

The NLC can support your Community Projects!

Are you a part of a Traditional Owner group in the Top End?

Do you have the time and energy to plan projects?

Do you and your group want to make changes for your community's future?

Can you get other members of your group to help?

The NLC has a free service for Aboriginal groups who want to work together to do good things for their communities. The NLC's Community Projects team helps groups to plan, manage and monitor community projects. It can also help groups access grants and partnership opportunities.

To find out more about how NLC Community Projects can help, phone or email the Community Projects team.
