

PROGRAM

TUESDAY 3 DECEMBER 2024

13:00 - 17:00	<p>WORKSHOP 1: Applied Economics in Health Services Design and Evaluation LOCATION: UQ Herston campus, Oral Health Building</p>	<p>WORKSHOP 2: Introduction to Implementation Science LOCATION: UQ Herston campus, Oral Health Building</p>
15:00 - 18:00	<p>Early Registration Open, Level 1 - Upper Registration Desk <i>For those delegates wishing to register prior to the first day of the Conference</i></p> <p>Early Speaker Support Open, Meeting Room 7 <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i></p>	

WEDNESDAY 4 DECEMBER 2024

7:00	<p>Speaker Support Open, Meeting Room 7</p>
7:45	<p>Registration Open, Level 1 - Upper Registration Desk</p>
8:45 - 9:15	<p>OFFICIAL OPENING Plenary Room: Hall B</p> <p>Welcome and Welcome to Country Official Opening: The Official Opening will be conducted by Her Excellency the Honourable Dr Jeannette Young AC PSM, Governor of Queensland</p>
9:15 - 10:30	<p>PLENARY SESSION 1 <i>Chair: Steven McPhail</i> Plenary Room: Hall B</p> <p>International Keynote: Looking Back and Looking Forward: HSR in the Rapidly-Evolving Technology Ecosystem Professor Julia Adler-Milstein, University of California, San Francisco</p>
10:30 - 11:00	<p>Morning Tea (Hall A)</p>

WEDNESDAY 4 DECEMBER 2024 cont...

CONCURRENT SESSION 1						
11:00 - 12:15	Room: Hall B Symposium 01: Using consumer and community engagement to maximise the value, uptake and sustainability of research (while watching out for traps in the digital age!)	Room: Meeting Room 1 Chair: Hannah Carter Session 18: Acute Care	Room: Meeting Room 2 Chair: Danyang Dai Session 1C: Ageing and Aged Care	Room: Meeting Room 3 Chair: Syed Adfroz Keramat Session 1D: Pharmacy and Prescribing	Room: Meeting Room 4 Chair: Michelle Allen Session 1E: Healthcare Implementation	
11:00						
11:05	455 Using consumer and community engagement to shape decision-making in a multisite, regional study of mental health care navigation, Associate Professor Zephania Tyack, Queensland University of Technology	378 18.1 Improving emergency department efficiency with the help of Assistants in Medicine, Dr Xenia Doljagore, University of Newcastle	498 1C.1 Improving the Health of Older Adults in the ED Setting within and across Organizations, Professor Julia Adler-Milstein, University of California, San Francisco	227 1D.1 Extended pharmacist services: The service user viewpoint, Dr Janet McDonald, Te Hikuwai Rangahau Hauora-Health Services Research Centre, Te Herenga Waka-Victoria University of Wellington	384 1E.1 Adapting implementation theory to support pragmatic co-design of informatics demand management processes in a large metropolitan health service, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, School of Public Health and Social Work, QUT	
11:10						
11:15						
11:20	421 The CALD Health Engagement Project: understanding the importance and benefits of peer researchers and reciprocal engagement with communities, Dr Bridget Abell, Australian Centre For Health Services Innovation, Queensland University Of Technology	293 18.2 Long Oral An analysis of healthcare use associated with medical emergency team (MET) calls in four acute hospitals in southeast Queensland, A/Prof Chi Kin Law, University of Sydney	287 1C.2 Long Oral Mobile point of care testing (PoCT) service using i-Stat analysers to support Residential Aged Care Facilities (RACFs) in Metro-South Health, Brisbane: a case study, Dr Mirela Prgommet, Macquarie University	351 1D.2 Sex differences in initiation and discontinuation of secondary prevention medications after stroke, Dr Lachlan Dalli, Monash University	51 1E.2 Long Oral Moving Beyond Dusty Guidelines: Developing a National Clinical Practice Guidelines Dissemination and Implementation Model for Aotearoa's Maternity System, Dr Tarra McNally, Victoria University of Wellington	
11:25						
11:30						
11:35	57 Symposium 01 Navigating the challenges of imposter participants in online qualitative research: lessons learned from a paediatric health services study, Miss Pakhi Sharma, Queensland University of Technology	400 Observing work-as-done: insights into institutional work and digital systems in healthcare, Dr Colleen Cheek, Macquarie University	346 1C.3 Unlocking the potential of Social Connections within Aged Care: An Implementation Evaluation of the Social Connection Toolkit, Associate Professor Licio Naccarella, The University of Melbourne	200 1D.3 Long Oral Mandatory Biologic-Biosimilar Switching in British Columbia, Canada, Did Not Result in Unintended Increases in Other Types of Healthcare Resource Utilization, Dr Mark Harrison, University of British Columbia	422 1E.3 Designing an acute hospital fall prevention program, Ms Charlotte McLennan, Sydney Local Health District, University of Sydney	
11:40						
11:45		173 18.4 Measuring What Matters: What makes hospital nutrition and food services great quality?, Dr Adrienne Young, The University of Queensland	118 1C.4 Understanding determinants of risk of frailty management in general practice to inform implementation strategies, Ruby Strauss, Centre for Health System Reform and Integration, Mater Research-University of Queensland		320 1E.4 A qualitative framework for understanding and prioritizing implementation principles in practice, Manasha Fernando, Queensland University of Technology (Australian Centre for Health Services Innovation)	
11:50	462 Setting up and operationalising a Consumers in Research Workgroup in a health services research centre, to embed consumers early in research and shape policy, Associate Professor Zephania Tyack, Queensland University of Technology	332 18.5 Short Oral How often are patients recording their medical appointments and why? A national online mixed-methods survey in Australia, Amelia Hyatt, Peter Maccallum Cancer Centre	223 1C.5 In-home respite needs and preferences of people living with dementia and their carers, Dr Caroline Grogan, Wesley Research Institute	66 1D.4 Use of potentially inappropriate psychotropic medicines among older adults in 23 residential aged care facilities in Australia: a retrospective cohort study, Narijs Batool, Macquarie University	181 1E.5 Short Oral Evaluating health service interventions to improve access to hospital care: searching for meaning and consistency, Professor Jonathan Karnon, Flinders University	
11:55		385 18.6 Electronic standard order set use across a multi-hospital system: Identifying behavioural determinants of continuous and sustained use., Dr Sundresan Naicker, Australian Centre For Health Services Innovation, School of Public Health and Social Work, QUT	250 1C.6 Short Oral Assessing quality of life and quality of care experience in Australian residential aged care: a retrospective cohort study, Dr Amy Nguyen, Macquarie University		261 1E.6 From theory to practice: navigating change management in hospital redevelopment projects, Dr Ashfaq Chauhan, Macquarie University	
12:00			322 1C.7 "Just make them easier": stakeholders' perceptions of medication management reviews in residential aged care, Dr Rajendra Gyawali, Australian Institute of Health Innovation, Macquarie University NSW Australia		132 1E.7 Implementation of demand management interventions at scale: Statewide scale up of an intervention to improve timely access in community health services, Mrs Kate Noeske, La Trobe University / Eastern Health	
12:05		Q & A (15 minutes)		Q & A (15 minutes)		
12:10			Q & A (10 minutes)		Q & A (10 minutes)	
12:15 - 13:30	Lunch (Hall A) / Poster Presentations: P1-P79 - 13:00-13:30 (Hall A) / ERGO Speed Mentoring - 12:45 - 13:30 (MR)					

WEDNESDAY 4 DECEMBER 2024 cont...

13:30 - 14:50

CONCURRENT SESSION 2

Room: Hall B

Symposium 02: There must be a better way; establishing and evaluating an emergency department avoidance service for older people in Southern Adelaide

Room: Meeting Room 1

Chair: Kim-Huang Nguyen

Session 2B: Data in Aged Care

Room: Meeting Room 2

Chair: Liz Martin

Session 2C: Indigenous Health

Room: Meeting Room 3

Chair: Gizachew Tessema

Session 2D: ED and Hospital Care

Room: Meeting Room 4

Chair: Megan Campbell

Session 2E: Consumer Engagement and Co-design

13:30

193

Establishing an emergency department avoidance service for older people in Adelaide, South Australia, A/Prof Craig Whitehead, Flinders University

233

2B.1

Identification of dementia in older adults using linked data: A longitudinal study, Dr Xenia Dolja-Gore, The University of Newcastle

220

2C.1

Covid-19 and Pacific peoples living in Aotearoa New Zealand: "Ensuring equity for Pacific peoples – Learning from a pandemic" – Preliminary findings, Dr Marianna Churchward, Victoria University of Wellington

164

2D.1

Emergency healthcare delivery for detainees in short-term police custody in Queensland: A qualitative exploration, Dr Caitlin Brandenburg, Metro South Health

162

2E.1

Establishing project governance utilizing consumer engagement and co-design in the Listen to Me project, Dr Bronwyn Newman, Macquarie University

13:40

13:45

187

"I want to be treated as a person": Consumer consultation workshops about older people's needs and preferences for urgent care services, Dr Mila Rajha, Flinders University

450

2B.2

Health service use by people living with dementia in community and residential aged care: a propensity matched cohort study, Dr Luise Lago, UOW

314

2C.2

Decolonizing Population Health Research: Indigenous Methodology and the Ethical Imperative of Investigating Opioid Use Among First Nations in Manitoba, Dr Wanda Phillips-Beck, FNHSSM

36

2D.2

Forecasting emergency department waiting times using deep neural networks, Dr Anton Pak, The University of Queensland

255

2E.2

Improving the efficacy of management consulting practice in the New Zealand public health system: a modified Delphi study, Professor Tim Stokes, University of Otago

13:55

14:00

192

Investigating older people's preferences for an urgent care service: a discrete choice experiment, Prof Julie Ratcliffe, Flinders University

380

2B.3

Can electronic medication systems improve indication and duration documentation for antimicrobial prescriptions in residential aged care?, Associate Professor Magda Raban, Australian Institute of Health Innovation, Macquarie University

148

2C.3

Revolutionizing rural healthcare: A case study of community paramedicine in an Alberta First Nation, Dr. Anika Sehgal, University of Calgary

203

2D.3

Exploring variation in average length of hospital stay across NSW public hospitals for four clinical conditions and surgical procedures, Sadaf Marashi-Pour, Bureau Of Health Information

62

2D.4

Using Electronic Medical Records in Improving Communication between Hospitalised Patients and Health Professionals across Transitions of Care, Dr Guncag Ozavci, Deakin University/Alfred Health

358

2E.3

Co-design of LOVE YOUR BRAIN: a digital platform for stroke prevention, Dr Rosanne Freak-Poli, Monash University

14:10

14:15

251

Aboriginal perspectives on a "Better Way": digitally enabled urgent care for older people in Southern Adelaide, Asst Prof Tamara Mackean, Flinders University

263

2B.5

Development of a predictive falls prevention dashboard with enhanced decision support for residential aged care, Dr. Amy Nguyen, Australian Institute of Health Innovation, Macquarie University

243

2C.4

Mental health service needs and access for urban Aboriginal and Torres Strait Islander people in Southeast Queensland, Dr Sandra Diminic, Queensland Centre for Mental Health Research

356

2E.5

Supporting Global Research Participation with Technology in the COM-IC project to develop core outcome measures for dementia care in Australia, Mrs Danelle Kenny, University of Queensland Centre for Health Services Research

14:25

14:30

98

Evaluation of a new emergency department avoidance service for older people: staff and referrer experiences, Professor Gillian Harvey, Flinders University

484

2B.7

Are Transition Care Program clients becoming more complex over time? a review of aged care data from 2006-2023, Dr Natasha Reid, The University of Queensland

176

2C.5

Non-Indigenous working to advance Indigenous health equity: building the narrative of health research and clinician allies identified by Indigenous Elders and Knowledge Holders, Ms Francesca Storey, Te Tātai Hauora o Hine National Centre for Women's Health Research Aotearoa, Victoria University of Wellington

197

2C.6

'Driving culturally safe care' - Indigenous Primary Health Care staff perspectives on collecting patient feedback, Dr Amal Chakraborty, University Centre for Rural Health, The University of Sydney

Q & A (25 minutes)

14:35

14:40

64

Early economic evaluation for the development and management of an intermediate Complex And Restorative (CARE) service for older adults in South Australia, Jonathan Karnon, Flinders Health & Medical Research Institute, Flinders University

Q & A (15 minutes)

Q & A (10 minutes)

Q & A (40 minutes)

14:50 - 15:20

Afternoon Tea (Hall A)

15:20 - 16:45

CONCURRENT SESSION 3

Room: Hall B

Symposium 03: The impact of out-of-pocket costs on the day-to-day lives of people living with chronic health conditions in Australia: lived experience research informing health policy

Room: Meeting Room 1

Chair: Robin Blythe

Session 3B : Integrated Care

Room: Meeting Room 2

Chair: Zephania Tyack

Session 3C: Mental Health

Room: Meeting Room 3

Chair: Sundresan Naicker

Session 3D: Capacity Building and Education

Room: Meeting Room 4

Chair: Alison Pearce

Session 3E: PROMs, PREMs and Preferences

15:20

391 Experiences of out-of-pocket costs among Australians with chronic conditions: a systematic review of the qualitative literature., Associate Professor Jane Desborough, Australian National University

119 3B.1 Long Oral Implementation of an asynchronous general practitioner-to-specialist eConsult service (eConsultant) in Australia, Dr Jenny Job, Centre for Health System Reform and Integration, Mater Research-University of Queensland

78 3C.1 Factors associated with Medicare mental health services access and utilisation by Aboriginal and Torres Strait Islander peoples in southeast Queensland, Dr Xiaoyun Zhou, Queensland Centre for Mental Health Research, UQ

169 3D.1 Building capacity for knowledge translation in the health workforce: Impact of the Allied Health Translating Research into Practice program, Dr Adrienne Young, The University of Queensland

414 3E.1 A discrete choice experiment to elicit preferences for chronic disease screening programs in Australia, Dr Michelle Allen, Queensland University of Technology

15:25

392 The impact of out-of-pocket costs on people living with chronic conditions; applying Maslow's theory of the hierarchy of human needs., Associate Professor Jane Desborough, Australian National University

222 3B.2 Long Oral Simple versions of discharge summaries for patients generated via a large language model, Dr Julie Ayre, University of Sydney

29 3C.2 Deriving consumer and carer preference weights for outcomes and items to inform evaluation and priority-setting in mental healthcare., Rachel O'Loughlin, The University of Melbourne

371 3D.2 HIRAID™ improves the quality of emergency nursing in rural Australia, Louise Casey, University of Sydney

198 3E.2 Speaking out for safe, comprehensive primary health care: First Nation's designed PREM, Tracey Piccoli, University Centre for Rural Health, Faculty of Medicine and Health, The University of Sydney

15:30

390 Impact of income on people with chronic conditions' use of strategies to manage the out-of-pocket costs of healthcare and medicines in Australia: a qualitative framework analysis study., Associate Professor Jane Desborough, Australian National University

45 3B.3 Short Oral Unwanted variability in the handover process between hospital and temporary recovery care, Professor Kees Ahaus, Erasmus School of Health Policy & Management, Erasmus University Rotterdam, The Netherlands

92 3C.3 Long Oral 30 years of public mental health data and policy in Australia, Dr Alison Gee, Australian Institute Of Health And Welfare

113 3D.3 The effectiveness and cost-consequences of a multi-component hospital avoidance program in 11 residential aged care homes: results from a stepped-wedge cluster randomised trial, Hannah Carter, Australian Centre For Health Services Innovation

160 3E.3 Feasibility of routine collection of patient reported outcome measures using a co-designed collection system, Ms Lucy Marsh, Peninsula Health

15:35

393 Dear Health Minister - Consumer suggestions for policy changes to reduce the burden of out-of-pocket costs of health care and medicines for people living with chronic conditions in Australia., Associate Professor Jane Desborough, Australian National University

229 3B.4 Short Oral Local implementation of integrated care reforms: The interplay between regional context and state policy in the Collaborative Commissioning initiative, A/Prof Carmen Huckel Schneider, University of Sydney

152 3C.4 Development of a forensic mental health service planning model in Australia, Charlotte Comben, Queensland Centre for Mental Health Research

288 3D.5 Implementation and evaluation of training in a systems thinking methodology for health services, Ms Margaret Murray, Deakin University

323 3E.5 Investigating women's preferences for maternity service delivery in a future pandemic: a discrete choice experiment, Annie Tan, Deakin University

15:40

393 Assessment of the limitations of economic evaluation of integrated care interventions for chronic diseases, Dr Souhayed Hedfi, Center for health services research, University of Queensland

467 3B.5 Short Oral Local implementation of integrated care reforms: The interplay between regional context and state policy in a data driven collaborative commissioning initiative, A/Prof Carmen Huckel Schneider, University of Sydney

285 3D.6 Australian Hospital EMR Data Transformation to OIMOP Common Data Model: Enabling Multi-Institutional Research, Professor Douglas Boyle, Ardc

443 3D.4 Short Oral Avoiding hospital transfers: Insights and lessons learned from the EDDIE+ study, Dr Michelle Allen, Queensland University of Technology

168 3E.4 Cocreating digital PREMs suitable for people with intellectual disability in the Listen to Me project, Dr Bronwyn Newman, Macquarie University

15:45

393 Pilot study of the DoctorOnCall SIHAT telehealth program for the remote management of Type 2 diabetes in Malaysia, Dr Jessica Watterson, Monash University

447 3B.6 Short Oral Proactive Rehabilitation Screening – preliminary results, Dr Jane Wu, St Vincent's Hospital Sydney

438 3C.5 Mental health in people with macular disease – Associations with loneliness and social isolation, Dr Sheela Kumaran, University of New South Wales

448 3D.7 Development of a Health Services Research Impact Assessment Tool., Ms Allison Drosdowsky, Peter MacCallum Cancer Centre

269 3E.6 Health-related quality of life and utility of maternity health states amongst post-partum Australians, Dr Elizabeth Martin, Wesley Research Institute

16:00

393 Proactive Rehabilitation Screening – preliminary results, Dr Jane Wu, St Vincent's Hospital Sydney

277 3C.6 Short Oral Understanding and optimising pathways for individuals in distress in the construction industry: a data linkage study, Associate Professor Carla Meurk, Queensland Centre For Mental Health Research

281 3C.7 Understanding use of civilian health services by veterans who experience suicide crisis: findings from a linked data study, Associate Professor Carla Meurk, Queensland Centre For Mental Health Research

83 3E.7 SWIFT Insights: Exploring clinicians' perspectives on the use of patient-reported outcomes measures (PROMs) for symptom monitoring in nephrology, Jessica Nikolovski, University Of Sydney

THURSDAY 5 DECEMBER 2024

7:00	Speaker Support Open, Meeting Room 7					
7:45	Registration Open, Level 1 - Upper Registration Desk					
8:45 - 9:00	WELCOME - DAY 2 Plenary Room: Hall B					
9:00 - 10:30	PLENARY SESSION 2 Chair: A/Prof Zephania Tyack Plenary Room: Hall B					
	<p>Invited Speaker: Evidence as a driver for clinical decision support selection Professor Melissa Baysari, The University of Sydney</p> <p>Invited Speaker: Professor Sarah Larkins, James Cook University</p> <p>Invited Speaker: Dr Fiona Russo</p> <p>Panel Discussion: Consumer and stakeholder involvement in digital health services research</p>					
10:30 - 11:00	Morning Tea (Hall A)					
11:00 - 12:30	FEATURED RESEARCH SESSION / CONCURRENT SESSION 4					
	Room: Hall B	Room: Meeting Rooms 1, 2, 3	Room: Meeting Room 4	Room: Meeting Room 5		
	Sponsored Symposium 04 - HCF Foundation	Sponsored Symposium 05 - Australian Teletrials Program	Chair: Jason Pole	Chair: Adrienne Young		
	Sponsored by: 	Sponsored by: 	Session 4E: LIGHTNING TALKS	Session 4F: LIGHTNING TALKS		
11:00	<p>11:00</p> <p>11:15</p> <p>11:30</p> <p>11:45</p> <p>HCF Symposium 04</p> <p>A patient decision support tool for total knee replacement – results from a randomised control trial, Dr Chris Schilling, University of Melbourne</p> <p>Back@Home: a virtual hospital for back pain in the Sydney Local Health District, Gustavo Macahdo, The University of Sydney</p>	<p>11:00</p> <p>11:15</p> <p>11:30</p> <p>11:45</p> <p>ATP Symposium 05</p> <p>Introduction session – Kaye Hewson, ATP National Office</p> <p>Evidence-Based Communication- Lorelle Silveira, ATP National Office</p> <p>Digital uplift of a country health system- Narelle Mullan, ATP-WA</p>	42 4E.1	Minimising alert fatigue in digital healthcare: Think rankings, not thresholds, Robin Blythe, QUT	26 4F.1	Insights into Cardiac Care Challenges and Disparities in Australia., Dr Sumudu Hewage, Queensland University of Technology (QUT)
			53 4E.2	Counting the cost of hospitalised injury from administrative data: three considerations, Dr Clifford Afoskwah, Queensland University of Technology	208 4F.2	Improving surveillance and quality of care for patients living with chronic kidney disease using complementary population-based data sources from Canada and Australia, Dr Paul Ronksley, University of Calgary
			56 4E.3	Developing the Local Consensus for Implementation Model, Dr Lisa Pagano, Macquarie University	221 4F.3	mHealth use and needs analysis of people with diabetes and GPs in a socioeconomically marginalised, urban Australian GP-led diabetes clinic, Dr David Chua, Centre For Health Services Research, University of Queensland
			131 4E.4	Navigating Mobility: Understanding organisational factors shaping adult patient mobility in acute care settings, Ms Joanne Nolan, SA Health SALHN	309 4F.4	The impact of home energy upgrades on healthcare utilisation and costs of people with cardiovascular, respiratory and mental health conditions, Dr Katie Page, UTS
			318 4E.5	Morbidity and Mortality meetings – are they meeting the needs of clinicians and health services?, Dr Emily Steel, Kylie Sellwood, Metro South Health	432 4F.5	"Happiness around here is very contagious": the experience, benefits and barriers of peer support for people living with heart disease, Dr Emily Li, University of Sydney
			362 4E.6	You follow your baby everywhere: How personality traits influence healthcare utilisation in the Australian healthcare system, John Paul Kuwornu, Queensland University of Technology	469 4F.6	The burden of long COVID: quantifying the lived experience of long COVID, Prof Paula Lorgelly, Waipapa Taumata Rau, University of Auckland
			386 4E.7	Exploring challenges in leveraging implementation science principles for evaluating digital health interventions, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, School of Public Health and Social Work, QUT	472 4F.7	Cost-effectiveness of Deep Brain Stimulation for the management of Parkinson's disease, Mr CHIEMENKA CHINAKA, Queensland Brain Institute, University of Queensland
			305 4E.8	Assessing the Impact of an Integrated Community Care Program on Hospital Readmission and Emergency Department Representation Rates: An Interrupted Time Series Analysis, Dr Brendan Shannon, Monash University	14 4F.8	A Novel Digital App Enhances Patient-Centred Communication at the Bedside, Ms Penelope Casey, School of Nursing and Midwifery- Centre for Quality and Patient Safety Research (Eastern Health), Deakin University
			398 4E.9	Implementing technology-supported home-based care for older Australians, A/Prof Frances Batchelor, National Ageing Research Institute	28 4F.9	Recognising consumers' contribution to health research: a survey of research organisations' perspectives, Ms Mingming Zhou, ANU
			451 4E.10	Use of non-admitted geriatric and allied health services by people living with dementia in community and residential aged care, Mr Stephen Moules, University of Wollongong	490 4F.10	Health service utilization by quota, family-sponsored and convention refugees in their first five years in New Zealand, Dr Frederieke S Petrović-van der Deen, University of Otago

CONCURRENT SESSION 5

Room: Hall B		Room: Meeting Room 1 Chair: Zephania Tyack		Room: Meeting Room 2 Chair: Liz Martin		Room: Meeting Room 3 Chair: David Chua		Room: Meeting Room 4 Chair: Rebecca Jessup		Room: Meeting Room 5 Sustainability Mini Symposium - Elecseed	
Symposium 07: Building an innovation and research culture in a public community health service		Session 5B: Rural & Remote Health		Session 5C: Cancer (1)		Session 5D: Digital Interventions		Session 5E: 3MT		Sponsored by: 	
13:30								5	5E.1	Virtual Hospital Care for Low Back Pain (Back@Home), Mrs Alla Melman, University of Sydney	
13:35	68	81	5B.1	49	5C.1	31	5D.1	103	5E.2	Virtual care solutions for improving patient-centred health services and system efficiency, Ms Linh Vo, Australian Centre For Health Services Innovation, Queensland University Of Technology	Utilizing 5G Private Networks for Sustainable Healthcare Services Through Smart Devices and Resource Monitoring Ms Carly Irving-Dolan, Executive Director Advisory and Contracting, Prospecta Utilities
13:40								199	5E.3	Advancing Healthcare through the Development of an Economic Implementation Toolkit, Lane Carrandi, Monash University	
13:45								237	5E.4	Incident data related to nasogastric tubes. What does the data tell us?, Ms Kate Glen, Queensland University of Technology	
13:50	141	70	5B.2	487	5C.2	268	5D.2	245	5E.5	Optimising equity and access in Australia's lung cancer screening program, Hannah Jongebloed, Deakin University	
13:55								336	5E.6	Why should we integrate allied health stroke assessment?, Aleysha Martin, Mater Research Institute - University of Queensland	
14:00								348	5E.7	Future-proofing fertility: Using 'big data' to overcome a silent superbug, Ms Sara Bell, The University of Queensland	
14:05	157	174	5B.3	257	5C.3	33	5D.3	365	5E.8	When diagnostics and digital health collide: benefit or bedlam?, Ms Julie Li, Macquarie University	
14:10								379	5E.9	Using artificial intelligence to identify complex patients in general medicine, Ms Elena Gerstman, Austin Health	
14:15								423	5E.10	Enhanced Longitudinal Analyses for Community Opioid Dispensing following Injury, Miss Tasmiah Sad Sutopo, Queensland University Of Technology	
14:20	84	206	5B.4	434	5C.4	4	5D.4	474	5E.11	Realist Economic Evaluation and Policy Analysis of the Payment Mechanism of the Lead Maternity Carer Service in New Zealand, Dr Olawale Ojaidimeji, University of Auckland	
14:25								475	5E.12	Economics of Clinical Pathways in the Emergency Department: Chest Pain, Dr Rishita Chandra, University of Tasmania	
14:30				177	5C.5						
14:35	140	241	5B.5	191	5C.6		406	5D.5			
14:40				252	5C.7						
14:45							195	5D.6		Q & A (30 minutes)	
14:50	180		Q & A (15 minutes)				225	5D.7			
14:55											
15:00 - 15:30	Afternoon tea (Hall A)										

THURSDAY 5 DECEMBER 2024 cont...

CONCURRENT SESSION 6																			
Room: Hall B		Room: Meeting Room 1		Room: Meeting Room 2		Room: Meeting Room 3		Room: Meeting Room 4		Room: Meeting Room 5									
Chair: Paul Kuwornu		Chair: Paul Kuwornu		Chair: Jason Pole		Chair: Adrienne Young		Chair: Steven McPhail		Chair: Alison Pearce									
Symposium 08: Behind the Screens: The Genesis, Advancement and Efficacy of the World's Largest Virtual Emergency Department		Session 6B: Primary Care Data		Session 6C: Cutting Edge Methods and Meta Research		Session 6D: Health Workforce		Session 6E: Big Data and Data Linkage		Session 6F: LIGHTNING TALKS									
15:30	417	From Concept to Reality: A Comprehensive Exploration into the Development and Evolution of a Virtual Emergency Department, Dr Jason Talevski, Northern Health	144	68.1	Long Oral	Impact of an integrated general practitioner-paediatrician model on GP hospital referrals and GP paediatric care: a stepped wedge trial, Professor Raghu Lingam, UNSW	394	6C.1	Non-publication bias in clinical prediction modelling and the role of health services research, Nicole White, AUSHSI	120	6D.1	Artificial intelligence in radiation therapy treatment planning: A Discrete Choice Experiment, Milena Lewandowska, Centre for Health Economics Research and Evaluation, University of Technology Sydney, NSW	429	6E.1	Visualising the patient journey: the Queensland Injury Atlas beta, A/Prof Susanna Cramb, Queensland University of Technology	24	6F.1	Shaping future practices: Understanding the perception of German-speaking medical and dental students of artificial intelligence – an online survey, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany	
15:35	424	The VVED Then and Now: A Descriptive Analysis of The Reach and Uptake of The Victorian Virtual Emergency Department, Associate Professor Adam Semciw, La Trobe University	311	68.2	Long Oral	Primary health care policy in Aotearoa – an overview of what has changed since 2010, what hasn't and why., Dr Tim Tenbensele, University of Auckland	321	6C.2	Evaluating the implementation of Standing Tall-er: Applying the NASSS framework to determine scalability and sustainability for preventing falls, Dr Meghan Ambrens, Neuroscience Research Australia	306	6D.2	Investigating consumer preferences and experiences after spinal cord injury: a data linkage study, Miss Samantha Borg, Queensland University of Technology	235	6E.2	Queensland community opioid dispensing practices after spinal cord injury: a data linkage study, Miss Samantha Borg, Queensland University of Technology	143	6F.2	Using behaviour change theory to enhance understanding, application, and education of causal inference methods in infectious disease research, Ms Yukiko Ezure, University of Queensland	
15:40	121	Symposium 08 The Impact of Socioeconomic Status on Utilization of a Virtual Emergency Department: An Exploratory Analysis, Dr Jennie Hutton, Victorian Virtual Emergency Department	370	68.4	Long Oral	Practical anonymization of free text primary care notes, Dr Roman Klipaukh, University of Melbourne	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	9	6D.3	Sustaining reductions in specialist clinic waitlists using data and a fresh mind-set, Prof Katherine Harding, Eastern Health	468	6F.10	"Nobody wants to log in to things" – a qualitative study examining general practice experience with technology in two integrated care projects, Mr John Mulvey, The George Institute for Global Health			
15:45	303	Investigating access to a Virtual Emergency Department for a culturally diverse population: An Exploratory Analysis, Mr Mokhaled Mohammed, Northern Health	409	68.5	Short Oral	Primary care data for research and improvement: challenges and opportunity, Dr Rachel Canaway, The University of Melbourne	488	6C.3	Development of a risk factor-based life expectancy calculator using metamodeling and machine learning: a proposed method and case study in diabetes, Associate Professor An Tran-Duy, University of Melbourne	124	6D.4	Recovery from COVID-19 (ReCOV): Feasibility of an Allied Health led Post COVID-19 clinic for hospital staff – a mixed methods study, Dr Aruska D'Souza, The Royal Melbourne Hospital	170	6E.3	Australian Cancer Atlas 2.0: uniquely informing provision of optimal placement of cancer-related services, Professor Peter Baade, Cancer Council Queensland	43	6F.11	Locally adapted guidelines - a scoping review, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany	
15:50	441	Impact of the Victorian Virtual Emergency Department on Physical ED Utilisation and Patient Mortality, Dr Loren Sher, Northern Health	291	68.7	Short Oral	Opportunities for linked-data to inform health service utilisation equity: A demonstration using statewide linked primary and tertiary healthcare data, Tristan Bouckley, The George Institute for Global Health	85	6C.4	Short Oral	Where does the Digital Age data come from?, Ms Sarah Colhoun, University of Otago	271	6D.6	Insights from Expert Elicitation: Prioritising Pathogens for Australian Public Health Response, Dr Tehzeeb Zulfiqar, The Australian National University	273	6E.4	Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia	184	6F.15	@research - Development of a regional health services research teaching hub, Ms Tennille Lewin, Peter MacCallum Cancer Centre
15:55	303	Investigating access to a Virtual Emergency Department for a culturally diverse population: An Exploratory Analysis, Mr Mokhaled Mohammed, Northern Health	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	9	6D.3	Sustaining reductions in specialist clinic waitlists using data and a fresh mind-set, Prof Katherine Harding, Eastern Health	468	6F.10	"Nobody wants to log in to things" – a qualitative study examining general practice experience with technology in two integrated care projects, Mr John Mulvey, The George Institute for Global Health			
16:00	303	Investigating access to a Virtual Emergency Department for a culturally diverse population: An Exploratory Analysis, Mr Mokhaled Mohammed, Northern Health	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	9	6D.3	Sustaining reductions in specialist clinic waitlists using data and a fresh mind-set, Prof Katherine Harding, Eastern Health	468	6F.10	"Nobody wants to log in to things" – a qualitative study examining general practice experience with technology in two integrated care projects, Mr John Mulvey, The George Institute for Global Health			
16:05	303	Investigating access to a Virtual Emergency Department for a culturally diverse population: An Exploratory Analysis, Mr Mokhaled Mohammed, Northern Health	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	409	68.5	Short Oral	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPHCE, University of NSW	9	6D.3	Sustaining reductions in specialist clinic waitlists using data and a fresh mind-set, Prof Katherine Harding, Eastern Health	468	6F.10	"Nobody wants to log in to things" – a qualitative study examining general practice experience with technology in two integrated care projects, Mr John Mulvey, The George Institute for Global Health			
16:10	441	Impact of the Victorian Virtual Emergency Department on Physical ED Utilisation and Patient Mortality, Dr Loren Sher, Northern Health	291	68.7	Short Oral	Opportunities for linked-data to inform health service utilisation equity: A demonstration using statewide linked primary and tertiary healthcare data, Tristan Bouckley, The George Institute for Global Health	85	6C.4	Short Oral	Where does the Digital Age data come from?, Ms Sarah Colhoun, University of Otago	271	6D.6	Insights from Expert Elicitation: Prioritising Pathogens for Australian Public Health Response, Dr Tehzeeb Zulfiqar, The Australian National University	273	6E.4	Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia	184	6F.15	@research - Development of a regional health services research teaching hub, Ms Tennille Lewin, Peter MacCallum Cancer Centre
16:15	441	Impact of the Victorian Virtual Emergency Department on Physical ED Utilisation and Patient Mortality, Dr Loren Sher, Northern Health	291	68.7	Short Oral	Opportunities for linked-data to inform health service utilisation equity: A demonstration using statewide linked primary and tertiary healthcare data, Tristan Bouckley, The George Institute for Global Health	85	6C.4	Short Oral	Where does the Digital Age data come from?, Ms Sarah Colhoun, University of Otago	271	6D.6	Insights from Expert Elicitation: Prioritising Pathogens for Australian Public Health Response, Dr Tehzeeb Zulfiqar, The Australian National University	273	6E.4	Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia	184	6F.15	@research - Development of a regional health services research teaching hub, Ms Tennille Lewin, Peter MacCallum Cancer Centre

THURSDAY 5 DECEMBER 2024 cont...

15:30 - 16:45							CONCURRENT SESSION 6 cont...						
Room: Hall B		Room: Meeting Room 1		Room: Meeting Room 2		Room: Meeting Room 3		Room: Meeting Room 4		Room: Meeting Room 5			
Symposium 08: Behind the Screens: The Genesis, Advancement and Efficacy of the World's Largest Virtual Emergency Department		Chair: Paul Kuwornu		Chair: Jason Pole		Chair: Adrienne Young		Chair: Steven McPhail		Chair: Alison Pearce			
		Session 6B: Primary Care Data		Session 6C: Cutting Edge Methods and Meta Research		Session 6D: Health Workforce		Session 6E: Big Data and Data Linkage		Session 6F: LIGHTNING TALKS			
16:20		430	6B.9	492	6C.5	494	6D.7			217	6F.16		
		Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care		Using social networking sites in health research: a case study, Dr Sara Holton, Monash University		Measuring the clinical impact of research growth in a public health service organisation, Dr Tilley Pain, Townsville Hospital and Health Service				Mixing it up: Exploring the motivations and experiences of consultants in public-private dual practice in southern New Zealand, Mr Gavin Bishop, University of Otago			
16:25	352			19	6C.6	495	6D.8	273	6E.4	264	6F.17		
		Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-tree analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health		Development and collective case study of the Cost-IS (costing implementation strategies) instrument for digital health solutions, Miss Thomasina Donovan, Queensland University Of Technology		Fortifying foresight- exploring implementation determinants in data-driven interventions for delirium, Swapna Gokhale, Eastern Health/Monash University		Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia		Compensable General Practitioner consultations remains high during long workers' compensation claims, Dr Michael Di Donato, Monash University			
16:30										270	6F.18		
		Q & A (20 minutes)						290	6E.5				
								Promoting visibility among the invisible - A linked-data approach to support more equitable health system planning and implementation, Tristan Bouckley, The George Institute for Global Health					
16:35								247	6E.6				
								Associations of neighbourhood air pollution and greenery with hospital admissions related to cardiometabolic disease, Dr Alison Carver, Monash University		Q & A (15 minutes)			
16:40													
								Q & A (5 minutes)					
16:45		Close											

FRIDAY 6 DECEMBER 2024

8:00	Speaker Support Open, Meeting Room 7													
8:00	Registration Open, Level 1 - Upper Registration Desk													
9:00 - 9:15	WELCOME - DAY 3 Plenary Room: Hall B													
9:15 - 10:15	PLENARY SESSION 3 Chair: Steven McPhail Plenary Room: Hall B													
	International Keynote: Economic evaluation for health care decision-making: are we ready for the digital age? Professor Mike Drummond, University of York in the United Kingdom					Sponsored by:   								
	Fireside Chat: Health economics in the digital era													
10:15 - 10:45	Morning Tea (Hall A)													
10:45 - 12:15	CONCURRENT SESSION 7													
	Room: Hall B Symposium 09: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals	Room: Meeting Room 1 Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation	Room: Meeting Room 2 Chair: Chi Kin Law Session 7C: Cancer (2)	Room: Meeting Room 3 Chair: Qing Xia Session 7D: Costing Healthcare	Room: Meeting Room 4 Chair: Robin Blythe Session 7E: Primary Care	Room: Meeting Room 5 Chair: Steven McPhail Session 7F: LIGHTNING TALKS								
10:45						188	7F.1		Trends in the use of sodium-glucose cotransporter 2 inhibitors following hospitalisation with heart failure, New South Wales, Australia, Dr Jialing Lin, UNSW					
10:50			213	7C.1	The cost and carbon footprint of surveillance imaging for patients with resected stage III melanoma, Mr Jake Williams, University of Sydney	145	7D.1		Evaluating antipsychotic administration in delirium over seven years at a metropolitan health network, Paul Wembridge, Eastern Health					
10:55	260	Effectiveness and implementation of Hospital at Home, Dr Jason Wallis, Monash University	276	Utilising the National Centre for Healthy Ageing data infrastructure for digital innovation in residential aged care, Associate Professor Nadine Andrew, Monash University					431	7F.3	Statin intensity and survival after stroke in people with and without dementia, Ms Leonie Picton, Monash University			
11:00									67	7F.4	Equity and access to diabetes eye care in Te Toka Tumai Auckland 2008-2019: analysis of routinely collected health-facility data , Dr Pushkar Silwal, University of Auckland			
11:05												483	7F.5	A qualitative exploratory study of staff perspectives of patient non-attendance in an outpatient physiotherapy setting , Miss Shayma Mohammed Selim, Queensland University of Technology
11:10												420	7F.6	Towards the secondary use of clinical trial data, Dr Hugo Leroux, The Australian E-health Research Centre
11:15												52	7F.7	Long COVID Management in Primary Care, A/Prof Mona Jeffreys, Te Hikuwai Rangahau Hauora Health Services Research Centre, Te Herenga Waka - Victoria University of Wellington
11:20												100	7F.8	Use and effectiveness of general practitioner management plans and team care arrangements for patients with Type 2 diabetes, Dr Esa Chen, Monash University
11:25	96	Implementing the Virtual Emergency Care Service to safely avoid ED presentation., Dr Kim Hansen, Virtual Emergency Care Service	340	Feasibility of a codesigned digital health solution to enable consumers to identify and communicate their needs and preferences with healthcare staff across a hospital care continuum, Ms Rebecca Barnden, National Centre for Healthy Ageing								116	7F.9	Practice Changes in the Family Physician Workforce in Ontario, Canada: 1993-2022 , Mr Eliot Frymire, Queens University
												44	7E.3	Older incarcerated adults' access to prison health services: findings from a qualitative study in New South Wales prisons, Australia, Dr Amanuel Hagos, School of Population Health, University of New South Wales
												435	7F.11	HIV pre-exposure prophylaxis (PrEP) access in the modern age: a narrative review of PrEP telehealth models and their implementation considerations , Mr Tyson Arapali, Kirby Institute
												75	7E.4	Exploring the feasibility and acceptability of involving the Bilingual Community Navigator in the general practice setting of Sydney, Australia, Mr Sabuj Kanti Mistry, UNSW Sydney
												442	7F.12	Community health navigators in bilingual general practice, Dr Cathy O'Callaghan, University of New South Wales
												115	7E.5	Practice patterns of primary care physicians working in 'boutique' medical clinics in Ontario, Canada , Mr Eliot Frymire, Queens University
												79	7F.13	Comparison of 'Dental Caries Utility Index' and 'EQ-5D-5L' with the 'Oral Health Impact Profile-14': a cross-sectional study, Dr Ruini Hettiarachchi, Centre for the Business and Economics of Health, The University of Queensland, Queensland, Australia,

FRIDAY 6 DECEMBER 2024 cont...

10:45 - 12:15

CONCURRENT SESSION 7 cont...

	Room: Hall B	Room: Meeting Room 1	Room: Meeting Room 2	Room: Meeting Room 3	Room: Meeting Room 4	Room: Meeting Room 5
	Symposium 09: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals	Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation	Chair: Chi Kin Law Session 7C: Cancer (2)	Chair: Qing Xia Session 7D: Costing Healthcare	Chair: Robin Blythe Session 7E: Primary Care	Chair: Steven McPhail Session 7F: LIGHTNING TALKS
11:30	248 Symposium 09 A virtual hospital industry-research partnership in the private sector – learnings, successes, and opportunities, Dr Olivia Fisher, Wesley Research Institute	238 Symposium 09 Evaluating the Smart Ward sensor suite with the National Centre for Healthy Ageing Data Platform, Associate Professor Richard Beare, National Centre For Healthy Ageing/monash University	367 7C.4 Long Oral Practical guidance for preparing and conducting hybrid focus groups and online interviews with consumers for cancer research, Miss Xanthia Bourdaniotis, Cancer Council Queensland	397 7D.4 Long Oral Cost-effectiveness of 3D total-body photography in people at high risk of melanoma, Dr Daniel Lindsay, Qimr Berghofer Medical Research Institute	125 7E.6 Short Oral Primary care access and attachment in Canada: Ontario's centralized waitlists and the patients who use them, Mr Eliot Frymire, Queens University	202 7F.14 Hospital care experiences for people who mainly speak a language other than English, Gui Franco, Bureau Of Health Information
11:35						345 7F.15 Trial-based cost-utility analysis of PROMISE: Patient Reported Outcome Measures in cancer care: a hybrid effectiveness-implementation trial to optimise Symptom control and health service Experience., Prof Louisa Collins, Qimr Berghofer Medical Research Institute
						82 7F.16 Lightning Talk The influence of digital systems on person-centred nutrition care and interprofessional practice in hospitals, Hannah Olufson, Queensland Health / University Of Queensland
						186 7F.17 Risk appetite of hospital staff during discharge planning from subacute care: a multidisciplinary qualitative exploration, Dr Kate Gledhill, Monash University
11:40						300 The Promise and Pitfalls of Virtual Hospitals: Lessons from the Australian Public Health System, A/Prof Philip Haywood, Menzies Centre For Health Policy and Economics
11:45	361 7F.19 Exploring the relationship between health literacy, antibiotic knowledge, attitudes and behaviours in young Australian adults, Dr Katie Page, University of Technology Sydney					
11:50	Q & A	Q & A	Q & A (20 minutes)	156 7D.6 Short Oral How clinicians understand and measure value in Allied Health Primary Contact models of care: Informing a cost calculator, Dr Caitlin Brandenburg, Metro South Health	Q & A	Q & A
11:55						
12:00						
12:05	Q & A (10 minutes)					
12:10						
12:15 - 13:15	Lunch (Hall A) / 12:30pm - HSRAANZ AGM (MR 4)					

