

# Pregnancy Options and Culture

QUEENSLAND HEALTH

Gimuy | Cairns

Natasha Chong  
Morgan Dempsey  
Erin McBride

This is a sensitive topic, it has been a journey for us to learn how to yarn about it.

*“Termination of pregnancy is a sensitive issue amongst our people, but it's something we must talk about. It can be very difficult for a person who needs a termination, but there are things we can do as Health Workers to help” Natasha Chong.*

*“This is a health need that men have got to be aware of too, to support our partners, our daughters, and women in our communities” Morgan Dempsey*

# Could your client be pregnant?

Health workers can walk people  
through all pregnancy options
