Acknowledgement of Country

ASHM acknowledges the Traditional Custodians of the land on which the conferences are convening, the Kabi Kabi and Jinibara Peoples, and their continuing connection to the land, waters and community. We pay our respects to all members of the Aboriginal communities and their cultures; and the Elders both past and present.

*"The artwork **"Wiyunggir" Cleverman** I have created for ASHM represents our old ways, our Lore and our traditional medicine, embedded into the modern life of today's Lore (law) and medicine."*

CONFERENCE ENVIRONMENT POLICY

ASHM Conference and Events Division implements a waste-reduction policy that addresses:

- Reduce, Reuse, Recycle. This is done before, during and after each conference.
- ASHM Conference & Events Division reduces the number of printed materials by using electronic communication means wherever possible, including the website, email, online registration and abstract submission.
- ASHM Conference & Events Division monitors final delegate numbers for an accurate forecast of catering requirements in order to avoid waste.
- ASHM Conference & Events Division aims to research and prioritise purchasing items and equipment that support the use of recycled materials or can be recycled after use.
- ASHM Conference & Events Division will aim to ensure that recycling bins are available onsite at all events.
- ASHM Conference & Events Division will endeavor to minimise travel through the use of teleconferences instead of face-to-face meetings and holding meetings only when necessary.
- ASHM Conference & Events Division encourages all conference stakeholders to consider the environment by suggesting the following: reduction in printing requirements; recycling conference materials; and reusing conference merchandise.

COVID Policy

Based on the current reporting of COVID infections in Australia the organising committee would like to model best practice behaviour at the conference to minimise risk.

Attendees are reminded not to attend if they:

- have returned a positive COVID-19 test within the last 7 days or a positive RAT that day
- are feeling unwell and displaying COVID-19 symptoms (loss or change in sense of smell or taste, fever, chills or sweats, cough, sore throat, shortness of breath and runny nose)
- are a household / close contact* with a person who has returned a positive COVID-19 test within the last 7 days.

For those attending the Conference:

- **Mask wearing will be mandatory** during the four-day conference, (preferably N95 masks). Please bring your own mask, however there will be masks available at the conference registration.
- **A COVID rapid antigen test (RAT) must be undertaken prior to setting off to attend the conference. You may also take tests during the conference and there will be some available at the conference, upon request.**

Delegates are required to declaration sign a form (provided in the final confirmation email or onsite) at the start of the event declaring that they have had a negative RAT result just prior to the conference, that they have no COVID symptoms and that they are not a household or a close contact of a person with COVID-19.

- **Flexibility:** We have a flexible registration system so that you can cancel or transfer your in-person registration to another person if you become unwell or if you feel uncomfortable about travelling and attending (note: refunds are based on the Ts&Cs and on individual situations. We can assist with documentation for you to make a claim with your insurance provider for any registration, travel or accommodation claims).

Other measures that have been implemented to reduce the risk of COVID-19 include:

- Contactless check in / registration available (use your barcode)
- KN95 masks available at registration
- COVID rapid antigen tests available, upon request
- Hand Sanitisation areas
- Reminders around social distancing and effective venue spacing
- A range of outdoor areas for networking

* Reference: <https://www.qld.gov.au/health/conditions/health-alerts/coronavirus-covid-19/exposed-to-covid/close-contacts/first-steps-as-a-close-contact>

In addition, the Venue have implemented the following safety measures:

- All attendees will have to check in to the conference by registering and collecting their badge
- COVID compliant venue
- Adherence to current government space restriction and capacity

All attendees at the Conference will be required to comply with the COVIDSafe guidelines and protocols in place at the conference venue, which will be aligned and compliant with all relevant Government health advice during this time.

At the Conference, participants will be reminded to social distance where possible and follow the instructions of conference staff when entering the meeting rooms, or in public areas.

Being COVIDSafe is a shared responsibility, and we want you to enjoy and make the most of Conference in a safe way.

If you have any questions, please do not hesitate to contact the Conference Secretariat: conference@ashm.org.au or on (02) 8204 0770.

Partnership

Possibilities

Together, we are igniting change, collaborating
and partnering to create a better, healthier world.

Conference App

App Supporter:

ashm

Wi-Fi Details

check the back
of your name badge
for login details

The conference app is the best way to stay informed during the conference. The best part is it's free to download from the Apple app store or Google Play!

What can I do with the app?

- Create your own agenda
- View the program by time or session, read the abstracts, make notes
- Answer polling questions during presentations
- Search for speakers, read their bio and see what presentations they are giving
- View a list of all the sponsors and exhibitors and find out which booths they are at
- Send a direct message to that person you have been trying to pin down for a meeting

How do I get the app?

The Conference App is available to download from the Apple app store or Google Play

Simply search for **'Events App by EventsAIR'**.

How do I login to the app?

Once you have found the app in your App Store:

1. Install the App.
2. The first time you open the app, you will need to enter the event code:
HIVSH22
3. To login, enter your primary email address and pin located on the back of your name badge.
4. You are all set! If you have any questions visit the conference team located at the Registration desk!

ashm

The voice of thousands of Australasian healthcare workers across the sector

ASHM is Australasia's peak professional body representing healthcare professionals working in HIV, viral hepatitis, other BBVs, sexual and reproductive health.

We deliver training, develop the resources and guidelines, run the conferences and advocate passionately for the needs of our members and communities.

ASHM is an independent and trusted Public Health Organisation.

Our members are physicians, nurses, researchers, epidemiologists, pharmacists, and allied health workers – united to eliminate harm from these diseases and to protect our diverse communities.

5 Reasons to Become an ASHM Member today!

1. Financially supporting ASHM and the sector
2. Bonus CPD points
3. Conference discounts
4. Professional recognition
5. Networking opportunities

To find out more about how to become a member of ASHM, please visit www.ashm.org.au/about/membership or scan the QR Code for more information.

Keynote Speakers

Ya-Chi Ho
*Associate Professor,
Microbial Pathogenesis
and Medicine at Yale
University, USA*

Kane Race
*Professor of Gender
and Cultural Studies,
Fellow of the Australian
Academy of the
Humanities, University
of Sydney, Australia*

Valérie Delpech
*Head of national
HIV surveillance and
monitoring at Public
Health England,
London, England*

Aadia Rana
*Associate Professor of
Medicine at the University
of Alabama-Birmingham
and an Associate Scientist
with the UAB Center for
AIDS Research, USA*

Todd Fernando
*Wiradjuri man,
Victoria's Commissioner
for LGBTIQ+
Communities, VIC*

Marsha Rosengarten
*Professor of Sociology,
Goldsmiths, University
of London, UK*

Helen Marshall
*Professor In Vaccinology,
The University of
Adelaide, SA*

Lisa Vallely
*Senior Research Fellow,
Kirby Institute, UNSW
Sydney, Australia*

Heather McCormack
*Senior Program Manager,
NSW STI Programs Unit,
Centre for Population
Health, NSW Ministry
of Health, Australia*

Teodora Elvira Wi
*Lead, Sexually
Transmitted Infections,
Global HIV, Hepatitis and
STIs Programmes, World
Health Organization,
Geneva, Switzerland*

Joel Palefsky
*Professor of Medicine
and Infectious Diseases
at the University of
California San Francisco
School of Medicine*

ASHM 2022 CONFERENCE

hiv&aids+
sexualhealth
2022

Come to the ViiV stand to enjoy a coffee

Join us for the NAPWHA symposium

Date: Wednesday 31st August, lunchtime 1-2pm

Topic: Quality over Quantity? Going Beyond Viral Suppression in HIV Care with Vanessa Wagner and panel members Prof Jenny Hoy, Dr Nneka Nwokolo, Prof Graham Brown and Brent Allan.

