

14th Health Services Research Conference

The Promise and Future of Health Services Research

Kia whakatōmuri te haere whakamua

I walk backwards into the future with my eyes fixed on my past

📍 Tākina Wellington Convention and Exhibition Centre, New Zealand | 2-4 DECEMBER 2026

TUESDAY 1 DECEMBER 2026

TUESDAY 1 DECEMBER 2026		Room: MATIU	Room: MAKĀRO	Room: MOKOPUNA
	13:00-17:00	WORKSHOP 1: Essential Elements of a Successful Grant Application Lyn Airey <i>Proudly Sponsored by:</i>  	WORKSHOP 2: True Cost of Change: Planning, Measuring, and Valuing Implementation Dr Thomasina Donovan and Dr Lane Meredith	WORKSHOP 3: Trans-Tasman collaborations in cancer inequities research <i>Proudly Sponsored by:</i> 
13:00-17:00	Early Registration Open , Level 1 - RONGOMĀTĀNEI FOYER <i>For those delegates wishing to register prior to the first day of the Conference</i>			
	Early Speaker Support Open , Level 1 - CONFERENCE OFFICE <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i>			

WEDNESDAY 2 DECEMBER 2026

WEDNESDAY 2 DECEMBER 2026	7:00	Registration Open , Level 1 - RONGOMĀTĀNEI FOYER Speaker Support Open , Level 1 - CONFERENCE OFFICE
	9:00	MIHI WHAKATAU OFFICIAL OPENING : Te Atiawa Plenary Room: RONGOMĀTĀNE A & B Welcome Official Opening
	9:30 - 10:30	PLENARY SESSION 1 Research That Makes a Difference: Three Decades of Walking Alongside Whānau and Communities Cheryl Davies, Tu Kotahi Māori Asthma Trust <i>Chair:</i> Plenary Room: RONGOMĀTĀNE A & B
	10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER

WEDNESDAY 2 DECEMBER 2026

15:15-15:45 Afternoon Tea: RONGOMĀTĀNE FOYER

15:45-17:00	CONCURRENT SESSION 3																							
	Room: RONGOMĀTĀNE A Chair: Tara Officer			Room: RONGOMĀTĀNE B Chair: Jan Dewar			Room: RONGOMĀTĀNE C Chair: Claire O'Loughlin			Room: MAKĀRO Chair: Fiona McKenzie			Room: MOKOPUNA Chair: Sundresan Naicker			Room: MATIU Chair: Emmanuel Gnanamanickam								
	Session 3A: Methods			Session 3B : Indigenous Health			Session 3C: Primary health care			Session 3D: Chronic conditions			Session 3E: Digital advances in health systems			Session 3F: Paediatric and young people								
15.45	242	3A.1	Long oral	Addressing over-coverage in Australian linked administrative data: Evaluating the signs-of-life method, Carrie Samuels, Australian National University	143	3B.1	Long Oral	Yarning about cancer research participation: Perspectives of mob, health professionals and cancer researchers , Dr Bena Brown, The University Of Queensland	186	3C.1	Long Oral	ACTMed: A Pharmacist Led Quality Improvement Intervention to Reduce Medication Related Problems in Primary Care, A/Prof Jean Spinks, The University Of Queensland	410	3D.1	Long Oral	Balancing value and equity in the allocation of invasive procedures in coronary syndromes for public versus private patients, Professor Vijaya Sundararajan, St Vincent's Health Australia	521	3E.1	Long Oral	Navigating the digital–experience divide: Cognitive and workflow tensions in clinical decision support use for cardiovascular care, Samah Sallam, Flinders University	30	3F.1	Long Oral	The Financial burden of having a child with cancer – navigating financial toxicity, support and preferences of families of children with cancer, Ms Megumi Lim, Qut
16.00	63	3A.2		NZDep(DI): a new administrative-data-based version of the NZDep small area index of relative socioeconomic deprivation , Professor Peter Crampton, University Of Otago	103	3B.2		Music is medicine: A culturally grounded, community-based intervention to interrupt toxic stress among Indigenous youth, Emily McCardle, University Of Calgary	270	3C.2		Assessing patient attachment following targeted investments in team-based primary care in Ontario Canada, Mr Elliot Frymire, Queens University	340	3D.2		Understanding cardiac device follow-up as a complex adaptive system: A national case study in New Zealand , Mrs Amanda Scully, Victoria University of Wellington	443	3E.2		Embedding equity in co-produced digital health innovation: A scoping review exploring methods and research adjustments, Dr Kara Burns, University of Melbourne, CDTH	501	3F.2		The Long Table Method: Listening for Service Impact in Childhood Dementia, Dr Fiona Russo, University Of Southern Queensland
16.05													420	3D.3		Burden of Type 2 Diabetes and Its Complications in Australia: Evidence from Nationwide Linked Administrative Data, Associate Professor An Duy Tran, University Of Melbourne								
16.10													324	3D.4		Allied health service use for diabetes management: 10-year trends in Medicare service utilisation and out-of-pocket costs , Ms Emma Cox, University Of Sydney								
16.15	311	3A.3	Short oral	Do video instructions help participants complete discrete choice experiments?, Dr Alison Pearce, University Of Sydney	571	3B.3	Long Oral	From principles to practice: Testing the Māori health data governance planning and protocol checklist in AAA/AF screening research, Dr Tracy Murphy, Te Whatu Ora	136	3C.3	Long Oral	A toolkit to prompt and support stopping antidepressants in general practice: An interview study exploring patient participants' experiences in the RELEASE trial , Dr Polyana Moura Ferreira, The University Of Queensland	256	3D.5	Short Oral	Cost-Effectiveness Analysis of Interventions Used to Manage Individuals with Multimorbidity in New Zealand: a Discrete Event Simulation, Yen Wei Lim, University Of Otago	216	3E.3	Long Oral	Person-Centred AI-Adaptive Auditory Cueing application for Parkinson's Gait Impairments in Aotearoa New Zealand, Mr Shaojun Li, Auckland Bioengineering Institute, University Of Auckland	246	3F.3	Long Oral	SUSTAIN (ing) Strengthening Care for Children: A stepped wedge cluster randomised trial of digitally provided paediatric support for general practitioners (GP) in NSW, Australia , Professor Raghu Lingam, Unsw
16.20	510	3A.4		Mapping sociodemographic differences in stage of breast cancer at diagnosis among women in Aotearoa New Zealand using Multilevel Analysis of Individual Heterogeneity and Discriminatory Accuracy (MAIHDA) , Miss Bailey Yee, University Of Wellington									207	3D.6		Improving eye care access and reducing costs with a hybrid collaborative telehealth model, Jingyi Chen, The University Of WA								
16.25	224	3A.5		Decomposing the healthcare cost gap associated with loneliness in Australia, Dr. Muhammad Fikru Rizal, Monash University										34	3D.7	Cardiovascular risk misclassification with non-fasting lipid testing: a paired analysis from a South Asian cohort, Dr Nilshan Fernando, Flinders Medical Centre, Sa, Australia								
16.30	567	3A.6		From data to decisions , Dr Kate Miller, Population Health Research Network	243	3B.4		Evaluating a culturally safe First Nations gynaecology clinic to address waitlist inequities and clinical acuity, Ms Alyshia Bevan and Brittanee Packer, Gold Coast Hospital and Health Service	585	3C.4		Nationwide audit and feedback to reduce overuse of pathology tests among general practitioners in Australia: a factorial, cluster-randomised controlled trial, Professor Denise O'connor, Monash University	512	3D.8	Short Oral	A structured participatory approach to implementation priority setting for neurodevelopmental follow-up care in congenital heart disease, Dr Thomasina Donovan, Queensland University Of Technology	12	3E.4	Framing the divide between the ideals of data and digital reform and the reality in New Zealand's Health System Reforms , Dr Lesley Middleton, Te Herenga Waka Victoria University Of Wellington	257	3F.4	A landscape analysis of youth mental health service access across rural and regional Australia , Mr Ross Driver, Queensland University Of Technology		
16.35			Short Oral	Q & A (25 minutes)	614	3B.5	Short Oral	Reframing Palliative Care Research: A Pacific methodological innovation for equity, Dr Amy Henry, Auckland University of Technology, and Dr Marianna Churchward, Te Herenga Waka, Victoria University of Wellington			Short Oral		31	3D.9		The effect of a cancer diagnosis on adherence to medicines for pre-existing chronic conditions, Dr Jackie Roseleur, Flinders University	472	3E.5	Impact of a hospital digital coordination centre on patient flow in a large tertiary hospital: an interrupted time series study, Dr Portia Cornell, University Of Melbourne	332	3F.5	Short Oral	Investigating hospital utilisation by children with rare diseases using administrative health data, Dr Carolyn Arico, University Of Sydney	
16.40					212	3B.6		ENT Saturdays: Innovative models of specialist care for Aboriginal and Torres Strait Islander children , Denise Hookey, The University of Queensland								Q & A (20 minutes)	202	3E.6	Reimagining Hospital in the Home through co-designed digital care, Ms Zhicheng Li, University Of New South Wales	599	3F.6		Cost-effectiveness of interventions to improve health outcomes in children born preterm: a systematic review, Zhuomin Liu, The University of Melbourne	
16.45								Q & A (15 minutes)	278	3C.5		Heart failure: Using big data to manage post discharge risk in primary care, Dr Michael Green, Queens University							Q & A (15 minutes)	508	3F.7		Comparison of the psychometric performance of the Experimental EuroQol Toddler and Infant Populations (EQ-TIPS) Version 3.0 and Pediatric Quality of Life Inventory Infant Scale™ (PedsQL) in young children in Australia , Prof Kim Dalziel, The University Of Melbourne	
16.50									179	3C.6														

THURSDAY 3 DECEMBER 2026

7:00	Registration Open, Level 1 - RONGOMĀTĀNE FOYER													
	Speaker Support Open, Level 1 - CONFERENCE OFFICE													
8:45	PLENARY: Welcome to Day Two Chair: Plenary Room: RONGOMĀTĀNE A & B													
9:00	PLENARY SESSION 2 The promise and future of health services research: sex and gender considerations will be essential Prof Robyn Norton, The George Institute for Global Health Wellbeing as a Goal in Health Services Research Prof Arthur Grimes, Victoria University of Wellington’s School of Government Chair: Plenary Room: RONGOMĀTĀNE A & B													
10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER													
	FEATURED RESEARCH SESSION													
11:00-12:00	Room: RONGOMĀTĀNE A Chair: Karen Price				Room: RONGOMĀTĀNE B Chair: Jan Dewar and Mona Jeffreys				Room: MAKĀRO Chair: Lane Meredith				Room: MATIU Chair: Jackie Roseleur	
	Featured Research 1 - HCF Foundation				Featured Research 2 - Indigenous approaches to Evaluation				Session 4D: ECR 3MT Competition				Session 4F: ECR 3MT Competition	
														
