

Manaaki Mana Pathways

Manaakitanga

Whānaungatanga

PAE ORA | Futures

10. Advocate for research in emergency departments that is relevant, safe and responsive to Māori

1. The vision for Manaaki Mana is clearly communicated to key stakeholders

9. Establish mechanisms to evaluate Pae Ora achievements

2. Develop partnerships to progress shared Manaaki Mana goals

MAURI ORA Individuals

11. Weave aroha and manaakitanga practices into patient care

WHĀNAU ORA Family

15. Weave aroha and manaakitanga practices into Emergency Care

WAI ORA Environment

18. Emergency departments provide a welcoming physical environment that supports Pae Ora for patients, whānau and staff

8. Engage ACEM staff and members in understanding the significance of tikanga

3. Advocate for embedding Manaaki Mana in EDs

12. Create a kete of resources for all emergency medicine trainees and Fellows to support culturally safe care in EDs

13. Ensure all trainees and Fellows working in Aotearoa New Zealand are provided with regular Te Reo and tikanga training

16. Grow the Māori emergency medicine workforce to represent the communities they serve

17. Support and retain the Māori emergency medicine workforce

7. Ensure appropriate oversight and implementation of the Manaaki Mana Strategy

4. Governance entities at ACEM represent our commitment to Manaaki Mana

6. ACEM's senior office bearers understand the socio-political context within which the College operates in Aotearoa New Zealand

5. ED staff understand Te Tiriti responsibilities and Manaaki Mana context