See the abstracts being presented

Professor Don Smith

PAPER 287 – Efficacy and safety of switching to DTG/3TC in treatment-experienced, virologically suppressed PLHIV aged ≥ 50 years: pooled results from the TANGO and SALSA studies.

Dr Leah-Anne Latorre

PAPER 164 – Improvements in patient-reported outcomes in older adults aged ≥ 50 years with HIV-1 after switching to a 2-drug regimen of fixed-dose combination DTG/3TC: 48-week results from the SALSA study.

PAPER 117 – Efficacy and safety of DTG/3TC in virologically suppressed female vs male participants from TANGO and SALSA: pooled 48-week data.

PAPER 165 – Changes in inflammatory biomarkers and baseline variables after switching to DTG/3TC in 2 randomized clinical trials of virologically suppressed adults: 48-week pooled analysis.

Dr Daniel Cowley

PAPER 266 – Long-acting cabotegravir+rilpivirine (CAB+RPV) in older adults: pooled phase 3 Week 96 results.

PAPER 257 – Give it a shot: best practices from HCPS for administering long-acting CAB+RPV.

Come to the ViiV stand to practise IM injections to the ventrogluteal site

Our team mission: Create and deliver events that educate, inform and leave a lasting legacy for delegates and the host organisations.

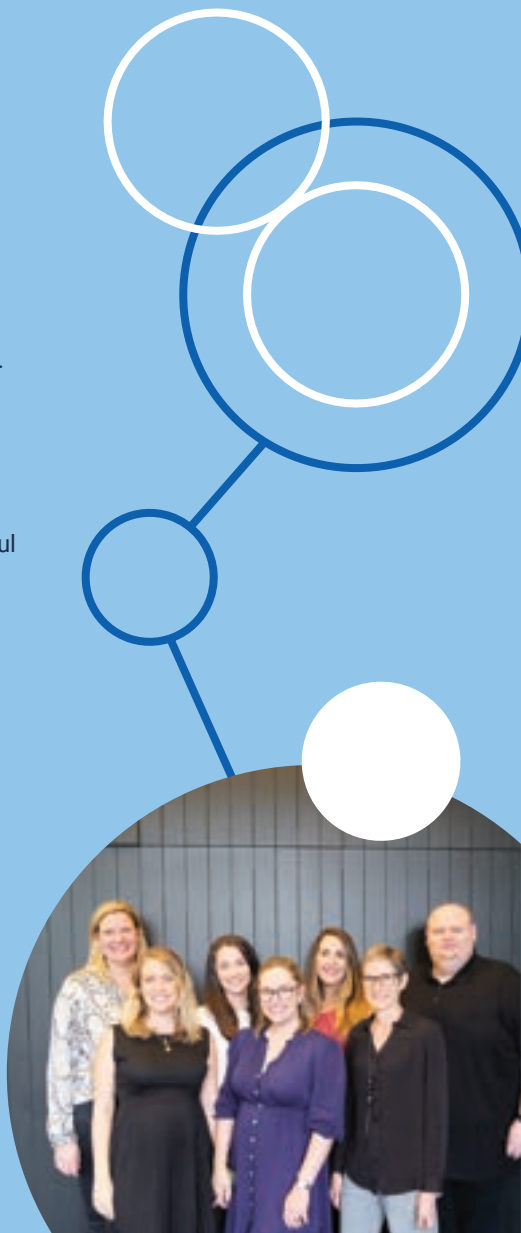

What sets ASHM Conferences apart from others?

ASHM Conference and Events is a multi-award-winning not for profit meetings management organisation with over 20 years of experience in delivering conferences, exhibitions and events both internationally and across Australia. Executing a diverse range of customised conference and event management services for associations, corporations and government departments who specialise in the areas of research, science, health, policy and education. Creating memorable, professional and successful events is the driving force behind this dedicated and talented team of events professionals.

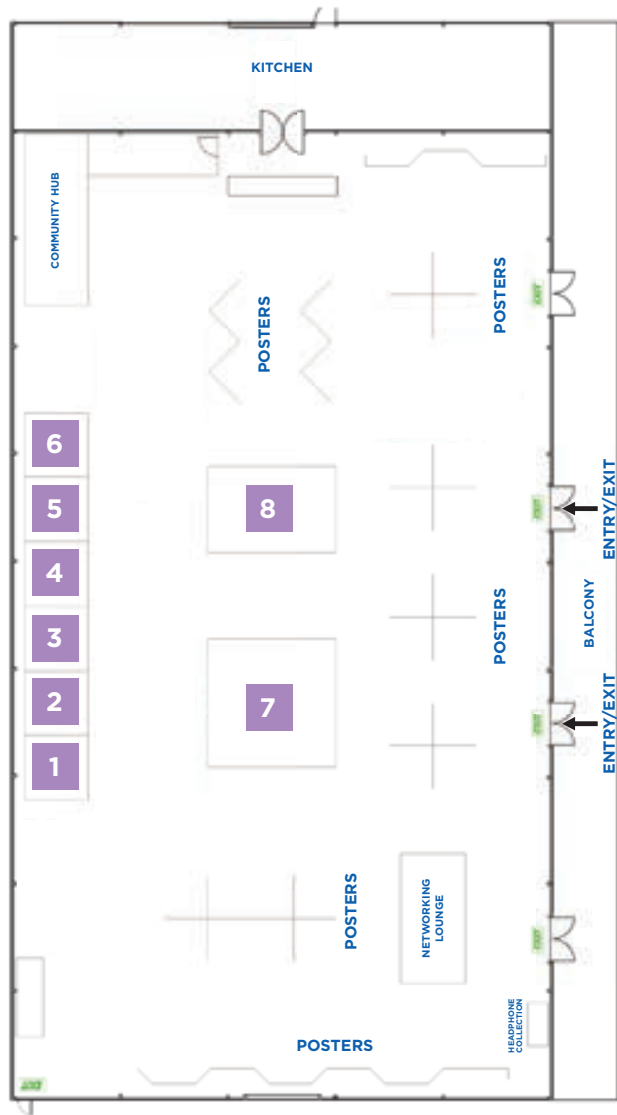

Our Services

- Conference Management
- Virtual Events
- Registration
- Abstract Management
- Marketing
- Sponsorship and Exhibitions
- Accommodation
- Social Programs

Exhibition Directory

Staff at the pharmaceutical company trade displays are precluded by law, and by Medicines Australia code from giving information about specific products to non-healthcare professionals.

6

Abbott is the global leader in point-of-care (POC) diagnostics with the broadest portfolio of best-in-class rapid tests, services, and devices across all healthcare settings: the lab, the clinic, remote healthcare outposts, retail outlets, the patient's bedside and at home. Abbott's offering of industry-leading near patient tests and services is unmatched across key health and therapeutic areas, including: infectious disease, cardiometabolic & informatics, toxicology and consumer diagnostics.

