

PROGRAM

TUESDAY 3 DECEMBER 2024

13:00 - 17:00	<p>WORKSHOP 1: Applied Economics in Health Services Design and Evaluation</p> <p>LOCATION: UQ Herston campus, Oral Health Building</p>	<p>WORKSHOP 2: Introduction to Implementation Science</p> <p>LOCATION: UQ Herston campus, Oral Health Building</p>
15:00 - 18:00	<p>Early Registration Open, Level 1 - Upper Registration Desk <i>For those delegates wishing to register prior to the first day of the Conference</i></p> <p>Early Speaker Support Open, Meeting Room 7 <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i></p>	

WEDNESDAY 4 DECEMBER 2024

7:00	Speaker Support Open, Meeting Room 7
7:45	Registration Open, Level 1 - Upper Registration Desk
8:45 - 9:15	<p>OFFICIAL OPENING Plenary Room: Hall B</p> <p>Welcome and Welcome to Country Official Opening: The Official Opening will be conducted by Her Excellency the Honourable Dr Jeannette Young AC PSM, Governor of Queensland</p>
9:15 - 10:30	<p>PLENARY SESSION 1 Chair: Plenary Room: Hall B</p> <p>International Keynote: Professor Julia Adler-Milstein, University of California, San Francisco</p>
10:30 - 11:00	Morning Tea (Hall A)

WEDNESDAY 4 DECEMBER 2024 cont...

11:00 - 12:15

CONCURRENT SESSION 1

Room: Hall B
Chair:
Symposium 01: Using consumer and community engagement to maximise the value, uptake and sustainability of research (while watching out for traps in the digital age!)

Room: Meeting Room 1
Chair:

Session 1B: Acute Care

Room: Meeting Room 2
Chair:

Session 1C: Ageing and Aged Care

Room: Meeting Room 3
Chair:

Session 1D: Pharmacy and Prescribing

Room: Meeting Room 4
Chair:

Session 1E: Healthcare Implementation

11:00

455

Using consumer and community engagement to shape decision-making in a multisite, regional study of mental health care navigation, Associate Professor Zephania Tyack, Queensland University Of Technology

1B.1

#N/A

1C.1

#N/A

227

1D.1

Extended pharmacist services: The service user viewpoint, Dr Janet McDonald, Te Hikuwai Rangahau Hauora—Health Services Research Centre, Te Herenga Waka—Victoria University of Wellington

384

1E.1

Adapting implementation theory to support pragmatic co-design of informatics demand management processes in a large metropolitan health service, Dr Sundresan Naicker, Australian Centre For Health Services Innovation , School of Public Health and Social Work, QUT

11:05

11:10

11:15

11:20

421

The CALD Health Engagement Project: understanding the importance and benefits of peer researchers and reciprocal engagement with communities, Dr Bridget Abell, Australian Centre For Health Services Innovation, Queensland University Of Technology

293

1B.2

An analysis of healthcare use associated with medical emergency team (MET) calls in four acute hospitals in southeast Queensland, A/Prof Chi Kin Law, University of Sydney

287

1C.2

Mobile point of care testing (PoCT) service using i-Stat analysers to support Residential Aged Care Facilities (RACFs) in Metro-South Health, Brisbane: a case study, Dr Goce Dimeski, Pathology QLD

351

1D.2

Sex differences in initiation and discontinuation of secondary prevention medications after stroke, Dr Lachlan Dalli, Monash University

51

1E.2

Moving Beyond Dusty Guidelines: Developing a National Clinical Practice Guidelines Dissemination and Implementation Model for Aotearoa's Maternity System, Dr Tarra McNally, Victoria University of Wellington

11:25

11:30

11:35

57

Navigating the challenges of imposter participants in online qualitative research: lessons learned from a paediatric health services study, Miss Rakhi Sharma, Queensland University Of Technology

400

1B.3

Observing work-as-done: insights into institutional work and digital systems in healthcare, Dr Colleen Cheek, Macquarie University

