

Neuromodulation Society of Australia & New Zealand

CADAVER WORKSHOP 2022

SATURDAY 5 MARCH 2022 | MACQUARIE UNIVERSITY LABORATORY

2022 NSANZ CADAVER WORKSHOP NEUROSTIMULATION PROGRAM

08:10 - 08:20	Opening Remarks Dr James Yu
08:30 - 12:00	Hands-On Cadaver Lab Stations: Thoracolumbar SCS
10:00 - 10:20 (BREAK)	Cervical SCS Peripheral nerve stimulation Intrathecal catheter and pump DRG stimulation Sacral nerve stimulation
12:00 - 13:00	BREAK
13:00 - 13:25	Advancement in neuromodulation - expanded indication, new target and novel waveforms Associate Professor Marc Russo
13:25 - 13:50	Peri-operative management of opioid medication (before and after SCS implant) Dr Matthew Green
13:50 - 14:15	Algorithm approach in managing SCS or intrathecal pump failure Dr Romil Jain
14:15 - 14:30	BREAK
14:30 - 14:50	Updates on MRI compatibility Dr Dan Bates
14:50 - 15:10	Optimal procedural techniques to prevent lead migration and lead fracture Dr Dan Bates

NEUROSTIMULATION PROGRAM

- 15:10 - 15:35** **Pre-operative planning for SCS trial and implant**
Associate Professor Tillman Boesel
- 15:35 - 16:00** **Practical pearls for peripheral nerve stimulator electrode placement**
Dr Alan Nazha
- 16:00 - 16:45** **PANEL SESSION**
Review and discussion on the MBS item numbers for pain procedures
Associate Professor Marc Russo,
Associate Professor Tillman Boesel,
Dr Lewis Holford, Dr James Yu
- 16:45 - 17:00** **Closing Remarks**

THANK YOU TO OUR SPONSORS