2

ashm

ASHM is Australasia's peak professional body of workers in HIV, viral hepatitis, sexual and reproductive health and transgender health. We deliver the training, develop the guidelines, and advocate for the needs of our members and communities. ASHM maintains the accreditation for prescribers of important HIV therapies and is an independent and trusted Public Health Organisation. Our members are physicians, nurses, researchers, epidemiologists, social workers and allied health workers – united to helping our diverse communities to live longer and better.

4

Cepheid is a leading on-demand molecular diagnostics company that is dedicated to improving healthcare by developing fully-integrated systems and accurate yet easy-to-use molecular tests. The company is focusing on applications where rapid and actionable test results are needed most, in fields such as critical and healthcare-associated infections, sexual health, genetic diseases and cancer.

8

GILEAD

Gilead Sciences, Inc. is a biopharmaceutical company that has pursued and achieved breakthroughs in medicine for more than three decades, with the goal of creating a healthier world for all people. The company is committed to advancing innovative medicines to prevent and treat life-threatening diseases, including HIV, viral hepatitis and cancer.

Exhibition Directory

3

Queensland Positive People (QPP), is the peak, peer-led, community organisation committed to improving the lives of all people living with HIV across Qld. We provide peer support and navigation, prevention and testing, HIV case management, and stigma and discrimination support and advocacy. QPP help people live well with HIV.

1

At Roche, we drive continuous innovation, empowering healthcare professionals to face the complex challenges of infectious diseases. The infectious disease landscape is ever-changing: outbreaks, mutations, emerging pathogens, and growing antimicrobial resistances place significant pressures on health systems. Our increasingly sophisticated diagnostic tools are helping to provide relief and transform care. From the laboratory to the point of care and beyond, trusted and flexible solutions keep you at the forefront of diagnostics excellence.

5

SpeedX is an Australian-based private company founded in 2009 with offices in London and the US. SpeedX specialises in molecular diagnostic solutions powered by innovative real-time polymerase chain reaction (qPCR). Product portfolios focus on multiplex diagnostics for sexually transmitted infections, antibiotic resistance markers and respiratory disease.

7

ViiV Healthcare is an independent, global specialist company 100% dedicated to HIV with a broad range of antiretroviral medicines and an industry-leading pipeline. ViiV Healthcare has an established presence worldwide and in collaboration with the HIV community develops meaningful treatment advances, improved access to our medicines and support for people living with HIV.

Conference Program

MONDAY 29 AUGUST						
HIV Opening Plenary						
8.30 - 10.30	Room: Miniyama 1 & 2					
	8.30 - 8.35	Welcome to Country				
	8.35 - 8.40	Government Welcome				
	8.40 - 8.45	ASHM Welcome Nicholas Medland, ASHM President				
	8.45 - 8.50	AFAO Welcome Darryl O'Donnell, AFAO CEO				
	8.50 - 8.55	NAPWAHA Welcome Scott Harlum, NAPWAHA President				
	8.55 - 9.25	"Please be aware this information may change": a response to the limits of evidence for what cannot be known in advance. Marsha Rosengarten, Professor of Sociology, Goldsmiths, University of London, UK				
	9.25 - 9.55	Community, academic, and public health partnerships: the key to Ending the HIV Epidemic in the U.S. Aadia Rana, Associate Professor of Medicine at the University of Alabama-Birmingham and an Associate Scientist with the UAB Center for AIDS Research, USA				
	9.55 - 10.25	Undetectabilities Kane Pace, Professor of Gender and Cultural Studies, Fellow of the Australian Academy of the Humanities, University of Sydney, Australia				
10.30 - 11.00	Morning Tea					
		HIV Proffered Papers: Epidemiology, Prevention & Health Promotion		HIV Proffered Papers: Clinical Management & Therapeutics		HIV Proffered Papers: Social, Political & Social Aspects
		Room: Miniyama 1		Room: Miniyama 2		Room: Miniyama 3
	11.00 - 11.12	#171 Changing characteristics of pre-exposure prophylaxis (PrEP) initiators in Australia: analysis of Pharmaceutical Benefits Scheme (PBS) data Doug Fraser, NSW	11.00 - 11.12	#176 Pre-exposure prophylaxis and renal impairment in Aboriginal and Torres Strait Islander Australians Douglas Drak, NSW	11.00 - 11.12	#104 PrEP and Condoms and STIs, Oh My! Moral Work in Clinician Accounts of Prescribing PrEP Anthony Smith, NSW
	11.12 - 11.24	#240 Factors predicting intention for on-demand HIV pre-exposure prophylaxis (PrEP) dosing among gay and bisexual men in Australia Mohamed Hamoud, NSW	11.12 - 11.24	#253 Reproductive health among women living with HIV attending Melbourne Sexual Health Centre for HIV care from February 2019 to February 2020 Joanne Peel, VIC	11.12 - 11.24	#310 Women Living with HIV in Australia are Disproportionately Represented in HIV-Related Legal Matters Jane Costello, NSW

11.00 - 12.30	11.24 - 11.36	#145 A new normal? The continuing impact of COVID-19 on Australian gay and bisexual men's behaviour: Results from the Gay Community Periodic Surveys 2017-2022 Timothy Broady, NSW	11.24 - 11.36	#107 Trends and associated factors in HIV testing among heterosexual men and women in Melbourne, Australia, 2012-2020 Warittha Teosapjaroen, VIC	11.24 - 11.36	#101 Young + Positive: Achieving better engagement with care and support for young people with HIV in Australia Lisa Wojciechowski, VIC
	11.36 - 11.48	#62 Familiarity with, perceived accuracy of, and willingness to rely on U=U among Australian gay and bisexual men: results from the PREPARE Project 2021 Martin Holt, NSW	11.36 - 11.48	#256 Accelerating the uptake of innovative approaches for the detection and monitoring of HIV in Papua New Guinea (ACTUP-PNG) – the case HIV exposed infants and children living with HIV Janet Gare, Papua New Guinea	11.36 - 11.48	#137 The Health-Harming Legal Needs of those Living with HIV who have Migrated to Australia David Carter, NSW
	11.48 - 11.53	#134 Preferences for HIV prevention strategies among newly arrived Asian-born men who have sex with men living in Australia: a discrete choice experiment Jason Ong, VIC	11.48 - 12.00	#102 Characteristics of women living with HIV in the RESPOND cohort Jolie Hutchinson, NSW	11.48 - 11.53	#86 The 'journey' to (un)detectability among recently diagnosed people living with HIV Nathanael Wells, VIC
	11.53 - 11.58	#170: Attitudes towards 'treatment as prevention' among PrEP-experienced gay and bisexual men in Australia Alexander Dowell-Day, NSW			11.53 - 11.58	#217 Issues Affecting Communities of the Participants of a Large HIV Prevention Survey in Aotearoa New Zealand: A Mixed-Methods Analysis Jacek Kolodziej, NZ
	11.58 - 12.03	#238: NSW is approaching virtual elimination of HIV transmission among gay and bisexual men in inner Sydney, and geographical variation is consistent with patterns in HIV prevention indicators Phillip Keen, NSW		Q&A and Discussion	11.58 - 12.03	#235 Reflection and reflexivity: Investigating COVID-19 risk and sexual experience among gay and bisexual men in Australia Daniel Storer, NSW
		Q&A and Discussion				Q&A and Discussion
12.30 - 2.00	Lunch & Exhibition					
12.45 - 1.45	Beyond Undetectable: Achieving Long Term Treatment Success Through Patient Led Care - Gilead Platinum Satellite Session Room: Miniyama 2					
	Abstract Spotlight Session					
2.00 - 3.30	Room: Miniyama 1 & 2					
	2.00 - 2.30	Understanding HIV latent reservoir - a single-cell multi-omics approach Keynote: Ya-Chi Ho, Associate Professor, Microbial Pathogenesis and Medicine at Yale University, USA				