346

1C.3

Unlocking the potential of Social Connections within Aged Care: An Implementation Evaluation of the Social Connection Toolkit , Associate Professor Lucio Naccarella, The University Of Melbourne

209

1D.3

Mandatory Biologic-Biosimilar Switching in British Columbia, Canada, Did Not Result in Unintended Increases in Other Types of Healthcare Resource Utilization, Dr Mark Harrison, University Of British Columbia

422

1E.3

Designing an acute hospital fall prevention program , Ms Charlotte McEnnany, Sydney Local Health District, University Of Sydney

11:40

11:45

452

Setting up and operationalising a Consumers in Research Workgroup in a health services research centre, to embed consumers early in research and shape policy, Associate Professor Zephania Tyack, Queensland University Of Technology

173

1B.4

Measuring What Matters: What makes hospital nutrition and food services great quality?, Dr Adrienne Young, The University Of Queensland

118

1C.4

Understanding determinants of risk of frailty management in general practice to inform implementation strategies, Ruby Strauss, Centre for Health System Reform and Integration, Mater Research-University of Queensland

66

1D.4

Use of potentially inappropriate psychotropic medicines among older adults in 23 residential aged care facilities in Australia: a retrospective cohort study , Narjis Batool, Macquarie University

320

1E.4

A qualitative framework for understanding and prioritizing implementation principles in practice, Manasha Fernando, Queensland University Of Technology (Australian Centre for Health Services Innovation)

11:50

332

How often are patients recording their medical appointments and why? A national online mixed-methods survey in Australia, Amelia Hyatt, Peter Maccallum Cancer Centre

223

1C.5

In-home respite needs and preferences of people living with dementia and their carers, Dr Caroline Grogan, Wesley Research Institute

250

1C.6

Assessing quality of life and quality of care experience in Australian residential aged care: a retrospective cohort study , Dr Amy Nguyen, Macquarie University

181

1E.5

Evaluating health service interventions to improve access to hospital care: searching for meaning and consistency, Professor Jonathan Kannon, Flinders University

261

1E.6

From theory to practice: navigating change management in hospital redevelopment projects, Dr Ashfaq Chauhan, Macquarie University

11:55

385

Electronic standard order set use across a multi-hospital system: Identifying behavioural determinants of continuous and sustained use., Dr Sundresan Naicker, Australian Centre For Health Services Innovation , School of Public Health and Social Work, QUT

322

1C.7

"Just make them easier": stakeholders' perceptions of medication management reviews in residential aged care, Dr Rajendra Gyawall, Australian Institute Of Health Innovation, Macquarie University Nsw Australia

132

1E.7

Implementation of demand management interventions at scale: Statewide scale up of an intervention to improve timely access in community health services, Mrs Kate Noeske, La Trobe University / Eastern Health

132

1E.7

Implementation of demand management interventions at scale: Statewide scale up of an intervention to improve timely access in community health services, Mrs Kate Noeske, La Trobe University / Eastern Health

132

1E.7

Implementation of demand management interventions at scale: Statewide scale up of an intervention to improve timely access in community health services, Mrs Kate Noeske, La Trobe University / Eastern Health

12:00

12:05

12:10

12:15 - 13:30

Lunch / Poster Presentations: P1-P80 - 13:00-13:30 (Hall A)

WEDNESDAY 4 DECEMBER 2024 cont...

[illegible]

WEDNESDAY 4 DECEMBER 2024 cont...

15:20 - 16:45

CONCURRENT SESSION 3

Room: Hall B
Chair:

Symposium 03: The impact of out-of-pocket costs on the day-to-day lives of people living with chronic health conditions in Australia: lived experience research informing health policy

Room: Meeting Room 1
Chair:

Session 3B : Integrated Care

Room: Meeting Room 2
Chair:

Session 3C: Mental Health

Room: Meeting Room 3
Chair:

Session 3D: Capacity Building and Education

Room: Meeting Room 4
Chair:

Session 3E: PROMs, PREMs and Preferences

Symposium 03	Experiences of out-of-pocket costs among Australians with chronic conditions: a systematic review of the qualitative literature., Associate Professor Jane Desborough, Australian National University	119	3B.1	Implementation of an asynchronous general practitioner-to-specialist eConsult service (eConsultant) in Australia, Dr Jenny Job, Centre for Health System Reform and Integration, Mater Research-University of Queensland	78	3C.1	Factors associated with Medicare mental health services access and uti-lisation by Aboriginal and Torres Strait Islander peoples in southeast Queensland, Dr Xiaoyun Zhou, Queensland Centre for Mental Health Research, UQ	169	3D.1	Building capacity for knowledge translation in the health workforce: Impact of the Allied Health Translating Research into Practice program, Dr Adrienne Young, The University Of Queensland	160	3E.1	Feasibility of routine collection of patient reported outcome measures using a co-designed collection system, Ms Lucy Marsh, Peninsula Health
	The impact of out-of-pocket costs on people living with chronic conditions; applying Maslow's theory of the hierarchy of human needs., Associate Professor Jane Desborough, Australian National University	222	3B.2	Long Oral	29	3C.2	Deriving consumer and carer preference weights for outcomes and items to inform evaluation and priority-setting in mental healthcare., Rachel O'Loughlin, The University Of Melbourne	371	3D.2	Long Oral	198	3E.2	Long Oral
	Impact of income on people with chronic conditions' use of strategies to manage the out-of-pocket costs of healthcare and medicines in Australia: a qualitative framework analysis study., Associate Professor Jane Desborough, Australian National University	454	3B.3	Complexities of health and social outcomes in evaluating intersectoral initiatives: value for whom, how, and why?, Dr Hsueiming Liu, The George Institute for Global Health	92	3C.3	Long Oral	113	3D.3	The effectiveness and cost-consequences of a multi-component hospital avoidance program in 11 residential aged care homes: results from a stepped-wedge cluster randomised trial, Hannah Carter, Australian Centre For Health Services Innovation	414	3E.3	A discrete choice experiment to elicit preferences for chronic disease screening programs in Australia, Dr Michelle Allen, Queensland University Of Technology
		45	3B.4	Unwanted variability in the handover process between hospital and temporary recovery care, Professor Kees Ahaus, Erasmus School of Health Policy & Management, Erasmus University Rotterdam, The Netherlands				443	3D.4	Short Oral	168	3E.4	Cocreating digital PREMS suitable for people with intellectual disability in the Listen to Me project., Dr Bronwyn Newman, Macquarie University
	Dear Health Minister - Consumer suggestions for policy changes to reduce the burden of out-of-pocket costs of health care and medicines for people living with chronic conditions in Australia., Associate Professor Jane Desborough, Australian National University	229	3B.5	Local implementation of integrated care reforms: The interplay between regional context and state policy in the Collaborative Commissioning initiative., A/Prof Carmen Huckel Schneider, University Of Sydney	152	3C.4	Development of a forensic mental health service planning model in Australia, Charlotte Comben, Queensland Centre for Mental Health Research	288	3D.5	Implementation and evaluation of training in a systems thinking methodology for health services, Ms Margaret Murray, Deakin University	323	3E.5	Investigating women's preferences for maternity service delivery in a future pandemic: a discrete choice experiment., Annie Tan, Deakin University
		467	3B.6	Local implementation of integrated care reforms: The interplay between regional context and state policy in a data driven collaborative commissioning initiative, A/Prof Carmen Huckel Schneider, University Of Sydney				285	3D.6	Australian Hospital EMR Data Transformation to OMOP Common Data Model: Enabling Multi-Institutional Research, Professor Douglas Boyle, Ardc	269	3E.6	Health-related quality of life and utility of maternity health states amongst post-partum Australians, Dr Elizabeth Martin, Wesley Research Institute
		447	3B.7	Short Oral	438	3C.5	Mental health in people with macular disease – Associations with loneliness and social isolation, Dr Sheela Kumaran, University of New South Wales, Sydney	448	3D.7	Development of a Health Services Research Impact Assessment Tool., Ms Allison Drosowsky, Peter Maccallum Cancer Centre	83	3E.7	SWIFT Insights: Exploring clinicians' perspectives on the use of patient-reported outcomes measures (PROMs) for symptom monitoring in nephrology, Jessica Nikolicvski, University Of Sydney
		35	3B.8	Pilot study of the DoctorOnCall SHAT telehealth program for the remote management of Type 2 diabetes in Malaysia, Dr Jessica Watterson, Monash University	277	3C.6	Short Oral						
		20	3B.9	Proactive Rehabilitation Screening – preliminary results, Dr Jane Wu, St Vincent's Hospital Sydney	281	3C.7	Understanding use of civilian health services by veterans who experience suicide crisis: findings from a linked data study, Associate Professor Carla Meurk, Queensland Centre For Mental Health Research			Q & A (20 minutes)			Q & A (20 minutes)
				Q & A (10 minutes)			Q & A (10 minutes)						