11.00	HCF Symposium	Dr Joshua Zadro: Co-design and evaluation of a virtual physiotherapist-led triage and management service for low back pain referrals to spine surgery clinics	Flax Analytics Symposium			Flax 1:Dr Ellison Loschmann. Indigenous evaluation of Whakamaau, the Māori Health Action Plan	46	40.1	Improving surgical care for older adults from culturally diverse backgrounds: a co-design approach, Charmaine Bonus, Latrobe University		384	4F.1	Equity by Design: Supporting Rural Access to Novel Dementia Diagnostics, Ms Hannah Gulline, Monash University	
11.05					Flax 2: tbc. Inequities in primary health care funding in Aotearoa New Zealand	621	40.2	School-based Eyecare for Every Kid: Developing a Model of a Children’s Eyecare Pathway in Aotearoa , Sachi Rathod, The University Of Auckland		388	4F.2	The role of undergraduate Public Health Graduates in Strengthening Health System Resilience in Fiji, Mr Avendra Prakash, Victoria University Of Wellington		
11.10		Dr Caroline Nicholson: To identify and provide management support for people at risk of frailty in general practice to reduce potentially preventable hospitalisations.			146: Dr Jan Dewar Developing a Kaupapa Māori indigenous led approach to health service evaluation in Aotearoa New Zealand	70	40.3	More Than a Thank You: Revolutionising Consumer Recognition in Health Research, Ms Mingming Zhou, Anu		433	4F.3	Exploring the use and economic value of clinical pathway for suspected acute coronary syndrome in Tasmanian emergency departments, Dr Rishita Chandra, University Of Tasmania		
11.15						181	40.4	How and from whom do Australian GPs seek advice about paediatric care?, Mrs Tina Vickery, Australian Institute Of Health Innovation, Macquarie University		436	4F.4	A Web-Based Knee OA Program on an Orthopaedic Waitlist: A RE-AIM Implementation Evaluation, Ms Lin Tong, La Trobe University		
11.20		Prof Harriet Hiscock: WECARE: Work-Enhancement through Computational Assessment of Real Environments – Re-designing Hospital Work to Increase Staff Satisfaction, Retention and Improve Patient Care			543: Dr Tracy Murphy. Illuminating Māori clinical leadership in Crown health organisations: Grit, authenticity and collective power	210	40.5	From Paper to Plate: Implementing Nutrition Guidelines for Children with Cancer in Aotearoa New Zealand, Miss Hannah Fuller, Waipapa Taumata Rau, University Of Auckland		451	4F.5	Understanding Value in Molecular Testing in Cancer, Dr Alice Minhinick, University of Auckland and Auckland City Hospital		
11.25						241	40.6	Smarter scheduling, shorter waits: Scaling and sustaining an evidence-based model of access for community health services, Kate Noeske, Eastern Health and La Trobe University		453	4F.6	Enhancing student engagement in online learning systems: A mixed methods study at a New Zealand University, Andrew Hall, Vuw		
11.30		Prof Jenny Doust: Understanding the variation in the use of hysterectomy to improve outcomes for women with heavy menstrual bleeding				248	40.7	Enhancing the value of linked data for population health research and policy formulation in Australia, Carrie Samuels, Australian National University		467	4F.7	How are capabilities valued by people with lived experience of depression and anxiety?, Alicia Norman, Macquarie University		
11.35						255	40.8	Cost-Effectiveness Analysis of Interventions Used to Manage Individuals with Multimorbidity in New Zealand: a Discrete Event Simulation, Yen Wei Lim, University Of Otago		499	4F.8	Reimagining Diabetes Care: Designing a Medicines Review Service With Māori, Not For Māori, Mr Brendon McIntosh, Kia Kaha Chemist		
11.40						265	40.9	Evaluation of a gamified digital intervention programme for self-management of chronic obstructive pulmonary disease: protocol for convergent mixed-methods usability testing study, Miss Mingli Pang, University Of Auckland		511	4F.9	Mapping sociodemographic differences in stage of breast cancer at diagnosis among women in Aotearoa New Zealand using Multilevel Analysis of Individual Heterogeneity and Discriminatory Accuracy (MAIHDA) , Miss Bailey Yee, University Of Wellington		
11.45				267	40.10	Why Does Place Still Determine Health? Exploring Disparities, Sustainability and Resilience in UK Coastal Health Provision, Pujitha Kanakam, University of Lincoln		555	4F.10	Creating the rhythm of change: Developing Tongan and Samoan-centred ways to improve primary health care access in Auckland, Aotearoa New Zealand, Miss Manusiū Lātū, Pacific Reproductive Limited				
11.50				317	40.11	Investigating the inclusion of spillover effects of childhood obesity prevention initiatives on parents, caregivers and other family members in health economic evaluation , Ms Pippy Walker, University Of Sydney		318	4F.11	Understanding and implementing interventions to reduce falls in the inpatient hospital setting, Ms Charlotte McIennan, The University Of Sydney & Sydney Local Health District				
11.55						3MT assessment							3MT assessment	
12:00-13:00	Lunch: RONGOMĀTĀNE FOYER													
	Exhibition and Poster Presentations													
12:30-13:00	Mentoring													

CONCURRENT SESSION 4																								
13:00-14:45	Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B <i>Chair: Katherine Harding</i>				Room: RONGOMĀTĀNE C <i>Chair: Tara Officer</i>				Room: MAKĀRO <i>Chair: Jan Dewar</i>				Room: MOKOPUNA <i>Chair: Alison Pearce</i>				Room: MATIU <i>Chair: Mona Jeffreys</i>			
	Symposium 04				Session 5B: Workforce				Session 5C: Maternal, neonatal and child health				Session 5D: Addiction, Mental health and wellbeing				Session 5E: AI in healthcare				Session 5F: Disability, Dementia, aged care, and palliative care			
13.00	Symposium 04: Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	450	5B.1	Long Oral	Sustaining Midwifery Through an Ethics of Care: Insights from Aotearoa New Zealand Primary Maternity Units, Dr Sarah Lovell, University Of Canterbury	513	5C.1	Long Oral	From promise to hard data: 12 years of electronic medical records in maternity care, Titus Kirwa, The University Of Queensland	90	5D.1	Long Oral	Risk stratification models for value-based mental health funding: A machine learning approach, Mona Aghdaee, Macquarie University For Health Economy	476	5E.1	Long Oral	AI-assisted chemotherapy dosing optimisation: prospective budget-impact analysis of an oncology clinical decision support platform, Dr Portia Cornell, University Of Melbourne	516	5F.1	Long Oral	Whakarangono Mai: Disability-Led Community Action for Equity and Inclusion, Mrs Pip Mclean, Foundation For Equity And Research New Zealand		
13.15			576: Pacific health strategies and action plans: their purpose and value, and the factors that support implementation	375		5B.2	Advancing staffing methodologies for allied health in Aotearoa New Zealand , Dr Miranda Buhler, University of Otago School of Physiotherapy	600		5C.2	Socioeconomic inequalities in healthcare utilisation, costs, and medication use across the perinatal period, Zhuomin Liu, The University of Melbourne	169		5D.2	Health service utilisation prior to drug-related deaths: A systematic review and meta-analysis, A/prof Natasa Gisev, Unsw Sydney	145		5E.2	Mixed-method evaluation of online symptom checker formats to support trust in artificial intelligence, Dr Julie Ayre, The University Of Sydney	539		5F.2	The Costly Transition: Dementia Recording, Residential Aged Care, and Healthcare Spending in Older Australian Men, Dr Marshall Makate, Curtin University	
			564: Before AI: Why Pacific Data Equity Matters for the Future of Health Systems	310		5B.3	Beyond Workload: Structural and Psychosocial Drivers of Turnover Intention Among Public Sector Physiotherapists in Aotearoa New Zealand, Gillian Watson, University of Otago																	
			553: Trust and Relationships as Mechanisms for Improving Health Services: The Role of Pacific Providers in Aotearoa	376		5B.4	The role of undergraduate Public Health Graduates in Strengthening Health System Resilience in Fiji, Mr Avendra Prakash, Victoria University Of Wellington																	
13.30			557: Locating inequity in fragmented systems: Health professional perspectives on Chronic Kidney Disease care for Cook Islands Māori in Aotearoa New Zealand	180	5B.5	Short oral	A Needs Based National Pharmacy Workforce Model to Inform Equitable Access to Pharmacist Care in Australia, A/Prof Jean Spinks, The University Of Queensland	611	5C.3	Long Oral	Identifying research gaps and data needs regarding urban Indigenous perinatal mental health in Southeast Ontario (Canada): culturally congruent integrated care as a path forward, Dr. Amrita Roy, Queen's University	549	5D.3	Short oral	Developing an agent-based simulation of mental-health patient flow through Royal Melbourne Hospital , Dr Belinda Davey, University Of Melbourne	541	5E.3	Short oral	Barriers and enablers of artificial intelligence adoption in the health service provision of Western Australia: A qualitative study, Dr Md Tahuidul Islam, Murdoch University	20	5F.3	Short oral	What drives successful implementation of a palliative care intervention in residential aged care? Embedding a realist process evaluation within the IMPART trial., Kayla Lock, National Ageing Research Institute	
13.35			566: Cook Islands' Families' Experiences of Living with Chronic Kidney Disease	304	5B.6		Strengthening Nursing Workforce Research Capacity and Capability Through Structured Research Support, Dr Kelsee Shepherd, Sydney Children's Hospital Network				231	Embedding Lived Experience in mental health research: an Australian model, Professor Michelle Banfield, Australian National University												
13.40				342	5B.7		BOOST 2.0: Feasibility of using nursing student workforce to increase activity: A qualitative study , Dr Seema Radhakrishnan, Fairfield Hospital				380	No mental health without oral health: addressing systemic neglect in Australian care, Professor Amanda Wheeler, Centre for Mental Health, Griffith University												
13.45				537	5B.8		Key informants' perspectives on the public sector oral health therapist workforce in Aotearoa New Zealand: A Qualitative Study , Ms Sarah Majeed-Gale, University of Otago	119	5C.4		Conscientious objection to abortion care: Regulatory options to redress the power imbalance between doctors and patients, Dr Bronwen Merner, University Of Melbourne	389	5D.4		How does the community engage with a national accredited Digital Mental Health Service? A behavioural analysis of reach and digital consumer engagement with the THIS WAY UP service, Dr Christine Shiner, St Vincent's Health Australia	217	5E.4		Bridging the Rehabilitation Gap: Co-Designing an AI- enhanced Augmented Reality Application for Post-Stroke Attention Rehabilitation in New Zealand, Mr Shaojun Li, University Of Auckland	387	5F.4		Implementing novel dementia diagnostics in practice: insights from a multi-site qualitative study, Ms Hannah Gulline, Monash University	
13.50				616	5B.9	Short oral	Enhancing the Self-Efficacy and Wellbeing of Newly Qualified Midwives Through a Co-designed Psychological Performance Skills Training Program, Dr. Diarmuid Hurley, Bond University			Short oral		231	5D.5	Short oral	Embedding Lived Experience in mental health research: an Australian model, Professor Michelle Banfield, Australian National University	603	5E.5	Short oral	Attitudes to and development of machine vision to assist in predicting and preventing occupational violence in an acute hospital setting, Associate Professor Alison Craswell, University Of The Sunshine Coast	87	5F.5	Short oral	Digital social connectivity platform preferences among people with disability and carers: a discrete choice experiment, Dr Feby Savira, Deakin University	
13.55				431	5B.10		Identifying social and emotional wellbeing needs of healthcare workers in Aboriginal Community Controlled Health Services, Dr Smriti Nepal, University Of Sydney				77	5D.6	Reducing acute service use through structured youth mental health pathways: A systematic review, Dr Somayyeh Azimi, North Metro Health Service- Western Australia		323	5E.6	Reading between the scans: how radiology departments really adopt AI, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, Qut		193	5F.6	Documenting interventions delivered by the Disability Liaison Officer Program to achieve equity in healthcare, Dr Kate Gledhill, Monash University			
14.00				596	5B.11		Building implementation science capacity and capability in health services: Mixed methods evaluation of Sydney Health Partners Masterclass (2018–2024), Professor Leanne Hassett, University Of Sydney	28	5C.5		Effectiveness of mHealth Apps for Maternal Health Care Delivery: Systematic Review of Systematic Reviews, Dr. Edward Kwabena Ameyaw, Lingnan University	285	5D.7		A co-produced evaluation of a regional, Aboriginal-led mental health and wellbeing program - privileging local knowledges, relationships and cultural responsibility , Professor Michelle Dickson, The Poche Centre For Indigenous Health, University Of Sydney	610	5E.7		Co-designing clinically safe, AI enabled wound care education using natural language learning: the SilverWound Pro initiative, Mrs Katy Aish, Silverchain	407	5F.7		Theorising Individualised Funding for disabled New Zealanders through a realist lens , Mrs Samantha Bandara, University Of Canterbury	
14.05				174	5B.12		Institutional work that causes healthcare worker distress and the evidence for team- and system-level strategies to improve wellbeing , Dr Colleen Cheek, Macquarie University	602	5C.6		Childhood Vision Screening and Caregiver Barriers to Eye Care in Aotearoa New Zealand, Miss Amelia Hardcastle, The University Of Auckland	528	5D.8		Suicide in Aotearoa: which part of the back story counts? Family violence, disability and mental illness - an analysis of 600 coronial investigations, Associate Professor Gabrielle Jenkin, Foundation For Equity and Research New Zealand	65	5E.8		How Australians are using AI chatbots for mental health support: a nationally representative survey, Laura Neil, University Of Queensland	294	5F.8		The Economic Impact of Advance Care Planning: A Systematic Review, Miss Fengyi Liu, Australian Centre for Health Service Innovation, Queensland University of Technology	