Conference Program

MONDAY 29 AUGUST (CONTINUED)					
Abstract Spotlight Session					
Room: Miniyama 1 & 2					
2.00 - 3.30	2.30 - 2.42	#271 Accelerating the uptake of innovations to detect and monitor HIV in Papua New Guinea (ACTUP-PNG) – Point-of-Care HIV viral load testing and HIV drug resistance testing of adults ≥15 years Melissa Schulz, QLD and Simon Pekon, Papua New Guinea			
	2.42 - 2.56	#112 PozQoi: Use of a validated Patient Reported Outcome Measure (PROM) to assess quality of life for people living with HIV at Western Sydney Sexual Health Centre Emma Mason, NSW			
	2.56 - 3.08	#118 It's Time to Think Positive About HIV - lessons learnt by innovating public health messaging to address HIV stigma Karl Johnson, NSW			
	3.08 - 3.20	#309 RNA therapeutics induce delayed virus rebound and reduce virus in reservoir tissue sites in a humanised mouse model of HIV infection Scott Ledger, NSW			
		Q&A and Discussion			
3.30 - 4.00	Afternoon Tea				
4.00 - 5.30		HIV&AIDS Invited Speaker Session: Epidemiology, Prevention & Health Promotion - HIV Self-Testing – Opportunities and Implementation Challenges		HIV Invited Speaker Session: Clinical Management & Therapeutics - Anal Cancer Screening and Treatment: Recent Learnings and How this Impacts Australian Practice	HIV Invited Speaker Session: Social, Political & Cultural Aspects: 'Reassembling' the Social Domain in the HIV Epidemic - Panel
		Room: Miniyama 1		Room: Miniyama 2	Room: Miniyama 3
	4.00 - 4.15	Overview of HIV self-testing: the devices, the regulations and the consumers Jason Ong, VIC	4.00 - 4.15	ANCHOR study results Joel Palefsky, USA	What constitutes the social domain and who decides Marsha Rosengarten, UK
	4.15 - 4.30	#65 Can smart vending machines expand access to HIV testing for suboptimal testers? RAPIDVend: an implementation and evaluation study Luke Coffey, QLD	4.15 - 4.30	HSIL screening in Aus, SPANC study Mary Poynten, NSW	HIV 'triumphalism' and the social and political challenges to ending the HIV epidemic Lisa McDair, QLD

4.30 - 4.45	Around the country: an update on the state of play for HIV self-testing program in Australia Melissa Warner, QLD and Aaron Cogle, NSW	4.30 - 4.45	Community expectations, what do PWHIV want? Jane Costello, NSW	4.00 - 5.15 Panelists	The social and political life of the 'clinic' Edwina Wright, VIC
4.45 - 5.00	Optimising HIV self-testing as a key part of Australia's HIV strategy: implementation challenges and opportunities. Mark Stooie, VIC	4.45 - 5.00	Local context – implication of Anchor results Jason Ong, VIC		Collaboration and the performativity of research Dean Murphy, NSW
5.00 - 5.30	Panel: Judith Dean, Nikki Sullivan, Rebecca Guy, Valerie Delpech, Phillip Keen, Mark Stooie, Melissa Warner, Luke Coffey	5.00 - 5.30	Panel: Andrew Grulich, Joel Palefsky, Jason Ong, Mary Poynten, Jane Costello and Richard Hillman		Remaking HIV surveillance in the era of treatment and prevention Stephen Moldrem, USA
					Q&A and Discussion
National Response to MonkeyPox (MPX) in Australia					
5.30 - 6.30	Room: Miniyama 1				
	Panel Discussion on the National Response to MonkeyPox (MPX) in Australia				
	Q&A and Discussion				

Conference Program

TUESDAY 30 AUGUST										
Sexual Health Opening Plenary				Fast-Track Cities (FTC) Satellite Session						
Room: Miniyama 1 & 2				Room: Miniyama 3						
8.30 - 10.15	8.30 - 8.35	Welcome to Country	8.30 - 8.35	Welcome José M. Zuniga	Presentation of the FTC initiative in the Region and Key Messages from the Fast-Track Cities 2021 Conference Jessica Tiah Mullen					
	8.35 - 8.40	Government Welcome	8.35 - 8.45							
	8.40 - 8.45	ASRHA Welcome Angela Dawson, ASRHA Co-Chair	8.45 - 9.10	Monitoring Progress Made by Cities and the Responses Adopted to the Challenges Imposed by Covid-19 Moderator: Edwina Wright Panel: Felicity Sican, Melissa Coci, Holley Skeene						
	8.45 - 9.15	Opportunities & Challenges in Australia, New Zealand and the Pacific – Past, Current and Future, ASRHA Oration Distinguished Services Award Catherine O Connor, Senior Visiting Fellow, The Kirby Institute, UNSW, Australia	9.10 - 9.25	Prospective Fast-Track Cities In Australia Moderator: Jessica Tiah Mullen Panel: Susan Greenbank, Cherie Power

TUESDAY 30 AUGUST (CONTINUED)											
HIV&AIDS Proffered Paper Session: Epidemiology, Prevention & Health Promotion			HIV Invited Speaker Session: Epidemiology, Prevention & Health Promotion - Implementing Long-Acting Injectable PrEP in Australia			SH Proffered Papers: Clinical Management & Therapeutics		SH Proffered Papers: Social, Political & Cultural		HIV&AIDS Invited Speakers & Proffered Papers: Discovery & Translational Science - Immunology/Pathology	
11.00 - 12.30	Room: Miniyama 1		Room: Miniyama 2		Room: Miniyama 3		Room: Miniyama 4		Room: Mudjimba 1 & 2		
	11.48 - 11.53	#180 Increasing the reach and effectiveness of HIV testing: outcomes of online registration for the NSW DBS pilot study - a client-centred alternative to traditional health care Nigel Carrington, NSW			11.41- 11.46	#283 Jumping To the Second-Line: Treatment Outcomes In People With Macrolide-Resistant Mycoplasma Genitalium Who Use Pristinamycin Or Sitafloxacin As First-Line Therapy Ian Anderson, NSW	11.48 - 11.53	#249 Let's Talk: Young women and non-binary peoples' experience of sex education in Australia Linnea Burdon-Smith, VIC			
	11.53 - 11.58	#45 Missed opportunities for HIV testing among those tested for sexually transmitted infections: a systematic review and meta-analysis Jason Ong, VIC	2.30 - 3.00	Panel: Mark Stoeve, Catrion Ooi, Benjamin Bavinton, Edwina Wright, Darren Russell, Michael Whelan, Steven Philpot and Valerie Delpech	11.46- 11.51	#254 The Role of Syphilis Serology on Day of Treatment Katrina Pandey, VIC	11.53 - 11.58	#282 Australia's next generation of abortion seekers: Shamed if they do and shamed if they don't Kari Vallury, SA			
									#247 "Is this too risqué?": organisational experiences of content moderation of sexual health promotion on Facebook and Instagram Joanna Williams, VIC		
									Q&A and Discussion		
Lunch & Exhibition											
12.30 - 1.30	Poster Tour - HIV Social, Political & Cultural Aspects Poster guide: Anthony K Smith				Poster Tour - HIV Clinical Management & Therapeutics Poster guide: Ed Coughlan				Poster Tour - Epidemiology, Prevention & Health Promotion Poster guide: Jane Goller		
		Room: Wandiny Room		Room: Wandiny Room		Room: Wandiny Room		Room: Wandiny Room			

