

14th Health Services Research Conference

The Promise and Future of Health Services Research

Kia whakatōmuri te haere whakamua

I walk backwards into the future with my eyes fixed on my past

Tākina Wellington Convention and Exhibition Centre, New Zealand | 2-4 DECEMBER 2026

TUESDAY 1 DECEMBER 2026

TUESDAY 1 DECEMBER 2026		Room: MATIU	Room: MAKĀRO	Room: MOKOPUNA
	13:00-17:00	WORKSHOP 1: Essential Elements of a Successful Grant Application <i>Proudly Sponsored by:</i>  	WORKSHOP 2: True Cost of Change: Planning, Measuring, and Valuing Implementation	WORKSHOP 3: Trans-Tasman collaborations in cancer inequities research <i>Proudly Sponsored by:</i>  VICTORIA UNIVERSITY OF WELLINGTON TE HERENGA WAKA
	13:00-17:00	Early Registration Open, Level 1 - RONGOMĀTĀNEI FOYER <i>For those delegates wishing to register prior to the first day of the Conference</i>		
		Early Speaker Support Open, Level 1 - CONFERENCE OFFICE <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i>		

WEDNESDAY 2 DECEMBER 2026

WEDNESDAY 2 DECEMBER 2026	7:00	Registration Open, Level 1 - RONGOMĀTĀNEI FOYER Speaker Support Open, Level 1 - CONFERENCE OFFICE
	9:00	MIHI WHAKATAU OFFICIAL OPENING : Te Atiawa Plenary Room: RONGOMĀTĀNE A & B Welcome Official Opening
	9:30 - 10:30	PLENARY SESSION 1 Research That Makes a Difference: Three Decades of Walking Alongside Whānau and Communities Cheryl Davies, Tu Kotahi Māori Asthma Trust <i>Chair:</i> Plenary Room: RONGOMĀTĀNE A & B
	10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER

WEDNESDAY 2 DECEMBER 2026 cont...

CONCURRENT SESSION 1

11.00-12.30	Room: RONGOMĀTĀNE A		Room: RONGOMĀTĀNE B		Room: RONGOMĀTĀNE C		Room: MAKĀRO		Room: MOKOPUNA		Room: MATIU				
	Chair:		Chair:		Chair:		Chair:		Chair:		Chair:				
	Symposium 01		Symposium 02		Session 1C: Valuing health		Session 1D: Indigenous Health		Session 1E: Implementation science		Session 1F: Co-design				
11:00	Symposium 01: From GP Records to Real-World Impact: Unlocking Primary Care Data for Better Health Systems	From GP Records to Real -World Impact: Unlocking Primary Care Data for Better Health Systems 144: The PREDICT Cohort Study 414: Unlocking the value of linked primary care data: dynamic risk prediction using Lumos 392: Do General Practice Environments Influence Emergency Care Use? Insights from a Statewide Linked Dataset 353: Working with linked primary care data in practice: challenges and lessons from the Lumos data asset 335: Lessons from early community and consumer involvement in a Lumos focused research program: towards a foundation for social license for secondary use of linked data 489: Towards an Australian Primary Health Care Data Collection	Symposium 02: Giving VOICE to Mob – Co-designing a Consumer Experience Tool with Community and Primary Health Care Services	7	1C.1	Value for money of an extended care support program in Australia: A Social Return on Investment Analysis, Dr Kim Edmunds, University Of Queensland	372	1D.1	Long Oral	209	1E.1	Towards Equitable Cancer Care: Determinants of Optimal Care Pathway Implementation in Rural and Remote Australia, Dr Anna Chapman, Deakin University	334	1F.1	Co-design of a prescription opioid safety toolkit for national dissemination, Dr Jessica Watterson, Deakin University
11.15		556		1C.2	Estimating the Return on Research Investment Using Value of Implementation Analysis: Evidence from a Global Adaptive Platform Trial, Lane Meredith, Anzic-rc, Monash University	293	1D.2	He Tono Whakapiki Ora: An Indigenous model for pharmacist-led innovation, Dr Nora Parore, Waipapa Taumata Rau University of Auckland		570	1E.2	Developing strategies to address barriers and support implementation of physical activity clinical practice guideline recommendations for people with moderate-to-severe traumatic brain injury, Professor Leanne Hassett, University Of Sydney	356	1F.2	Codesign and implementation of retention initiatives with four remote health services, A/prof Deborah Russee, Menzies School Of Health Research
11.30		486		1C.3	Long Oral	107	1D.3	Reframing dementia care: Developing indigenous-centred clinical guidance through participatory and culturally grounded approaches, Dr. Anika Sehgal, University Of Calgary	586	1E.3	Long Oral	173	1F.3	Long Oral	A Community approach to co-designing a First Nations Health Equity Strategy in an urban government health service, Renae Anderson, Metro South Health
				264		1D.4	Worldviews in Practice: Community Health Workers' Expressions of Relational Care, Mr Jude Vincent Parcon, University of Canterbury/University of the Philippines Visayas								
				497		1D.5	More Than Programs: Indigenous Diabetes Care as Integrated Systems of Care, Mr Brendon McIntosh, Kia Kaha Chemist								
11.45		400		1C.4		Beyond case mix: Mapping the structural cost drivers that activity-based funding doesn't fully price in Victorian public hospitals, Dr Andrew Haywood, Department Of Health, Victoria	177	1D.6	What Matters to Us: Determining priorities for health research in an urban Aboriginal and Torres Strait Islander Community , Claudette 'Sissy' Tyson, Metro South Health	183		1E.4	Evaluating the Virtual Integrated Practice Program to support rural general practice viability in Australia: An Implementation Research Logic Model informed study , Dr Plumika Sooriyaarachchi, Centre For Health System Reform And Integration		54
11.50				409	1C.5	Measuring the social value of a tikanga led kaumātua programme: a Social Return on Investment evaluation, Dr Erin Penno, University Of Otago	260	1D.7	Decision-makers' perspectives on funding health services for Aboriginal and Torres Strait Islander children, Professor Michelle Dickson, University Of Sydney	10	1E.5	Scalability and disinvestment of complex digital health initiatives: An evaluation framework to support strategic decision-making, Dr Rachael Smithson, Gold Coast Health	368	1F.5	Implementation of co-designed hospital outpatient discharge guidelines: a pilot study in cardiology, Dr Angela Carberry, Sunshine Coast Health Institute (SCHI)
11.55				298	1C.6	Eliciting Lead Maternity Carers preferences for modular payment: A Discrete Choice Experiment in Aotearoa New Zealand, Mr Olawale Oladimeji, University Of Auckland	301	1D.8	Improving PROEMs Engagement Through Culturally Responsive Communication, Clinical Associate Professor Paul Secombe, The University Of Melbourne	81	1E.6	From evidence to practice: Implementing evidence-based oral care practices in an Australian acute aged care ward, Miss Maddison Smith, St Vincent's Hospital Sydney	147	1F.6	Co-designing plain language guides for applied health research projects for meaningful consumer and community engagement, Dr Julie Ayre, The University Of Sydney
12.00				572	1C.7	Financing vote:health and funding health care services in Aotearoa New Zealand: Recent Trends and their Implications, Dr Jacqueline Cumming, Independent Researcher	449	1D.9	Scars all over on the road to resilience: A talanoa of Covid-19 experiences in Fiji: An ITaukei community context, Dr Akisi Ravono, University of Fiji	206	1E.7	Implementing a Primary-Tertiary Shared Care Model to Enhance Cascade Testing for Familial Hypercholesterolaemia, Associate Professor Mitchell Sarkies, The University of Sydney	500	1F.7	Bringing manaakitanga to the wait: Early implementation insights from a co-designed digital resource, Hinako Percival, Massey University
12.05				411	1C.8	Do the patterns of invasive management for coronary syndromes for private versus public patients achieve equitable outcomes?, Professor Vijaya Sundararajan, St Vincent's Health Australia			Q & A (25 minutes)	42	1E.8	Organisational dynamics and systems complexity in Practice: Implementing Mental Health Emergency Care in the East Midlands, England, Dr Guptaeswar Patel, University Of Lincoln	221	1F.8	Developing a co-produced concept map of loneliness and social isolation, Dr. Muhammad Fikru Rizal, Monash University
12.10		344	1C.9	Restricting access to fertility treatment on weight: cost analysis of maternity and neonatal care by Body Mass Index (BMI) , Dr Karyn Anderson, University of Auckland				94	1E.9	Governance for health system collaboration: implementation and outcomes of the South West Primary Health Care Alliance, Queensland, Australia., Dr Caroline Nicholson, University Of Queensland	349	1F.9	Co-designing consumer resources to support consumer understanding and engagement in medication management reviews in aged care, Dr Rajendra Gyawali, Australian Institute Of Health Innovation		
12.15				Q & A (15 minutes)				364	1E.10	From access to engagement: Implementation insights from a digital heart failure program, Dr Kristy Fakes, The University Of Newcastle	83	1F.10	LISTEN - Patient perspectives on transdisciplinary models of care in allied health across settings, Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University		
12.20	Lunch: RONGOMĀTĀNE FOYER								Q & A (10 minutes)		Q & A (10 minutes)				
12:30-14:00	Exhibition and Poster Presentations AGM														