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026	CONCURRENT SESSION 4 continued																									
	13:00-14:45		Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B <i>Chair: Katherine Harding</i>				Room: RONGOMĀTĀNE C <i>Chair: Tara Officer</i>				Room: MAKĀRO <i>Chair: Jan Dewar</i>				Room: MOKOPUNA <i>Chair: Alison Pearce</i>				Room: MATIU <i>Chair: Mona Jeffreys</i>			
			Symposium 04				Session 5B: Workforce				Session 5C: Maternal, neonatal and child health				Session 5D: Addiction,Mental health and wellbeing				Session 5E: AI in healthcare				Session 5F: Disability, Dementia, aged care, and palliative care			
	14.10	Symposium 04: continued	Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	421	5B.13	The work we don't count: Integrator labour and the politics of complexity in health systems, A/prof Carrie Lethborg, St Vincent's Hospital, Melbourne	598	5C.7	Costs and consequences of alternative models of care for children with lower-limb orthopaedic variants , Dr Varinder Jeet, Macquarie University				Q & A (35 minutes)		504	5E.9	Artificial intelligence in residential aged care: bibliometric mapping of research landscape and emerging trends, Dr Amy Nguyen, Macquarie University	437	5F.9	Trajectories and Patterns of Hospital-to-Home Transitional Care and Their Outcomes Among Stroke Patients Across Post-Acute Care Models , Dr. Chiachi Bonnie Lee Lee, National Center For Geriatrics And Welfare Research, National Health Research Institutes						
	14.15			594	5B.14	Identifying Strategies to Sustain the Medical Voluntary Assisted Dying Workforce in Victoria, Mr Sean Yaw, Peter Maccallum Cancer Centre	134	5C.8	Breastfeeding as Essential Health System Work: Rethinking Value, Labour, and Sustainability, Ms Rachel Monerasinghe, Victoria University Of Wellington				151	5E.10	Patient preferences for Artificial Intelligence-assisted skin cancer diagnosis: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney	269	5F.10	Healthcare Costs among Children with Cerebral Palsy: Analysis from the Goals, Activity, Motor Enrichment (GAME) Trial, Xin Zhan, Nhmrc Clinical Trials Centre								
	14.20				5B.15	Diversity, equity and inclusion in the health services research workforce, Emmanuel Gnanamanickam	341	5C.9	Modeling the impact of early access to publicly funded intrauterine insemination with ovarian hyperstimulation (IUI-OS) prior to in vitro fertilisation (IVF) for couples with unexplained infertility, Dr Karyn Anderson, University of Auckland				111	5E.11	Constructs influencing patient perceptions of use of Artificial Intelligence (AI) in medical imaging analysis: A systematic review, Ms Preksha Machaiya Kuppanda, The University Of Queensland			Q & A (25 minutes)								
	14.25			261	5B.16	Designing Future ED Care: Algorithmic Identification of Patients Suitable for Advanced Practice Physiotherapy to Inform Workforce Planning, Dr Piers Truter, South Metropolitan Health Service	550	5C.10	Caring for children while they wait: Experiences of wait times and moral distress among specialists, Dr Cervantée Wild, University Of Auckland				Q & A (20 minutes)													
	14.30					Q & A (15 minutes)							Q & A (15 minutes)													
	14.35																									
	14:45-15:15	Afternoon Tea: RONGOMĀTĀNE FOYER																								