12.40 - 1.10	#312 Hidden in Plain Sight? Creating a culturally appropriate peer navigation model to facilitate engagement with people living with HIV from culturally and linguistically diverse backgrounds – Priscilla Njeri, NSW		#8 Preferences for weight gain compared with other antiretroviral therapy side effects among people living with HIV: a discrete choice experiment – Waritha Tiesajaroen, VIC		#79 Searching for success: diversifying digital media strategies increased sexual health campaign reach – Chris Williams, VIC			
	#147 Changes in HIV and STI stigma expressed by Australian health care workers: Results from the Stigma Indicators Monitoring Project 2021-2022 – Timothy Broady, NSW		#114 Staff perspectives on using PozQol in clinical care at Western Sydney Sexual Health Centre – Emma Mason, NSW		#22 Applying behavioural insights to HIV prevention and management: a scoping review – Alexandra Andrawis, VIC			
	#302 Developing the Health Literacy Framework: The Central Role of Community Advocates – Daniel Redders, NSW		#276 Reducing time to new HIV diagnosis – time for change in the HIV diagnostic algorithm? – Michael Mosso, VIC		#146 Cost-effectiveness of screening and treating anal pre-cancerous lesions among gay, bisexual and other men who have sex with men living with HIV – David Boettiger, NSW			
	#297 PLHIV Community Engagement Linking GIPA principles with quality of life – Brent Allan, QLD		#193 Is the incidence of age-related non-AIDS conditions higher among people living with HIV compared to age-matched people living without HIV? – Hein Linn Aung, NSW		#278 When PrEP breaks down: Experiences of HIV diagnosis among current and previous PrEP users – Dean Murphy, NSW			
12.40 - 1.20	Kirby Surveillance Report Launch Room: Minyama 1							
12.40 - 1.20	Early Career Lunch (Discovery & Translational Science) - Sponsored by ASHM membership Room: Minderry							
1.30 - 3.00	Congenital Syphilis Session		Joint Invited Speaker Session - Approaches to Sexual Health in Aboriginal Community Controlled Health Services: The Kimberley Perspective		SH Invited Speaker Session: Clinical Management & Therapeutics Transgender Care Session		Towards the Elimination of HIV Transmission in NSW - Adapting the Response to Address Disparities Among Sub-Populations Most at Risk of HIV Affiliate Org Session by NSW Health	
	Room: Minyama 1		Room: Minyama 2		Room: Minyama 3		Room: Minyama 4	
	1.30 - 1.45	#115 Preventing congenital syphilis: lessons learned from public health reviews of case Donna Mak, WA	1.30 - 1.40	Kimberley Aboriginal Medical Service: translating the success of our COVID-19 response into the response to syphilis Lorraine Anderson, WA	1.30 - 1.40	Brief overview of HIV Cure in the context of COVID-19 advances Sharon Lewin, VIC	1.30 - 2.00	WPATH Standards of Care Asa Radix, USA
	1.45 - 2.00	#204 Preventing congenital syphilis through patient-centered care Mihaela Ivan, VIC	1.40 - 1.50	The Aboriginal Community Controlled Health Organisation (ACCHO) Model of Care and how it is implemented into sexual health Renee McKenzie, WA	1.40 - 1.55	Basic Science Representative who would give an overview of current HIV cure strategies and the most promising advances Chantelle Ahlerstiel, NSW	2.00 - 2.20	AusPATH Informed Consent Guidelines for Gender Affirming Hormone Therapy - an Introduction Fiona Bisshop, QLD
								Uptake of HIV prevention among GBMSM in NSW Phillip Keen, NSW

Conference Program

TUESDAY 30 AUGUST (CONTINUED)									
1.30 - 3.00	Congenital Syphilis Session		Joint Invited Speaker Session - Approaches to Sexual Health in Aboriginal Community Controlled Health Services: The Kimberley Perspective		Cross Track Session: HIV Cure: All in the Mix - Bench, Bedside, Community		SH Invited Speaker Session: Clinical Management & Therapeutics Transgender Care Session		Towards the Elimination of HIV Transmission in NSW - Adapting the Response to Address Disparities Among Sub-Populations Most at Risk of HIV Affiliate Org Session by NSW Health
	Room: Minyama 1		Room: Minyama 2		Room: Minyama 3		Room: Minyama 4		Room: Mudjimba 1 & 2
	2.00 - 2.15	#154 Electronic optimisation of annual health assessments increases testing for sexually transmissible infections (STIs) at an Aboriginal Community Controlled Health Service (ACCHS) in New South Wales (NSW) Heather McCormack, NSW	1.50 - 2.20	Innovative and community led approaches to sexual health promotion in Aboriginal communities in the Kimberley Sarah Shlien, Tori Jamieson and Jeff Turner, WA	1.55 - 2.10	Clinical Perspective overview of current trials, repurposing treatment for other diseases for HIV cure, Clinical enrolment Jillian Lau, VIC	2.20 - 2.40	Transition of young trans people: from paediatric to adult systems Stuart Aitken, QLD and Olivia Donaghy, QLD	1.50 - 2.00 HIV policy responses in NSW Cherie Power, NSW
	2.15 - 2.30	#198 Increasing syphilis testing among women after switching from an opt-in to opt-out testing strategy in an urban Australian sexual health clinic Palak Gupta, VIC	2.20 - 2.30	Incentive based syphilis screening in the post-COVID-19 era Timothy Cooke, WA	2.10 - 2.25	Community perspective Brent Clifton, NSW	2.40- 3.00	Panel Discussion: Asa Radix, Fiona Bissop, Stuart Aitkin, Olivia Donaghy, Ian Anderson, Catriona Ooi, Joel Murray	2.00 - 3.00 Panel: Anna McNulty, Barbara Luisi, Timothy Broady, Tim Wark, Jane Costello
	2.30- 3.00	Panel: Di Rowling, Marcus Chen, Elena McLeish, James Ward	Panel Discussion and Q&A		2.25 - 2.35	Q&A clinical trial volunteer Peter Orlik, Poland			
3.00 - 3.30	Afternoon Tea								
	HIV&AIDS Invited Speaker Session: Clinical Management & Therapeutics - ARV Guidelines - Managing People with HIV 2022		Less is More: Sex Work Laws, Stigma and Public Health - Affiliate Organisation Session by Respect, ASHM and Scarlet Alliance		Cross Track Session: HIV Mobility and Migration		SH invited Speaker Session: Social, Political & Cultural Aspects - The Role of Parents in Sexual Health and HIV Education		HIV&AIDS - Discovery & Translational Science Session - Invited Speakers & Proffered Papers: HIV Viremia and Latency
	Room: Minyama 1		Room: Minyama 2		Room: Minyama 3		Room: Minyama 4		Room: Mudjimba 1 & 2