13:15 - 15:30

PLENARY 4 & CLOSING
Chair: Alison Pearce
Plenary Room: Hall B

Policy Makers Panel: the future landscape for health services research – A discussion with funders and policy makers

Closing Address - Award Presentations

15:30

Close

POSTER DISPLAYS

Paper #	Poster #	Theme	
Poster Presentations			
Wednesday 4 December - Lunch: P1-P79 - 13:00-13:30 (Hall A)			
37	P1	Acute Care	Omicron Surge Impact on Acute Kidney Injury in ICU Patients: A Study Using the ISARIC COVID-19 Database, Miss Dai Danyang, The University of Queensland
108	P2	Acute Care	Delirium and Cognitive Impairment: Why it's challenging to provide care, Mrs Margaret Cahill, Qld Health
175	P3	Acute Care	Examine the usage and benefits of mobile applications for sepsis-related healthcare: a scoping review of literature and a review of publicly available mobile applications, A/Prof Ling Li, Macquarie University
272	P4	Acute Care	Exploring the characteristics, outcomes and clinician perspectives of general medicine patients with complex allied health needs in the digital age – an observational cohort and cross-sectional survey, Ms Elena Gerstman, Austin Health
328	P5	Acute Care	Launch of a dedicated After-Hours Care Unit and the impact on junior doctors, Dr Cat Lunter, Princess Alexandra Hospital
376	P6	Acute Care	Adverse Events and Associated Economic Burden of COVID-19 Vaccination in Queensland, Australia: a cross-sectional QoVAX-Statewide study, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
404	P7	Acute Care	Research, Innovation and Care of hospitalised children: developing paediatric nurse research capacity, Sandra Charlton, Sydney Children's Hospital Network
123	P8	Acute Care	Mind the gap! Measuring the unmet clinical demand across allied health in general medicine – an audit of episodes of care and complexity post implementation of new model of care, Dr Aruska D'Souza, The Royal Melbourne Hospital
477	P9	Acute Care	Supporting knowledge translation within health services: an umbrella review of the use and impact of clinical pathways, Dr Rishita Chandra, University of Tasmania
218	P10	Admission Prevention Services	Community care navigation intervention for people who are at-risk of unplanned hospital presentations, Associate Professor Nadine Andrew, Monash University
246	P11	Admission Prevention Services	Modifiable risk factors for hospital readmission – patient and health professional perspectives, Ms Holly Wilson, School of Pharmacy, The University of Auckland
316	P12	Ageing	Valuing the economic burden falls injury in residential aged care to the Australian health system: A within-trial analysis, Dr Charles Okafor, The University of Queensland
355	P13	Ageing	Projecting future demand for residential aged care in Queensland, Imogen Page, Queensland Health
278	P14	Ageing	The interRAI assessment for elder abuse: we can do better? lessons from the elder abuse prevention fund project in New Zealand, Professor Robin Turner, University of Otago
286	P15	Ageing	The realities of digital connectivity for frontline aged-care workers, Ms Belinda Moshi, Wesley Research Institute
339	P16	Ageing	An analysis of falls in 25 residential aged care (RAC) facilities before and during COVID-19 lockdowns (2019 to 2021), Associate Professor Magda Raban, Macquarie University
343	P17	Ageing	Adapting a Sensory Support Intervention for Older Adults with Sensory Impairment for the Australian Home Care Setting, Dr Melinda Toomey, The University of Queensland
387	P18	Ageing	Using routinely collected data to develop and evaluate a clinical tool for early identification of palliative care needs in care homes: RESPECT-LTC, Ms Maya Murmann, Bruyere Research Institute
461	P19	Ageing	Quality Under the Microscope: Examining the Impact of Medicaid Policies on U.S. Long-Term Home Care, Dr Namal Balasooriya, The University of Queensland
485	P20	Ageing	The traffic light system: a novel predictive geriatric patient prioritisation machine learning model, Dr Abtin Ijadi Maghsoodi, Te Whatu Ora Health New Zealand
74	P21	Cancer	Factors impacting hospitalisation and related health service costs in cancer survivors in Australia: results from a population data linkage study in Queensland (COS-Q), Dr Katharina Merollini, University of the Sunshine Coast
76	P22	Cancer	Assessing the hospital volume-cost relationship in pancreatoduodenectomy (PD) for pancreatic cancer patients: a population-based longitudinal study, A/Prof Ling Li, Macquarie University
302	P23	Cancer	Strategies to improve adherence to skin self-examination and other self-management practices in people at high risk of melanoma: a scoping review of randomised clinical trials, Dr Deonna Ackermann, University of Sydney
331	P24	Cancer	Locally adapted meta-analysis: generating relevant effect estimates for the economic evaluation of supportive care interventions for breast cancer patients, Dr Jackie Roseleur, Flinders University
368	P25	Cancer	Consumer perspectives on data sharing in cancer research, Dr Lizzy Johnston, Cancer Council Queensland
327	P26	Cancer	Development and testing of consensus quality indicators for cancer supportive care: a Delphi study, Amelia Hyatt, Peter MacCallum Cancer Centre
23	P27	Chronic Disease	Women are leading the socioeconomic gradient transition in non-communicable diseases in China: longitudinal national data analysis between 1991 and 2020, Miss Xuemei Zhang, University Of Melbourne
16	P28	Chronic Disease	Improving Heart Failure Outcomes with the Smart-HF Program, Dr Chris Lynch, La Trobe University
22	P29	Chronic Disease	The effect of socioeconomic status mobility on adult's NCD development: a nationwide longitudinal data analysis in China between 1991 and 2020, Miss Xuemei Zhang, University Of Melbourne
61	P30	Chronic Disease	The Impact of Digital Solutions in the Outpatient Care of Diabetes on the Quadruple Aim: A Scoping Review, Mr Wenyong Wang, Queensland Health
149	P31	Chronic Disease	Machine learning techniques to predict diabetic ketoacidosis and HbA1c >7% among individuals with type 1 diabetes- a large multi-centre study in Australia & New Zealand, Professor Arul Earnest, Monash University
207	P32	Chronic Disease	The Changing Landscape in Cost-Utility Analysis Literature: An Australian Perspective, 1992-2022, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
99	P33	Chronic Disease	Cardiovascular disease incidence by ethnicity in New South Wales, Australia, Associate Professor Fiona Stanaway, University Of Sydney
372	P34	Chronic Disease	Economic evaluation of a Virtual Model of Antenatal asthma Care (VMAC) compared to a face-to-face model, Ms Aisha Towhari, University of Newcastle
481	P35	Chronic Disease	Healthcare use and costs among children with cerebral palsy participating in the GAME trial, Miss Xin Zhan, The University of Sydney
491	P36	Chronic Disease	Do choice of population and ethnicity information source affect estimates of ethnic disparities in non-communicable disease rates?, Dr Frederieke S Petrović-van der Deen, University of Otago
153	P37	Chronic Disease	Move to improve - prescribing physical activity and deprescribing paracetamol for low back pain in a waiting room point of care, Ms Josielli Comachio, The University of Sydney
342	P38	Chronic Disease	Differences in health-related quality of life among adults with and without behavioural risk factors for chronic disease: A systematic review and meta-analysis, Nirmali Sivapragasam, Queensland University of Technology
425	P39	Chronic Disease	Exploring how peer workers provide support to people with mental health conditions for healthy lifestyle, Sophie Love, University Of Newcastle
460	P40	Chronic Disease	Data linkage to inform health service planning for paediatric palliative care, Dr Alison Bowers, Queensland University of Technology
482	P41	Chronic Disease	Infant Toddler Quality of Life Questionnaire (ITQOL) among cerebral palsy children in GAME trial, Miss Xin Zhan, The University of Sydney
489	P42	Chronic Disease	Does area deprivation affect the lived experience of long COVID in Aotearoa?, Professor Paula Lorgelly, Waipapa Taumata Rau, The University of Auckland
87	P43	Community Based Care	Interprofessional collaboration between pharmacists and community health workers to improve medication adherence: a systematic review, Dr Carole Bandiera, University Of Sydney
111	P44	Community Based Care	Evaluation of WELLfed, Associate Professor Mona Jeffreys, Te Herenga Waka-victoria University of Wellington
214	P45	Community Based Care	Using data linkage to develop comorbidity profiles for community wound care clients, Ms Joanna Smith, Silverchain
219	P46	Consumer Engagement and Co-Design	Combining Systems Science and Implementation Science Approaches to Co-Design Implementation Strategies Within Health Services: A Case Study, Dr Anna Chapman, Deakin University
307	P47	Consumer Engagement and Co-Design	Using the Behaviour Change Wheel to develop strategies to improve adherence in randomised clinical trials: the example of MEL-SELF trial of patient-led surveillance for melanoma., Dr Deonna Ackermann, University of Sydney
310	P48	Consumer Engagement and Co-Design	Health information needs and preferences of parents and guardians of children transitioning home on oral antibiotic therapy, Mrs Jessica Suna, UQ
159	P49	Consumer Engagement and Co-Design	Cancer survivors' involvement in oncology research: A systematic review of co-designed digital initiatives, Associate Professor Skye Marshall, Deakin University