THURSDAY 3 DECEMBER 2026

7:00	Registration Open, Level 1 - RONGOMĀTĀNE FOYER Speaker Support Open, Level 1 - CONFERENCE OFFICE									
8:45	PLENARY: Welcome to Day Two Chair: Plenary Room: RONGOMĀTĀNE A & B									
9:00	PLENARY SESSION 2 The promise and future of health services research: sex and gender considerations will be essential Prof Robyn Norton, The George Institute for Global Health Wellbeing as a Goal in Health Services Research Prof Arthur Grimes, Victoria University of Wellington’s School of Government Chair: Plenary Room: RONGOMĀTĀNE A & B									
10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER									
	FEATURED RESEARCH SESSION									
11:00-12:00	Room: RONGOMĀTĀNE A		Room: RONGOMĀTĀNE B		Room: MAKĀRO				Room: MATIU	
	Featured Research 1 - HCF Foundation		Featured Research 2 - Indigenous approaches to Evaluation		Session 4D: ECR 3MT Competition				Session 4F: ECR 3MT Competition	
										
11.00	HCF Symposium Dr Joshua Zadroz: Co-design and evaluation of a virtual physiotherapist-led triage and management service for low back pain referrals to spine surgery clinics Dr Caroline Nicholson: To identify and provide management support for people at risk of frailty in general practice to reduce potentially preventable hospitalisations. Prof Harriet Hiscock: WECARE: Work-Enhancement through Computational Assessment of Real Environments – Re-designing Hospital Work to Increase Staff Satisfaction, Retention and Improve Patient Care Prof Jenny Doust: Understanding the variation in the use of hysterectomy to improve outcomes for women with heavy menstrual bleeding		Flax Analytics Symposium Flax 1:Dr Ellison Loschmann. Indigenous evaluation of Whakamaui, the Māori Health Action Plan Flax 2: tbc. Inequities in primary health care funding in Aotearoa New Zealand 146: Dr Jan Dewar Developing a Kaupapa Māori indigenous led approach to health service evaluation in Aotearoa New Zealand 543: Dr Tracy Murphy. Illuminating Māori clinical leadership in Crown health organisations: Grit, authenticity and collective power		3MT Improving surgical care for older adults from culturally diverse backgrounds: a co-design approach, Charmaine Bonus, Latrobe University School-based Eyecare for Every Kid: Developing a Model of a Children's Eyecare Pathway in Aotearoa , Sachí Rathod, The University Of Auckland More Than a Thank You: Revolutionising Consumer Recognition in Health Research, Ms Mingming Zhou, Anu How and from whom do Australian GPs seek advice about paediatric care?, Mrs Tina Vickery, Australian Institute Of Health Innovation, Macquarie University From Paper to Plate: Implementing Nutrition Guidelines for Children with Cancer in Aotearoa New Zealand, Miss Hannah Fuller, Waipapa Taumata Rau, University Of Auckland Smarter scheduling, shorter waits: Scaling and sustaining an evidence-based model of access for community health services, Kate Noeske, Eastern Health and La Trobe University Enhancing the value of linked data for population health research and policy formulation in Australia, Carrie Samuels, Australian National University Cost-Effectiveness Analysis of Interventions Used to Manage Individuals with Multimorbidity in New Zealand: a Discrete Event Simulation, Yen Wei Lim, University Of Otago Evaluation of a gamified digital intervention programme for self-management of chronic obstructive pulmonary disease: protocol for convergent mixed-methods usability testing study, Miss Mingli Pang, University Of Auckland Why Does Place Still Determine Health? Exploring Disparities, Sustainability and Resilience in UK Coastal Health Provision, Pujitha Kanakam, University of Lincoln Investigating the inclusion of spillover effects of childhood obesity prevention initiatives on parents, caregivers and other family members in health economic evaluation , Ms Pippy Walker, University Of Sydney 3MT assessment					
11.05							46	40.1	384	4F.1
11.10							612	40.2	388	4F.2
11.15							70	40.3	433	4F.3
11.20							181	40.4	436	4F.4
11.25							210	40.5	451	4F.5
11.30							241	40.6	453	4F.6
11.35							248	40.7	467	4F.7
11.40							255	40.8	499	4F.8
11.45	265	40.9	511	4F.9						
11.50	267	40.10	555	4F.10						
11.55	317	40.11	318	4F.11						
12:00-13:00	Lunch: RONGOMĀTĀNE FOYER Exhibition and Poster Presentations									
12:30-13:00	Mentoring									

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026

CONCURRENT SESSION 4

13:00-14:45	Chair:	Room: RONGOMĀTĀNE A	Chair:	Room: RONGOMĀTĀNE B	Chair:	Room: RONGOMĀTĀNE C	Chair:	Room: MAKĀRO	Chair:	Room: MOKOPUNA	Chair:	Room: MATIU
		Symposium 04		Session 5B: Workforce		Session 5C: Maternal, neonatal and child health		Session 5D: Addiction, Mental health and wellbeing		Session 5E: AI in healthcare		Session 5F: Disability, Dementia, aged care, and palliative care
13.00		Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	450 SB.1	Sustaining Midwifery Through an Ethics of Care: Insights from Aotearoa New Zealand Primary Maternity Units, Dr Sarah Lovell, University Of Canterbury	513 SC.1	From promise to hard data: 12 years of electronic medical records in maternity care, Titus Kirwa, The University Of Queensland	90 SD.1	Risk stratification models for value-based mental health funding: A machine learning approach, Mona Aghdaee, Macquarie University For Health Economy	476 SE.1	AI-assisted chemotherapy dosing optimisation: prospective budget-impact analysis of an oncology clinical decision support platform, Dr Portia Cornell, University Of Melbourne	516 SF.1	Whakarongo Mai: Disability-Led Community Action for Equity and Inclusion, Mrs Pip McLean, Foundation For Equity And Research New Zealand
13.15		576: Pacific health strategies and action plans: their purpose and value, and the factors that support implementation 564: Before AI: Why Pacific Data Equity Matters for the Future of Health Systems 553: Trust and Relationships as Mechanisms for Improving Health Services: The Role of Pacific Providers in Aotearoa 554: Creating the rhythm of change: Developing Tongan and Samoan-centred ways to improve primary health care access in Auckland, Aotearoa New Zealand	375 SB.2 310 SB.3 376 SB.4	Advancing staffing methodologies for allied health in Aotearoa New Zealand , Dr Miranda Buhler, University of Otago School of Physiotherapy Beyond Workload: Structural and Psychosocial Drivers of Turnover Intention Among Public Sector Physiotherapists in Aotearoa New Zealand, Gillian Watson, University of Otago The role of undergraduate Public Health Graduates in Strengthening Health System Resilience in Fiji, Mr Avendra Prakash, Victoria University Of Wellington	600 SC.2	Socioeconomic inequalities in healthcare utilisation, costs, and medication use across the perinatal period, Zhuomin Liu, The University of Melbourne	169 SD.2	Health service utilisation prior to drug-related deaths: A systematic review and meta-analysis, A/prof Nataša Gisev, Unsw Sydney	145 SE.2	Mixed-method evaluation of online symptom checker formats to support trust in artificial intelligence, Dr Julie Ayre, The University Of Sydney	539 SF.2	The Costly Transition: Dementia Recording, Residential Aged Care, and Healthcare Spending in Older Australian Men, Dr Marshall Makate, Curtin University
13.30		557: Locating inequity in fragmented systems: Health professional perspectives on Chronic Kidney Disease care for Cook Islands Māori in Aotearoa New Zealand	180 SB.5	A Needs Based National Pharmacy Workforce Model to Inform Equitable Access to Pharmacist Care in Australia, A/Prof Jean Spinks, The University Of Queensland	611 SC.3	Identifying research gaps and data needs regarding urban Indigenous perinatal mental health in Southeast Ontario (Canada): culturally congruent integrated care as a path forward, Dr. Amrita Roy, Queen's University	549 SD.3	Developing an agent-based simulation of mental-health patient flow through Royal Melbourne Hospital , Dr Belinda Davey, University Of Melbourne	541 SE.3	Barriers and enablers of artificial intelligence adoption in the health service provision of Western Australia: A qualitative study, Dr Md Taulhidul Islam, Murdoch University	20 SF.3	What drives successful implementation of a palliative care intervention in residential aged care? Embedding a realist process evaluation within the IMPART trial., Kayla Lock, National Ageing Research Institute
13.35		566: Cook Islands' Families' Experiences of Living with Chronic Kidney Disease	304 SB.6	Strengthening Nursing Workforce Research Capacity and Capability Through Structured Research Support, Dr Kelsey Shepherd, Sydney Children's Hospital Network			21	Pharmacist-Led Longitudinal Physical Health Monitoring for People Living with Mental Illness on Antipsychotics: Feasibility, Acceptability, and Operational Insights, Dr Tien Bui,				
13.40			342 SB.7	BOOST 2.0: Feasibility of using nursing student workforce to increase activity: A qualitative study , Dr Seema Radhakrishnan, Fairfield Hospital			231	Embedding Lived Experience in mental health research: an Australian model, Professor Michelle Banfield, Australian National University				
13.45			537 SB.8	Key informants' perspectives on the public sector oral health therapist workforce in Aotearoa New Zealand: A Qualitative Study , Ms Sarah Majeed-Gale, University of Otago	119 SC.4	Conscientious objection to abortion care: Regulatory options to redress the power imbalance between doctors and patients, Dr Bronwen Merner, University Of Melbourne	380 SD.4	No mental health without oral health: addressing systemic neglect in Australian care, Professor Amanda Wheeler, Centre for Mental Health, Griffith University	217 SE.4	Bridging the Rehabilitation Gap: Co-Designing an AI- enhanced Augmented Reality Application for Post-Stroke Attention Rehabilitation in New Zealand, Mr Shaojun Li, University Of Auckland	387 SF.4	Implementing novel dementia diagnostics in practice: insights from a multi-site qualitative study, Ms Hannah Gulline, Monash University
13.50			616 SB.9	Enhancing the Self-Efficacy and Wellbeing of Newly Qualified Midwives Through a Co-designed Psychological Performance Skills Training Program, Dr. Diarmuid Hurley, Bond University			389 SD.5	How does the community engage with a national accredited Digital Mental Health Service? A behavioural analysis of reach and digital consumer engagement with the THIS WAY UP service, Dr Christine Shiner, St Vincent's Health Australia	603 SE.5	Attitudes to and development of machine vision to assist in predicting and preventing occupational violence in an acute hospital setting, Associate Professor Alison Craswell, University Of The Sunshine Coast	87 SF.5	Digital social connectivity platform preferences among people with disability and carers: a discrete choice experiment, Dr Feby Savira, Deakin University
13.55			431 SB.10	Identifying social and emotional wellbeing needs of healthcare workers in Aboriginal Community Controlled Health Services, Dr Smriti Nepal, University Of Sydney			231 SD.6	Embedding Lived Experience in mental health research: an Australian model, Professor Michelle Banfield, Australian National University	323 SE.6	Reading between the scans: how radiology departments really adopt AI, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, Qut	193 SF.6	Documenting interventions delivered by the Disability Liaison Officer Program to achieve equity in healthcare, Dr Kate Gledhill, Monash University
14.00			596 SB.11	Building implementation science capacity and capability in health services: Mixed methods evaluation of Sydney Health Partners Masterclass (2018–2024), Professor Leanne Hassett, University Of Sydney	28 SC.5	Effectiveness of mHealth Apps for Maternal Health Care Delivery: Systematic Review of Systematic Reviews, Dr. Edward Kwabena Ameyaw, Lingnan University	77 SD.7	Reducing acute service use through structured youth mental health pathways: A systematic review, Dr Somayyeh Azimi, North Metro Health Service- Western Australia	610 SE.7	Co-designing clinically safe, AI enabled wound care education using natural language learning: the SilverWound Pro initiative, Mrs Katy Aish, Silverchain	407 SF.7	Theorising Individualised Funding for disabled New Zealanders through a realist lens , Mrs Samantha Bandara, University Of Canterbury
14.05			174 SB.12	Institutional work that causes healthcare worker distress and the evidence for team- and system-level strategies to improve wellbeing , Dr Colleen Cheek, Macquarie University	19 SC.6	Synthesising Evidence on Interventions to Improve Perinatal Outcomes in Australia: A Scoping Review, Mr Getaneh Mulu, Curtin University	285 SD.8	A co-produced evaluation of a regional, Aboriginal-led mental health and wellbeing program - privileging local knowledges, relationships and cultural responsibility , Professor Michelle Dickson, The Poche Centre For Indigenous Health, University Of Sydney	65 SE.8	How Australians are using AI chatbots for mental health support: a nationally representative survey, Laura Neil, University Of Queensland	533 SF.8	Information needs and data visualisation preferences in residential aged care, Dr Isabelle Meulenbroeks, Australian Institute Of Health Innovation, Macquarie University

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026

CONCURRENT SESSION 4 continued																								
13:00-14:45		Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B				Room: RONGOMĀTĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU		
		Chair:				Chair:				Chair:				Chair:				Chair:				Chair:		
		Symposium 04				Session 5B: Workforce				Session 5C: Maternal, neonatal and child health				Session 5D: Addiction, Mental health and wellbeing				Session 5E: AI in healthcare				Session 5F: Disability, Dementia, aged care, and palliative care		
14.10	Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	Continued...	421	5B.13	Short oral	The work we don't count: Integrator labour and the politics of complexity in health systems, A/prof Carrie Lethborg, St Vincent's Hospital, Melbourne	602	5C.7	Short oral	Suicide in Aotearoa: which part of the back story counts? Family violence, disability and mental illness - an analysis of 600 coronial investigations, Associate Professor Gabrielle Jenkin, Foundation For Equity and Research New Zealand	504	5E.9	Short oral	Artificial intelligence in residential aged care: bibliometric mapping of research landscape and emerging trends, Dr Amy Nguyen, Macquarie University	294	5F.9	Short oral	The Economic Impact of Advance Care Planning: A Systematic Review, Miss Fengyi Liu, Australian Centre for Health Service Innovation, Queensland University of Technology						
14.15			594	5B.14		Identifying Strategies to Sustain the Medical Voluntary Assisted Dying Workforce in Victoria, Mr Sean Yaw, Peter Maccallum Cancer Centre	598	5C.8		Costs and consequences of alternative models of care for children with lower-limb orthopaedic variants , Dr Varinder Jeet, Macquarie University	151	5E.10		Patient preferences for Artificial Intelligence-assisted skin cancer diagnosis: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney	437	5F.10		Trajectories and Patterns of Hospital-to-Home Transitional Care and Their Outcomes Among Stroke Patients Across Post-Acute Care Models , Dr. Chiachi Bonnie Lee Lee, National Center For Geriatrics And Welfare Research, National Health Research Institutes						
14.20				5B.15		Diversity, equity and inclusion in the health services research workforce, Emmanuel Gnanamanickam	134	5C.9		Breastfeeding as Essential Health System Work: Rethinking Value, Labour, and Sustainability, Ms Rachel Monerasinghe, Victoria University Of Wellington	111	5E.11		Constructs influencing patient perceptions of use of Artificial Intelligence (AI) in medical imaging analysis: A systematic review, Ms Preksha Machaiya Kuppanda, The University Of Queensland	479	5F.11		A participatory approach to shaping an international health services research agenda for brain health and dementia care, Lycia Tramuvas Vasconcellos Neumann, Alzheimer's Association						
14.25			261	5B.16		Designing Future ED Care: Algorithmic Identification of Patients Suitable for Advanced Practice Physiotherapy to Inform Workforce Planning, Dr Piers Truter, South Metropolitan Health Service	341	5C.10		Modeling the impact of early access to publicly funded intrauterine insemination with ovarian hyperstimulation (IUI-OS) prior to in vitro fertilisation (IVF) for couples with unexplained infertility, Dr Karyn Anderson, University of Auckland				Q & A (20 minutes)	269	5F.12		Healthcare Costs among Children with Cerebral Palsy: Analysis from the Goals, Activity, Motor Enrichment (GAME) Trial, Xin Zhan, Nhmrc Clinical Trials Centre						
14.30						Q & A (15 minutes)				Q & A (15 minutes)						119			Q & A (15 minutes)					
14.35																								
14:45-15:15	Afternoon Tea: RONGOMĀTĀNE FOYER																							

THURSDAY 3 DECEMBER 2026 cont..

		CONCURRENT SESSION 5																							
		Room: RONGOMATĀNE A				Room: RONGOMATĀNE B				Room: RONGOMATĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU			
15:15-17:00		Chair:		Symposium 05		Chair:		Session 6B: Indigenous health and health equity		Chair:		Symposium 06		Chair:		Session 6D: Health system and capacity		Chair:		Session 6E: Hospital based care general		Chair:		Session 6F: Medication and Aged Care	
THURSDAY 3 DECEMBER 2026	15.15	Symposium 05: MOHMQuit – Midwives and Obstetricians Helping Mothers to Quit Smoking: using Behaviour Change theory in co-designing and evaluating a complex intervention	MOHMQuit – Midwives and Obstetricians Helping Mothers to Quit Smoking: using Behaviour Change theory in co-designing and evaluating a complex intervention	60	6B.1	Walking With Our Relatives: Listening to Lived Realities in the Community-Led Co-Development of an Urban Indigenous Doula Training Program in Manitoba Canada, Dr. Ashley Hayward, The University of Winnipeg	Long Oral	Transforming aged care transfers through a multisector digital health summary: trial results	452	6D.1	Co-designing policy recommendations with Aboriginal and Torres Strait Islander peoples on genomic newborn screening: An approach to culturally appropriate deliberation that combines Yarning Circle and Community Jury methods, A/prof Sarah Norris, University of Sydney	172	6E.1	Which patient-reported outcome measures (PROMs) should be embedded into kidney registries to support clinical care and quality improvement?, Jessica Nikolovski, University Of Sydney	393	6F.1	Evaluation of clinical decision support to improve antibiotic prescribing in residential aged care, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University								
	15.30		238: Partnering to co-design and implement MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit) – process, challenges and benefits	176	6B.2	Community Jury for Aboriginal and Torres Strait Islander Health Research: A research governance model grounded in the strengths of community , Ms Kay-cee Mikkelsen, Metro South Health		197: Digital Health Summary for Aged Care Transfers Feasibility Trial – End user experience	401	6D.2	Te uaratanga: Reflections on using Social Return on Investment methodology in a Kaupapa Māori health setting, Dr Erin Penno, Department Of Public Health (Dunedin), Faculty of Medicine - Dunedin, University Of Otago	487	6E.2	Fracture Clinic Trial (RECITAL): What are the outcomes for patients with simple fractures attending a virtual clinic compared to the in-person clinic?, Mr Min Jiat Teng, Sydney Virtual	592	6F.2	Leveraging large language models for medication coding and detecting multimorbidity burden from free-text data in residential aged cares , Dr Sandun Malpriya Silva, Macquarie University								
	15.45		158: Using the Behaviour Change Wheel to design and trial the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit Smoking) intervention	525	6B.3	Blak on Blak: Understanding, preventing and addressing lateral violence in the Aboriginal and Torres Strait Islander health workforce , Ms Kristy-Lee Shelton, Metro South Health		161: Technical implementation of a trial of a digital patient summary for residential aged care	171	6D.3	Listening as Transformation: Recentring Māori Voices to Reimagine Equitable Healthcare Futures, Dr Angelique Reweti, Massey University	378	6E.3	Implementation is a team sport: collective agency in clinical decision support adoption, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, Qut	545	6F.3	Co-development of medication quality indicators and tailored benchmark reports for data-driven quality improvement in residential aged care , Rachel Urwin, Australian Institute Of Health Innovation, Macquarie University								
	16.00		155: Examining mediators of health professional behaviour change in the MOHMQuit intervention: understanding how and why barriers to cessation support were addressed	133	6B.4	Trading health gains for equity: measuring and understanding aversion to health inequality, Professor Trudy Sullivan, University Of Otago		465: Co-designing a Digital Health Summary for Aged Care Transfers: Data Display, Consent, and Governance	464	6D.4	From consumer engagement and research partners to colleagues: A emerging, novel transition in healthcare, Dr Laurel Mimmo, The Sydney Children's Hospitals Network	425	6E.4	Reframing Patient Complexity: A Systems Informed Model for Hospital Equity and Reform, A/prof Carrie Lethborg, St Vincent's Hospital, Melbourne	75	6F.4	Family members' experiences and suggested strategies for improving the medication management of older adults during transitions of care: A qualitative exploratory study , Miss Caitlin Deery, Monash University								
	16.05		160: Supporting pregnant women to stop smoking – changes in health professionals' behaviour with the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) intervention	589	6B.5	Advancing Culturally Valid Measurement in Health Services: The Role of Indigenous Methodologies, Governance, and Shared Decision-Making Tools, A/prof Heather Shepherd, University Of Sydney		Weaving resilience: Understanding preparedness, adaptation and transformation in the Fijian health system, Dr Sharon McLennan, Victoria University Of Wellington	435	6D.5	Exploring implications of MyMedicare, Australia's voluntary patient enrollment, on continuity of care for cancer survivors., Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University	194	6E.8	Decision support tool to simulate kidney transplant waiting time for an individual patient under the new Australian deceased donor kidney allocation system, James Hedley, University Of Sydney	386	6F.5	Trends and predictors of Opioid use in 428 Australian Residential Age Care Homes, 2018-2022 , Dr Md Bayzidur Rahman, Macquarie University								
	16.10		148: Smoking cessation and cost-effectiveness outcomes among pregnant women in the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) trial															254	6E.5	Gaps in size inclusive hospital care: A multi-site audit of hospital in-patient services in Te Whatu Ora – Capital, Coast, and Hutt Valley , Mr Prakash Sharma, Te Herenga Waka—Victoria University of Wellington					
	16.15		303: Economic evaluation of the MOHMQuit (Midwives and Obstetricians Helping Mothers to Quit smoking) trial: Adapting a UK model for Australia															456	6E.6	Implementing a nudge letter did not reduce the use of inpatient rehabilitation following joint replacement surgery at an Australian private healthcare service: a randomised controlled trial., Dr Jason Wallis, Monash University					
	16.20		Short Oral	Provision of Indigenous foods in Australian hospitals , Aimee Dow, The Royal Melbourne hospital	159	6B.6		Educating for equity: A decolonial, relational approach to integrating Indigenous knowledge systems in diabetes care, Dr. Anika Sehgal, University Of Calgary	56	6D.6	From principles to practice: A scoping review and conceptual framework for operationalising health equity in Australian health systems, A/prof Fiona Haigh, Unsw Sydney	527	6E.9	Enhanced Postoperative Care Units as a Dynamic Response to Postoperative Hypotension: Findings from a Pilot Mixed Methods Study. , Mrs Jolene Jones, The University Of Waikato

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026

FRIDAY 4 DECEMBER 2026

7:00	Registration Open, Level 1 - RONGOMĀTĀNE FOYER Speaker Support Open, Level 1 - CONFERENCE OFFICE																												
9:00 - 9:15	Welcome to Day Three Plenary Room: RONGOMĀTĀNE A & B																												
9:15 - 10:30	PLENARY SESSION 3: PANEL Chair: Plenary Room: RONGOMĀTĀNE A & B																												
10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER																												
11:00-12:30	CONCURRENT SESSION 7																												
		Room: RONGOMĀTĀNE A Chair: Symposium 07 and 08					Room: RONGOMĀTĀNE B Chair: Session 7B: Hospital-based care and cost					Room: RONGOMĀTĀNE C Chair: Session 7C: Emergency and urgent care					Room: MAKĀRO Chair: Session 7D: Cancer					Room: MOKOPUNA Chair: Session 7E: Refugee, migrant and ethnic minority health					Room: MATIU Chair: Session 7F: Influencing Policy and Systems		
11:00	Symposium 07	Symposium 07: Improving Telehealth Delivered Mental Healthcare for Rural and Remote Areas 494: Mental Health Service Use Under Better Access: Variation by Disorder Types and Severity		397	7B.1	Technology Gaps or Management Gaps? Decomposing Hospital Inefficiency to Drive Differentiated Policy in Victoria's Public Health System, Dr Andrew Haywood, Department Of Health, Victoria		522	7C.1	Physiotherapist-led care in the emergency department for musculoskeletal conditions: results from the RESHAP-ED trial-based economic evaluation, A/Prof Philip Haywood, University Of Sydney		412	7D.1	The Ready To Screen Trial: Organisational Readiness and Adoption of Lung Cancer Screening Recruitment Strategies in Australia, Dr Dzenana Kartal, University Of Melbourne		8	7E.1	A realist study of equitable use and outcomes of digitally enabled healthcare among people from ethnic minority backgrounds with cancer in Australia , Dr Prince Peprah, Australian Institute Of Health Innovation		315	7F.1	Policy and cancer control: key determinants influencing policy formation and implementation , Ms Amelia Hyatt, Peter Maccallum Cancer Centre							
11.15		493: Telehealth Mental Health Care in Rural and Remote Australia: User characteristics, Waiting Times, Out-of-Pocket Costs in 2021		505	7B.2	A no brainer? Improved hospital cleaning reduces infection and saves money , Professor Brett Mitchell, Avondale University		418	7C.2	Behavioural nudges to reduce low-value care for low back pain in the emergency department (NUDG-ED): a 2 x 2 factorial, pragmatic cluster randomized trial, Gemma Altinger, University Of Sydney		273	7D.2	What is important to patients when considering radiation therapy for prostate cancer? A health preferences study, A/Prof Amy Brown, Townsville Hospital And Health Service		44	7E.2	Perioperative experiences of culturally and linguistically diverse older adults and their family carers: a multi-phase qualitative study, Charmaine Bonus, Latrobe University		617	7F.2	"More of the same, just packaged differently" - An evaluation of Aotearoa New Zealand's 2022 Pae Ora Health Reforms using Event Systems Theory, Professor Tim Stokes, University Of Otago							
11.30		496: Preferences for psychological services in rural and remote Australia: A discrete choice experiment		460	7B.3	Insights into the nature of waiting lists in specialist clinics: Early learnings from the WaitLESS Project, Professor Katherine Harding, La Trobe University / Eastern Health		458	7C.3	From pilot to statewide scale: A programme of research evaluating the Victorian Virtual Emergency Department waiting room pathway, 2023-2025, Ass Prof Jennie Hutton, Victorian Virtual Emergency Department		288	7D.3	Health services costs for breast cancer in Australia by stage and subtype: Estimates from the 45 and Up Study, Dr Lara Petelin, University Of Sydney		48	7E.3	Barriers and facilitators to accessing preventive services for chronic diseases among Bangladeshi and Nepalese migrants in Sydney, Dr Sabuj Kanti Mistry, University Of New South Wales		296	7F.3	Uptake and implementation of practice incentive reforms in an Australian metropolitan primary health network: a mixed methods evaluation, Dr Jackie Roseleur, Flinders University							
11.35		495: Accessing telehealth psychology treatments for those living in rural and remote areas: a multi-disciplinary, needs assessment to inform co-designed solutions														235	7E.4	Improving Service Accessibility for Chinese Families of Neurodiverse Children in New Zealand: A Survey Study, Hongjuan deng, Hongjuan Deng											
11.40																200	7E.5	Menopause experiences of women from multicultural communities in high-income Western countries: findings of a mixed methods systematic review, Ms Paula Legerton, The University Of Sydney											
11.45	Symposium 08	Symposium 08: Navigating fragmented systems: Understanding, implementing and strengthening navigator roles (for equity) in Australia		95	7B.4	Hospital costs associated with kidney transplantation and immunoglobulin therapy, Dr Sara Carrillo de Albornoz, Monash University		166	7C.4	Are urgent care services an effective alternative to hospital emergency departments?, Dr. Shangzhi Xiong, The George Institute For Global Health		577	7D.4	Prioritising Physiotherapy Rehabilitation for Māori with Matepukupuku (Cancer), Ms Rachel Swann, Health And Research Collaborative		237	7E.6	Culturally Tailored Interventions for Endometriosis Care: A Scoping Review, Miss Sangita Chakraborty, SPHERE CRE, Department Of General Practice, Monash University		240	7F.4	Implementing evidence-based principles of demand management reduces waiting times in community health services: A statewide scale-up study, Kate Noeske, Eastern Health and La Trobe University							
11.50		417: Navigators in health and social care: Challenges and opportunities 403: Peer Health Navigation for Patients at Risk of Frequent Hospitalisation: Programme Characteristics and Impact on Hospital Resource Utilisation		444	7B.5	Counting the hidden work: genetic counselling costs and sustainable genomic service delivery, Dr Varinder Jeet, Macquarie University		358	7C.5	Unplanned presentation to emergency department is higher after virtual outpatient care in a renal cohort, Dr Tim Badgery-Parker, Australian Institute Of Health Innovation, Macquarie University		331	7D.5	Prehab or Not? The Factors Behind a Critical Window in Lung Cancer Care. , Dr Jamie Waterland, Peter MacCallum Cancer Centre		365	7E.7	Co-developing a Digital Health Navigation Tool to Improve Access for Afghan Women in Victoria, Australia: A Pilot Study, Mr Amir Fila, The University Of Melbourne											
11.55		361: Beyond Lived Experience: A capability framework to support peer health navigator roles in healthcare		141	7B.6	Embedding Prevention in Surgical Waiting-List Pathways: A Before-After Health Economic Evaluation of the Way to Wellness Service, Nirmali Sivapragasam, Queensland University Of Technology		430	7C.6	Text message incentives increased patient-reported outcomes survey response in emergency care: SWAT findings , Gemma Altinger, University Of Sydney		118	7D.6	Comparing socioeconomic inequalities in colorectal cancer diagnosis and survival in Victoria, Australia and Ontario, Canada, Prof. Erin Strumpf, McGill University		530	7E.8	Understanding determinants of health service utilisation among Asian migrants in New Zealand: A quantitative study., Thilanthi Kaluarachchi, Victoria University of Wellington											