3.30 - 4.00	Implementation of injectable therapy and hard to reach populations or people with poor access to treatment Aadia Rana, USA	3.35 - 3.45	Mandated mistakes: stigma driven sexual health licencing creates barriers for sex workers in Qld Candi Forrest, QLD	3.00 - 3.12	Overarching presentation on the data needs for this area of work Gemma Crawford, WA & Roanna Lobo, WA	3.00 - 3.15	Key findings from the Gender and Sexuality Diversity in Schools: Parental Perspectives study Tania Ferfolja, NSW and Jackie Ullman, NSW	3.30 - 3.55	HIV-1 proviral landscape reveals that Net contributes to HIV-1 persistence in effector memory CD4+ T cells Gabriel Duette, NSW
4.00 - 4.30	Implication of the ANCHOR study for the guidelines in the US and globally Joel Palefsky, USA	3.45 - 3.55	National stigma & discrimination research, national overview of shifting tide of sex work law Jules Kim, NSW	3.12 - 3.24	Results from MIBSS Daniel Vujcich, WA	3.15 - 3.30	Supporting parents in SRH and HIV education Jenny Walsh, VIC	3.55 - 4.20	#272 Brain Injury Correlates with CSF Cell-Associated HIV-1 RNA Transcripts Which are Linked to CD4+ T Cells. Not Monocytes John Zaunders, NSW
3.30 - 5.00		3.55 - 4.05	Victoria's recent sex work decriminalisation law reform and the repeal of mandatory testing, mandatory condom use and criminalisation of sex workers with HIV/STIs Dylan O'Hara, VIC	3.24 - 3.36	Issues relating to HIV, mobility and migration in national HIV surveillance Skye McGregor, NSW	3.30 - 3.45	How to identify healthy online porn for young people Alan McKee, NSW	4.20 - 4.32	#259 Perspectives and experiences of participants in Aus, Victorian HIV cure studies involving analytical treatment interruption Gordon Campbell, VIC
4.30 - 5.00	Case Presentation & Panel James McMahon, Aadia Rana, Joel Palefsky, Fiona Bishop, Jillian Lau	4.05 - 4.15	Less laws, policy catching up with public health evidence Darren Russell, QLD	3.36 - 3.48	PLHIV experiences of migration and the legal needs of PLHIV David Carter, NSW	3.45 - 4.00	SHINE program Christopher Thorpe, SA	4.32 - 4.45	Developing triplex forming oligonucleotides as a 'block and lock' strategy for an HIV cure Haoming Lu, VIC
		4.15 - 4.25	After licensing: What decriminalisation can deliver for public health in QLD Lulu Holiday, QLD	3.48 - 3.53	PLHIV perspective Jimmy Chen, NSW			4.45 - 4.50	#110 Evaluation of the point-of-care m-PIMATM HIV-1/2 viral load assay to support public health responses for infants and children living with HIV in Papua New Guinea Michael Palmer, NSW
			Q&A and Discussion	3.53 - 3.58	Service organisation perspective Zhihong Gu, QLD		Q&A and Discussion		Q&A and Discussion
5.00 - 6.30	Joint Conference Welcome Reception Room: Wandiny Room								
6.30 - 9.30	'Positive Action and Progress for Women Living with HIV' with speaker Dr Nneka Nwokolo - Viiv Platinum Satellite Session Room: Miniyama 1								

Conference Program

WEDNESDAY 31 AUGUST		
HIV&AIDS Case Presentation Session		Seqirus Satellite Session - Elevating Awareness of HPV as a Disease that Affects Men with Particular Focus on Vaccination Recommendations for MSMs
7.30 - 8.45	Room: Miniyama 3	Room: Miniyama 4
	7.30 - 7.45 Breakfast & Networking	7.30 - 7.45 Welcome and Introduction Basil Donovan, NSW
	7.45 - 8.00 #174 Recognition, Diagnosis and Therapeutic Approach to KSHV Inflammatory Cytokine Syndrome (KICS) and KSHV associated sequelae Aadith Ashok, VIC	7.45 - 8.00 HPV Infection and related disease in males Eric Chow, VIC
	8.00 - 8.15 #262 A new diagnosis of advanced HIV in an African female draws attention to missed opportunities for HIV screening Joanne Peel, VIC	8.00 - 8.15 HPV-related anal cancer in males Andrew Grulich, NSW
	8.15 - 8.30 #227 Case study of a single tablet antiretroviral regimen in an HIV virologically suppressed adult with severe renal impairment Lisa Wang, QLD	8.15 - 8.30 HPV Vaccination program status in Australia Cristyn Davies, NSW
9.00 - 11.00	8.30 - 8.45 Q&A and Discussion	8.30 - 8.45 HPV vaccination in males
	Joint Conference Plenary	
	Room: Miniyama 1 & 2	
	9.00 - 9.10 Committee Welcome	
	9.10 - 9.15 Announcement of Levinia Crooks Emerging Leader Award (2021 Winner) Kezia Blackledge, Eastern-Arrente Woman, Senior Aboriginal/Adolescent Sexual Health & Harm Reduction Officer, Population Health, Justice Health and Forensic Mental Health Network, NSW	
9.00 - 11.00	9.15 - 9.30 Levinia Crooks Award Emerging Leader Award	
	9.30 - 10.00 What's Up With Intersectionality: Reflections, Advocacy, And The Future Todd Fernando, Wiradjuri man, Victoria's Commissioner for LGBTQ+ Communities, VIC	
	10.00 - 10.30 Aiming for elimination, Living with endemicity Valerie Depech, Ministry of Health, NSW	
	10.30 - 11.00 Killing 2 cocci with 1 vaccine Helen Marshall, Professor in Vaccinology, The University of Adelaide, SA	