Welcome Reception, Hall A

Sponsored by:

THURSDAY 5 DECEMBER 2024

7:00	Speaker Support Open, Meeting Room 7									
7:45	Registration Open, Level 1 - Upper Registration Desk									
8:45 - 9:00	WELCOME - DAY 2 Plenary Room: Hall B									
9:00 - 10:15	PLENARY SESSION 2 Chair: Plenary Room: Hall B									
	Invited Speaker: Professor Melissa Baysari									
	Invited Speaker: Professor Sarah Larkins									
	Invited Speaker: NHMRC Consumer Representative									
	Consumer Panel Discussion									
10:15 - 10:45	Morning Tea (Hall A)									
10:45 - 12:15	FEATURED RESEARCH SESSION / CONCURRENT SESSION 4									
	Room: Hall B			Room: Meeting Rooms 1, 2, 3			Room: Meeting Room 4			Room: Meeting Room 5
	Sponsored Symposium 04 - HCF Foundation			Sponsored Symposium 05 - Australian Teletrials Program			Chair:			Chair:
	Sponsored by: 			Sponsored by: 			Session 4E: LIGHTNING TALKS			Session 4F: LIGHTNING TALKS
10:45	HCF Symposium 04	A patient decision support tool for total knee replacement – results from a randomised control trial, Dr Chris Schilling, University of Melbourne	ATP Symposium 05		42	4E.1	Minimising alert fatigue in digital healthcare: Think rankings, not thresholds, Robin Blythe, QUT	26	4F.1	Insights into Cardiac Care Challenges and Disparities in Australia, Dr Sumudu Hewage, Queensland University of Technology (QUT)
					53	4E.2	Counting the cost of hospitalised injury from administrative data: three considerations, Dr Clifford Aboakwah, Queensland University of Technology	208	4F.2	Improving surveillance and quality of care for patients living with chronic kidney disease using complementary population-based data sources from Canada and Australia, Dr Paul Ronksley, University Of Calgary
					56	4E.3	Developing the Local Consensus for Implementation Model, Dr Lisa Pagano, Macquarie University	221	4F.3	mHealth use and needs analysis of people with diabetes and GPs in a socioeconomically marginalised, urban Australian GP-led diabetes clinic, Dr David Chua, Centre For Health Services Research, University Of Queensland
10:55					131	4E.4	Navigating Mobility: Understanding organisational factors shaping adult patient mobility in acute care settings, Ms Joanne Nolan, SA Health SALHN	309	4F.4	The impact of home energy upgrades on healthcare utilisation and costs of people with cardiovascular, respiratory and mental health conditions, Dr Katie Page, UTS
					318	4E.5	Morbidity and Mortality meetings – are they meeting the needs of clinicians and health services?, Dr Emily Steel, Kylie Sellwood, Metro South Health	432	4F.5	"Happiness around here is very contagious": the experience, benefits and barriers of peer support for people living with heart disease, Dr Emily Li, University Of Sydney
					362	4E.6	You follow your baby everywhere: How personality traits influence healthcare utilisation in the Australian healthcare system, John Paul Kuwornu, Queensland University Of Technology	469	4F.6	The burden of long COVID: quantifying the lived experience of long COVID, Prof Paula Lorgeley, Waipapa Taumata Rau University Of Auckland
11:05		Back@Home: a virtual hospital for back pain in the Sydney Local Health District, Gustavo Macahdo, The University of Sydney			386	4E.7	Exploring challenges in leveraging implementation science principles for evaluating digital health interventions, Dr Sundresan Naicker, Australian Centre For Health Services Innovation, School of Public Health and Social Work, UQ	472	4F.7	Cost-effectiveness of Deep Brain Stimulation for the management of Parkinson's disease, Mr CHIEMEKA CHINAKA, Queensland Brain Institute, University Of Queensland
					305	4E.8	Assessing the Impact of an Integrated Community Care Program on Hospital Readmission and Emergency Department Representation Rates: An Interrupted Time Series Analysis, Dr Brendan Shannon, Monash University	14	4F.8	A Novel Digital App Enhances Patient-Centred Communication at the Bedside, Ms Penelope Casey, School of Nursing and Midwifery- Centre for Quality and Patient Safety Research (Eastern Health), Deakin University
					398	4E.9	Implementing technology-supported home-based care for older Australians, A/Prof Frances Batchelor, National Ageing Research Institute	28	4F.9	Recognising consumers' contribution to health research: a survey of research organisations' perspectives, Ms Mingming Zhou, ANU
11:15					451	4E.10	Use of non-admitted geriatric and allied health services by people living with dementia in community and residential aged care, Mr Stephen Moules, University Of Wollongong			Q&A

