

If you have a shell scheme package or custom walling for your stand, shelving units across your entire back wall or raised flooring, you must consider the internal dimensions of your stand - Please allow 20mm each side of your stand to ensure your custom build will fit within the standard Corinthian walls. Even if you have a space only stand, you still need to consider this if you are surrounded by shell scheme stands.

Internal dimensions: Allow 20mm each side of your stand. E.G. 3x3sqm stand:

Note: If you have a space only stand within a block of shell scheme stands, you also need to allow 20mm for each side wall.