CONCURRENT SESSION 5													
15:15-17:00		Room: RONGOMĀTĀNE A		Room: RONGOMĀTĀNE B <i>Chair: Michelle Allen</i>		Room: RONGOMĀTĀNE C		Room: MAKĀRO <i>Chair: Nicola Creagh</i>		Room: MOKOPUNA <i>Chair: Emmanuel Gnanamanickam</i>		Room: MATIU <i>Chair: Veronika Williams</i>	
		Symposium 05		Session 6B: Indigenous health and health equity		Symposium 06		Session 6D: Health system and capacity		Session 6E: Hospital based care general		Session 6F: Medication and Aged Care	
15.15	Symposium 05: MOHMQuit – Midwives and Obstetricians Helping Mothers to Quit Smoking: using Behaviour Change theory in co-designing and evaluating a complex intervention	MOHMQuit – Midwives and Obstetricians Helping Mothers to Quit Smoking: using Behaviour Change theory in co-designing and evaluating a complex intervention 238: Partnering to co-design and implement MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit) – process, challenges and benefits 158: Using the Behaviour Change Wheel to design and trial the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit Smoking) intervention 155: Examining mediators of health professional behaviour change in the MOHMQuit intervention: understanding how and why barriers to cessation support were addressed 160: Supporting pregnant women to stop smoking – changes in health professionals’ behaviour with the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) intervention 148: Smoking cessation and cost-effectiveness outcomes among pregnant women in the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) trial 303: Economic evaluation of the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) trial: Adapting a UK model for Australia	176 68.1	Community Jury for Aboriginal and Torres Strait Islander Health Research: A research governance model grounded in the strengths of community , Ms Kaycee Mikkelsen, Metro South Health	Symposium 06: Transforming aged care transfers through a multisector digital health summary: trial results	Transforming aged care transfers through a multisector digital health summary: trial results 295: Reducing Hospital Transfers for Aged Care Residents Through an Integrated Multisector Digital Health Summary 197: Digital Health Summary for Aged Care Transfers Feasibility Trial – End user experience 258: Implementation of a multisector intervention for sharing critical aged care data 161: Technical implementation of a trial of a digital patient summary for residential aged care 465: Co-designing a Digital Health Summary for Aged Care Transfers: Data Display, Consent, and Governance	452 6D.1	Co-designing policy recommendations with Aboriginal and Torres Strait Islander peoples on genomic newborn screening: An approach to culturally appropriate deliberation that combines Yarning Circle and Community Jury methods, A/prof Sarah Norris, University of Sydney	172 6E.1	Which patient-reported outcome measures (PROMs) should be embedded into kidney registries to support clinical care and quality improvement? , Jessica Nikolovski, University Of Sydney	393 6F.1	Evaluation of clinical decision support to improve antibiotic prescribing in residential aged care, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University	
15.30			525 68.2	Blak on Blak: Understanding, preventing and addressing lateral violence in the Aboriginal and Torres Strait Islander health workforce , Ms Kristy-Lee Shelton, Metro South Health			401 6D.2	Te uaratanga: Reflections on using Social Return on Investment methodology in a Kaupapa Māori health setting, Dr Erin Penno, Department Of Public Health (Dunedin), Faculty of Medicine - Dunedin, University Of Otago	487 6E.2	Fracture Clinic Trial (RECITAL): What are the outcomes for patients with simple fractures attending a virtual clinic compared to the in-person clinic?, Mr Min Jiat Teng, Sydney Virtual	592 6F.2	Leveraging large language models for medication coding and detecting multimorbidity burden from free-text data in residential aged cares , Dr Sandun Malpriya Silva, Macquarie University	
15.45			133 68.3	Trading health gains for equity: measuring and understanding aversion to health inequality, Professor Trudy Sullivan, University Of Otago			171 6D.3	Listening as Transformation: Recentring Māori Voices to Reimagine Equitable Healthcare Futures, Dr Angelique Reweti, Massey University	378 6E.3	Implementation is a team sport: collective agency in clinical decision support adoption, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, Qut	545 6F.3	Co-development of medication quality indicators and tailored benchmark reports for data-driven quality improvement in residential aged care , A/Prof Magda Raban, Australian Institute Of Health Innovation, Macquarie University	
16.00			589 68.4	Advancing Culturally Valid Measurement in Health Services: The Role of Indigenous Methodologies, Governance, and Shared Decision-Making Tools, A/prof Heather Shepherd, University Of Sydney			464 6D.4	From consumer engagement and research partners to colleagues: A emerging, novel transition in healthcare, Dr Laurel Mimmo, The Sydney Children's Hospitals Network	425 6E.4	Reframing Patient Complexity: A Systems-Informed Model for Hospital Equity and Reform, A/prof Carrie Lethborg, St Vincent's Hospital, Melbourne	75 6F.4	Family members’ experiences and suggested strategies for improving the medication management of older adults during transitions of care: A qualitative exploratory study , Miss Caitlin Deery, Monash University	
16.05			159 68.5	Provision of Indigenous foods in Australian hospitals , Aimee Dow, The Royal Melbourne hospital					254 6E.5	Gaps in size inclusive hospital care: A multi-site audit of hospital in-patient services in Te Whatu Ora – Capital, Coast, and Hutt Valley , Mr Prakash Sharma, Te Herenga Waka—Victoria University of Wellington			
16.10			102 68.6	Educating for equity: A decolonial, relational approach to integrating Indigenous knowledge systems in diabetes care, Dr. Anika Sehgal, University Of Calgary					456 6E.6	Implementing a nudge letter did not reduce the use of inpatient rehabilitation following joint replacement surgery at an Australian private healthcare service: a randomised controlled trial, Dr Jason Wallis, Monash University			
16.15			333 68.7	Co-defining culturally sensitive and relational whānau/family-inclusive inpatient care in adult inpatient services in Aotearoa, New Zealand., Dr Kim Ward, University Of Auckland, School Of Nursing			435 6D.5	Weaving resilience: Understanding preparedness, adaptation and transformation in the Fijian health system, Dr Sharon McLennan, Victoria University Of Wellington	99 6E.7	Predicting Serious Infection Risk in Australian Patients with Multiple Myeloma Using Administrative Hospital Data to Inform Immunoglobulin Replacement Therapy (IgRT) Decisions, Rainier Arnolda, Monash University	386 6F.5	Trends and predictors of Opioid use in 428 Australian Residential Age Care Homes, 2018-2022 , Dr Md Bayzidur Rahman, Macquarie University	
16.20			191 68.8	Trajectories of the severity of drug and alcohol dependence for clients of Aboriginal drug and alcohol residential rehabilitation services, Ms Kyumin Jang, The University Of Sydney			56 6D.6	Exploring implications of MyMedicare, Australia’s voluntary patient enrollment, on continuity of care for cancer survivors., Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University	194 6E.8	Decision support tool to simulate kidney transplant waiting time for an individual patient under the new Australian deceased donor kidney allocation system, James Hedley, University Of Sydney			
16.25			116 68.9	Best Start in Practice: Implementing an Equity-Focused Model of Early Pregnancy Care in Primary Care, Dr Katie McMenamin, Health And Research Collaborative (HARC)			422 6D.7	From principles to practice: A scoping review and conceptual framework for operationalising health equity in Australian health systems, A/prof Fiona Haigh, Unsw Sydney	527 6E.9	Enhanced Postoperative Care Units as a Dynamic Response to Postoperative Hypotension: Findings from a Pilot Mixed-Methods Study., Mrs Jolene Jones, The University Of Waikato			

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026

THURSDAY 3 DECEMBER 2026 cont..																											
15:15-17:00	CONCURRENT SESSION 5 cont..																										
	Room: RONGOMĀTĀNE A			Room: RONGOMĀTĀNE B <i>Chair: Michelle Allen</i>			Room: RONGOMĀTĀNE C			Room: MAKĀRO <i>Chair: Nicola Creagh</i>			Room: MOKOPUNA <i>Chair: Emmanuel Gnanamanickam</i>			Room: MATIU <i>Chair: Veronika Williams</i>											
	Symposium 05			Session 6B: Indigenous health and health equity			Symposium 06			Session 6D: Health system and capacity			Session 6E: Hospital based care general			Session 6F: Medication and Aged Care											
16.30	Symposium 05: continued	Continued... MOHMQuit – Midwives and Obstetricians Helping Mothers to Quit Smoking: using Behaviour Change theory in co-designing and evaluating a complex intervention			Q & A (30 minutes)		Continued...	Transforming aged care transfers through a multisector digital health summary: trial results	291	60.8	Short Oral	A method for testing health system resilience: Development, application and lessons learned, A/Prof Philip Haywood, University Of Sydney	234	6E.10	Short Oral	Why single-specialty care is not enough: multidimensional complexity in 1,053 patients presenting to a public interdisciplinary endometriosis and pelvic pain service, Dr Juliana S Oliveira, Gold Coast University Hospital	17	6F.6	Short Oral	When should a pharmacist-led medication review be conducted in residential aged care? A modified Delphi study, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University							
16.35									429	60.9		Research Capacity in health services – how can embedded academics build capacity and support innovation , Prof Andrew Baillie, The University Of Sydney & Sydney Local Health District	201	6E.11		Waiting for elective orthopaedic surgery: A qualitative scoping review of the patient experience, Ms Liz Walkley, Austin Health	531	6F.7		Are medications charted in residential aged care facilities a good proxy for medication utilisation? A retrospective study, Dr Esa Chen, Monash University							
16.40									92	60.10		Measuring the impact of consumer involvement in clinical, governance and education activities at Peter Mac., Ms Catherine Devereux, Peter Maccallum Cancer Centre	74	6E.12		Doing More Without More: Leadership Alignment to Improve Progression of Care and Patient Flow , Adjunct Associate Professor Rebecca Van De Paverd, Northern Health	199	6F.8		Effectiveness of Digital Health Interventions for Lifestyle Management and Medication Adherence in Cardiovascular Disease: An Implementation-Informed Systematic Review and Meta-Analysis, Ms Jinyan Shi, The University Of Sydney							
16.45									374	60.11		The State of the Health Economics Discipline in Aotearoa New Zealand, Assoc Prof Richard Edlin, University Of Auckland	139	6E.13		Post-implementation validation of a readmission risk algorithm: performance at a large, metropolitan health service, Rebecca Pang, Monash University	348	6F.9		A digital portal for consumer access to medication information in residential aged care: a mixed-methods evaluation, Dr Rajendra Gyawali, Australian Institute Of Health Innovation

