portable objects or those that are difficult to control, nor for the damage they may suffer as a consequence of acts of third parties. In this regard, the EXHIBITOR shall take the necessary security measures to ensure the protection of the goods intended for the exhibition of its products and/or goods.
- **Housekeeping.** The IIMP will be in charge of cleaning the floors of the circulation areas, restrooms, food courts and public areas. The EXHIBITOR will be in charge of cleaning inside its Modules.

24. MODIFICATION OF THE REGULATIONS.

As organizer of the event, the IIMP may change the content of the Regulations at any time in order to comply with the provisions set forth by the Government of the Republic of Peru. A timely communication will be sent to that effect.

PRELIMINARY TIMETABLE

Friday, June 02, 2023	
Deadline to inform the EXTEMIN Coordinator of the use of paneling and basic furniture.	
Deadline to book the Multipurpose Rooms (SUM), which will be listed in the EXTEMIN Directory.	
Deadline for submitting the Form with the data that will appear in the EXTEMIN Directory	
Friday, June 30, 2023	
Deadline to submit the design of outdoor area modules and to indicate to the installation contractor the delivery of technical and security documents for site access.	
Friday, August 15, 2023	
Deadline to submit the design of modules in indoor pavilions and to indicate to the installation contractor the delivery of technical and security documents for site access.	
Friday, July 31, 2023	
Deadline to submit the design of modules in pavilion 5 (indoor) and to indicate to the installation contractor the delivery of technical and security documents for site access.	
Tuesday, August 15, 2023	
Deadline to request the electric power service.	
Friday, August 11, 2023	
Deadline for exhibitors to register their personnel list for entry authorization.	
Friday, August 18, 2023	
Deadline for paying the electric power service.	
Friday, September 01, 2023	
Deadline to submit the SCTR insurance of the personnel	08:30 - 16:00 hours
Start of entry of heavy trucks to the fairgrounds	
Monday, September 04, 2023	
Start of installation work in outdoor areas	07:00 - 18:00 hours
Wednesday, September 13, 2023	
Start of installation work in indoor areas	07:00 - 21:00 hours
Monday, September 18, 2023	
End of entry of vehicles and major equipment	06:00 - 21:00 hours
From Monday, September 18 to Sunday, September 22, 2023	
Service and delivery of credentials at the fairgrounds	09:00 - 17:30 hours

From Monday, September 25 to Friday, September 29, 2023

Delivery of credentials in places that will be determined for such purpose, upon prior notice.

09:00 - 17:30 hours

Saturday, September 23, 2023

End of installation and decoration works

07:00 - 18:00 hours

Monday, September 25, 2023

Official inauguration

12:00 hours

Friday, September 29, 2023

Disassembly and removal of goods by hand.

16.00 a 19.00 hours

From Saturday, September 30, 2023

Disassembly and removal of goods

07:00 a 18:00 hours

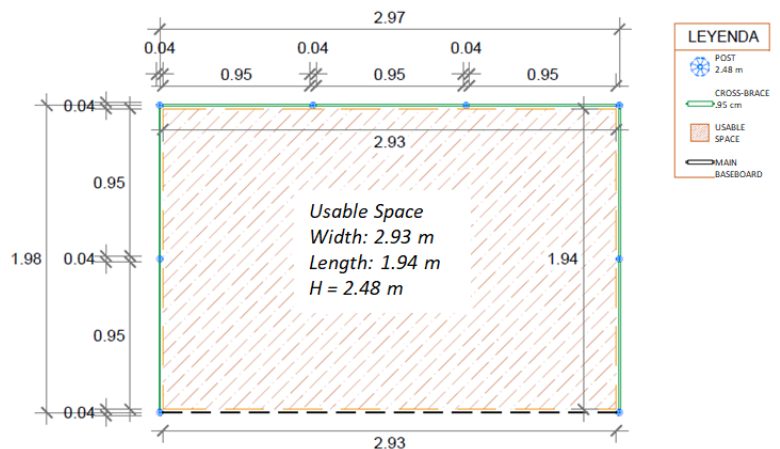

Failure to comply with the items mentioned in these Regulations will result in the closing of the module and a ban to participate in the next edition of PERUMIN.

ANNEX 1 Specification of internal measures

3 m. x 2 m. STAND (Single Front)

Axes: 2.97 m. x 1.98 m.

Usable Space: 2.93 m. x 1.94 m. H = 2.48 m.

3 m. x 3 m. STAND (Single Front)

Axes: 2.97 m. x 2.97 m.

Usable Space: 2.93 m. x 2.93 m. H = 2.48 m.
