Connect with the Higher Education Cybersecurity Community

Invitation from the AHECS Cybersecurity Summit Chair, Nikki Peever

On behalf of the AHECS partners (AAF, AARNet, AusCERT, CAUDIT, and REANNZ), we are delighted to invite your organisation to partner with us for the 2026 Australasian Higher Education Cybersecurity Service (AHECS) Cybersecurity Summit.

The AHECS Summit provides an exclusive opportunity to engage directly with the higher education and research sector's leading technical experts and decision-makers. Through high-value presentations, panel discussions, and peer-led conversations, the Summit delivers practical insights and shared learnings that offer significant value to participating organisations.

The 2026 AHECS Cybersecurity Summit will be held 14–16 September at the Pullman Brisbane with a welcome reception on Monday 14 September.

With a distinctive focus on the cybersecurity priorities of the Australian higher education and research sector, the Summit is uniquely positioned as a “by the sector, for the sector” forum. The AHECS partnership brings together senior leaders and technical specialists, many of whom are current or prospective users of your products and services.

The AHECS Summit reaches all higher education institutions and key research organisations across Australia and New Zealand, offering partners unparalleled visibility and engagement within the sector. We look forward to facilitating your involvement in 2026.

Nikki Peever
Chair, AHECS Summit
Director, Cybersecurity, CAUDIT

About the Australasian Higher Education Cybersecurity Service (AHECS)

AHECS was established in 2018 to collectively address the growing cybersecurity challenges faced by the higher education and research sector. The initiative brought together CAUDIT Member Institutions and sector partners (i.e., not-for-profit sector service providers that support cybersecurity capabilities). This approach collectively and collaboratively addresses activities that benefit from combined resources, skills, capabilities, and leadership to ‘lift all boats on a rising tide’ and continually improve the sector’s cybersecurity maturity.

Event Details

The 2026 AHECS Cybersecurity Summit marks our fifth face-to-face Summit, bringing members together for open, meaningful discussion and shared learning. Designed as a member-focused event, the Summit provides a forum to explore real-world challenges, exchange insights, and strengthen collective capability across the sector.

AHECS remains committed to supporting the higher education community by leading, sharing, developing, and maturing cybersecurity capabilities across the sector.

As a Summit partner, you will have the opportunity to collaborate, network, and work alongside some of the sector's most respected thought leaders and technical experts. Sponsorship or exhibition at the Summit allows you to showcase your brand, products, and services to a highly targeted audience, while demonstrating your organisation's commitment to cybersecurity and the education sector.

We value the ongoing support of our partners and sponsors and welcome the opportunity to discuss the many ways your organisation can benefit from being involved in this exclusive event.