FRIDAY 4 DECEMBER 2026

FRIDAY 4 DECEMBER 2026

7:00	Registration Open, Level 1 - RONGOMĀTĀNE FOYER Speaker Support Open, Level 1 - CONFERENCE OFFICE																								
9:00 - 9:15	Welcome to Day Three Plenary Room: RONGOMĀTĀNE A & B																								
9:15 - 10:30	PLENARY SESSION 3: PANEL Health Services Research: Global Connections A/Prof Alison Pearce, Dr Jennifer Zelmer, Prof Judith Smith, Dr Jacqueline Cumming Chair: Plenary Room: RONGOMĀTĀNE A & B																								
10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER																								
11:00-12:30	CONCURRENT SESSION 7																								
		Room: RONGOMĀTĀNE A			Room: RONGOMĀTĀNE B Chair: Thomasina Donovan			Room: RONGOMĀTĀNE C Chair: Megan Campbell			Room: MAKĀRO Chair: Rob McNeill			Room: MOKOPUNA Chair: Tara Officer			Room: MATIU Chair: Nicola Creagh								
		Symposium 07 and 08			Session 7B: Hospital-based care and cost			Session 7C: Emergency and urgent care			Session 7D: Cancer			Session 7E: Refugee, migrant and ethnic minority health			Session 7F: Influencing Policy and Systems								
11:00	Symposium 07	Symposium 07: Improving Telehealth Delivered Mental Healthcare for Rural and Remote Areas		397	78.1	Long Oral	Technology Gaps or Management Gaps? Decomposing Hospital Inefficiency to Drive Differentiated Policy in Victoria’s Public Health System, Dr Andrew Haywood, Department Of Health, Victoria		522	7C.1	Physiotherapist-led care in the emergency department for musculoskeletal conditions: results from the RESHAP-ED trial-based economic evaluation, A/Prof Philip Haywood, University Of Sydney		412	7D.1	The Ready To Screen Trial: Organisational Readiness and Adoption of Lung Cancer Screening Recruitment Strategies in Australia, Dr Dzenana Kartal, University Of Melbourne		8	7E.1	Long Oral	A realist study of equitable use and outcomes of digitally enabled healthcare among people from ethnic minority backgrounds with cancer in Australia , Dr Ashfaq Chauhan, Australian Institute Of Health Innovation		315	7F.1	Policy and cancer control: key determinants influencing policy formation and implementation , Ms Amelia Hyatt, Peter Maccallum Cancer Centre	
11.15		494: Mental Health Service Use Under Better Access: Variation by Disorder Types and Severity		505	78.2		A no brainer? Improved hospital cleaning reduces infection and saves money , Professor Brett Mitchell, Avondale University		418	7C.2	Behavioural nudges to reduce low-value care for low back pain in the emergency department (NUDG-ED): a 2 x 2 factorial, pragmatic cluster randomized trial, Gemma Altinger, University Of Sydney		273	7D.2	What is important to patients when considering radiation therapy for prostate cancer? A health preferences study, A/Prof Amy Brown, Townsville Hospital And Health Service		44	7E.2		Perioperative experiences of culturally and linguistically diverse older adults and their family carers: a multi-phase qualitative study, Charmaine Bonus, Latrobe University		617	7F.2	"More of the same, just packaged differently" - An evaluation of Aotearoa New Zealand’s 2022 Pae Ora Health Reforms using Event Systems Theory, Professor Tim Stokes, University Of Otago	
11.30		496: Preferences for psychological services in rural and remote Australia: A discrete choice experiment		460	78.3		Insights into the nature of waiting lists in specialist clinics: Early learnings from the WaitLESS Project, Professor Katherine Harding, La Trobe University / Eastern Health		458	7C.3	From pilot to statewide scale: A programme of research evaluating the Victorian Virtual Emergency Department waiting room pathway, 2023–2025, Ass Prof Jennie Hutton, Victorian Virtual Emergency Department		288	7D.3	Health services costs for breast cancer in Australia by stage and subtype: Estimates from the 45 and Up Study, Dr Lara Petelin, University Of Sydney		48	7E.3	Short Oral	Barriers and facilitators to accessing preventive services for chronic diseases among Bangladeshi and Nepalese migrants in Sydney, Dr Sabuj Kanti Mistry, University Of New South Wales		296	7F.3	Uptake and implementation of practice incentive reforms in an Australian metropolitan primary health network: a mixed methods evaluation, Dr Jackie Roseleur, Flinders University	
11.35		495: Accessing telehealth psychology treatments for those living in rural and remote areas: a multi-disciplinary, needs assessment to inform co-designed solutions													235	7E.4	Improving Service Accessibility for Chinese Families of Neurodiverse Children in New Zealand: A Survey Study, Hongjuan deng, Hongjuan Deng								
11.40															200	7E.5	Menopause experiences of women from multicultural communities in high-income Western countries: findings of a mixed methods systematic review, Ms Paula Legerton, The University Of Sydney								
11.45	Symposium 08	Symposium 08: Navigating fragmented systems: Understanding, implementing and strengthening navigator roles (for equity) in Australia		95	78.4	Short Oral	Hospital costs associated with kidney transplantation and immunoglobulin therapy, Dr Sara Carrillo de Albornoz, Monash University		166	7C.4	Are urgent care services an effective alternative to hospital emergency departments?, Dr. Shangzhi Xiong, The George Institute For Global Health		577	7D.4	Prioritising Physiotherapy Rehabilitation for Māori with Matepukupuku (Cancer), Ms Rachel Swann, Health And Research Collaborative		237	7E.6	Short Oral	Culturally Tailored Interventions for Endometriosis Care: A Scoping Review, Miss Sangita Chakraborty, SPHERE CRE, Department Of General Practice, Monash University		240	7F.4	Implementing evidence-based principles of demand management reduces waiting times in community health services: A statewide scale-up study, Kate Noeske, Eastern Health and La Trobe University	
11.50		417: Navigators in health and social care: Challenges and opportunities		444	78.5		Counting the hidden work: genetic counselling costs and sustainable genomic service delivery, Dr Varinder Jeet, Macquarie University		358	7C.5	Unplanned presentation to emergency department is higher after virtual outpatient care in a renal cohort, Dr Ashfaq Chauhan, Macquarie University		331	7D.5	Prehab or Not? The Factors Behind a Critical Window in Lung Cancer Care. , Dr Jamie Waterland, Peter MacCallum Cancer Centre		530	7E.7		Understanding determinants of health service utilisation among Asian migrants in New Zealand: A quantitative study., Thilanthi Kaluarachchi, Victoria University of Wellington					
11.55		403: Peer Health Navigation for Patients at Risk of Frequent Hospitalisation: Programme Characteristics and Impact on Hospital Resource Utilisation		141	78.6		Embedding Prevention in Surgical Waiting-List Pathways: A Before–After Health Economic Evaluation of the Way to Wellness Service, Nirmali Sivapragasam, Queensland University Of Technology		430	7C.6	Text message incentives increased patient-reported outcomes survey response in emergency care: SWAT findings , Gemma Altinger, University Of Sydney		118	7D.6	Comparing socioeconomic inequalities in colorectal cancer diagnosis and survival in Victoria, Australia and Ontario, Canada, Prof. Erin Strumpf, McGill University		89	7E.8		Does She Have a Say? Exploring Reproductive Health Rights among Afghan Women Resettling in Victoria, Australia, Ms Donya Eghrari, The University Of Melbourne					
		361: Beyond Lived Experience: A capability framework to support peer health navigator roles in healthcare																							

FRIDAY 4 DECEMBER 2026

CONCURRENT SESSION 7 continued..																		
11:00-12:30		Room: RONGOMĀTĀNE A		Room: RONGOMĀTĀNE B <i>Chair: Thomasina Donovan</i>		Room: RONGOMĀTĀNE C <i>Chair: Megan Campbell</i>		Room: MAKĀRO <i>Chair: Rob McNeill</i>		Room: MOKOPUNA <i>Chair: Tara Officer</i>		Room: MATIU <i>Chair: Nicola Creagh</i>						
		Symposium 07 and 08		Session 7B: Hospital-based care and cost		Session 7C: Emergency and urgent care		Session 7D: Cancer		Session 7E: Refugee, migrant and ethnic minority health		Session 7F: Influencing Policy and Systems						
12.00		Symposium 08 continued	Continued... Symposium 08: Navigating fragmented systems: Understanding, implementing and strengthening navigator roles (for equity) in Australia	319	7B.7	Market strategies used by private hospital providers to consolidate and increase power; a systematic scoping review and evaluative synthesis, Mr Tom Shore, University Of Melbourne	50	7C.7	New and emerging drivers of ambulance demand., Mr. Liam Hemingway, Monash University	185	7D.7	From Promise to Practice: Translating Functional Precision Oncology into Real-World Cancer Care , Dr. Samran Sheriff, Macquarie University	110	7E.9	Are We Equally Accessing Reproductive Care? Challenges and opportunities to improve outcomes for Afghan women who have settled as refugees in Victoria, Australia, Ms Donya Eghrari, The University Of Melbourne	469	7F.5	Embedding Equity in Cancer Policy: Lessons for Health Systems, Ms Rebecca Zosel, The University Of Melbourne
12.05				85	7B.8	Implementing Consensus-Based Perioperative Pathways: A Mixed-Methods Implementation Evaluation in Real-world Hospital Settings, Dr Lisa Pagano, Australian Institute Of Health Innovation, Macquarie University	463	7C.8	Lessons from the evaluation of community-based urgent care services in New South Wales, Dr Sanja Lujic, Centre for Big Data Research in Health, UNSW Sydney	306	7D.8	Australian preferences for genomic risk assessment to inform risk-tailored cancer screening, Dr Alison Pearce, University Of Sydney	365	7E.10	Co-developing a Digital Health Navigation Tool to Improve Access for Afghan Women in Victoria, Australia: A Pilot Study, Mr Amir Fila, The University Of Melbourne	219	7F.6	Developing a national implementation strategy to improve detection of familial hypercholesterolaemia in Australia , Associate Professor Mitchell Sarkies, The University of Sydney
12.10				461	7B.9	Economic burden of invasive Group A Streptococcus infection in tropical Australia: a hospital cost and funding analysis using linked administrative data , Dr Himali Ratnayake, James Cook University	101	7C.9	Community paramedicine as a pathway to primary healthcare equity: Lessons from a rural First Nation, Dr. Anika Sehgal, University Of Calgary	619	7D.9	Understanding Psychosocial and Family Support Needs in Head and Neck Cancer Services, Dr Ally Gibson, Te Herenga Waka			Q & A (20 minutes)	440	7F.7	A national linked data framework for causal evaluation of aged care policy effectiveness, Prof Nadine Andrew, Monash University
12.15				574	7B.10	A randomized controlled trial comparing a vascular access specialist to usual care for peripheral intravenous device selection and insertion: improving outcomes and reducing frontline care burden. , Associate Professor Alison Crawwell, University Of The Sunshine Coast			Q & A (15 minutes)			Q & A (15 minutes)				309	7F.8	Global Cervical Cancer Elimination and Control Policy Analysis, Ms Amelia Hyatt, Peter Maccallum Cancer Centre
12.20						Q & A (10 minutes)												
12:30-13:15		Lunch: RONGOMĀTĀNE FOYER Exhibition and Poster Presentations																

