

Elevation 2026

Careers Expo

ENGINEERS
AUSTRALIA

Exhibitor Prospectus

March 2026

Adelaide, Brisbane, Canberra,
Melbourne, Perth, Sydney

Six locations.

One big opportunity to secure
your future workforce.

What is Elevation?

Elevation is Engineers Australia's Career Expo held across six major capital cities in March each year.

It's the chance to secure your future engineering workforce.

This event series is uniquely placed to connect you directly with the profession's newest graduates, as well as final year students, from diverse disciplines excited to embark on their engineering career.

Held over three hours, companies can efficiently impress their career opportunities, company culture and benefits to an **engineering-only** audience.

Not your ordinary careers expo.

We invite you to participate at the Elevation 2026 event series to demonstrate your commitment to developing the engineering profession and its early career engineers.

Elevation is not your ordinary career expo. It focuses on deepening connections and providing development opportunities for our future engineering pipeline.

The profession needs 60,000 additional engineering graduates by 2035 to meet the nation's current and future demand for skill, innovation and sustainability.

This one-of-a-kind career expo is the opportunity to recruit the best graduates and shape them into the high-performing engineers your business needs to thrive.

About Engineers Australia

As Australia's national body for engineering, we're the voice and champion of our 130,000-plus members. Providing them with the resources, connections, and growth they need to do ethical, competent and high-value work in our communities.

Our partnerships across business, government and universities provide these sectors with a network of world-class engineers and assets that make progress possible.

Why be at Elevation:

- connect with an engineering-only student and graduate audience across diverse disciplines
- establish valuable relationships and impress your company values
- demonstrate your commitment to developing the engineering profession
- promote your organisation as an employer of choice to the next generation of engineers

Event performance

Momentum for the Elevation Careers Expo has been building since 2017. Registrations, attendance and company participation has grown year on year.

33,225
Students & Graduates
(↑ 20% 2024)

969,000
Social media impressions
(↑ 23% 2024)

3330+
Registrations
(↑ 87% since 2023)

1930+
In attendance
(↑ 70% since 2023)

Location	Registration	Attendance
Canberra	128	68%
Brisbane	448	64%
Adelaide	529	60%
Perth	597	57%
Sydney	702	59%
Melbourne	886	55%

Past performance is no guarantee of future results

2025 Registration Analysis

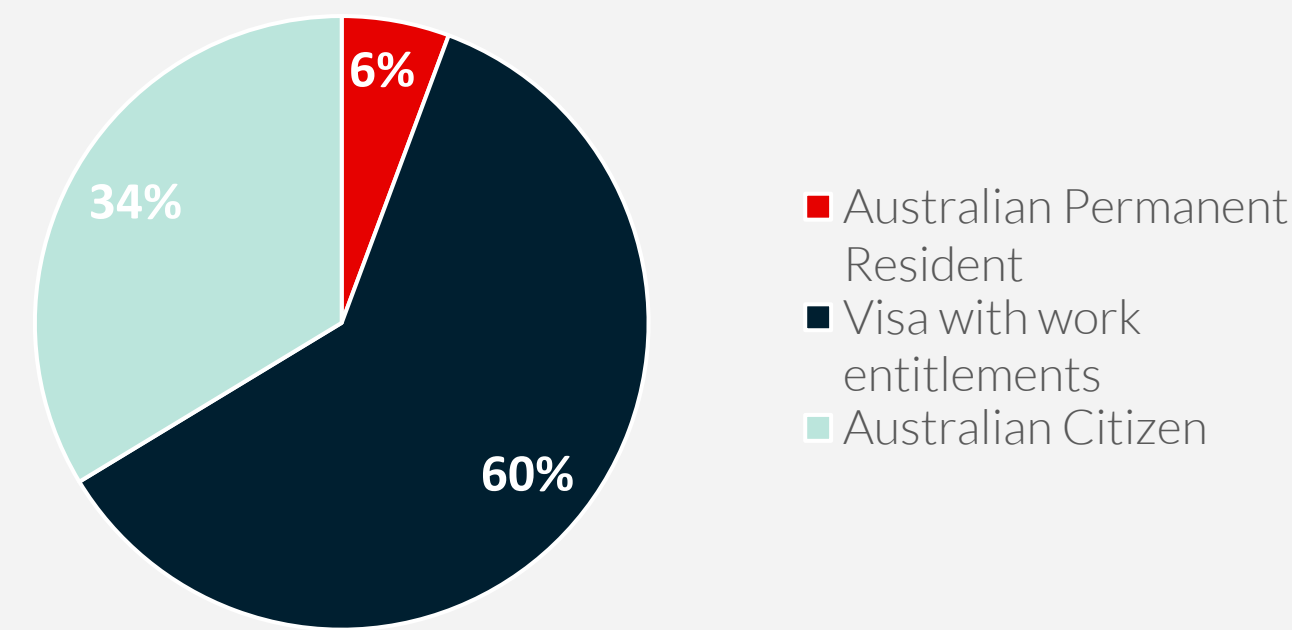

Over 2000 students registered for the 2025 event series, with 94% of these students graduating in the next 18 months.

The average age of delegates was 25.3 years old, 73% were male and 26% female. This is a four-percentage point lift in female registrations.

60% indicated that they were on a Visa with entitlement to work in Australia.

The largest industry represented was *building, construction and civil*, followed by *renewable energy, electricity and gas services* (17%).

Right to work in Australia

Industry	% of regos	Industry	% of regos
Building, construction and civil	21%	Rail transport	5%
Manufacturing	11%	Water transport	4%
Cyber and ICT	10%	Air and space transport	3%
Mining	10%	Waste services	3%
Renewable energy	10%	Defence	3%
Electricity and gas services	7%	Government	3%
Road transport	6%	Agriculture	1%

Six locations.

One big opportunity to secure your future workforce.