THURSDAY 5 DECEMBER 2024 cont...

10:45 - 12:15

FEATURED RESEARCH SESSION / CONCURRENT SESSION 4 cont...

Room: Hall B
Sponsored Symposium 04 - HCF Foundation

Sponsored by: 

Using research to inform the implementation of short-stay joint replacement models of care, Professor Ilana Ackerman, Monash University

Successes and challenges implementing a blended digital mental health intervention (myNewWay) for depression and anxiety, Professor Jill Newby, Black Dog Institute

Lunch / Poster Presentations: P81-P158 - 13:00-13:30 (Hall A)

Room: Meeting Rooms 1, 2, 3
Sponsored Symposium 05 - Queensland Health - Australian Teletrials Program

Sponsored by: 

ATP Symposium 05

Room: Meeting Room 4

Chair:

Session 4E: LIGHTNING TALKS

7 4E.11 "I felt like they were making a connection": A qualitative study of experiences from a cancer telerehabilitation program, Dr Amy Dennett, Eastern Health

94 4E.12 Psychosocial and health service impact of population-based breast density notification in Australia: a co-designed BreastScreen Queensland randomised controlled trial, Dr Brooke Nickel, The University Of Sydney

104 4E.13 Healthcare contact days for people with stage IV non-small cell lung cancer in Ontario, Canada: A population-based study, Paul Nguyen, Queen's University

165 4E.14 Implementation of cancer care interventions using a stepped wedge cluster-randomised controlled trial design: A systematic review, Hannah Jongebloed, Deakin University

196 4E.15 Impact of Multimorbidity and Complex Multimorbidity on Participation in Cancer Screening Among New South Wales Residents Aged 45 Years and Over, Dr Amber Zi Ye, Discipline Of General Practice, School Of Clinical Medicine, The University Of New South Wales

231 4E.16 Australian preferences for genomics-informed risk-tailored cancer screening: a discrete choice experiment, Ms Amber Salisbury, University Of Sydney

249 4E.17 Geographic patterns in population rates of hospital treatment for prostate cancer from the Australian Cancer Atlas digital research platform, Dr Jessica Cameron, Cancer Council Queensland

304 4E.18 "It was time I could have spent better." – the Barriers, Enablers, and recommendations for improving Financial Aid Access when a Child is diagnosed with Cancer, Ms Megumi Lim, Qut

381 4E.19 Diet and Lifestyle Quality and Endometrial Cancer Outcomes: Longitudinal Analysis of FeMe Trial, Dr Ruqaiya Al Ramadhani, Chsr, Uq