11.00 - 11.30	Morning Tea					SH Proffered Papers: Epidemiology, Prevention & Health Promotion	
		HIV&AIDS Proffered Paper Session: Social, Political & Cultural Aspects	HIV&AIDS Proffered Paper Session: Clinical Management & Therapeutics	Joint Proffered Paper Session – Asia Pacific: Future-Proofing HIV Services: the role of community and clinic run health services, and the sustainability of the health workforce post the COVID-19 crisis			
		Room: Miniyama 1	Room: Miniyama 2	Room: Miniyama 3	Room: Miniyama 4		
11.30 - 1.00	11.30 - 11.42	#182 Sexual Satisfaction Among People Living With HIV in Australia: Enduring Impacts Of HIV-Related Stigma Adam Bourne, VIC	#82 Prevalence of transmitted drug resistance in ART-naïve individuals with recent HIV infection in Victoria between 2010 and 2021 Jodie D'Costa, VIC	11.30 - 11.42	Successful maintenance of PLHIV retention in care rates during the COVID-19 pandemic in Timor-Leste Bonifácio da Silva de Jesus, Timor-Leste	11.30 - 11.42	#219 Illicit drug use and sexual risk behaviours: Results of GOANNA1 and GOANNA2 Surveys Edwin Dyson, QLD
	11.42 - 11.54	#206 Experiences of, and resistance to, disclosing positive HIV status to potential sex partners Dean Murphy, NSW	#7 Weight change when discontinuing integrase strand transfer inhibitors in people living with HIV Weritha Teesapjaroen, VIC	11.42 - 11.54	Integrating mental health screening, basic support, and referral to sexual health service delivery at a one-stop-shop community-led clinic: recommendations for under resourced Asian countries Viet (Mason) Trinh, Vietnam	11.42 - 11.54	#84 Findings from the first national migrant blood-borne virus and sexual health survey 2020-2021 Daniel Vujcich, WA
	11.54 - 12.06	#163 Measuring and reflecting a complex understanding of stigma in research over time: examining the role of HIV Futures surveys since 1997 Jennifer Power, VIC	#17 Screening for Anal Cancer - Getting Better All the Time Shannon Woodward, ACT	11.54 - 12.06	The BESHIE Bag: An Innovative Community Education Tool Cris Anthony Gonzales, Philippines	11.54 - 12.06	#215 Intimate partner violence and reproductive coercion prevalence in Perth, Western Australia: a cross-sectional study in an urban sexual and reproductive health clinic Catherine Brooker, WA
	12.06 - 12.18	#291 U=U media guidelines: engaging with journalists on the public health benefits and HIV stigma reduction aspects of the U=U message Madelaine Cherrington, NSW	#250 HIV-1 subtypes and baseline transmitted drug resistance in people living with newly diagnosed HIV at a metropolitan Sexual Health clinic Tobias Vickers, NSW	12.06 - 12.18	Padayon: A phenomenological study of women living with HIV in the Philippines Pilipinas Ma. Jareto, Philippines	12.06 - 12.18	#135 Young people's experiences of school-based relationship and sexuality education: findings from the 2021 Secondary Schools and Sexual Health Survey Sylvia Kauer, VIC
	12.18 - 12.30	#130 Navigating Quality of Life: effects of a peer navigation program for PLHIV in Victoria Timothy Krulic, VIC	#185 Evidence of considerable HIV prevention and care need among a large sample of bisexual men: findings from the 5-country Asia-Pacific MSM internet survey Adam Bourne, VIC	12.18 - 12.30	Planning for the Future-Online HIV/STI-Clinical Training for Eleven Pacific Island Countries Provided by the UNDP Multi-Western Pacific Integrated HIV/TB Programme Catherine O'Connor, NSW	12.18 - 12.30	#63 Acceptability of different STI prevention strategies in a national sample of Australian gay and bisexual men: results from the PREPARE Project 2021 Marin Hot, NSW
		Q&A and Discussion	Q&A and Discussion	12.30 - 12.42	#120 Gay, bisexual, and other men who have sex with men in five Asian countries report low awareness and use of Undetectable=Untransmittable (U=U): Results of the Asia Pacific MSM Internet Survey Benjamin Bavinton, NSW	Q&A and Discussion	
					Q&A and Discussion		

Conference Program

WEDNESDAY 31 AUGUST (CONTINUED)									
Lunch & Exhibition									
1.00 - 2.00	Quality over Quantity? Going Beyond Viral Suppression in HIV Care - NAPWAH and ViV Healthcare Satellite Session Room: Miniyama 1								
1.00 - 2.00	Early Career Lunch (Epidemiology, Prevention & Health Promotion) - Sponsored by ASHM membership Room: Minderry								
1.00 - 2.00	ASHNA AGM and Nurses Networking Room: Miniyama 4								
2.00 - 3.30	HIV&AIDS Invited Speaker Session – Social, Political & Cultural Aspects HIV Cascades of Care			ASHM International Session: The STI Landscape : Putting STIs on the Agenda in Asia Pacific Region		HTLV-1 Session by ASHM Board HTLV-1 National Advisory Group		Joint Nurses Session - Expanding Nursing Scope of Practice: Meeting the Changing Needs of Communities	
	Room: Miniyama 1			Room: Miniyama 2		Room: Miniyama 3		Room: Miniyama 4	
	2.00 - 2.10	Adding 'time' to cascades of care Mark Stooie, VIC		2.00 - 2.12	#27 Evaluating the impact and cost-effectiveness of chlamydia management strategies in Hong Kong: a modelling study Jason Ong, VIC		2.00 - 2.20	International Advocacy and Strategic Directions (WHO/WHIA, IRVA Global Call to Action) Fabiola Martin, QLD	
	2.10 - 2.20	Quality of Life (QoL) as the final step on the cascade Graham Brown, NSW		2.12 - 2.24	Status of STI services, challenges and next steps in Mongolia Anuzaya Purevdagva, Mongolia		2.20 - 2.40	Vaccination and drug pipelines – research update Damian Purcell, VIC	
	2.20 - 2.30	Cascades as tools of public health Stephen Mollirem, USA		2.24 - 2.36	STI response in Fiji Dashika Balak, Fiji		2.40 - 3.00	Addressing the needs of communities affected by HTLV – treatment, care and support – barriers, challenges and opportunities Lloyd Einsiedel, NT	
	2.30 - 2.40	Performativity of cascades Anthony K J Smith, NSW		2.36 - 2.48	Implementing integrated STI services with key population communities in the Philippines Patrick Eustaquio, Philippines			Nurse led transgender health in regional and remote settings. Kim Grant, NSW	
								Access to LARC and increasing asymptomatic testing closer to home Suzanne Werder, NZ	
								2.55 - 3.10	

	2.40 - 2.50	Policy Kirsty Machon, VIC	2.48 - 3.00	Overview of STI response in Solomon Islands Jackson Rakei, Solomon Islands		Q&A and Discussion		
	2.50 - 3.00	Retained in care - 'living' on the cascade Chris Howard, QLD	3.00 - 3.12	AMR and STIs in PNG Simon Pekon, Papua New Guinea				Q&A and Discussion
		Q&A and Discussion		Q&A and Discussion				
3.30 - 4.00	Afternoon Tea							
4.00 - 5.30	HIV&AIDS Closing Plenary - IAS 12th HIV Science Conference – developing a roadmap to Brisbane 2023		LARC Symposium - SHINE SA – Affiliate Organisation Session		SH Invited Speaker Session: Epidemiology, Prevention & Health Promotion - STI Control Among Aboriginal and Torres Strait Islander Peoples		SH Invited Speaker Session: Discovery & Translational Science Novel Approaches to Rapid Diagnostics and Characterisation of STIs	
	Room: Miniyama 1	Room: Miniyama 2	Room: Miniyama 3	Room: Miniyama 4				
		Join IAS President and International Co-Chair, Professor Sharon Lewin, AO and Local Co-Chair Professor Charles Gilks and a panel to discuss IAS 12th HIV Science Conference – developing a roadmap to Brisbane 2023	4.00 - 4.15	Progestrone only contraception and bleeding patterns Lona Brown, VIC	4.00 - 4.20	STI control strategies – opportunities for synergy James Ward, QLD	4.00 - 4.20	WGS the public health angle Amy Jemison, QLD
			4.15 - 4.30	IUD troubleshooting Amy Moten, SA	4.20 - 4.40	Eliminating cervical cancer for Aboriginal and Torres Strait Islander people – opportunities for success. Lisa Whop, ACT	4.20 - 4.40	Unexpected antimicrobial agents for NG AMR Anthony Verderosa, QLD
			4.30 - 4.45	Contraception for the trans and gender diverse community Syahir Sofri, NT	4.40 - 5.00	Opportunities in the 715: Integrating STI testing into annual routine health assessments for Aboriginal and Torres Strait Islander young people Heather McCormack, NSW	4.40 - 5.00	Translation of novel STI rapid diagnostics Andrew Valley, NSW
	Awards		4.45 - 5.00	Contraception update Jessica Floreani, SA	5.00 - 5.20	Enhance Walkabout: a pilot project to improve sexual health engagement among young Aboriginal and Torres Strait Islander people Jackie Thomas, NSW		Q&A and Discussion
				Q&A and Discussion		Q&A and Discussion		
6.30 - 10.00	Sexual Health Conference Dinner Lily's on the Lagoon							

