

UDIA NT GALA DINNER SPONSORSHIP PACKAGES

12 OCTOBER 2024

CEO'S WELCOME

I am pleased to launch the UDIA NT 2024 Awards for Excellence program.

These awards are intended to show off the high-quality development and innovative projects that are occurring across the Northern Territory.

UDIA NT is the leading voice of the development industry in the NT and the Awards are respected and acknowledged as a legitimate and prestigious platform to showcase true development excellence by a range of stakeholders including Territory and Local Government, private industry and not-for-profit organisations. Winners in these categories will also have the opportunity to showcase their project on a national stage.

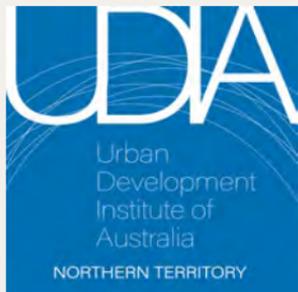

Given the current focus on liveability and the housing crisis nationally, it is now more important than ever that we work collectively to bring the development needs to the fore that the community demands and desires, particularly as the NT experiences unprecedented levels of demand for housing.

If we are to collectively achieve the NT Government's \$40B by 2030 and bring all these major projects online that we keep hearing about, we need to provide them with accommodation and social services – all of which can be done through projects such as those being nominated for these awards.

As we look forward to the rest of the year, our focus is on NT's continued economic growth and exciting projects that further show the NT as the place to be. This Awards program is the perfect opportunity to showcase the very best development NT has to offer. I encourage all those who are involved in a great project to consider entry into the UDIA NT Awards for Excellence and highlight the fantastic work that is happening in the Territory toward creating the communities of the future.

Yours sincerely,
Drew Wagner | **UDIA NT CEO**