CONCURRENT SESSION 8																									
13:15-14:30	Room: RONGOMĀTĀNE A <i>Chair: Raj Gyawali</i>				Room: RONGOMĀTĀNE B <i>Chair: Alison Pearce</i>				Room: RONGOMĀTĀNE C				Room: MAKĀRO <i>Chair: Tara Officer</i>				Room: MOKOPUNA <i>Chair: Nicholas Taylor</i>				Room: MATIU <i>Chair: Lane Meredith</i>				
	Session 8A: Literacy and navigation				Session 8B: Evaluation and methodology				Symposium 09				Session 8D: Primary Health Care and Pharmacy				Session 8E: Falls, frailty, mobility				Session 8F: Environmental Impacts and Future proofing healthcare				
13.15	336	8A.1	Long Oral	The Relationship Between Health Literacy and Linked Administrative Health Outcomes, Hannah Beilby, University Of Queensland	100	8B.1	Long Oral	Developing rapid evaluation methodology to meet the challenge of multiple long-term conditions , Professor Judith Smith, University Of Birmingham	Symposium 09: Understanding preferences for allied health substitution models to reduce wait times in outpatient specialist care – a program of research 398: Using a best-worst scaling survey to investigate the relative importance of attributes associated with public hospital outpatient appointments 423: General population preferences for allied health substitution in Australian public hospital outpatient clinics: a discrete choice experiment. 275: Regional patient preferences for outpatient appointments: a discrete choice experiment 283: Measuring the general population's knowledge and awareness of allied health: a cross-sectional survey	565	8D.1	Long Oral	Shallow Roots: 25 years of implementing a Population Health Logic in Primary Health Care in Aotearoa New Zealand, Dr Tim Tenbense, University Of Auckland	580	8E.1	Long Oral	Economic evidence for system-level falls prevention planning: development and validation of a system dynamics model , Dr Marina Pinheiro, University Of Sydney	189	8F.1	Short oral	Healthcare consumer attitudes towards the environmental impact of medicines: A scoping review , Dr Emma Lydon, University of Auckland				
13.20																									An animation's impact on clinician knowledge and attitudes to the carbon footprint of low-value care, Momo Hudson Barton, The University Of Sydney
13.25																									Resilience of healthcare systems to extreme weather: how are interventions evaluated?, Ms Emily Snowden, Brighton And Sussex Medical School
13.30	114	8A.2	Short oral	Engagement under constraint: Lived Experience Partners' roles navigating Aotearoa New Zealand's mental health and addiction system, Saman Nazir, University Of Canterbury, Christchurch, New Zealand	604	8B.2	Short oral	Reflections from embedding health services research within a health service, Dr Emmanuel Gnanamanickam, Adelaide Epicentre, Adelaide University And Calhn		279	8D.2	Short oral	Comprehensive primary care and the future of the primary care health workforce in Ontario, Canada, Dr Richard H Glazier, Queens University	328	8E.2	Short oral	Measuring frailty at scale: development and validation of an electronic frailty index for Queensland Health hospitals, Dr Ida Tornvall, The University Of Queensland	581	8F.4	Short oral	Transforming FASD care delivery: A novel statewide model to improve access and equity, Dr Kelsey Shepherd, Sydney Children's Hospital Network				
13.35	561	8A.3		Co-Designing an Evidence-Informed Navigator Role with Priority Populations: Building an Equitable Pathway into the Australian National Lung Cancer Screening Program, Dr Lauren Gibson, University Of Melbourne	43	8B.3		Estimating health utilities for joint behavioural risk factor profiles in Australian adults: Evidence from regression and machine learning approaches, Nirmali Sivapragasam, Queensland University Of Technology					232	8E.3	Excess frailty and its population attributable fractions across the United States: A longitudinal analysis of data from the Health and Retirement Study, Dr Ida Tornvall, The University Of Queensland		73	8F.5	Eliciting New Zealander preferences for respiratory pandemic control policies: A Discrete Choice Experiment, Dr Hui Yee Yeo, University Of Auckland						
13.40	379	8A.4		Implementation of a virtual health navigator to support new virtual model of outpatient care in a tertiary hospital allied health department, Associate professor Centaine Sonswell, The University Of Queensland	357	8B.4		The prevalence of socially complex patients presenting to inner-city metropolitan public hospitals , Professor Vijaya Sundararajan, St Vincent's Health Australia					427	8E.4	'Focus on Frailty': Development of online learning modules to increase knowledge and understanding of frailty in hospitals , Dr Ida Tornvall, The University of Queensland		562	8F.6	From development to scale-up of Choose to Move: Is it possible to optimize costs as scale-up proceeds?, Dr Zoe Szweczyk, The University Of Sydney						
13.45	446	8A.5		With doc as my witness: what is the role of primary care in helping patients navigate unexpected admissions to hospital?, Dr Cervantée Wild, University Of Auckland	426	8B.5		Using online randomised controlled trials to understand clinical decision-making and optimise intervention design , Gemma Altinger, University Of Sydney		548	8D.3		Evaluating a behavioural intervention to reduce antibiotic use in residential aged care, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University	84	8E.5		Using digital Patient Reported Outcome Measures to screen for frailty in older outpatients referred for elective joint replacement surgery., Ms Liz Walkley, Austin Health	591	8F.7		Effect of multi-component intervention to improve surveillance colonoscopy recommended intervals in line with Australian guidelines: an interrupted time series study, Professor Denise O'connor, Monash University				
13.50	247	8A.6		Medication information in fragment paediatric oncology care: Caregivers as the final safety checkpoint, Miss Micaella Hansen, The University Of Sydney	529	8B.6		The impact between conventional polypharmacy measures and a measure incorporating all modes of administration, David Lim, Curtin University		69	8D.4		Workload, stress and perceived medication safety risk in community pharmacy: a repeated measures field study, Dr Elcin Tuzel, University of Queensland	462	8E.6		Getting patients out of bed and out of hospital: health care leadership perspectives of why patient mobility is invisible and missed in acute care systems, Jo Nolan, Flinders University				Q & A (40 minutes)				
13.55	601	8A.7		Where do patients go when they can't access public dermatology? Alternative care pathways during a median nine-month wait in Western Sydney, Dr Emily Sisson, UNSW	396	8B.7		Comparing generic and disease-specific quality of life instruments in sleep health: A dimensionality and latent path analysis with implications for health services research, Professor Billingsley Kaambwa, Flinders University		300	8D.5		Unjust treatment: Pharmacy under pressure, Dr Natalie Lindsay, Te Herenga Waka Victoria University Of Wellington	321	8E.7		PROTECT Fall Prevention Program: Early implementation results from a stepped-wedge hybrid type I effectiveness implementation cluster randomised trial., Ms Charlotte McInnann, The University Of Sydney & Sydney Local Health District								
14.00	406	8A.8	Assessing the scalability of a health literacy digital innovation to support staff in developing understandable and accessible consumer health information, Associate Professor Danielle Muscat, University Of Sydney	236	8B.8	Measurement challenges in patient flow studies: A new approach to evaluating change following interventions to improve timely access to care , Dr Annie Lewis, Eastern Health	381	8D.6	Exploring the benefits and challenges of a wearables integrated technology (WEAR-IT) intervention in primary care type 2 diabetes management, Dr Breanne Hobden, University of Newcastle	208	8E.8	Risk of frailty screening and management of older people in general practice in Western Queensland: An implementation evaluation, Dr Jenny Job, Mater Research Institute - UQ													

FRIDAY 4 DECEMBER 2026 cont..

FRIDAY 4 DECEMBER 2026	CONCURRENT SESSION 8 continued..																															
	13:15-14:30			Room: RONGOMĀTĀNE A <i>Chair: Raj Gyawali</i>					Room: RONGOMĀTĀNE B <i>Chair: Alison Pearce</i>					Room: RONGOMĀTĀNE C					Room: MAKĀRO <i>Chair: Tara Officer</i>					Room: MOKOPUNA <i>Chair: Nicholas Taylor</i>					Room: MATIU <i>Chair: Lane Meredith</i>			
				Session 8A: Literacy and navigation					Session 8B: Evaluation and methodology					Symposium 09					Session 8D: Primary Health Care and Pharmacy					Session 8E: Falls, frailty, mobility					Session 8F: Environmental Impacts and Future proofing healthcare			
	14.05	405	8A.9	Short oral	Exploring the intersection of organisational health literacy and implementation science: A scoping review , A/Prof Danielle Muscat, University Of Sydney	584	8B.9	Short oral	Values-based impact: a new impact assessment tool for Health Services Research, Dr Allison Drosdowsky, Peter Maccallum Cancer Centre		Symposium 09: continued	Continued...				262	8D.7	Short oral	Multimorbidity, General Practice Engagement, and Emergency Department Utilisation in Rural Australia, Miss Sarah Al-Alawneh, Unsw	587	8E.9	Short oral	FORTRESS Plus: Results from a Multidisciplinary Intervention to Improve Mood, Frailty, and Quality of Life in Hospitalised Older Adults , Mrs Rosanna Tran, The University of Sydney			Continued Q & A (40 minutes) cont.						
	14.10	196	8A.10		Barriers and Facilitators to Accessing Healthcare Services for People with a Disability: A Qualitative Exploration from the Perspectives of Disability Liaison Officer Program Consumers., Dr Kate Giedhill, Monash University	297	8B.10		Automation to accelerate initial screening in systematic reviews: a validation study, Dr Jackie Roseleur, Flinders University			597	8D.8	Effect of public-private integration through District Health Centres on regular general practice attendance among patients with diabetes or hypertension in Hong Kong: a quasi-difference-in-differences study, Zhenyuan Liu, The University Of Hong Kong, School Of Public Health	152	8E.10	Exploring frontline staff experiences with MQ-Dash, a digital falls-prevention dashboard implemented in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation															
	14.15				Q & A (15 minutes)				Q & A (15 minutes)			15	8D.9	Exploring community-based multidisciplinary team care structures and changes over time among Western Australians aged 45 years and over with diabetes: a linked data k-medoids cluster analysis, Mrs. Ghazalah Alyazidi, Curtin University Of Technology			Q & A (15 minutes)															
	14.20								178			8D.10	Kaumātua Oral Health, Ms Shayola Koperu and Ms Jodi Bishop, Whitireia																			
	14.25													Q & A (5 minutes)																		
	14.30	Move to closing session																														
	14:35-15:30		SESSION 4: Closing ceremony, including Awards and Conference wrap up Room: RONGOMĀTĀNE A & B																													
15:30		Close																														

Poster Presentations

Paper #	Poster #	THEME: Delivering future healthcare: new models, settings, and pathways
52	P1	Evidence-informed Experience-based Co-Design for high healthcare service utilisation, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
109	P2	The feasibility of implementing a cardiac rehabilitation–informed model of care after hip and knee joint replacement , Professor Nicholas Taylor, La Trobe University - Eastern Health
117	P3	What Do Patients Value in Empowerment-Based Heart Failure Care? Developing a Discrete Choice Experiment, Dr Yuxin Wang, Duke-nus Medical School
120	P4	Stakeholders' perceptions of breast density notification and supplemental screening in Australia: A qualitative interview study, Jennifer Isautier, The University Of Sydney
142	P5	A Protocol to Develop Scalable Digital Social Prescribing to Support Diabetes Care, Dr Chris Lynch, Baker Heart And Diabetes Institute
187	P6	Exploration of Early Psychosis Care Priorities of Community Partners in Aotearoa New Zealand, Miss Ruby Zwart, Victoria University Of Wellington
203	P7	Evaluating surgical transitional care interventions: what works, what is measured, and how are they implemented?, Georgia Tobiano, Griffith University
204	P8	Unpacking implementation complexity to inform scale up: protocol of a mixed methods process evaluation of a remote patient monitoring system, Ms Zhicheng Li, University Of New South Wales
226	P9	Improving end-of-life care pathways: Early findings from a pilot end-of-life care coordination program evaluation, Dr Kristy Fakes, The University Of Newcastle
244	P10	Early development intervention and engagement (EDIE) pilot: A cross-sectoral child health nurse model, Dr Danielle Borg, Gold Coast Hospital and Health Service
272	P11	Nurse practitioner contributions across primary care models in Ontario, Canada, Mr Eliot Frymire, Queens University
325	P12	Are Semaglutide and Tirzepatide Cost-Effective for Weight Management? A Systematic Review and Meta-analysis, Dr Yile Xu, Queensland University Of Technology
618	P13	“More of the same, just packaged differently” - An evaluation of Aotearoa New Zealand’s 2022 Pae Ora Health Reforms using Event Systems Theory, Professor Tim Stokes, University Of Otago

329	P14	Prehab Logistics: barriers and enablers for timely delivery of Universal teleprehabilitation., Dr Jamie Waterland, Peter MacCallum Cancer Centre
354	P15	Characteristics of health systems offering insurance products in the United States, Xinliang Liu, Lehigh University
355	P16	Health New Zealand Te Whatu Ora Taranaki Long COVID Staff Clinic: Developing an innovative model of long COVID care, Dr Claire O'Loughlin, Te Herenga Waka - Victoria University Of Wellington
366	P17	Developing a care pathway for people experiencing Domestic and Family Violence with a mild traumatic brain injury: A Delphi study, Dr Breanne Hobden, University of Newcastle
367	P18	Patient perspectives of a Rapid Access Clinic for chronic disease in South-East Queensland, Australia, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
371	P19	Rurality and Colorectal Cancer Outcome in New Zealand, Mr Avinash Adhikari, Victoria University Of Wellington
382	P20	What do health services look like when we reframe what it is to live well with long term conditions?, Dr Shirley Keown, Tūranga Health
399	P21	Towards Establishing Shared Terminology for Person-Centred Care: A Modified Delphi Study with Consumers and Health Professionals, Mrs Rebecca Barnden, National Centre for Healthy Ageing (NCHA) - Monash University / Peninsula Health
408	P22	The Recovery Scaffold Gap: A Patient Journey Mapping Study of Hip and Knee Arthroplasty, Dr Swapna Gokhale, La Trobe University
415	P23	Cost-effectiveness of a virtual fracture clinic versus traditional in-person fracture clinic care for adults with acute simple fractures: a protocol for a health economic analysis within the RECITAL trial, Ms Rowena Charteris, The University Of Sydney
416	P24	Delivering fracture care in a virtual setting: a qualitative study of clinician experiences, Ms Rowena Charteris, The University Of Sydney
438	P25	High-level economic assessment of an innovative maternal health initiative for remote communities in Queensland, Australia, Jason Zischke, KPMG
441	P26	Implementation of state-based cascade testing centres for familial hypercholesterolaemia: a protocol, Dr Amanda Thijsen, University Of Sydney
474	P27	Pilot implementation of 'virtual ward rounds': connecting metro specialists with regional care, Dr Portia Cornell, University Of Melbourne
482	P28	Core components and determinants of a rapid access clinic for multiple chronic conditions – the Preventative Integrated Care Service, Mrs. Ashleigh Earnshaw, Queensland University Of Technology

490	P29	Increased complexity and frailty of non-cancer patients accessing specialist community palliative care – evidence suggests inequity, Mrs Katy Aish, Silverchain
526	P30	Enhanced and intermediate postoperative care units to improve patient outcomes in adult surgery – a scoping review, Mrs Jolene Jones, The University Of Waikato
532	P31	Closing Coverage Gaps: Māori-led, disability-responsive innovation in childhood immunisation, Prof Tristram Ingham, Foundation For Equity And Research New Zealand
551	P32	Establishing an approach for ecological-momentary assessment-style mental-health patient-reported outcomes , Dr Belinda Davey, University Of Melbourne
552	P33	Development and validation of a novel scale to determine perceived dental neglect of adolescents: A cross-sectional study , Dr Uttara Amilani Adikari Mudiyansele, Queensland University Of Technology
578	P34	Strengthening Remote Healthcare Through Trial Participation, using Teletrial Methodology , Ms Roda Allen, Queensland Health, Townsville University Hospital
Paper #	Poster #	THEME: Doing more of things that work: implementation, disinvestment and knowledge translation
82	P35	Implementing My Therapy in sub-acute rehabilitation: a RE-AIM evaluation across four allied health disciplines , Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University
121	P36	Strategy Mapping: A Catalyst for Evidence-Informed Implementation that closes the evidence-to-practice gap – An older person healthcare approach , Shirtcliffe Andi, University Of Auckland
130	P37	Doing more of what works: a multifaceted telementoring implementation intervention to increase telehealth adoption across allied health, Professor Liam Caffery, University Of Queensland / Queensland Health
268	P38	The Structure and Impact of a Center for the Science of Health Care Delivery at the Mayo Clinic in the United States, Elizabeth Habermann, Mayo Clinic
302	P39	Unpacking the modular payment system of the Lead Maternity Carer service in Aotearoa, New Zealand, Mr Olawale Oladimeji, University Of Auckland
343	P40	The effectiveness of preoperative oral carbohydrate loading on postoperative nausea and vomiting in adults receiving total intravenous anaesthesia compared to inhalational anaesthesia: A systematic review and meta-analysis, Dr Oya Gumuskaya, Western Sydney University
377	P41	Embedded research and new models of care: Accelerating evidence translation through co-designed health service innovation, Dr Rebecca Shipstone, Sunshine Coast Hospital And Health Service
413	P42	Reporting of RE-AIM Domains in Digital Self-Management Programs for Hip and Knee Osteoarthritis: A Scoping Review, Ms Lin Tong, La Trobe University

424	P43	Effectiveness of clinician-directed default nudges on reducing overuse of tests and treatments in healthcare: a systematic review of randomised controlled trials , Gemma Altinger, University Of Sydney
442	P44	Research evidence use in blood collection: a qualitative study with front-line staff, middle managers, and senior managers, Dr Amanda Thijsen, University Of Sydney
454	P45	Implementation interventions to promote healthcare professional uptake of evidence-based opioid prescribing for adults with acute non-cancer pain: A Cochrane Systematic Review , Dr Jason Wallis, Monash University
515	P46	Scaling a Digital Asset Register Across 429 Upazila Health Complexes in Bangladesh: A national implementation research study using the RE-AIM framework, Mr. Md. Fazla Rabbi, Management Information System, Directorate General Of Health Services
535	P47	Experiences of healthcare providers and key stakeholders with the maternal and perinatal deaths surveillance and response system in Ethiopia, Mr Elias Roro, The University Of Queensland
536	P48	Maternal and Perinatal Death Surveillance and Response in Low- and Middle-Income Countries: Systematic Review of Implementation Factors , Mr Elias Roro, The University Of Queensland
563	P49	Cost data collection tools for health care research and practice: a systematic scoping review of grey and peer-reviewed literature, Dr Zoe Szweczyk, The University Of Sydney
612	P50	School-based Eyecare for Every Kid: Developing a Model of a Children's Eyecare Pathway in Aotearoa , Sachi Rathod, The University Of Auckland
Paper #	Poster #	THEME: Future proofing healthcare: value, sustainability, and system resilience
36	P51	Building Psychosocial Safety and Resilience in the Regional Health and Aged Care Workforce: the CARE-R Project, Prof Marion Gray, University Of Southern Queensland
125	P52	Shifting the lens from event rates to days alive and out of hospital: A patient-centred view of 30-day and 1-year trends and equity after heart failure hospitalization in Singapore, Mr. Sibo Liu, Duke-NUS Medical School
131	P53	Enabling sustainable, resilient telehealth services: validation of the Telehealth Service Audit Tool (T-SAT) , Professor Liam Caffery, University Of Queensland / Queensland Health
157	P54	Patient informed changes to default meals: A feasible approach to reducing food and packaging waste in a tertiary hospital, Aimee Dow, The Royal Melbourne hospital
233	P55	Complex patients or complex systems? Exploring complexity in allied health , Dr Annie Lewis, Eastern Health
266	P56	Rising Tides, Deepening Inequities: A Scoping Review of Coastal Health Provision and Persistent Disparities, Pujitha Kanakam, University of Lincoln

271	P57	Modelled economic evaluation of acute venous thromboembolism treatment: A systematic review, Xin Zhan, Nhmrc Clinical Trials Centre
339	P58	The Sustainability of Familial Hypercholesterolaemia Screening Programs Globally: A Convergent Mixed-Methods Study, Dr Amanda Thijsen, University Of Sydney
385	P59	Towards Environmentally Extended Health Economic Analysis Plans: A Case Study for the MEL-SELF Trial, Jake Williams, University Of Sydney
402	P60	Diffusion of Coronary CT angiography for chest pain syndromes after its introduction into the Australian health system, Professor Vijaya Sundararajan, St Vincent's Health Australia
428	P61	Exploring clinical pathway use for suspected Acute Coronary Syndrome in Tasmanian emergency departments to support standardised care: a retrospective cohort study , Dr Rishita Chandra, University Of Tasmania
466	P62	Thirty days or nine months? Category 1 dermatology waiting times and outcomes in Western Sydney, Dr Emily Sisson, UNSW
503	P63	Evolving patterns of antiepileptic drug use in Australian residential aged care 2014-2025: a retrospective cohort study, Dr Amy Nguyen, Macquarie University
506	P64	Evolving landscape of consumer smartphone apps for skin cancer prevention, Nurul Hussain, The University Of Queensland
507	P65	The on and off nature of quality improvement in healthcare: Using the central line-associated bacteraemia 'Target CLAB Zero' initiative as a case study, Dr Tara Officer, Victoria University Of Wellington
547	P66	Hospital-in-the-Home (HITH) for Older Adults: A Systematic Review of Costs, Resource Use and Cost-Effectiveness, Ms Mary Rose Angeles, Deakin University
569	P67	Trial-based economic evaluations conducted alongside studies embedded in Australian healthcare services and programs: a scoping review, Belinda Wang, University Of Sydney
582	P68	Embedding economic evaluation in a hybrid effectiveness-implementation trial: lessons from the PROMOTE-PA study , Belinda Wang, University Of Sydney
391	P69	Methods to Include Environmental Impacts in a Cost-Effectiveness Analysis: A Case Study of Surveillance Imaging After Treatment for Stage III Melanoma, Jake Williams, University Of Sydney
Paper #	Poster #	THEME: Intelligent health systems: digital innovation, AI, and data-driven care
55	P70	Rethinking Data-Driven, Knowledge-Integrated Care: A Culturally Intelligent Digital Framework for Rural Maternal Nutrition Intervention, Ms Faith Siva, Strathmore University