THURSDAY 1 SEPTEMBER

Proffered Papers: Clinical Management & Therapeutics	SH Proffered Papers and Invited Speaker Session: Discovery & Translational Science	SH Proffered Papers: Social Political & Cultural Aspects	SH Proffered Papers: Epidemiology, Prevention & Health Promotion
Room: Miniyama 1	Room: Miniyama 2	Room: Miniyama 3	Room: Miniyama 4
#96 Intimate Partner Violence screening among Men Who Have Sex with Men in an Australian sexual health clinic Georgina Boots, NSW 9.00 - 9.12	Monkeypox epidemiology, clinical/sexual health perspective and current genomics studies Deborah Williamson, VIC 9.00 - 9.20	#222 Agency and the positive role of community and culture in fostering sexual wellbeing for Aboriginal young women Kacey Martin, NSW 9.00 - 9.12	#314 The uptake of Trichomonas vaginalis testing and positivity in Aboriginal Community-Controlled Health Services attendees across remote, regional, and urban Australia. Annie Tangney, NSW 9.00 - 9.12
#178 Engaging trans and gender diverse people in HIV and sexual health care through the provision of gender-affirming hormones: experience of the t150 service Melissa Kelly, NSW 9.12 - 9.24	#42 Two <i>Treponema pallidum</i> strains account for the majority of syphilis infections in Queensland Emma Sweeney, QLD 9.20 - 9.32	#158 How Aboriginal young people in an urban setting access sexual health information, and the role technology can play Kirsty Gardiner, TAS 9.12 - 9.24	#260 Pharyngeal Chlamydia trachomatis (PCT): temporal trends and association with anogenital infections among men who have sex with men (MSM) attending Australian sexual health clinics, 2014-2019 David Aitell, NSW 9.12 - 9.24
#279 Supporting informed pregnancy decision-making and reproductive autonomy for people with intellectual disabilities who have experienced violence: A collaborative, mixed-methods practice and research project Victoria Tucker, QLD 9.24 - 9.36	#100 Development of a novel human oral tissue model of gonorrhoea Antonio Celentano, VIC 9.32 - 9.44	#188 Our strengths, our stories: Doing strengths-based sexual health research with Aboriginal young people in western Sydney Joanne Bryant, NSW 9.24 - 9.36	#47 Time to healthcare seeking following the onset of symptoms among men and women attending a sexual health clinic in Melbourne, Australia Rebecca Farquharson, VIC 9.24 - 9.36
#218 Australian general practitioner provision of medical abortion services: a national survey of knowledge, attitudes and practice Sharon James, VIC 9.36 - 9.48	#148 Novel causes of urethritis in men Erica Plummer, VIC 9.44 - 9.56	#168 Older women in the oldest profession: A qualitative retrospective life course analysis Rachael Brennan, QLD 9.36 - 9.48	#143 Factors associated with willingness to use daily antibiotics as STI prophylaxis among HIV-PRF-experienced gay and bisexual men in Australia Ben Bawinton, NSW 9.36 - 9.48

	9.48 - 9.53	#58 Safe abortions critical to sexual and reproductive health - A model of care for early medication abortion (EMA) for vulnerable populations at the Kiriketon Road Centre (KRC), Sydney Lucy Cho, NSW	9.56 - 10.08	#195 Artificial intelligence-based image recognition tool for early detection of sexually transmitted infections Nyí Nyí Soe, VIC	9.48- 9.53	#108 Online Trauma Informed Sexual Health Training for Foster Carers Naomi Vriat, NSW	9.48 - 9.53	#15 Improving Access to Sexual Health Services in General Practice Using a Hub-and-Spoke Model: A Mixed-Methods Evaluation Jason Ong, VIC
	9.53 - 9.58	#202 Provision of medical termination services at a primary care level: A clinical audit at Family Planning NSW Clinics from May to July 2021 Yen Li Lim, NSW	10.08 - 10.20	#248 Characterisation of 4CMenB vaccine-induced antibodies to neisseria gonorrhoea Evgeny Semchenko, QLD			9.53 - 9.58	#26 Cost-effectiveness of testing for Mycoplasma genitalium among men who have sex with men in Australia Jason Ong, VIC
	9.58 - 10.03	#39 Urgent results management by a dedicated nurse rather than the ordering clinician saves money and improves client care: A cost-effectiveness and time efficiency analysis Elizabeth Scally, NSW		Q&A and Discussion		Q&A and Discussion	9.58 - 10.03	#236 Investigating the bridging of heterosexual and homosexual behaviour networks on N. gonorrhoeae transmission through mathematical modelling Ben Hui, NSW
		Q&A and Discussion						Q&A and Discussion
10.30 - 11.00	Morning Tea							
	Sexual Health Spotlight Session							
	Room: Miniyama 1 & 2							
	9.00 - 9.12	#96 IntLaugh the shame away: Take Blaktion and strengths-based approaches to Aboriginal sexual health Keynote: Heather McCormack, Senior Program Manager, NSW STI Programs Unit, Centre for Population Health, NSW Ministry of Health, Australia						
11.00 - 12.30	11.30 - 11.42	#286 How a 25-year-old periodic survey for lesbian, bisexual and queer women responded and adapted to gender diversity: a reflexive analysis Julie Mooney-Somers, NSW						
	11.42 - 11.54	#411 Simplifying molecular approaches to detect Mycoplasma genitalium parC resistance mutations, to facilitate individualized fluoroquinolone treatment Emma Sweeney, QLD						
	11.54 - 12.06	#111 Youth cybersafety, relationships and sexuality: piloting a whole school approach to educate young adolescents Anne Atcheson, VIC						
	12.06 - 12.30	Q&A and Discussion						
12.30 - 1.30	Lunch							

Conference Program

THURSDAY 1 SEPTEMBER (CONTINUED)

Notes

[illegible]

Notes

Confidently diagnose primary syphilis!

Have you considered adding syphilis to your genital lesion PCR request?

Visual diagnosis of genital lesions can have low accuracy (33-80%)¹⁻³, and can present atypically.⁴⁻⁶

Request PCR for syphilis, in addition to HSV-1 and -2, and VZV.
