

ACTRA Student Travel Grants 2021

ACTRA is offering a limited number of travel grants for students to attend this year's Annual Scientific Meeting (ASM). Student travel grants are awarded to eligible students who apply and can demonstrate outstanding research efforts in the field of toxicology and/or risk assessment, or ecotoxicology. The travel grant consists of one free ASM registration (including dinner), economy return airfares, and accommodation for the duration of the ASM (to be organised by ACTRA), total value up to a maximum cost of \$1,000 incl GST. The successful candidates **must** present their research in a short oral presentation or poster presentation at the ACTRA ASM, held in Sydney on 26 - 27 August 2021.

Who is eligible?

Current full-time or part-time undergraduate or postgraduate students conducting original research in the field of toxicology and/or risk assessment, or ecotoxicology are eligible to apply. A current student is taken to mean a student who is enrolled in a relevant full-time or part-time course at the time of application to the student travel grant or is a recent graduate from their degree at the time of application. A recent graduate is taken to mean the relevant degree was successfully conferred within 12 months of application to the student travel grant.

How to apply?

Submit a brief description (750 words) of your research and how it contributes to advances in toxicology and/or risk assessment or ecotoxicology along with the student travel grant application form by the 28 May 2021 to the ACTRA ASM Conference Managers.

Nominations Process

All submissions will be anonymously reviewed and assessed by a pre-selected panel of ACTRA members. All candidates will be notified whether their submission has been successful or not by 11 June 2021.

Successful Candidates

Flights and accommodation for successful candidates will be arranged in consultation with candidates by the ACTRA Conference Managers prior to the ASM. Successful candidates will be allocated a poster presentation or time to orally present their work at the ACTRA ASM and will be presented with a certificate at the conference. They will be asked to submit a photograph for publication of their success in the ACTRA E-Newsletter.

Unsuccessful Candidates

Unsuccessful candidates will have the opportunity to submit their application as an abstract to the ASM. Please notify the ACTRA ASM Conference Managers upon submission.

Contact

Please return completed application forms and required attachments as detailed on the application form (cover letter, student eligibility and a brief description of your research) via email to the ACTRA ASM ConferenceManagers:
