

# PROGRAM

## TUESDAY 3 DECEMBER 2024

13:00 - 17:00	<div> <b>WORKSHOP 1: Applied Economics in Health Services Design and Evaluation</b>  <b>LOCATION:</b> UQ Herston campus, Oral Health Building </div> <div> <b>WORKSHOP 2: Introduction to Implementation Science</b>  <b>LOCATION:</b> UQ Herston campus, Oral Health Building </div>
15:00 - 18:00	<p><b>Early Registration Open</b>, Level 1 - Upper Registration Desk  <i>For those delegates wishing to register prior to the first day of the Conference</i></p> <p><b>Early Speaker Support Open</b>, Meeting Room 7  <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i></p>

## WEDNESDAY 4 DECEMBER 2024

7:00	<b>Speaker Support Open</b> , Meeting Room 7
7:45	<b>Registration Open</b> , Level 1 - Upper Registration Desk
8:45 - 9:15	<b>OFFICIAL OPENING</b> Plenary Room: Hall B
	<p><b>Welcome and Welcome to Country</b>  <b>Official Opening:</b> The Official Opening will be conducted by Her Excellency the Honourable Dr Jeannette Young AC PSM, Governor of Queensland</p>
9:15 - 10:30	<b>PLENARY SESSION 1</b> Chair: Steven McPhail Plenary Room: Hall B
	<p><b>International Keynote:</b>  <b>Looking Back and Looking Forward: HSR in the Rapidly-Evolving Technology Ecosystem</b>  <b>Professor Julia Adler-Milstein</b>, University of California, San Francisco</p>
10:30 - 11:00	<b>Morning Tea</b> (Hall A)

## WEDNESDAY 4 DECEMBER 2024 cont...

11:00 - 12:15		CONCURRENT SESSION 1											
		Room: Hall B		Room: Meeting Room 1 Chair: Hannah Carter		Room: Meeting Room 2 Chair: Danyang Dai		Room: Meeting Room 3 Chair: Syed Adfraz Keramat		Room: Meeting Room 4 Chair: Michelle Allen			
		Symposium 01: Using consumer and community engagement to maximise the value, uptake and sustainability of research (while watching out for traps in the digital age!)		Session 18: Acute Care		Session 1C: Ageing and Aged Care		Session 1D: Pharmacy and Prescribing		Session 1E: Healthcare Implementation			
11:00	455	Using consumer and community engagement to shape decision-making in a multisite, regional study of mental health care navigation, Associate Professor Zephaniah Tyack, Queensland University of Technology	378	18.1	Improving emergency department efficiency with the help of Assistants in Medicine, Dr Xenia Dolja-Gore, University of Newcastle	498	1C.1	Extended pharmacist services: The service user viewpoint, Dr Janet McDonald, Te Hikuwai Rangahau Hauora-Health Services Research Centre, Te Herenga Waka-Victoria University of Wellington	227	1D.1	Adapting implementation theory to support pragmatic co-design of informatics demand management processes in a large metropolitan health service, Dr Sundares Naicker, Australian Centre For Health Services Innovation, School of Public Health and Social Work, QUT		
11:15	421	The CALD Health Engagement Project: understanding the importance and benefits of peer researchers and reciprocal engagement with communities, Dr Bridget Abell, Australian Centre For Health Services Innovation, Queensland University Of Technology	293	18.2	An analysis of healthcare use associated with medical emergency team (MET) calls in four acute hospitals in southeast Queensland, A/Prof Chi Kin Law, University of Sydney	287	1C.2	Sex differences in initiation and discontinuation of secondary prevention medications after stroke, Dr Lachlan Dalli, Monash University	351	1D.2	Moving Beyond Darcy Guidelines: Developing a National Clinical Practice Guidelines Dissemination and Implementation Model for Aotearoa's Maternity System, Dr Tarra McNally, Victoria University of Wellington		
11:30	57	Navigating the challenges of impostor participants in online qualitative research: lessons learned from a paediatric health services study, Miss Pakhi Sharma, Queensland University of Technology	400	18.3	Observing work-as-done: insights into institutional work and digital systems in healthcare, Dr Colleen Cheek, Macquarie University	346	1C.3	Mandatory Biologic-Biosimilar Switching in British Columbia, Canada, Did Not Result in Unintended Increases in Other Types of Healthcare Resource Utilization, Dr Mark Harrison, University of British Columbia	209	1D.3	Designing an acute hospital fall prevention program, Ms Charlotte McMennan, Sydney Local Health District, University of Sydney		
11:45			373	18.4	Measuring What Matters: What makes hospital nutrition and food services great quality?, Dr Adrienne Young, The University of Queensland	318	1C.4				A qualitative framework for understanding and prioritizing implementation principles in practice, Manasha Fernando, Queensland University of Technology (Australian Centre for Health Services Innovation)		
11:50	462	Setting up and operationalising a Consumers in Research Workgroup in a health services research centre, to embed consumers early in research and shape policy, Associate Professor Zephaniah Tyack, Queensland University of Technology	332	18.5	How often are patients recording their medical appointments and why? A national online mixed-methods survey in Australia, Amelia Hyatt, Peter Maccallum Cancer Centre	223	1C.5	Use of potentially inappropriate psychotropic medicines among older adults in 23 residential aged care facilities in Australia: a retrospective cohort study, Narjis Batool, Macquarie University	66	1D.4	Evaluating health service interventions to improve access to hospital care: searching for meaning and consistency, Professor Jonathan Kannon, Flinders University		
11:55			385	18.6	Electronic standard order set use across a multi-hospital system: Identifying behavioural determinants of continuous and sustained use, Dr Sundares Naicker, Australian Centre for Health Services Innovation, School of Public Health and Social Work, QUT	250	1C.6				From theory to practice: navigating change management in hospital redevelopment projects, Dr Ashfaq Chauhan, Macquarie University		
12:00						322	1C.7				Implementation of demand management interventions at scale: Statewide scale up of an intervention to improve timely access to community health services, Mrs Kate Noeske, La Trobe University / Eastern Health		
12:05					Q & A (15 minutes)			Q & A (15 minutes)					
							Q & A (10 minutes)				Q & A (10 minutes)		
12:15 - 13:30		Lunch (Hall A) / Poster Presentations: P1-P61 - 13:00-13:30 (Hall A) / ERGO Speed Mentoring - 12:45 - 13:30 (MR)											