FRIDAY 4 DECEMBER 2026

		CONCURRENT SESSION 7 continued..																																	
11:00-12:30		Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B				Room: RONGOMĀTĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU													
		Chair:				Chair:				Chair:				Chair:				Chair:				Chair:													
		Symposium 07 and 08				Session 7B: Hospital-based care and cost				Session 7C: Emergency and urgent care				Session 7D: Cancer				Session 7E: Refugee, migrant and ethnic minority health				Session 7F: Influencing Policy and Systems													
12.00	Symposium 08 continued	Continued...				319	78.7	Market strategies used by private hospital providers to consolidate and increase power; a systematic scoping review and evaluative synthesis, Mr Tom Shore, University Of Melbourne				50	7C.7	New and emerging drivers of ambulance demand., Mr. Liam Hemingway, Monash University				185	7D.7	From Promise to Practice: Translating Functional Precision Oncology into Real-World Cancer Care , Dr. Samran Sheriff, Macquarie University				470	7E.9	Early Childhood Risk of Neurodevelopmental Disorders Among Migrants and Refugee Populations: Evidence from High-Income Western Countries, Dr. Amit Arora, Western Sydney University				469	7F.5	Embedding Equity in Cancer Policy: Lessons for Health Systems, Ms Rebecca Zosel, The University Of Melbourne			
12.05		Symposium 08: Navigating fragmented systems: Understanding, implementing and strengthening navigator roles (for equity) in Australia				85	78.8	Implementing Consensus-Based Perioperative Pathways: A Mixed-Methods Implementation Evaluation in Real-world Hospital Settings, Dr Lisa Pagano, Australian Institute Of Health Innovation, Macquarie University				463	7C.8	Lessons from the evaluation of community-based urgent care services in New South Wales, Dr Sanja Lujic, Centre for Big Data Research in Health, UNSW Sydney				306	7D.8	Australian preferences for genomic risk assessment to inform risk-tailored cancer screening, Dr Alison Pearce, University Of Sydney				491	7E.10	Women's Reconstructions of Reproductive Identity: Exploring the Construction and Experience of Recurrent Miscarriage in Pakistan, Mrs Khadija Malik, Western Sydney University				219	7F.6	Developing a national implementation strategy to improve detection of familial hypercholesterolaemia in Australia , Associate Professor Mitchell Sarkies, The University of Sydney			
12.10						461	78.9	Economic burden of invasive Group A Streptococcus infection in tropical Australia: a hospital cost and funding analysis using linked administrative data , Dr Himali Ratnayake, James Cook University				101	7C.9	Community paramedicine as a pathway to primary healthcare equity: Lessons from a rural First Nation, Dr. Anika Sehgal, University Of Calgary				606	7D.9	Advancing the development of national childhood acute lymphoblastic leukemia care strategies in Vietnam, Dr Md Irteja Islam, Sydney School Of Public Health, The University Of Sydney				110	7E.11	Are We Equally Accessing Reproductive Care? Challenges and opportunities to improve outcomes for Afghan women who have settled as refugees in Victoria, Australia, Ms Donya Eghrari, The University Of Melbourne				440	7F.7	A national linked data framework for causal evaluation of aged care policy effectiveness, Prof Nadine Andrew, Monash University			
12.15						574	78.10	A randomized controlled trial comparing a vascular access specialist to usual care for peripheral intravenous device selection and insertion: Improving outcomes and reducing frontline care burden. , Associate Professor Alison Craswell, University Of The Sunshine Coast						Q & A (15 minutes)				619	7D.10	Understanding Psychosocial and Family Support Needs in Head and Neck Cancer Services, Dr Ally Gibson, Te Herenga Waka				89	7E.12	Does She Have a Say? Exploring Reproductive Health Rights among Afghan Women Resettling in Victoria, Australia, Ms Donya Eghrari, The University Of Melbourne				309	7F.8	Global Cervical Cancer Elimination and Control Policy Analysis, Ms Amelia Hyatt Peter Maccallum Cancer Centre			
12.20								Q & A (10 minutes)												Q & A (10 minutes)						Q & A (10 minutes)						Q & A (10 minutes)			
12:30-13:15		Lunch: RONGOMĀTĀNE FOYER Exhibition and Poster Presentations

FRIDAY 4 DECEMBER 2026 cont..

