On behalf of *Roses in the Ocean*, we welcome you to the inaugural **Lived Experience Summit** in Brisbane 21-22 August 2018. The meaningful inclusion and engagement of people with a lived experience of suicide is a new phenomenon, and Australia is paving the way internationally.

This national initiative will provide a forum to connect our extensive Lived Experience Collective with experts from five key focus areas within suicide prevention:

■ Workplace ■ Clinical ■ Research ■ Hospital, Health & Community Services ■ Digital

Roses in the Ocean looks forward to welcoming you to this extraordinary opportunity to showcase genuine lived experience collaboration and inclusion in the vibrant city of Brisbane.

Bronwen Edwards | CEO & Founder, *Roses in the Ocean*