POSTER DISPLAYS

Paper #	Poster #	Theme	
Poster Presentations			
359	P50	Consumer Engagement and Co-Design	What are patients' perceptions or attitudes regarding the use of Artificial Intelligence in skin cancer screening or diagnosis - narrative review, Ms Preksha Machaiya Kuppanda, Centre For Health Services Research
256	P51	Consumer Engagement and Co-Design	Development of preventive health intervention apps for chronic disease prevention, Ms Joanna Munro, Health And Wellbeing Queensland
301	P52	Consumer Engagement and Co-Design	Comparing polarised and non-polarised dermatoscopes in the MEL-SELF trial of patient-led surveillance: a randomised study within a trial. , Dr Deonna Ackermann, University of Sydney
436	P53	Consumer Engagement and Co-Design	Checking your unconscious bias - A guideline for researchers engaging with consumers, Peta Dampney, Australian Frailty Network
457	P54	Consumer Engagement and Co-Design	Health system interventions for the cost containment of drugs used for cardiovascular diseases: A systematic review and exploration of how the results could be adapted to the Sri Lankan context, Dr Chaminda Jayasekara, Australian Center for Health Services Innovation, Queensland University of Technology, Australia
464	P55	Consumer Engagement and Co-Design	Preferences of adolescents and young adults for sexual and reproductive health services in Ethiopia: A discrete choice experiment, Mr Melaku Alemu, Curtin University
466	P56	Consumer Engagement and Co-Design	Developing a platform for translational research to inform policy and practice, Dr Justin Chapman, Griffith University
65	P57	Cutting Edge Methods	The Australian Evidence Ecosystem: Current Overview and Areas for Improvement, Professor Zachary Munn, HESRI, School of Public Health, University of Adelaide
106	P58	Cutting Edge Methods	Revolutionising access to research data in Australia , Professpr Adrian Barnett, Queensland University of Technology
59	P59	Cutting Edge Methods	Use of Neural Networks for Rare Disease Detection: A Systematic Review, Mr Sri Surya Krishna Rama Taraka Naren Durbha, George Mason University
80	P60	Cutting Edge Methods	Using the counterfactual framework to estimate non-intention-to-treat estimands in randomised controlled trials: a methodological scoping review , Ms Ellie Medcalf, The University Of Sydney
215	P61	Cutting Edge Methods	Title: Pivoting Pacific research methods for qualitative research during COVID-19 and beyond, Dr Marianna Churchward, Victoria University of Wellington
297	P62	Cutting Edge Methods	Beyond the metrics: the contribution of narratives in understanding the social impact of research, Dr Gabriel Moore, Menzies Centre For Health Policy And Economics
473	P63	Cutting Edge Methods	Beyond Realist Evaluation: Reviewing the Realist Economic Evaluation Approach, Dr Olawale Oladimeji, University of Auckland
259	P64	Diagnostic Medicine	Trends and issues in pathology point of care testing (PoCT) in Australian healthcare settings, Dr Mirela Prgomet, Macquarie University
284	P65	Diagnostic Medicine	Point of care testing (PoCT) standards: how do Australia's national standards compare?, Julie Li, Macquarie University
299	P66	Diagnostic Medicine	Point of care testing (PoCT) training resources in Australia: a review , Dr Judith Thomas, Macquarie University
142	P67	Emergency Care	Evaluation of the Priority Primary Care Centre program in the Western region of Victoria, Australia , Dr Feby Savira, Deakin University
146	P68	Indigenous Health	Critically examining health complexity experienced by urban Indigenous peoples in Canada by exploring the factors that allow health complexity to persist: a qualitative study of Indigenous patients in Calgary, Alberta , Dr. Anika Sehgal, University of Calgary
147	P69	Indigenous Health	Truth and Reconciliation in Medical Schools: Forging a Critical Reflective Framework to Advance Indigenous Health Equity, Dr. Anika Sehgal, University Of Calgary
395	P70	Indigenous Health	Training for Change: Tailoring Cultural Safety Training for Health Care Providers, Dr Lloy Wylie, Western University
139	P71	Integrated Care	Rural Rebalancing: RuralKidsGPS - Measuring the Value of Integrated Care Coordination, Dr Rezwatul Rana, Macquarie University
335	P72	Integrated Care	Integrating allied health services using a transdisciplinary assessment model, Aleysha Martin, Mater Research Institute - University of Queensland
407	P73	Integrated Care	Why is implementing Health Information Technology (HIT) so hard: understanding HIT implementation and health services integration for chronic disease management, Dr Chelsea Liu, National Centre for Epidemiology and Population Health, College of Health & Medicine, the Australian National University
453	P74	Integrated Care	Piloting a value-based care toolkit in an online community of practice platform, Dr Eloise Hummell, Queensland University of Technology
240	P75	Integrated Care	Governance of Australian integrated care in initiatives from 1995 to 2023: A scoping review, Alexandra de Souza, Menzies Centre For Health Policy & Economics, The University of Sydney
244	P76	Integrated Care	Key methodological, recruitment and implementation challenges within a randomised trial of a Community Health Navigator intervention with patients transitioning from hospital to home., Associate Professor Margo Barr, University of NSW
283	P77	Integrated Care	Hospital Nutrition Care in the Digital Age, Hannah Olufson, QLD Health
Poster Presentations			
Thursday 5 December - Lunch: P80-P145 - 13:00-13:30 (Hall A)			
25	P78	Medicine Provision	Exploring user and provider experiences with health education chatbots: a qualitative systematic review, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany
200	P79	Medicine Provision	Quality of Ambulatory Surgical Care: A Systematic Review and Meta-Analysis, Ms Pooja Arumugam, University of Queensland
38	P80	Mental Health	Schizophrenia and Diabetes Mobile-Assisted Remote Trainer (S.M.A.R.T.): A co-designed digital intervention to improve diabetes self-management in people with schizophrenia, Dr Urska Arnautovska, Queensland Health
265	P81	Mental Health	Understanding views on value based mental healthcare payment reform in a complex healthcare system: The Australian experience, Ms Alicia Norman, Macquarie University
88	P82	Mental Health	Prevalence and patterns of mental health service use for Australian workers with compensated low back pain, Dr Shannon Gray, Monash University
90	P83	Mental Health	Young Australians' use of mental health services, Esther Qiu, Australian Institute of Health and Welfare
93	P84	Mental Health	The availability of national data on Australian mental health services, Mr Kevin Yeo, Ms Indus Chopra, Dr Matt Robson and Ms Amy Young, Australian Institute of Health and Welfare
329	P85	Mental Health	Systematic Review of Economic Evaluations for Suicide Prevention, Dr Long Le, Monash University
347	P86	Mental Health	Establishment of a Cross-Domain Comprehensive Mental Health Care Model, Clinical Psychologist Yi-Feng Lu, Taipei City Hospital
410	P87	Mental Health	Mental health service use after minor to moderate motor vehicle crash injury: A systematic review, Dr Shannon Gray, Healthy Working Lives Research Group, School of Public Health and Preventative Medicine, Monash University
444	P88	Mental Health	Talking the talk and walking the walk: Using the right language in mental health and suicide prevention, Peta Dampney, Australian Frailty Network
21	P89	Occupational Health/Workforce	How change management models and methods have been applied in digital transformation? , Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University
126	P90	Occupational Health/Workforce	Patterns of physiotherapy attendance in compensated Australian workers with low back pain: a retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
128	P91	Occupational Health/Workforce	How much physiotherapy, chiropractic and osteopathy care do compensated Australian workers with low back pain receive? A retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
440	P92	Occupational Health/Workforce	Trauma Informed vs Trauma Responsive: What is the actual difference and what could we be doing better? , Peta Dampney, Australian Frailty Network
171	P93	Occupational Health/Workforce	High-risk opioid prescribing and persistent opioid use in Australian workers with back and neck musculoskeletal disorders or injuries, Dr Shannon gray, Monash University
77	P94	Perinatal and Maternal Health	Protocol for the process evaluation of the MOHMQuit trial (Midwives and Obstetricians Helping Mothers to Quit smoking), Dr Jo Longman, University Of Sydney
39	P95	Primary Care	The barriers and enablers for health professionals in providing vaping cessation support: A scoping study, Dr Jo Longman, University of Sydney
471	P96	Perinatal and Maternal Health	Payment mechanism of the Lead Maternity Carer service in Aotearoa New Zealand: Exploring the landscape of modular payment in maternal health., Dr Olawale Oladimeji, University of Auckland