FRIDAY 4 DECEMBER 2026

Poster Presentations

Paper #	Poster #	THEME: Delivering future healthcare: new models, settings, and pathways
52	P1	Evidence-informed Experience-based Co-Design for high healthcare service utilisation, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
109	P2	The feasibility of implementing a cardiac rehabilitation–informed model of care after hip and knee joint replacement , Professor Nicholas Taylor, La Trobe University - Eastern Health
117	P3	What Do Patients Value in Empowerment-Based Heart Failure Care? Developing a Discrete Choice Experiment, Dr Yuxin Wang, Duke-nus Medical School
120	P4	Stakeholders' perceptions of breast density notification and supplemental screening in Australia: A qualitative interview study, Jennifer Isautier, The University Of Sydney
137	P5	Characterising Use of Out of Hospital Care Services, Prof Christine Stirling, University Of Tasmania
142	P6	A Protocol to Develop Scalable Digital Social Prescribing to Support Diabetes Care, Dr Chris Lynch, Baker Heart And Diabetes Institute
168	P7	Sustainable Funding of eHealth Enhanced Chronic Care in Australia: A Qualitative Exploration of Barriers, Enablers and Policy Recommendations, Mr Souhayel Hedfi, Uq - School Of Public Health
170	P8	Future Directions for Heart Failure Management: Integrating Community-Based Care and Patient Empowerment in Singapore, Associate Prof Sanjeeva Kularatna, Duke-nus Medical School
187	P9	Exploration of Early Psychosis Care Priorities of Community Partners in Aotearoa New Zealand, Miss Ruby Zwart, Victoria University Of Wellington
190	P10	The Current Landscape of Heart Failure Care Delivery in Singapore: Real-World Challenges and Questions , Dr Audry Lee, National Heart Centre Singapore
203	P11	Evaluating surgical transitional care interventions: what works, what is measured, and how are they implemented?, Georgia Tobiano, Griffith University
204	P12	Unpacking implementation complexity to inform scale up: protocol of a mixed methods process evaluation of a remote patient monitoring system, Ms Zhicheng Li, University Of New South Wales
226	P13	Improving end-of-life care pathways: Early findings from a pilot end-of-life care coordination program evaluation, Dr Kristy Fakes, The University Of Newcastle

244	P14	Early development intervention and engagement (EDIE) pilot: A cross-sectoral child health nurse model, Dr Danielle Borg, Gold Coast Hospital and Health Service
272	P15	Nurse practitioner contributions across primary care models in Ontario, Canada, Mr Eliot Frymire, Queens University
274	P16	Aligning primary care attachment with comorbidity burden in Ontario, Canada , Mr Shahriar Khan, Queens University
325	P17	Are Semaglutide and Tirzepatide Cost-Effective for Weight Management? A Systematic Review and Meta-analysis, Dr Yile Xu, Queensland University Of Technology
618	P18	“More of the same, just packaged differently” - An evaluation of Aotearoa New Zealand’s 2022 Pae Ora Health Reforms using Event Systems Theory, Professor Tim Stokes, University Of Otago
329	P19	Prehab Logistics: barriers and enablers for timely delivery of Universal teleprehabilitation., Dr Jamie Waterland, Peter MacCallum Cancer Centre
354	P20	Characteristics of health systems offering insurance products in the United States, Xinliang Liu, Lehigh University
355	P21	Health New Zealand Te Whatu Ora Taranaki Long COVID Staff Clinic: Developing an innovative model of long COVID care, Dr Claire O'Loughlin, Te Herenga Waka - Victoria University Of Wellington
366	P22	Developing a care pathway for people experiencing Domestic and Family Violence with a mild traumatic brain injury: A Delphi study, Dr Breanne Hobden, University of Newcastle
367	P23	Patient perspectives of a Rapid Access Clinic for chronic disease in South-East Queensland, Australia, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
371	P24	Rurality and Colorectal Cancer Outcome in New Zealand, Mr Avinash Adhikari, Victoria University Of Wellington
382	P25	What do health services look like when we reframe what it is to live well with long term conditions?, Dr Shirley Keown, Tūranga Health
399	P26	Towards Establishing Shared Terminology for Person-Centred Care: A Modified Delphi Study with Consumers and Health Professionals, Mrs Rebecca Barnden, National Centre for Healthy Ageing (NCHA) - Monash University / Peninsula Health
408	P27	The Recovery Scaffold Gap: A Patient Journey Mapping Study of Hip and Knee Arthroplasty, Dr Swapna Gokhale, La Trobe University
415	P28	Cost-effectiveness of a virtual fracture clinic versus traditional in-person fracture clinic care for adults with acute simple fractures: a protocol for a health economic analysis within the RECITAL trial, Ms Rowena Charteris, The University Of Sydney

416	P29	Delivering fracture care in a virtual setting: a qualitative study of clinician experiences, Ms Rowena Charteris, The University Of Sydney
438	P30	High-level economic assessment of an innovative maternal health initiative for remote communities in Queensland, Australia, Dr Kathleen Mcfadden, Kpmg
441	P31	Implementation of state-based cascade testing centres for familial hypercholesterolaemia: a protocol, Dr Amanda Thijsen, University Of Sydney
457	P32	Public and Private Bariatric Surgery in Australia: Population Based study in Hospital Utilisation , Dr Jia Liu, The University Of Sydney
474	P33	Pilot implementation of ‘virtual ward rounds’: connecting metro specialists with regional care, Dr Portia Cornell, University Of Melbourne
482	P34	Core components and determinants of a rapid access clinic for multiple chronic conditions – the Preventative Integrated Care Service, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
490	P35	Increased complexity and frailty of non-cancer patients accessing specialist community palliative care – evidence suggests inequity, Prof Karen Smith, Silverchain
526	P36	Enhanced and intermediate postoperative care units to improve patient outcomes in adult surgery – a scoping review, Mrs Jolene Jones, The University Of Waikato
532	P37	Closing Coverage Gaps: Māori-led, disability-responsive innovation in childhood immunisation, Prof Tristram Ingham, Foundation For Equity And Research New Zealand
551	P38	Establishing an approach for ecological-momentary assessment-style mental-health patient-reported outcomes , Dr Belinda Davey, University Of Melbourne
552	P39	Development and validation of a novel scale to determine perceived dental neglect of adolescents: A cross-sectional study , Dr Uttara Amilani Adikari Mudiyansele, Queensland University Of Technology
578	P40	Strengthening Remote Healthcare Through Trial Participation, using Teletrial Methodology , Ms Roda Allen, Queensland Health, Townsville University Hospital

Paper #	Poster #	THEME: Doing more of things that work: implementation, disinvestment and knowledge translation
29	P41	Embedding organisation-wide change in healthcare , Natalie Wilson, Nsw Health
82	P42	Implementing My Therapy in sub-acute rehabilitation: a RE-AIM evaluation across four allied health disciplines , Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University
121	P43	Strategy Mapping: A Catalyst for Evidence-Informed Implementation that closes the evidence-to-practice gap – An older person healthcare approach , Shirtcliffe Andi, University Of Auckland
130	P44	Doing more of what works: a multifaceted telementoring implementation intervention to increase telehealth adoption across allied health, Renee Cook, University Of Queensland / Queensland Health
268	P45	The Structure and Impact of a Center for the Science of Health Care Delivery at the Mayo Clinic in the United States, Elizabeth Habermann, Mayo Clinic
302	P46	Unpacking the modular payment system of the Lead Maternity Carer service in Aotearoa, New Zealand, Mr Olawale Oladimeji, University Of Auckland
343	P47	The effectiveness of preoperative oral carbohydrate loading on postoperative nausea and vomiting in adults receiving total intravenous anaesthesia compared to inhalational anaesthesia: A systematic review and meta-analysis, Dr Oya Gumuskaya, Western Sydney University
377	P48	Embedded research and new models of care: Accelerating evidence translation through co-designed health service innovation, Dr Rebecca Shipstone, Sunshine Coast Hospital And Health Service
413	P49	Reporting of RE-AIM Domains in Digital Self-Management Programs for Hip and Knee Osteoarthritis: A Scoping Review, Ms Lin Tong, La Trobe University
424	P50	Effectiveness of clinician-directed default nudges on reducing overuse of tests and treatments in healthcare: a systematic review of randomised controlled trials , Gemma Altinger, University Of Sydney
442	P51	Research evidence use in blood collection: a qualitative study with front-line staff, middle managers, and senior managers, Dr Amanda Thijsen, University Of Sydney
454	P52	Research evidence use in blood collection: a qualitative study with front-line staff, middle managers, and senior managers, Dr Amanda Thijsen, University Of Sydney
515	P53	Implementation interventions to promote healthcare professional uptake of evidence-based opioid prescribing for adults with acute non-cancer pain: A Cochrane Systematic Review , Dr Jason Wallis, Monash University
535	P54	Scaling a Digital Asset Register Across 429 Upazila Health Complexes in Bangladesh: A national implementation research study using the RE-AIM framework, Mr. Md. Fazla Rabbi, Management Information System, Directorate General Of Health Services