446 4E.20 What participants experience and need in First-in-Human clinical trials, Dr Elizabeth Pearson, Peter MacCallum Cancer Centre

470 4E.21 Work-related factors that influenced the experiences of Auckland-based oncology related physicians during the nationwide COVID-19 lockdown in New Zealand, Dr Rob McNeill, The University Of Auckland

280 4E.22 Pathology point of care testing (PoCT) safety and quality issues: a review of international literature, Dr Mirela Pigomet, Macquarie University

Room: Meeting Room 5

Chair:

Session 4F: LIGHTNING TALKS

490 4F.11 Health service utilization by quota, family-sponsored and convention refugees in their first five years in New Zealand, Dr Frederieke S Petrović-van der Deen, University Of Otago

109 4F.12 Establishing Key Priorities for Integrating Exercise and Nutrition into Regional and Rural Oncology Services: Application of Nominal Group Technique to facilitate a priority-setting workshop, Dr Annemarie (Annie) De Leo, Edith Cowan University

136 4F.13 Place-based health planning in rural and remote northern Queensland communities, Dr Karen Johnston, Prof Sarah Larkins, James Cook University

230 4F.14 Voices of consumers in implementation science, a case study example of including the voices of people living with dementia in research, Dr Caroline Grogan, Wesley Research Institute

341 4F.15 Codesign of an electronic Health Passport for people living with disability and/or complex needs, Ms Rebecca Barnden, National Centre for Healthy Ageing

349 4F.16 Gathering Insights on the Implementation of an Operational Dashboard for WA Country Health Service, Richard Varhol, Curtin University

357 4F.17 Co-designing the development of text messages (mHealth) for primary prevention of stroke: Love Your Brain, Prof Monique Kilkenny, Monash University

373 4F.18 Listening to See: Co-designing the Powerful Pictures model of care with Aboriginal and Torres Strait Islander communities and Health Services, Dr Andrew Goodman, Aushsi, Qut

437 4F.19 Public comprehension of privacy protections applied to health data shared for research, Dr Rachel Canaway, The University Of Melbourne

129 4F.20 Can counselling interventions be brief AND effective for sexual assault survivors? A systematic review and meta-analysis supporting innovations in models of care, Professor Katherine Harding, La Trobe University / Eastern Health

433 4F.21 Engagement with electronic messages to support health and recovery goals after stroke, Prof Dominique Cadilhac, Monash University

THURSDAY 5 DECEMBER 2024 cont...

