TANE HUNTER
Founder, Future Crunch

Tané is a cancer researcher, bio-informatician, and science communicator. He is a co-founder at Future Crunch.

He has a Masters in Bioinformatics from the University of Melbourne, and has worked for the Melbourne Royal Children's Hospital diagnosing rare genetic diseases. He is currently completing his PhD at the Peter MacCallum Cancer Centre, using molecular biomarkers in DNA and analysing them with artificial intelligence to improve

treatments for people suffering from cancer.

He's also a former United States mountain biking champion and an avid sailor.