POSTER DISPLAYS

Paper #	Poster #	Theme	
Poster Presentations			
476	P97	Perinatal and Maternal Health	Excess burden of preterm birth among immigrant women in high-income countries: a systematic review and meta-analysis, A/Prof Gizachew Tessema, Curtin University
416	P98	Perinatal and Maternal Health	Unveiling the economic burden of adverse perinatal outcomes from birth to early childhood in high-income countries: a systematic review, Tsegaye Haile, Curtin University
167	P99	Pharmacy and Prescribing	Psychotropic medicine utilisation in Australian workers with back and neck musculoskeletal disorders or injuries, Dr Michael Di Donato, Monash University
172	P100	Pharmacy and Prescribing	Impact of COVID-19 Pandemic on Adherence to Antidepressants in Saudi Arabia, Dr Khalid Orayj, King Khalid University
212	P101	Pharmacy and Prescribing	Relationship of a Pharmacist Delivered Minor Ailment Service in Ontario, Canada and Service Recipient Attachment to a Primary Care Provider, Dr. Liisa Jaakkimainen, University of Toronto
350	P102	Pharmacy and Prescribing	Changes in pregabalin dispensing to Australians with workers' compensation claims for low back pain following the listing of pregabalin on the pharmaceutical benefits scheme, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
375	P103	Pharmacy and Prescribing	Cost-Effectiveness of Semaglutide in Treating Type 2 Diabetes – a Systematic Review, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
493	P104	Pharmacy and Prescribing	Addressing Challenges and Opportunities of Indonesia's Pharmacy Digital Services: Lessons from Australia, Miss Siti Saleha, The University of Sydney
163	P105	Population/Environmental Health	The Digital Divide: Use of mobile health services use and self-efficacy, social adaptation in older adults, Lu Yang, Baker Heart and Diabetes Institute
34	P106	Population/Environmental Health	Creating an environment for virtual care: Infrastructure and capability requirements for efficient virtual healthcare delivery, Dr Ashfaq Chauhan, Macquarie University
58	P107	Population/Environmental Health	Use of an online valuation tool to create an SF-6Dv2 social value set for Aotearoa New Zealand, Associate Professor Trudy Sullivan, University of Otago
445	P108	Population/Environmental Health	Development of a taxonomy of suicide prevention services for a national need-based planning model in Australia, Mr Manuel Wailan, Queensland Centre for Mental Health Research
69	P109	Pre-clinical Research	Lean times but we still need the wins: Innovation in developing funding-readiness of researchers, Dr Sharon Brennan-Olsen, The Granted Group
150	P110	Pre-clinical Research	Using virtual models of care for outpatient services: a systematic review of quality-of-care outcomes, Dr Maryam Sina, Macquarie University
110	P111	Primary Care	Changes in primary health care utilisation in Aotearoa New Zealand, 2008-2023, Associate Professor Mona Jeffreys, Te Herenga Waka-victoria University of Wellington
130	P112	Primary Care	Pharmacist management of conjunctivitis in a primary care setting in Ontario, Canada, Mr Eliot Frymire, Queens University
48	P113	Primary Care	African Australians' health information needs and community-based health literacy solutions at the point of care, Dr Abela Mahimbo, University of Technology Sydney
294	P114	Primary Care	The use of alternative prehospital referral pathways by paramedics in Queensland: Barriers, facilitators, and potential solutions to improve implementation, Mrs celeste Trembath, QUT
363	P115	Primary Care	Effectiveness of models of care in improving the quality of care for non-specific low back pain, Sean Docking, Monash University
439	P116	Primary Care	Experience of, satisfaction with, and preference for telehealth for HIV and sexual health consultations: Results of a cross-sectional online survey of men who have sex with men in Australia, Dr Benjamin Bavinton, The Kirby Institute, UNSW Sydney
452	P117	Primary Care	Pathways to enhancing people-centred preventive healthcare: investigating the role of traditional and complementary medicine providers, Dr Rachel Canaway, The University of Melbourne
463	P118	Primary Care	Use of multi-sector whole-of-population linked data to inform telehealth policy in primary care in Australia, Associate Professor Jane Desborough, National Centre for Epidemiology And Population Health, Australian National University
266	P119	PROMs and PREMs	Patients' experiences with virtual care with NSW public hospital outpatient clinics, Gui Franco, Bureau of Health Information
10	P120	PROMs and PREMs	The impact of a targeted education package on the knowledge, attitudes, and utilisation of patient reported outcome measures amongst chiropractors in Australia, Dr Natalie Clohesy, Central Queensland University
11	P121	PROMs and PREMs	Clinicians' perceived value and demographic factors that predict the utilisation of patient reported outcome measures for low back pain amongst chiropractors in Australia, Dr Natalie Clohesy, Central Queensland University
12	P122	PROMs and PREMs	A preliminary investigation examining patient reported outcome measures for low back pain and utilisation amongst chiropractors in Australia: facilitators and barriers to clinical implementation, Dr Natalie Clohesy, Central Queensland University
13	P123	PROMs and PREMs	Utilization of Low Back Pain Patient Reported Outcome Measures Within Chiropractic Literature: A Descriptive Review, Dr Natalie Clohesy, Central Queensland University
50	P124	PROMs and PREMs	Health-related quality of life and work productivity impairment among people with knee osteoarthritis awaiting total knee replacement, Dr Zhomart Orman, Monash University
73	P125	PROMs and PREMs	Improving the uptake of patient reported outcome measures (PROMs) in the routine care of culturally and linguistically diverse (CALD) patients: a systematic review, Jessica Nikolovski, University of Sydney
204	P126	PROMs and PREMs	Patient Reported Outcomes: the real end goal (in Orthopaedic Surgery), Ms Elizabeth Walkley, Austin Health
205	P127	Rehabilitation	Avoiding Robot Roulette: A clinician's toolkit for choosing the optimal physical therapy robot, Melanie Carter, Metro North Health
374	P128	Rehabilitation	Feasibility of a multi-disciplinary, multi-modal prehabilitation service for patients undergoing major head and neck surgery with free flap reconstruction, Ms Lyndsey Hoogenhout, Royal Melbourne Hospital
117	P129	Cutting Edge Methods	Efficient for Whom? The Broader Implications of Innovative Clinical Trial Designs, Dr Alisa HIGGINS, ANZIC-RC, Monash University
89	P130	Rural and Remote Health	Launch of the Equitable Cancer Outcomes across Rural and Remote Australia (ECORRA) Program, Associate Professor Skye Marshall, Deakin University
154	P131	Rural and Remote Health	Evaluating a digital antibiogram tool to support data accessibility and use for improved antimicrobial stewardship in Northern Australia, Ms Yukiko Ezure, University of Queensland
166	P132	Rural and Remote Health	Implementation of the Virtual Integrated Practice (VIP) Partnership Program: Digitally enabled primary care in rural Queensland communities, Ruby Strauss, Centre for Health System Reform and Integration
296	P133	Rural and Remote Health	The Dietitian First Gastroenterology Clinic in the digital age – a virtual service model providing timely care closer to home, Hannah Olufson, Surgical Treatment and Rehabilitation Service (STARS)
337	P134	Rural and Remote Health	Staff-reported barriers and facilitators to the implementation of patient-focused interventions within regional and rural healthcare services: A rapid review, Dr Anna Chapman, Deakin University
55	P135	Rural and Remote Health	Enhancing health services through digital innovation: The Northern Australian Regional Digital Health Collaborative (NARDHC), Dr Michelle Krahe, James Cook University
91	P136	Rural and Remote Health	Giving a voice to rural Australians: A qualitative exploration of the relationship between health care access and well-being., Dr Katie Page, University of Technology Sydney
107	P137	Rural and Remote Health	Optimising Referral Pathways for Cancer Support Services in Regional WA: Protocol for a Digital Supportive Care Referral Toolkit, Dr Annemarie (Annie) De Leo, Edith Cowan University
112	P138	Rural and Remote Health	Digital transformation of Health Management Information System (HMIS) for effective health planning and management in conflict-affected Thai-Myanmar cross-border areas, Dr. Alex Zayar Phyo Aung, Community Partners International
158	P139	Rural and Remote Health	Mapping Domains of Health Equity in Telehealth: Bridging Gaps with Existing Instruments, Miss Siyu Wang, University of Sydney
178	P140	Rural and Remote Health	Little Wings Resilience Project: Insights into Strengthening Family Resilience in the Treatment Journey of Children with Chronic Conditions through Disasters or Emergencies, Mrs Katie McIntyre, Little Wings Ltd.
201	P141	Rural and Remote Health	Patient experience in small rural emergency care facilities, Gui Franco, Bureau of Health Information
279	P142	Rural and Remote Health	Factors Influencing Telemedicine Adoption: Comparative Insights from Literature and Practice, Aparna Venkataraman, The University of Queensland, Indian Institute of Technology Delhi
282	P143	Rural and Remote Health	Enhancing Telemedicine Adoption: The Role of Technology, Infrastructure, and Language Proficiency, Aparna Venkataraman, The University of Queensland, Indian Institute of Technology Delhi
334	P144	Rural and Remote Health	Implementation of provider-to-provider telehealth in country WA, Richard Varhol, Curtin University
401	P145	Cutting Edge Methods	Implementing and assessing health service research ethics and governance, Mrs Elisha M O'Dowd, Northern Health