## WEDNESDAY 4 DECEMBER 2024 cont...

13:30 - 14:50		CONCURRENT SESSION 2				
		Room: Hall B  Symposium 02: There must be a better way; establishing and evaluating an emergency department avoidance service for older people in Southern Adelaide	Room: Meeting Room 1 Chair: Kim-Huong Nguyen  Session 28: Data in Aged Care	Room: Meeting Room 2 Chair: Liz Martin  Session 2C: Indigenous Health	Room: Meeting Room 3 Chair: Glazchew Tessema  Session 2D: ED and Hospital Care	Room: Meeting Room 4 Chair: Megan Campbell  Session 2E: Consumer Engagement and Co-design
13:30	193	Establishing an emergency department avoidance service for older people in Adelaide, South Australia, A/Prof Craig Whitehead, Flinders University	233 28.1 Identification of dementia in older adults using linked data: A longitudinal study, Dr Kenia Delja-Gore, The University of Newcastle	220 2C.1 Covid-19 and Pacific peoples living in Aotearoa New Zealand: "Ensuring equity for Pacific1 peoples – Learning from a pandemic" – Preliminary findings, Dr Marianna Churchward, Victoria University of Wellington	164 2D.1 Emergency healthcare delivery for detainees in short-term police custody in Queensland: A qualitative exploration, Dr Caitlin Brandenburg, Metro South Health	162 2E.1 Establishing project governance utilizing consumer engagement and co-design in the Listen to Me project, Dr Bronwyn Newman, Macquarie University
13:45	187	"I want to be treated as a person": Consumer consultation workshops about older people's needs and preferences for urgent care services, Dr Miha Rajha, Flinders University	450 28.2 Health service use by people living with dementia in community and residential aged care: a propensity matched cohort study, Dr Louise Lago, UOW	314 2C.2 Decolonizing Population Health Research: Indigenous Methodology and the Ethical Imperative of Investigating Opioid Use Among First Nations in Manitoba, Dr Wanda Phillips-Beck, NHERSM	36 2D.2 Forecasting emergency department waiting times using deep neural networks, Dr Anton Pak, The University of Queensland	255 2E.2 Improving the efficacy of management consulting practice in the New Zealand public health system: a modified Delphi study, Professor Tim Stokes, University of Otago
14:00						
14:05	192	Investigating older people's preferences for an urgent care service: a discrete choice experiment, Prof Julie Ratcliffe, Flinders University	380 28.3 Can electronic medication systems improve indication and duration documentation for antimicrobial prescriptions in residential aged care? Associate Professor Magda Raban, Australian Institute of Health Innovation, Macquarie University	148 2C.3 Revolutionizing rural healthcare: A case study of community paramedicine in an Alberta First Nation, Dr. Anika Sehgal, University of Calgary	203 2D.3 Exploring variation in average length of hospital stay across NSW public hospitals for four clinical conditions and surgical procedures, Sadaf Marashi-Pour, Bureau Of Health Information	
14:10						
14:15			267 28.4 Co-design of a digital dashboard with aged care consumers and healthcare providers, Dr Amy Nguyen, Australian Institute of Health Innovation, Macquarie University			
14:20	251	Aboriginal perspectives on a "Better Way": digitally enabled urgent care for older people in Southern Adelaide, Assoc Prof Tamara Mackean, Flinders University	263 28.5 Development of a predictive falls prevention dashboard with enhanced decision support for residential aged care, Dr. Amy Nguyen, Australian Institute of Health Innovation, Macquarie University	243 2C.4 Mental health service needs and access for urban Aboriginal and Torres Strait Islander people in Southeast Queensland, Dr Sandra Diminic, Queensland Centre for Mental Health Research		
14:25			413 28.6 Using medication administration data to explore trends in pharmacological management of gout in residential aged care facilities, Dr Amy Nguyen, Australian Institute of Health Innovation, Macquarie University			
14:30	98	Evaluation of a new emergency department avoidance service for older people: staff and referrer experiences, Professor Gillian Harvey, Flinders University	484 28.7 Are Transition Care Program clients becoming more complex over time? a review of aged care data from 2006-2023, Dr Natasha Reid, The University of Queensland	176 2C.5 Non-Indigenous working to advance Indigenous health equity: building the narrative of health research and clinician allies identified by Indigenous Elders and Knowledge Holders, Ms Francesca Storey, Te Tiriti Hauora o Hine National Centre for Women's Health Research Aotearoa, Victoria University of Wellington	Q & A (40 minutes)	
14:35				197 2C.6 "Driving culturally safe care" - Indigenous Primary Health Care staff perspectives on collecting patient feedback, Dr Amal Chakraborty, University Centre for Rural Health, The University of Sydney		
14:40	64	Early economic evaluation for the development and management of an intermediate Complex And Restorative (CARE) service for older adults in South Australia, Jonathan Karnon, Flinders Health & Medical Research Institute, Flinders University	Q & A (15 minutes)		Q & A (10 minutes)	Q & A (25 minutes)
14:50 - 15:20		Afternoon Tea (Hall A)				

## WEDNESDAY 4 DECEMBER 2024 cont...

15:20 - 16:45

## CONCURRENT SESSION 3

Room: Hall B

**Symposium 03: The impact of out-of-pocket costs on the day-to-day lives of people living with chronic health conditions in Australia: lived experience research informing health policy**

Room: Meeting Room 1

Chair: Robin Blythe

## Session 3B : Integrated Care

Room: Meeting Room 2

Chair: Zephania Tyack

## Session 3C: Mental Health

Room: Meeting Room 3

Chair: Sundresan Naicker

## Session 3D: Capacity Building and Education

Room: Meeting Room 4

Chair: Alison Pearce

## Session 3E: PROMs, PREMs and Preferences

15:20	391	Experiences of out-of-pocket costs among Australians with chronic conditions: a systematic review of the qualitative literature, Associate Professor Jane Desborough, Australian National University	119	3B.1	Implementation of an asynchronous general practitioner-to-specialist eConsult service (eConsultant) in Australia, Dr Jenny Job, Centre for Health System Reform and Integration, Mater Research-University of Queensland	78	3C.1	Factors associated with Medicare mental health services access and utilisation by Aboriginal and Torres Strait Islander peoples in southeast Queensland, Dr Xiaoyun Zhou, Queensland Centre for Mental Health Research, UQ	169	3D.1	Building capacity for knowledge translation in the health workforce: Impact of the Allied Health Translating Research into Practice program, Dr Adrienne Young, The University of Queensland	198	3E.1	Speaking out for safe, comprehensive primary health care: First Nation's designed PREM, Tracey Piccoli, University Centre for Rural Health, Faculty of Medicine and Health, The University of Sydney
15:35	392	The impact of out-of-pocket costs on people living with chronic conditions; applying Maslow's theory of the hierarchy of human needs, Associate Professor Jane Desborough, Australian National University	222	3B.2	Simple versions of discharge summaries for patients generated via a large language model, Dr Julie Ayre, University of Sydney	29	3C.2	Deriving consumer and carer preference weights for outcomes and items to inform evaluation and priority-setting in mental healthcare, Rachel O'Loughlin, The University of Melbourne	371	3D.2	HIRAID™ improves the quality of emergency nursing in rural Australia, Louise Casey, University of Sydney	160	3E.2	Feasibility of routine collection of patient reported outcome measures using a co-designed collection system, Ms Lucy Marsh, Peninsula Health
15:50			45	3B.3	Unwanted variability in the handover process between hospital and temporary recovery care, Professor Kees Ahais, Erasmus School of Health Policy & Management, Erasmus University Rotterdam, The Netherlands							168	3E.3	Cocreating digital PREMs suitable for people with intellectual disability in the Listen to Me project, Dr Bronwyn Newman, Macquarie University
15:55	390	Impact of income on people with chronic conditions' use of strategies to manage the out-of-pocket costs of healthcare and medicines in Australia: a qualitative framework analysis study, Associate Professor Jane Desborough, Australian National University	229	3B.4	Local implementation of integrated care reforms: The interplay between regional context and state policy in the Collaborative Commissioning initiative, A/Prof Carmen Huckel Schneider, University of Sydney	92	3C.3	30 years of public mental health data and policy in Australia, Dr Alison Gee, Australian Institute Of Health And Welfare	113	3D.3	The effectiveness and cost-consequences of a multi-component hospital avoidance program in 11 residential aged care homes: results from a stepped-wedge cluster randomised trial, Hannah Carter, Australian Centre For Health Services Innovation	323	3E.4	Investigating women's preferences for maternity service delivery in a future pandemic: a discrete choice experiment, Annie Tan, Deakin University
16:00			447	3B.5	Assessment of the limitations of economic evaluation of integrated care interventions for chronic diseases, Dr Souhayel Hedfi, Center for health services research, University of Queensland							269	3E.5	Health-related quality of life and utility of maternity health states amongst post-partum Australians, Dr Elizabeth Martin, Wesley Research Institute
16:05			35	3B.6	Pilot study of the DoctorOnCall SINA telehealth program for the remote management of Type 2 Diabetes in Malaysia, Dr Jessica Watterson, Monash University				443	3D.4	Avoiding hospital transfers: Insights and lessons learned from the EDDIE+ study, Dr Michelle Allen, Queensland University of Technology	83	3E.6	SWIFT Insights: Exploring clinicians' perspectives on the use of patient-reported outcomes measures (PROMs) for symptom monitoring in nephrology, Jessica Nikolovski, University Of Sydney
16:10	393	Dear Health Minister - Consumer suggestions for policy changes to reduce the burden of out-of-pocket costs of health care and medicines for people living with chronic conditions in Australia, Associate Professor Jane Desborough, Australian National University	20	3B.7	Proactive Rehabilitation Screening – preliminary results, Dr Jane Wu, St Vincent's Hospital Sydney	152	3C.4	Development of a forensic mental health service planning model in Australia, Charlotte Comben, Queensland Centre for Mental Health Research	288	3D.5	Implementation and evaluation of training in a systems thinking methodology for health services, Ms Margaret Murray, Deakin University			
16:15									285	3D.6	Australian Hospital EMR Data Transformation to OMOP Common Data Model: Enabling Multi-Institutional Research, Professor Douglas Boyle, Ardc			
16:20						438	3C.5	Mental health in people with macular disease – Associations with loneliness and social isolation, Dr Sheela Kumaran, University of New South Wales	448	um	Development of a Health Services Research Impact Assessment Tool, Ms Allison Drosowsky, Peter MacCallum Cancer Centre			
16:25					Q & A (30 minutes)	277	3C.6	Understanding and optimising pathways for individuals in distress in the construction industry: a data linkage study, Associate Professor Carla Meurk, Queensland Centre For Mental Health Research						Q & A (35 minutes)
16:30						281	3C.7	Understanding use of civilian health services by veterans who experience suicide crisis: Findings from a linked data study, Associate Professor Carla Meurk, Queensland Centre For Mental Health Research			Q & A (20 minutes)			
16:35								Q & A (30 minutes)						

Welcome Reception (Hall A)

Sponsored by:

THURSDAY 5 DECEMBER 2024

7:00	Speaker Support Open, Meeting Room 7									
7:45	Registration Open, Level 1 - Upper Registration Desk									
8:45 - 9:00	<b>WELCOME - DAY 2</b> <b>Plenary Room: Hall B</b>									
9:00 - 10:30	<b>PLENARY SESSION 2</b> <i>Chair: A/Prof Zephania Tyack</i> <b>Plenary Room: Hall B</b>									
9:00	<b>Invited Speaker:</b> <b>Evidence as a Driver for Clinical Decision Support Selection</b> <b>Professor Melissa Baysari, The University of Sydney</b>									
9:20	<b>Invited Speaker:</b> <b>Mind the Gap! Digitally-Enabled Health Care to Improve Access, Equity and Quality: Lessons from Rural and Regional Health Systems Research</b> <b>Professor Sarah Larkins, James Cook University</b>									
9:40	<b>Invited Speaker:</b> <b>Australian Community Perspectives on Research Involvement</b> <b>Dr Fiona Russo, University of Southern Queensland</b>									
10:00	<b>Panel Discussion: Consumer and Community Involvement in Digital Health Services Research</b> <b>Facilitated by A/Prof Zephania Tyack, AusHSI, Queensland University of Technology</b> <b>Panel members: Professor Melissa Baysari, Professor Sarah Larkins, Dr Fiona Russo</b>									
10:30 - 11:00	Morning Tea (Hall A)									
11:00 - 12:30	<b>FEATURED RESEARCH SESSION / CONCURRENT SESSION 4</b>									
	<b>Room: Hall B</b>		<b>Room: Meeting Rooms 1, 2, 3</b>		<b>Room: Meeting Room 4</b>		<b>Room: Meeting Room 5</b>			
	Sponsored Symposium 04 - HCF Foundation		Sponsored Symposium 05 - Australian Teletrials Program		<i>Chair: Jason Pale</i>		<i>Chair: Adrienne Young</i>			
	Sponsored by: 		Sponsored by: 		<b>Session 4E: LIGHTNING TALKS</b>		<b>Session 4F: LIGHTNING TALKS</b>			
11:00	<b>HCF Symposium 04</b> 502	A patient decision support tool for total knee replacement – results from a randomised control trial, Dr Chris Schilling, University of Melbourne	<b>ATP Symposium 05</b> Introduction session – Kaye Hewson, ATP National Office	42	<b>4E.1</b>	Minimising alert fatigue in digital healthcare: Think rankings, not thresholds, Robin Bythe, QUT	26	<b>4F.1</b>	Insights into Cardiac Care Challenges and Disparities in Australia., Dr Sumudu Hewage, Queensland University of Technology (QUT)	
						53				
						56				
						131				
11:15	503	Back@Home: a virtual hospital for back pain in the Sydney Local Health District, Dr Gustavo Machado, The University of Sydney	Evidence-Based Communication- Lorelle Silveira, ATP National Office	318	<b>4E.5</b>	Morbidity and Mortality meetings – are they meeting the needs of clinicians and health services?, Dr Emily Steel, Kylie Selwood, Metro South Health	432	<b>4F.5</b>	“Happiness around here is very contagious”: the experience, benefits and barriers of peer support for people living with heart disease, Dr Emily Li, University of Sydney	
						362				
						386				
						398				
11:30			Digital uplift of a country health system- Narelle Mullan, ATP-WA	451	<b>4E.9</b>	Use of non-admitted geriatric and allied health services by people living with dementia in community and residential aged care, Mr Stephen Moules, University of Wollongong	28	<b>4F.9</b>	Recognising consumers’ contribution to health research: a survey of research organisations’ perspectives, Ms Mingming Zhou, ANU	
						7				
						401

THURSDAY 5 DECEMBER 2024 cont...											
11:00 - 12:30 FEATURED RESEARCH SESSION / CONCURRENT SESSION 4 cont...											
11:00		Room: Hall B		Room: Meeting Rooms 1, 2, 3		Room: Meeting Room 4		Room: Meeting Room 5			
		Sponsored Symposium 04 - HCF Foundation		Sponsored Symposium 05 - Australian Teletrials Program		Chair: Jason Pale		Chair: Adrienne Young			
		Sponsored by: 		Sponsored by: 		Session 4E: LIGHTNING TALKS		Session 4F: LIGHTNING TALKS			
		11:45	Using research to inform the implementation of short-stay joint replacement models of care, Professor Ilana Ackerman, Monash University	ATP Symposium 05	Train a Trainer Teletrial - Aliso Kennedy or her Proxy	94	4E.11	Psychosocial and health service impact of population-based breast density notification in Australia: a co-designed BreastScreen Queensland randomised controlled trial, Nick Ormiston-Smith, The University of Sydney	109	4F.11	Establishing Key Priorities for Integrating Exercise and Nutrition into Regional and Rural Oncology Services: Application of Nominal Group Technique to facilitate a priority-setting workshop, Dr Annemarie (Annie) De Leo, Edith Cowan University
	104					4E.12	Healthcare contact days for people with stage IV non-small cell lung cancer in Ontario, Canada: A population-based study, Paul Nguyen, Queen's University	136	4F.12	Place-based health planning in rural and remote northern Queensland communities, Dr Karen Johnston, Prof Sarah Larkins, James Cook University	
165	4E.13					Implementation of cancer care interventions using a stepped-wedge cluster-randomised controlled trial design: A systematic review, Hannah Jongbloed, Deakin University	230	4F.13	Voices of consumers in implementation science, a case study example of including the voices of people living with dementia in research, Dr Caroline Grogan, Wesley Research Institute		
196	4E.14					Impact of Multimorbidity and Complex Multimorbidity on Participation in Cancer Screening Among New South Wales Residents Aged 45 Years and Over, Dr Amber Zi Ye, Discipline Of General Practice, School Of Clinical Medicine, University of Sydney	341	4F.14	Coding of an electronic Health Passport for people living with disability and/or complex needs, Ms Rebecca Barnden, National Centre for Healthy Ageing		
12:00		12:00	Successes and challenges implementing a blended digital mental health intervention (myNewWay) for depression and anxiety, Professor Jill Newby, Black Dog Institute	ATP Symposium 05	Re-IMAGINE 3 teletrial. Kathy Snars and Anne-Hartshorn Smith, ATP-QLD	231	4E.15	Australian preferences for genomics-informed risk tailored cancer screening: a discrete choice experiment, Ms Amber Salisbury, University Of Sydney	340	4F.15	Gathering Insights on the Implementation of an Operational Dashboard for WA Country Health Service, Richard Varhol, Curtin University
	249					4E.16	Geographic patterns in population rates of hospital treatment for prostate cancer from the Australian Cancer Atlas digital research platform, Dr Jessica Cameron, Cancer Council Queensland	357	4F.16	Co-designing the development of test messages (mHealth) for primary prevention of stroke: Love Your Brain, Prof Monique Kilkenny, Monash University	
	304					4E.17	"It was time I could have spent better." - The Barriers, Enablers, and recommendations for improving Financial Aid Access when a Child is diagnosed with Cancer, Ms Megumi Lim, QUT	373	4F.17	Listening to See: Co-designing the Powerful Pictures model of care with Aboriginal and Torres Strait Islander communities and Health Services, Dr Andrew Goodman, ALISHS, QUT	
	381					4E.18	Diet and Lifestyle Quality and Endometrial Cancer Outcomes: Longitudinal Analysis of FeMeT Trial, Dr Ruqayya Al-Ramadhani, CHR, UQ	437	4F.18	Public comprehension of privacy protections applied to health data shared for research, Dr Rachel Canaway, The University of Melbourne	
	446					4E.19	What participants experience and need in First-in-Human clinical trials, Dr Elizabeth Pearson, Peter MacCallum Cancer Centre	129	4F.19	Can counselling interventions be brief AND effective for sexual assault survivors? A systematic review and meta-analysis supporting innovations in models of care, Dr Annie Lewis, La Trobe University / Eastern Health	
					470	4E.20	Work-related factors that influenced the experiences of Auckland-based oncology related physicians during the nationwide COVID-19 lockdown in New Zealand, Dr Rob McNeil, The University of Auckland	433	4F.20	Engagement with electronic messages to support health and recovery goals after stroke - Prof Dominique Cadilhac, Monash University	
							Q & A (3 minutes)	280	4F.21	Pathology point of care testing (PoCT) safety and quality issues: a review of international literature, Dr Mirsela Prgomet, Macquarie University	
12:30 - 13:30 Lunch (Hall A) / Poster Presentations: P62-P114 - 13:00-13:30 (Hall A)											

[illegible]

THURSDAY 5 DECEMBER 2024 cont...																	
15:30 - 16:45		CONCURRENT SESSION 6															
		Room: Hall B		Room: Meeting Room 1 Chair: Paul Kuwornu		Room: Meeting Room 2 Chair: Jason Pole		Room: Meeting Room 3 Chair: Adrienne Young		Room: Meeting Room 4 Chair: Steven McPhail		Room: Meeting Room 5 Chair: Alison Pearce					
		Symposium 07: Behind the Screens: The Genesis, Advancement and Efficacy of the World's Largest Virtual Emergency Department		Session 6B: Primary Care Data		Session 6C: Cutting Edge Methods and Meta Research		Session 6D: Health Workforce		Session 6E: Big Data and Data Linkage		Session 6F: LIGHTNING TALKS					
15:30	417	From Concept to Reality: A Comprehensive Exploration into the Development and Evolution of a Virtual Emergency Department, Dr Jason Talevski, Northern Health	144	6B.1 Long Oral	Impact of an integrated general practitioner-paediatrician model on GP hospital referrals and GP paediatric care: a stepped wedge trial, Professor Raghu Lingam, UNSW	394	6C.1	Non-publication bias in clinical prediction modelling and the role of health services research, Nicole White, AUSHSI	120	6D.1	Artificial intelligence in radiation therapy treatment planning: A Discrete Choice Experiment, Milena Lewandowska, Centre for Health Economics Research and Evaluation, University of Technology Sydney, NSW	429	6E.1	Visualising the patient journey: the Queensland Injury Atlas beta, A/Prof Susanna Cramb, Queensland University of Technology	143	6F.2	Using behaviour change theory to enhance understanding, application, and education of causal inference methods in infectious disease research, Ms Yukiko Ezure, University of Queensland
	424	The VVED Then and Now: A Descriptive Analysis of The Reach and Uptake of The Victorian Virtual Emergency Department, Associate Professor Adam Semciw, La Trobe University	311	6B.2	Primary health care policy in Aotearoa – an overview of what has changed since 2010, what hasn't and why., Dr Tim Tenbenseel, University of Auckland	321	6C.2	Evaluating the implementation of StandingTall-er: Applying the NASSS Framework to determine scalability and sustainability for preventing falls, Dr Meghan Ambrens, Neuroscience Research Australia	306	6D.2	Investigating consumer preferences and experiences of allied health telehealth services in Australia, Dr Feby Savira, Deakin University	235	6E.2	Queensland community opioid dispensing practices after spinal cord injury: a data linkage study, Miss Samantha Borg, Queensland University of Technology	185	6F.7	Impact of coordinated care on adherence to antihypertensive medicines among adults experiencing polypharmacy in Australia, Dr Jialing Lin, UNSW
15:45		Symposium 08 The Impact of Socioeconomic Status on Utilization of a Virtual Emergency Department: An Exploratory Analysis, Dr Jennie Hutton, Victorian Virtual Emergency Department	354	6B.3	Primary care and clinical decision support technology: Future Health Today, Dr Barbara Hunter, University of Melbourne							216	6F.8	IntegrativeAnalytics: An innovative method for comparative analysis of integrated care programmes, Dr Maryam Pirouzi, The University of Auckland			
15:50	121		370	6B.4	Practical anonymization of free text primary care notes, Dr Roman Klapaukh, University of Melbourne							226	6F.9	A multilevel perspective of the barriers, enablers, and strategies for implementing Learning Health Systems, Doctor Louise Shaw, University of Melbourne			
15:55			409	6B.5	Primary and community health cohort consortium: health service research and planning using the 45 and Up Study, Associate Professor Margo Barr, CPICe, University of NSW			9	6D.3	Sustaining reductions in specialist clinic waitlists using data and a fresh mind-set, Dr Annie Lewis, Eastern Health			408	6F.10	"Nobody wants to log in to things" – a qualitative study examining general practice experience with technology in two integrated care projects, Mr John Mulvey, The George Institute for Global Health		
16:00	303	Investigating access to a Virtual Emergency Department for a culturally diverse population: An Exploratory Analysis, Mr Mokhaled Mohammed, Northern Health	428	6B.6	Primary care data for research and improvement: challenges and opportunity, Dr Rachel Canaway, The University of Melbourne	488	6C.3	Development of a risk factor-based life expectancy calculator using metamodeling and machine learning: a proposed method and case study in diabetes, Associate Professor An Tran-Duy, University of Melbourne	124	6D.4	Recovery from COVID-19 (ReCOV): Feasibility of an Allied Health led Post COVID-19 clinic for hospital staff – a mixed methods study, Dr Aruska D'Souza, The Royal Melbourne Hospital	170	6E.3	Australian Cancer Atlas 2.0: uniquely informing provision of optimal placement of cancer-related services, Professor Peter Baade, Cancer Council Queensland	43	6F.11	Locally adapted guidelines – a scoping review, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany
16:05												71	6F.12	The long-term impact of attention-deficit/hyperactivity disorder on children and adolescent's health-related quality of life: results from a longitudinal population-based Australian study, Dr Ha Nguyen Dao Le, Deakin University			
16:10		Impact of the Victorian Virtual Emergency Department on Physical ED Utilisation and Patient Mortality, Dr Loren Sher, Northern Health	291	6B.7	Opportunities for linked-data to inform health service utilisation equity: A demonstration using statewide linked primary and tertiary healthcare data, Tristan Bouckley, The George Institute for Global Health			122	6D.5	Recovering from COVID-19 (ReCOV): Feasibility of an Allied Health led multidisciplinary outpatient rehabilitation service for people with Long COVID, Myanway Merrett, The Royal Melbourne Hospital			330	6F.13	Digital mental health care in the Australian health ecosystem – reach, uptake and equity considerations from a national online service, THIS WAY UP, Dr Christine Shiner, St Vincent's Hospital Sydney		
16:15	441		426	6B.8	Illuminating the cancer continuum of care through large-scale primary care data linkage, Dr Alex Lee, University of Melbourne	85	6C.4	Short Oral	Where does the Digital Age data come from?, Ms Sarah Colhoun, University of Otago	271	6D.6	Insights from Expert Elicitation: Prioritizing Pathogens for Australian Public Health Response, Dr Tehzeeb Zulficar, The Australian National University	273	6E.4	Patient and acute care factors associated with days alive and at home (DAHA) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia	86	6F.14
												184	6F.15	@research - Development of a regional health services research teaching hub, Ms Tennille Lewin, Peter MacCallum Cancer Centre			

THURSDAY 5 DECEMBER 2024 cont...

15:30 - 16:45

CONCURRENT SESSION 6 cont...

Room: Hall B

Symposium 07: Behind the Screens: The Genesis, Advancement and Efficacy of the World's Largest Virtual Emergency Department

Room: Meeting Room 1

Chair: Paul Kuwamu

Session 6B: Primary Care Data

Room: Meeting Room 2

Chair: Jason Pole

Session 6C: Cutting Edge Methods and Meta Research

Room: Meeting Room 3

Chair: Adrienne Young

Session 6D: Health Workforce

Room: Meeting Room 4

Chair: Steven McPhail

Session 6E: Big Data and Data Linkage

Room: Meeting Room 5

Chair: Alison Pearce

Session 6F: LIGHTNING TALKS

16:20

352

Symposium 08

Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-tree analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health

430

6B.9

Short Oral

Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care

492

6C.5

Short Oral

Using social networking sites in health research: a case study, Dr Sara Holton, Monash University

494

6D.7

Short Oral

Measuring the clinical impact of research growth in a public health service organisation, Dr Tilley Paine, Townsville Hospital and Health Service

273

6E.4

Long Oral

Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia

264

6F.17

Lightning Talk

Mixing it up: Exploring the motivations and experiences of consultants in public-private dual practice in southern New Zealand, Mr Gavin Bishop, University of Otago

16:25

352

Symposium 08

Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-tree analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health

430

6B.9

Short Oral

Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care

492

6C.5

Short Oral

Using social networking sites in health research: a case study, Dr Sara Holton, Monash University

494

6D.7

Short Oral

Measuring the clinical impact of research growth in a public health service organisation, Dr Tilley Paine, Townsville Hospital and Health Service

273

6E.4

Long Oral

Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia

264

6F.17

Lightning Talk

Mixing it up: Exploring the motivations and experiences of consultants in public-private dual practice in southern New Zealand, Mr Gavin Bishop, University of Otago

16:30

352

Symposium 08

Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-tree analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health

430

6B.9

Short Oral

Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care

492

6C.5

Short Oral

Using social networking sites in health research: a case study, Dr Sara Holton, Monash University

494

6D.7

Short Oral

Measuring the clinical impact of research growth in a public health service organisation, Dr Tilley Paine, Townsville Hospital and Health Service

273

6E.4

Long Oral

Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery, Dr Lara Harvey, Neuroscience Research Australia

264

6F.17

Lightning Talk

Mixing it up: Exploring the motivations and experiences of consultants in public-private dual practice in southern New Zealand, Mr Gavin Bishop, University of Otago

16:35

352

Symposium 08

Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-tree analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health

430

6B.9

Short Oral

Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care

## FRIDAY 6 DECEMBER 2024

8:00	Speaker Support Open, Meeting Room 7											
8:00	Registration Open, Level 1 - Upper Registration Desk											
9:00 - 9:15	WELCOME - DAY 3 Plenary Room: Hall B											
9:15 - 10:15	PLENARY SESSION 3 Chair: Steven McPhail Plenary Room: Hall B											
9:15	International Keynote: Economic Evaluation for Health Care Decision-Making: Are We Ready for the Digital Age? Professor Mike Drummond, University of York in the United Kingdom											
10:00	Fireside Chat: Health Economics in the Digital Era Facilitated by Prof Steve McPhail, AushSI, Queensland University of Technology Panel members: Professor Mike Drummond, Professor Jason Pole, Professor Tracy Comans											
10:15 - 10:45	Morning Tea (Hall A)											
10:45 - 12:15	CONCURRENT SESSION 7											
		Room: Hall B		Room: Meeting Room 1		Room: Meeting Room 2 Chair: Chi Kin Law		Room: Meeting Room 3 Chair: Qing Xia		Room: Meeting Room 4 Chair: Robin Blythe		Room: Meeting Room 5 Chair: Steven McPhail
		Symposium 08: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals		Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation		Session 7C: Cancer (2)		Session 7D: Costing Healthcare		Session 7E: Primary Care		Session 7F: LIGHTNING TALKS
10:45	260	Effectiveness and implementation of Hospital at Home, Dr Jason Walls, Monash University	276	Utilising the National Centre for Healthy Ageing data infrastructure for digital innovation in residential aged care, Associate Professor Nadine Andrew, Monash University	213	7C.1 The cost and carbon footprint of surveillance imaging for patients with resected stage III melanoma, Mr Jake Williams, University of Sydney	145	7D.1 Costing cardiovascular, respiratory and mental health conditions in a cohort of elderly Australians, Dr Katie Page, University of Technology Sydney	17	7E.1 It's complicated: Managing medical uncertainty in the time before diagnosis of a rare disease, a qualitative study, Dr Anne Parkinson, Australian National University	188	7F.1 Trends in the use of sodium-glucose cotransporter 2 inhibitors following hospitalisation with heart failure, New South Wales, Australia, Dr Jialing Lin, UNSW
											315	7F.2 Evaluating antipsychotic administration in delirium over seven years at a metropolitan health network, Paul Wembridge, Eastern Health
											431	7F.3 Statin intensity and survival after stroke in people with and without dementia, Ms Leonie Pictou, Monash University
											67	7F.4 Equity and access to diabetes eye care in Te Toki Tumua Auckland 2008-2019: analysis of routinely collected health-facility data, Dr Pushkar Silwal, University of Auckland
11:00	96	Symposium 09 Implementing the Virtual Emergency Care Service to safely avoid ED presentation, Dr Kim Hansen, Virtual Emergency Care Service	340	Symposium 10 Feasibility of a codesigned digital health solution to enable consumers to identify and communicate their needs and preferences with healthcare staff across a hospital care continuum, Ms Rebecca Barnden, National Centre for Healthy Ageing	366	7C.2 Long Oral Medically assisted reproduction and hormone sensitive cancers in women: Results from the CREATE study, Dr Adrian Walker, UNSW Sydney	97	7D.2 Long Oral A difference-in-differences approach to evaluate the impact of digital price transparency tools on patient-in-hospital treatment costs, Khic-Houy Prang, The University Of Melbourne	183	7E.2 Long Oral Continuity of Primary Care in People With and Without Intellectual Disability and Subsequent Hospitalisations, Dr Peiwen Liao, UNSW	483	7F.5 A qualitative exploratory study of staff perspectives of patient non-attendance in an outpatient physiotherapy setting, Miss Shayma Mohammed Selim, Queensland University of Technology
											420	7F.6 Towards the secondary use of clinical trial data, Hugo Leroux, The Australian E-health Research Centre
											52	7F.7 Long COVID Management in Primary Care, A/Prof Mona Jefferys, Te Hikuwai Rangahau Hauora   Health Services Research Centre, Te Herenga Waka - Victoria University Of Wellington
											100	7F.8 Use and effectiveness of general practitioner management plans and team care arrangements for patients with Type 2 diabetes, Dr Esa Chen, Monash University
											116	7F.9 Practice Changes in the Family Physician Workforce in Ontario, Canada: 1993-2022, Mr Eliot Frymire, Queens University
11:15					151	7C.3 Enhancing Psychosocial Support for Families of Children with Cancer: An Intervention Study, Janine Kemp, Children's Health Queensland	360	7D.3 Delaying or avoiding total knee replacements by implementing a national non-surgical management program: A model-based economic evaluation, Sean Docking, Monash University	414	7E.3 A discrete choice experiment to elicit preferences for chronic disease screening programs in Australia, Dr Michelle Allen, Queensland University of Technology	274	7F.10 Implementing Good Life with Osteoarthritis from Denmark (GLADP) in a public outpatient setting in Tasmania, Dr Laura Sutton, Menzies Institute For Medical Research
											435	7F.11 HIV pre-exposure prophylaxis (PrEP) access in the modern age: a narrative review of PrEP behavioral models and their implementation considerations, Mr Tyson Arapali, Kirby Institute
											442	7F.12 Community health navigators in bilingual general practice, Dr Cathy O'Callaghan, University of New South Wales
											79	7F.13 Comparison of 'Dental Caries Utility Index' and 'FDS-SL' with the 'Oral Health Impact Profile-14': a cross-sectional study, Dr Ravini Hettiarachchi, Centre for the Business and Economics of Health, The University of Queensland, Queensland, Australia,

## FRIDAY 6 DECEMBER 2024 cont...

10:45 - 12:15		CONCURRENT SESSION 7 cont...										
		Room: Hall B		Room: Meeting Room 1		Room: Meeting Room 2 Chair: Chi Kin Law		Room: Meeting Room 3 Chair: Qing Xia		Room: Meeting Room 4 Chair: Robin Blythe		Room: Meeting Room 5 Chair: Steven McPhail
		Symposium 08: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals		Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation		Session 7C: Cancer (2)		Session 7D: Costing Healthcare		Session 7E: Primary Care		Session 7F: LIGHTNING TALKS
11:30												
11:35	248	A virtual hospital industry-research partnership in the private sector – learnings, successes, and opportunities, Dr Olivia Fisher, Wesley Research Institute	238	Evaluating the Smart Ward sensor suite with the National Centre for Healthy Ageing Data Platform, Associate Professor Richard Beare, National Centre For Healthy Ageing/monash University	367	7C.4 Long Oral Practical guidance for preparing and conducting hybrid focus groups and online interviews with consumers for cancer research, Miss Xanthia Bourdaniotis, Cancer Council Queensland	387	7D.4 Long Oral Cost-effectiveness of 3D total-body photography in people at high risk of melanoma, Dr Daniel Lindsay, Qimr Berghofer Medical Research Institute	44	7E.4 Older incarcerated adults' access to prison health services: findings from a qualitative study in New South Wales prisons, Australia, Dr Ammanuel Hagos, School of Population Health, University of New South Wales	302	7F.14 Hospital care experiences for people who mainly speak a language other than English, Gai Farnham, Bureau Of Health Information
11:40												
11:45												
11:50	300	The Promise and Pitfalls of Virtual Hospitals: Lessons from the Australian Public Health System, A/Prof Philip Haywood, Menzies Centre For Health Policy and Economics	224	Natural Language Processing in electronic health data: Pursuing dementia detection for better prevalence estimation , Dr Taya Collyer, Monash University	325	7C.6 Short Oral Producing the evidence to support integrated cancer care funding, Prof Kees van Gool, Menzies Centre For Health Policy and Economics	239	7D.5 Short Oral The cost-effectiveness of germline BRCA testing in prostate cancer followed by cascade testing of first-degree relatives of mutation carriers, Srinivas Teppala, School of Medicine and Dentistry, Griffith University	412	7E.8 Short Oral A parallel randomised trial testing community-based non-invasive fibrosis assessment for suspected non-alcoholic fatty liver disease: Outcomes and evaluation of the LOCATE-NAFLD trial, Prof Adrian Barnett, Queensland University of Technology		
11:55												
12:00						Q & A (20 minutes)	156	7D.6 Short Oral How clinicians understand and measure value in Allied Health Primary Contact models of care: Informing a cost calculator, Dr Caitlin Brandenburg, Metro South Health		Q & A (20 minutes)		
12:05								Q & A (10 minutes)				
12:15 - 13:15 Lunch (Hall A) / 12:30pm - HSRAANZ AGM (Meeting Room 4)												
13:15 - 15:30 PLENARY 4 & CLOSING Chair: Alison Pearce Plenary Room: Hall B												
13:15		Policy Makers Panel: The Future Landscape for Health Services Research – A Discussion with Funders and Policy Makers Catherine de Fontenay, Commissioner, Productivity Commission Raelene Donovan, Chief Clinical Information Officer, eHealth Queensland Julie Andrews, Chief Officer Member Health, HCF										
14:15		Closing Address - Award Presentations										
15:30		Close										

POSTER DISPLAYS			
Paper #	Poster #	Theme	
Poster Presentations			
Wednesday 4 December - Lunch: P1-P61 - 13:00-13:30 (Hall A)			
37  108  175  272  328  376  404  123  477  218  246  316  355  278  286  339  343  461  485  74  76  302  331  368  327  149  207  99  372  491  342  425  460  489  87  111  214	P1	Acute Care	Omicron Surge Impact on Acute Kidney Injury in ICU Patients: A Study Using the ISARIC COVID-19 Database, Miss Dai Danyang, The University of Queensland
	P2	Acute Care	Delirium and Cognitive Impairment: Why it's challenging to provide care, Mrs Margaret Cahill, Qld Health
	P3	Acute Care	Examine the usage and benefits of mobile applications for sepsis-related healthcare: a scoping review of literature and a review of publicly available mobile applications, A/Prof Ling Li, Macquarie University
	P4	Acute Care	Exploring the characteristics, outcomes and clinician perspectives of general medicine patients with complex allied health needs in the digital age – an observational cohort and cross-sectional survey, Ms Elena Gerstman, Austin Health
	P5	Acute Care	Launch of a dedicated After-Hours Care Unit and the impact on junior doctors, Dr Cat Lunter, Princess Alexandra Hospital
	P6	Acute Care	Adverse Events and Associated Economic Burden of COVID-19 Vaccination in Queensland, Australia: a cross-sectional QoVAX-Statewide study, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
	P7	Acute Care	Research, Innovation and Care of hospitalised children: developing paediatric nurse research capacity, Sandra Charlton, Sydney Children's Hospital Network
	P8	Acute Care	Mind the gap! Measuring the unmet clinical demand across allied health in general medicine – an audit of episodes of care and complexity post implementation of new model of care, Dr Aruska D'Souza, The Royal Melbourne Hospital
	P9	Acute Care	Supporting knowledge translation within health services: an umbrella review of the use and impact of clinical pathways, Dr Rishita Chandra, University of Tasmania
	P10	Admission Prevention Services	Community care navigation intervention for people who are at-risk of unplanned hospital presentations, Associate Professor Nadine Andrew, Monash University
	P11	Admission Prevention Services	Modifiable risk factors for hospital readmission – patient and health professional perspectives, Ms Holly Wilson, School of Pharmacy, The University of Auckland
	P12	Ageing	Valuing the economic burden falls injury in residential aged care to the Australian health system: A within-trial analysis, Dr Charles Okafor, The University of Queensland
	P13	Ageing	Projecting future demand for residential aged care in Queensland, Imogen Page, Queensland Health
	P14	Ageing	The interRAI assessment for elder abuse: we can do better? lessons from the elder abuse prevention fund project in New Zealand, Professor Robin Turner, University of Otago
	P15	Ageing	The realities of digital connectivity for frontline aged-care workers, Ms Belinda Moshi, Wesley Research Institute
	P16	Ageing	An analysis of falls in 25 residential aged care (RAC) facilities before and during COVID-19 lockdowns (2019 to 2021), Associate Professor Magda Raban, Macquarie University
	P17	Ageing	Adapting a Sensory Support Intervention for Older Adults with Sensory Impairment for the Australian Home Care Setting, Dr Melinda Toomey, The University of Queensland
	P18	Ageing	Quality Under the Microscope: Examining the Impact of Medicaid Policies on U.S. Long-Term Home Care, Dr Namal Balasooriya, The University of Queensland
	P19	Ageing	The traffic light system: a novel predictive geriatric patient prioritisation machine learning model, Dr Abtin Ijadi Maghsoodi, Te Whatu Ora Health New Zealand
	P20	Cancer	Factors impacting hospitalisation and related health service costs in cancer survivors in Australia: results from a population data linkage study in Queensland (COS-Q), Dr Katharina Merollini, University of the Sunshine Coast
	P21	Cancer	Assessing the hospital volume-cost relationship in pancreatoduodenectomy (PD) for pancreatic cancer patients: a population-based longitudinal study, A/Prof Ling Li, Macquarie University
	P22	Cancer	Strategies to improve adherence to skin self-examination and other self-management practices in people at high risk of melanoma: a scoping review of randomised clinical trials , Dr Deonna Ackermann, University of Sydney
	P23	Cancer	Locally adapted meta-analysis: generating relevant effect estimates for the economic evaluation of supportive care interventions for breast cancer patients, Dr Jackie Roseleur, Flinders University
	P24	Cancer	Consumer perspectives on data sharing in cancer research, Dr Lizzy Johnston, Cancer Council Queensland
	P25	Cancer	Development and testing of consensus quality indicators for cancer supportive care: a Delphi study , Amelia Hyatt, Peter Maccallum Cancer Centre
	P26	Chronic Disease	Machine learning techniques to predict diabetic ketoacidosis and HbA1c >7% among individuals with type 1 diabetes- a large multi-centre study in Australia & New Zealand, Professor Arul Earnest, Monash University
	P27	Chronic Disease	The Changing Landscape in Cost-Utility Analysis Literature: An Australian Perspective, 1992-2022, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
	P28	Chronic Disease	Cardiovascular disease incidence by ethnicity in New South Wales, Australia, Associate Professor Fiona Stanaway, University Of Sydney
	P29	Chronic Disease	Economic evaluation of a Virtual Model of Antenatal asthma Care (VMAC) compared to a face-to-face model, Ms Aisha Towhari, University of Newcastle
	P30	Chronic Disease	Do choice of population and ethnicity information source affect estimates of ethnic disparities in non-communicable disease rates?, Dr Frederieke S Petrović-van der Deen, University of Otago
	P31	Chronic Disease	Differences in health-related quality of life among adults with and without behavioural risk factors for chronic disease: A systematic review and meta-analysis, Nirmali Sivapragasam, Queensland University of Technology
	P32	Chronic Disease	Exploring how peer workers provide support to people with mental health conditions for healthy lifestyle, Sophie Love, University Of Newcastle
	P33	Chronic Disease	Data linkage to inform health service planning for paediatric palliative care, Dr Alison Bowers, Queensland University of Technology
	P34	Chronic Disease	Does area deprivation affect the lived experience of long COVID in Aotearoa?, Professor Paula Lorgelly, Waipapa Taumata Rau, The University of Auckland
	P35	Community Based Care	Interprofessional collaboration between pharmacists and community health workers to improve medication adherence: a systematic review, Dr Carole Bandiera, University Of Sydney
	P36	Community Based Care	Evaluation of WELLfed, Associate Professor Mona Jeffreys, Te Herenga Waka-victoria University of Wellington
	P37	Community Based Care	Using data linkage to develop comorbidity profiles for community wound care clients, Ms Joanna Smith, Silverchain

219	P38	Consumer Engagement and Co-Design	Combining Systems Science and Implementation Science Approaches to Co-Design Implementation Strategies Within Health Services: A Case Study, Dr Anna Chapman, Deakin University
307	P39	Consumer Engagement and Co-Design	Using the Behaviour Change Wheel to develop strategies to improve adherence in randomised clinical trials: the example of MEL-SELF trial of patient-led surveillance for melanoma., Dr Deonna Ackermann, University of Sydney
159	P40	Consumer Engagement and Co-Design	Cancer survivors’ involvement in oncology research: A systematic review of co-designed digital initiatives, Associate Professor Skye Marshall, Deakin University
359	P41	Consumer Engagement and Co-Design	What are patients' perceptions or attitudes regarding the use of Artificial Intelligence in skin cancer screening or diagnosis - narrative review, Ms Preksha Machaiya Kuppanda, Centre For Health Services Research
256	P42	Consumer Engagement and Co-Design	Development of preventive health intervention apps for chronic disease prevention, Ms Joanna Munro, Health And Wellbeing Queensland
301	P43	Consumer Engagement and Co-Design	Comparing polarised and non-polarised dermatoscopes in the MEL-SELF trial of patient-led surveillance: a randomised study within a trial. , Dr Deonna Ackermann, University of Sydney
457	P44	Consumer Engagement and Co-Design	Health system interventions for the cost containment of drugs used for cardiovascular diseases: A systematic review and exploration of how the results could be adapted to the Sri Lankan context, Dr Chaminda Jayasekara, Australian Center for Health Services Innovation, Queensland University of Technology, Australia
466	P45	Consumer Engagement and Co-Design	Developing a platform for translational research to inform policy and practice, Dr Justin Chapman, Griffith University
106	P46	Cutting Edge Methods	Revolutionising access to research data in Australia , Professpr Adrian Barnett, Queensland University of Technology
215	P47	Cutting Edge Methods	Pivoting Pacific research methods for qualitative research during COVID-19 and beyond, Dr Marianna Churchward, Victoria University of Wellington
473	P48	Cutting Edge Methods	Beyond Realist Evaluation: Reviewing the Realist Economic Evaluation Approach, Dr Olawale Oladimeji, University of Auckland
259	P49	Diagnostic Medicine	Trends and issues in pathology point of care testing (PoCT) in Australian healthcare settings, Dr Mirela Prgomet, Macquarie University
284	P50	Diagnostic Medicine	Point of care testing (PoCT) standards: how do Australia’s national standards compare?, Julie Li, Macquarie University
299	P51	Diagnostic Medicine	Point of care testing (PoCT) training resources in Australia: a review , Dr Judith Thomas, Macquarie University
142	P52	Emergency Care	Evaluation of the Priority Primary Care Centre program in the Western region of Victoria, Australia , Dr Feby Savira, Deakin University
146	P53	Indigenous Health	Critically examining health complexity experienced by urban Indigenous peoples in Canada by exploring the factors that allow health complexity to persist: a qualitative study of Indigenous patients in Calgary, Alberta , Dr. Anika Sehgal, University of Calgary
147	P54	Indigenous Health	Truth and Reconciliation in Medical Schools: Forging a Critical Reflective Framework to Advance Indigenous Health Equity, Dr. Anika Sehgal, University Of Calgary
395	P55	Indigenous Health	Training for Change: Tailoring Cultural Safety Training for Health Care Providers, Dr Lloy Wylie, Western University
335	P56	Integrated Care	Integrating allied health services using a transdisciplinary assessment model, Aleysha Martin, Mater Research Institute - University of Queensland
407	P57	Integrated Care	Why is implementing Health Information Technology (HIT) so hard: understanding HIT implementation and health services integration for chronic disease management, Dr Chelsea Liu, National Centre for Epidemiology and Population Health, College of Health & Medicine, the Australian National University
453	P58	Integrated Care	Piloting a value-based care toolkit in an online community of practice platform, Dr Eloise Hummell, Queensland University of Technology
240	P59	Integrated Care	Governance of Australian integrated care in initiatives from 1995 to 2023: A scoping review, Alexandra de Souza, Menzies Centre For Health Policy & Economics, The University of Sydney
244	P60	Integrated Care	Key methodological, recruitment and implementation challenges within a randomised trial of a Community Health Navigator intervention with patients transitioning from hospital to home., Associate Professor Margo Barr, University of NSW
283	P61	Integrated Care	Hospital Nutrition Care in the Digital Age, Hannah Olufson, QLD Health

Poster Presentations			
Thursday 5 December - Lunch: P62-P114 - 13:00-13:30 (Hall A)			
25  200  38  265  88  90  93  347  410  21  126  128  171  77  39  471  476  167  212  350  375  493  34  58  445  69  150  110  130  48  294  363  439  452  463	P62	Medicine Provision	Exploring user and provider experiences with health education chatbots: a qualitative systematic review, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany
	P63	Medicine Provision	Quality of Ambulatory Surgical Care: A Systematic Review and Meta-Analysis, Ms Pooja Arumugam, University of Queensland
	P64	Mental Health	Schizophrenia and Diabetes Mobile-Assisted Remote Trainer (S.M.A.R.T.): A co-designed digital intervention to improve diabetes self-management in people with schizophrenia, Dr Urska Arnautovska, Queensland Health
	P65	Mental Health	Understanding views on value based mental healthcare payment reform in a complex healthcare system: The Australian experience, Ms Alicia Norman, Macquarie University
	P66	Mental Health	Prevalence and patterns of mental health service use for Australian workers with compensated low back pain, Dr Shannon Gray, Monash University
	P67	Mental Health	Young Australians’ use of mental health services, Esther Qiu, Australian Institute of Health and Welfare
	P68	Mental Health	The availability of national data on Australian mental health services, Mr Kevin Yeo, Ms Indus Chopra, Dr Matt Robson and Ms Amy Young, Australian Institute of Health and Welfare
	P69	Mental Health	Establishment of a Cross-Domain Comprehensive Mental Health Care Model, Clinical Psychologist Yi-Feng Lu, Taipei City Hospital
	P70	Mental Health	Mental health service use after minor to moderate motor vehicle crash injury: A systematic review, Dr Shannon Gray, Healthy Working Lives Research Group, School of Public Health and Preventative Medicine, Monash University
	P71	Occupational Health/Workforce	How change management models and methods have been applied in digital transformation? , Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University
	P72	Occupational Health/Workforce	Patterns of physiotherapy attendance in compensated Australian workers with low back pain: a retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
	P73	Occupational Health/Workforce	How much physiotherapy, chiropractic and osteopathy care do compensated Australian workers with low back pain receive? A retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
	P74	Occupational Health/Workforce	High-risk opioid prescribing and persistent opioid use in Australian workers with back and neck musculoskeletal disorders or injuries, Dr Shannon gray, Monash University
	P75	Perinatal and Maternal Health	Protocol for the process evaluation of the MOHMQuit trial (Midwives and Obstetricians Helping Mothers to Quit smoking), Dr Jo Longman, University Of Sydney
	P76	Primary Care	The barriers and enablers for health professionals in providing vaping cessation support: A scoping study, Dr Jo Longman, University of Sydney
	P77	Perinatal and Maternal Health	Payment mechanism of the Lead Maternity Carer service in Aotearoa New Zealand: Exploring the landscape of modular payment in maternal health., Dr Olawale Oladimeji, University of Auckland
