Wendy Foweraker Executive General Manager: Broker Operations | CBN

Wendy is a powerhouse in the insurance world with over 37 years of experience under her belt. She's been around the paddocks, spending 15 years with a rapidly growing insurer, before going rogue and launching her own successful insurance and mortgage brokerage businesses. For the last 14 years, Wendy's been shaking things up with the Authorised Representative broker networks, helping to integrate three different businesses into what's now Community Broker Network.

As CBN's Executive General Manager of Broking Operations, Wendy's all about making life easier for brokers. Her mission - to cut through the red tape of regulatory and compliance headaches, and arm the brokers with tools, resources, and education they need to level up their game. She's got her eyes set on one big goal, giving brokers more time to do what they do best, connect with clients.

Wendy's not just a whiz in the office, she's got the credentials to back it up. She holds Diplomas in Financial Services (General & Broking), is a Senior Associate Member of ANZIIF, and a proud QPIB.

But it's not all work and no play for Wendy. When she's not busy revolutionising the broking world you'll find her at her local Sporting Community Club, serving on the Senior Committee, and running the Football Club Canteen. It's there that she spreads the word about the exciting world of insurance to young volunteers, making sure the next generation knows there's more to insurance than just crunching numbers.
