

Impacts of Hepatitis C Virus Infection Treatment for Patients in Treatment for Opioid Use Disorder

Brooke Severe, Jeanette Tetrault, Robert Heimer
Yale University Schools of Public Health and Medicine
13 September 2019

Disclosure and Acknowledgements

I am a recipient of a Gilead Sciences HCV micro-elimination grant.

The work I am presenting was conducted by Ms. Brooke Severe in fulfillment of her M.P.H. master's degree requirements.

We wish to acknowledge the staff of the APT Foundation who gave us access to and assisted us in maneuvering through the complexities of APT's multiple administrative data collection systems.