66	P71	A systematic review and meta-analysis of the effectiveness of AI chatbots in reducing symptoms of anxiety and depression, and feelings of loneliness, Laura Neil, University Of Queensland
91	P72	Engagement with a patient portal system following lung transplant – a cross-sectional survey study , Ms Vicky Yuan, Deakin University School Of Nursing And Midwifery
97	P73	Factors associated with engagement of a digital care pathway for patients undergoing total knee or hip replacement. , Professor Adam Semciw, La Trobe University
140	P74	Meaningful use of clinical decision support systems to reduce unwarranted variation in acute care, Dr Anton Pak, The University Of Queensland
150	P75	Clinician preferences for using Artificial Intelligence-assisted skin cancer diagnosis: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
153	P76	Translating innovation into practice: Real-world evidence and lessons from implementing MQ-Dash, a prescriptive digital falls dashboard in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation
154	P77	Clinician preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
156	P78	Patient preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
346	P79	Digital decision support to optimise antibiotic prescribing for urinary tract infections in residential aged care: a qualitative evaluation of clinician experiences, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
350	P80	A digital dashboard to prioritise medication management reviews in residential aged care: development and design, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
363	P81	Delirium risk prediction from routinely collected electronic health records: model development and internal validation., Dr Swapna Gokhale, Eastern Health
383	P82	Ophthalmic medication uses in Australian residential aged care facilities: analysis of a medication administration dataset, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
439	P83	Presentation Diagnoses and Diversion Outcomes in a Statewide Virtual Emergency Department., Ass Prof Jennie Hutton, Victorian Virtual Emergency Department
Paper #	Poster #	THEME: Listening today for a better tomorrow: equity, voices, and lived realities
71	P84	Consumer Engagement in Chronic Conditions Research: An Integrated Framework Informed by Recognition Theory, Ms Mingming Zhou, Anu

192	P85	Mental illness and access to kidney transplantation in universal healthcare systems: a multi-national population-based cohort study, James Hedley, University Of Sydney
229	P86	Economic evaluation of ambulance transportation strategies for out-of-hospital cardiac arrest: A systematic review of methodologies and reported equity data., Ms Kyumin Jang, The University Of Sydney
338	P87	Reimagining rationing in fertility care - the preferences of the New Zealander public and fertility treatment consumers, Dr Karyn Anderson, University of Auckland
359	P88	Dimensionality reduction and exploring country of birth in linked primary care data, Mrs Rimma Myton, The George Institute For Global Health
373	P89	Beyond Consultation: Voice, Power, and Aboriginal and Torres Strait Islander Leadership in Health System Design. A Scoping Review of Consumer Informed Approaches in Australia , Dr Claudia Alarcon Espinoza, Poche Centre For Indigenous Health
445	P90	What options do patients consider in the absence of recognised treatments for Long Covid?, Dr Cervantée Wild, University Of Auckland
468	P91	Relationships and relationality of the SPLASH Project: A collaboration in Health Service Research grant – taking the time to listen deeply, Dr Allison Gray, Menzies School Of Health Research
492	P92	Turning distress into distraction: Using virtual reality during penicillin injections for rheumatic fever, Mrs Julie Cooper, University Of Otago
509	P93	Inequities among women with primary invasive breast cancer in Aotearoa New Zealand: Stage at diagnosis, tumour characteristics, survival and recurrence – A scoping review., Miss Bailey Yee, Te Herenga Waka - Victoria University Of Wellington
538	P94	Participants’ reflections on age-related preferences in health gain prioritisation, Professor Kim Dalziel, University Of Melbourne
579	P95	Understanding General Practitioner utilisation and cost-related unmet need among Asian migrants in New Zealand., Thilanthi Kaluarachchi, Victoria University of Wellington
Paper #	Poster #	THEME: Methodological innovation to advance health services research
47	P96	Extent of Use of Validated Self-Reported Cost Data Collection Tools in Trial-Based Economic Evaluations for Osteoarthritis: A Systematic Review, Moody Gayed, University Of Otago
58	P97	Development of a draft Patient Reported Experience Measure tool to capture patient experience of Total Body Photography (PREM-TBP), Ms Preksha Machaiya Kuppanda, The University Of Queensland
122	P98	How countries justify investment in genomics research infrastructure: lessons for health economic evaluation, Andrew Mccullough, University Of Auckland
227	P99	Operationalising a pragmatic cluster randomised controlled trial in Australian general practice: a mixed methods exploration of steps and timelines, Maryanne Cleetus, The University of Queensland
312	P100	Shaping the National Cancer Cohort Platform: A Human-Centred, Stakeholder-Driven Approach, Genevieve Chappell, Peter Maccallum Cancer Centre

316	P101	Identifying social determinants of health via International Classification of Diseases (ICD) codes in routine healthcare data: a systematic scoping review, Dr Christine Shiner, St Vincent's Health Australia
327	P102	Prehabilitation trials under pressure: time to rethink the RCT? Dr Jamie Waterland, Peter MacCallum Cancer Centre
370	P103	Bayesian versus frequentist validation of generic and condition-specific quality-of-life instruments for health services research in sleep disorders, Professor Billingsley Kaambwa, Flinders University
432	P104	Use and impact of clinical pathways across healthcare settings: an umbrella review of global evidence, Dr Rishita Chandra, University Of Tasmania
448	P105	Patterns of proton pump inhibitor use, deprescribing, and rebound prescribing in residential aged care: a competing risks analysis of real-world data , Associate Professor Nasir Wabe, Macquarie University
558	P106	Economic Evaluations of Hearing Interventions in Older Adults: A Systematic Review of Evidence and Methods., Dr Smriti Raichand, Macquarie University
560	P107	Beyond clinical silos: a research agenda and learning systems model for building cumulative knowledge on implementation strategies , Dr Nicola Creagh, University Of Sydney
Paper #	Poster #	THEME: Next-generation prevention, diagnostics and care: evidence translation into policy and practice for real world impact
13	P108	From guidelines to practice: General practitioners' consensus on indicators for managing selected multimorbidity in primary care in Western Australia., Marie Consolatrice Sage Ishimwe, Curtin University
35	P109	Are high-intensity statins truly different? Evidence from a randomized trial after acute coronary syndrome, Dr Nilshan Fernando, Flinders Medical Centre, Sa, Australia
37	P110	Temporal interactions of key risk factors leading to COPD diagnosis, Ms Sheryl Ng, Nhg
115	P111	Economic evaluation of universal genomic newborn screening for cystic fibrosis in Australia: a cost-effectiveness analysis, Jiajun Hao, Macquarie University Centre For The Health Economy
222	P112	A systematic literature Review of User Preferences for Features of Loneliness and Social Isolation Interventions, Dr. Muhammad Fikru Rizal, Monash University
228	P113	Health-related quality of life following personalised breast cancer risk assessment incorporating polygenic risk, Dr Lara Petelin, University Of Sydney
282	P114	Hospitalisation costs and their determinants among patients with hepatocellular carcinoma in Australia: A population-based analysis. , Milena Lewandowska, University Of Technology Sydney
360	P115	An early-warning prognostic model for sustained severe psychological distress in Australian adults: development, temporal validation, and equity audit using HILDA, Mr Md Ehsanul Haque Tamal, Murdoch University
559	P116	Supporting and upskilling health professionals to promote physical activity: the PROMOTE-PA implementation-effectiveness trial, Prof Cathie Sherrington, University Of Sydney

Paper #	Poster #	THEME: Power, policy, and ethics: governing tomorrow's health systems
22	P117	Towards Integrated Healthcare in the UK? A Critical Exploration of Ayurveda within a Pluralistic System , Dr Sharmistha Mallick, University of Birmingham Edgbaston Campus
167	P118	When Price Control Becomes Negotiation: Governing Pharmaceutical Markets Under Constraint , Mrs Manori Jayasinghe, University of Sydney
395	P119	Trends in psychotropic medication administration in residential aged care during national aged care reforms, 2018-2022, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University
471	P120	Title: Disentangling the Drivers of Rising Computed Tomography Use in the Emergency Department: A Decomposition Analysis , Ms Fouziah Almouqati, Curtin University
Paper #	Poster #	THEME: The future health workforce: development, support and well-being
53	P121	Stakeholder perspectives of causes and consequences of high healthcare service utilisation and how to address it, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
76	P122	Exploring intensive care unit staff's perspectives on factors that impact employee engagement, patient safety, and their relationship, Ms Grace Scott, University Of New South Wales
132	P123	An ecological analysis of sick and annual leave patterns in Victorian healthcare workers, July 2011 – June 2024, Ms Emma Doust, Monash University
135	P124	Comparisons of absence trends across the Australian Workforce, 2016-2025, Ms Emma Doust, Monash University
164	P125	From Hospitals to Community Care: Workforce Redistribution of Clinical Psychologists and Implications for Health Service Delivery in Taipei City, Clinical Psychologist Yi-feng Lu, Taipei City Hospital
250	P126	Workforce determinants affecting regional public oral healthcare provision in Queensland: A context-sensitive qualitative study, Dr Chaminda Jayasekara, Australian Centre For Health Services Innovation And Centre For Healthcare Transformation
307	P127	Antenatal workload and wellbeing: A scoping review to inform the future midwifery workforce, Ms Elsa Suk Fan Chan, Gold Coast University Hospital
326	P128	Exploring the influence of organisational culture on interprofessional collaboration in New Zealand primary health care , Miss Melika Rajaeian, University Of Auckland
337	P129	A Decade of Change in Aotearoa's Specialist Emergency Medicine Workforce, Annaleis Tatkovic, Australasian College For Emergency Medicine
404	P130	Measures to assess health professionals' knowledge, skills and competencies related to health literacy: A scoping review and development of an online searchable repository , Associate Professor Danielle Muscat, University Of Sydney
483	P131	Validated instruments for measuring wellbeing among healthcare workers: A scoping review, Vicky Yuan, Deakin University

518	P132	Rehabilitating the Health Workforce Through Disability Responsiveness: Building Inclusive, Equitable and Empowering Health Services, Dr Pamela (Pam) Macneill, Foundation For Equity And Research New Zealand
595	P133	Assessment of Allied Health research capacity and culture across a large Australian health service: A cross-sectional survey, Professor Leanne Hassett, University Of Sydney
Paper #	Poster #	THEME: The value of society: indigenous knowledge systems and methodologies
105	P134	Social and Cultural Mechanisms of Resilience and Wellness with Diabetes: Understanding resilience in Indigenous diabetes care through a cognitive task analysis approach, Dr. Anika Sehgal, University Of Calgary