536	P55	Experiences of healthcare providers and key stakeholders with the maternal and perinatal deaths surveillance and response system in Ethiopia, Mr Elias Roro, The University Of Queensland
563	P56	Maternal and Perinatal Death Surveillance and Response in Low- and Middle-Income Countries: Systematic Review of Implementation Factors , Mr Elias Roro, The University Of Queensland
612	P57	Cost data collection tools for health care research and practice: a systematic scoping review of grey and peer-reviewed literature, Dr Zoe Szewczyk, The University Of Sydney
Paper #	Poster #	THEME: Future proofing healthcare: value, sustainability, and system resilience
36	P58	Building Psychosocial Safety and Resilience in the Regional Health and Aged Care Workforce: the CARE-R Project, Prof Marion Gray, University Of Southern Queensland
125	P59	Shifting the lens from event rates to days alive and out of hospital: A patient-centred view of 30-day and 1-year trends and equity after heart failure hospitalization in Singapore, Mr. Sibio Liu, Duke-NUS Medical School
131	P60	Enabling sustainable, resilient telehealth services: validation of the Telehealth Service Audit Tool (T-SAT) , Renee Cook, University Of Queensland / Queensland Health
157	P61	Patient informed changes to default meals: A feasible approach to reducing food and packaging waste in a tertiary hospital, Aimee Dow, The Royal Melbourne hospital
233	P62	Complex patients or complex systems? Exploring complexity in allied health , Dr Annie Lewis, Eastern Health
249	P63	Costs and Cost-Effectiveness of Palliative Care in Residential Aged Care Homes: A Scoping Review, Miss Xueqing Yang, Queensland University Of Technology
266	P64	Rising Tides, Deepening Inequities: A Scoping Review of Coastal Health Provision and Persistent Disparities, Pujitha Kanakam, University of Lincoln
271	P65	Modelled economic evaluation of acute venous thromboembolism treatment: A systematic review, Xin Zhan, Nhmrc Clinical Trials Centre
339	P66	The Sustainability of Familial Hypercholesterolaemia Screening Programs Globally: A Convergent Mixed-Methods Study, Dr Amanda Thijssen, University Of Sydney
385	P67	Towards Environmentally Extended Health Economic Analysis Plans: A Case Study for the MEL-SELF Trial, Jake Williams, University Of Sydney
402	P68	Diffusion of Coronary CT angiography for chest pain syndromes after its introduction into the Australian health system, Professor Vijaya Sundararajan, St Vincent's Health Australia

428	P69	Exploring clinical pathway use for suspected Acute Coronary Syndrome in Tasmanian emergency departments to support standardised care: a retrospective cohort study , Dr Rishita Chandra, University Of Tasmania
466	P70	Thirty days or nine months? Category 1 dermatology waiting times and outcomes in Western Sydney, Dr Emily Sisson, UNSW
503	P71	Evolving patterns of antiepileptic drug use in Australian residential aged care 2014-2025: a retrospective cohort study, Dr Amy Nguyen, Macquarie University
506	P72	Evolving landscape of consumer smartphone apps for skin cancer prevention, Nurul Hussain, The University Of Queensland
507	P73	The on and off nature of quality improvement in healthcare: Using the central line-associated bacteraemia 'Target CLAB Zero' initiative as a case study, Dr Tara Officer, Victoria University Of Wellington
547	P74	Hospital-in-the-Home (HITH) for Older Adults: A Systematic Review of Costs, Resource Use and Cost-Effectiveness, Ms Mary Rose Angeles, Deakin University
569	P75	Trial-based economic evaluations conducted alongside studies embedded in Australian healthcare services and programs: a scoping review, Belinda Wang, University Of Sydney
582	P76	Embedding economic evaluation in a hybrid effectiveness-implementation trial: lessons from the PROMOTE-PA study , Belinda Wang, University Of Sydney
Paper #	Poster #	THEME: Intelligent health systems: digital innovation, AI, and data-driven care
55	P77	Rethinking Data-Driven, Knowledge-Integrated Care: A Culturally Intelligent Digital Framework for Rural Maternal Nutrition Intervention, Ms Faith Siva, Strathmore University
66	P78	A systematic review and meta-analysis of the effectiveness of AI chatbots in reducing symptoms of anxiety and depression, and feelings of loneliness, Laura Neil, University Of Queensland
91	P79	Engagement with a patient portal system following lung transplant – a cross-sectional survey study , Ms Vicky Yuan, Deakin University School Of Nursing And Midwifery
97	P80	Factors associated with engagement of a digital care pathway for patients undergoing total knee or hip replacement. , Professor Adam Semciw, La Trobe University
140	P81	Meaningful use of clinical decision support systems to reduce unwarranted variation in acute care, Dr Anton Pak, The University Of Queensland
150	P82	Clinician preferences for using Artificial Intelligence-assisted skin cancer diagnosis: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney

153	P83	Translating innovation into practice: Real-world evidence and lessons from implementing MQ-Dash, a prescriptive digital falls dashboard in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation
154	P84	Clinician preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
156	P85	Patient preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
346	P86	Digital decision support to optimise antibiotic prescribing for urinary tract infections in residential aged care: a qualitative evaluation of clinician experiences, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
350	P87	A digital dashboard to prioritise medication management reviews in residential aged care: development and design, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
363	P88	Delirium risk prediction from routinely collected electronic health records: model development and internal validation., Dr Swapna Gokhale, Eastern Health
383	P89	Ophthalmic medication uses in Australian residential aged care facilities: analysis of a medication administration dataset, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
439	P90	Presentation Diagnoses and Diversion Outcomes in a Statewide Virtual Emergency Department., Ass Prof Jennie Hutton, Victorian Virtual Emergency Department
447	P91	Improving Radiology Patient Flow Through Transport Efficiency and Digital Task Management: A Mixed-Methods Evaluation of General and Dedicated Orderly Models, Ms Chantsalsuren Galbaatar, University Of New South Wales
Paper #	Poster #	THEME: Listening today for a better tomorrow: equity, voices, and lived realities
71	P92	Consumer Engagement in Chronic Conditions Research: An Integrated Framework Informed by Recognition Theory, Ms Mingming Zhou, Anu
113	P93	Do Health Insurance Schemes Protect Against the Financial Burden of Non-Communicable Diseases? Evidence from China, Ms Xuemei Zhang, University Of Melbourne