13:30 - 15:00	CONCURRENT SESSION 5														
	Room: Hall B Chair:		Room: Meeting Room 1 Chair:		Room: Meeting Room 2 Chair:		Room: Meeting Room 3 Chair:		Room: Meeting Room 4 Chair:						
	Symposium 07: Building an innovation and research culture in a public community health service		Session 5B: Rural & Remote Health		Session 5C: Cancer (1)		Session 5D: Digital Interventions		Session 5E: 3MT						
13:30	68	Research culture and capability in a Community Health Service, Dr Nicole Stormon, Queensland Health Metro North Health	81	SB.1	Title: Geographic disparities in physiotherapy accessibility for priority populations in New Zealand , Dr Miranda Buhler, University Of Otago School of Physiotherapy	49	SC.1	Prostate Cancer Specialist Nursing Program: A Social Return on Investment, Dr Kim Edmunds, University Of Queensland	31	SD.1	Can an online interactive plain language tool improve health information quality? Results from a randomised controlled trial, Dr Julie Ayre, University Of Sydney	5	SE.1	Virtual Hospital Care for Low Back Pain (Back@Home), Mrs Alla Melman, University Of Sydney	
13:35												103	SE.2	Virtual care solutions for improving patient-centred health services and system efficiency, Ms Linh Vo, Australian Centre For Health Services Innovation, Queensland University Of Technology	
13:40												171	SE.3	High-risk opioid prescribing and persistent opioid use in Australian workers with back and neck musculoskeletal disorders or injuries, Mr Yonas Tefera, Monash University	
13:45												199	SE.4	Advancing Healthcare through the Development of an Economic Implementation Toolkit, Lane Carrandi, Monash University	
13:50												237	SE.5	Incident data related to nasogastric tubes. What does the data tell us?, Ms Kate Glen, Queensland University Of Technology	
13:55												245	SE.6	Optimising equity and access in Australia's lung cancer screening program, Hannah Jongebloed, Deakin University	
14:00												336	SE.7	Why should we integrate allied health stroke assessment?, Aleysha Martin, Mater Research Institute - University Of Queensland	
14:05												348	SE.8	Future-proofing fertility: Using 'big data' to overcome a silent superbug, Ms Sara Bell, The University Of Queensland	
14:10												365	SE.9	When diagnostics and digital health collide: benefit or bedlam?, Ms Julie Li, Macquarie University	
14:15												379	SE.10	Using artificial intelligence to identify complex patients in general medicine, Ms Elena Gerstman, Austin Health	
14:20	84	Engagement of Aboriginal and Torres Strait Islander peoples with an urban Community Diabetes Service, Dr Peter Lawrenson, Queensland Health, Metro North Health, Community and Oral Health	206	SB.4	The pathway to consumer healthcare information in rural and remote Queensland , Sophie Macklin, The University of Queensland	434	SC.4	Visual explainers as a tool to communicate cancer's impact in Australia, Mr. Muhamad Haroon, Cancer Council Queensland	4	SD.4	Process and implementation evaluation of a virtual hospital model of care for low back pain (Back@Home), Mrs Alla Melman, University Of Sydney	423	SE.11	Enhanced Longitudinal Analyses for Community Opioid Dispensing following Injury, Mrs Tasminah Sad Sultana, Queensland University Of Technology	
14:25												474	SE.12	Realist Economic Evaluation and Policy Analysis of the Payment Mechanism of the Lead Maternity Carer Service in New Zealand, Dr Charlotte	
14:30												475	SE.13	Economics of Clinical Pathways in the Emergency Department: Chest Pain, Dr Rubita Chandra, University Of Tasmania	
14:35	140	Research skills development through the New to Research Program: An evaluation, Dr Nicole Gavin, Metro North Health Community And Oral Health	241	SB.5	Influences of multi-level governance on the sustainability of integrated care in rural, regional, and remote NSW, Australia, Alexandra de Souza, Menzies Centre For Health Policy & Economics, The University Of Sydney	191	SC.6	November as a change agent, Dr Huw Rees, November	456	SD.6	A qualitative exploration of TeleClinical Care Cardiac - a digital health innovation for transitional cardiac care, Dr Huelming Liu, The George Institute for Global Health	Q & A			
14:40													225	SD.7	Design and Initial Insights of a Theory-Guided Mixed Methods Study on Implementing a Digital Fall Prevention Platform, Dr Alana Delaforce, Commonwealth Scientific and Industrial Research Organisation (Australian E-Health Research Centre)
14:45													180		
14:50		Health Services Innovation through the Kickstarter Program: A Speech Pathology Telepractice Dysphagia Service Within a Community Health Setting, Dr Peter Lawrenson, Queensland Health, Metro North Health, Community and Oral Health			Q & A (15 minutes)			Q & A (15 minutes)

16:20	352	Symposium 08	Evaluating the economic impact of the Victorian Virtual Emergency Department using decision-free analysis: results from the first year of the state-wide model, Dr Rebecca L Jessup, Northern Health	426	6B.9	Short Oral	illuminating the cancer continuum of care through large-scale primary care data linkage, Dr Alex Lee, University Of Melbourne	114	6C.5	Short Oral	How to better recognize different theory types in health research , Dr Roger Chafe, Memorial University of Newfoundland	271	6D.7	Short Oral	Insights from Expert Elicitation: Prioritizing Pathogens for Australian Public Health Response, Dr Tehzeeb Zulficar, The Australian National University	273	6E.4	Long Oral	Patient and acute care factors associated with days alive and at home (DAH) after hip fracture surgery , Dr Lara Harvey, Neuroscience Research Australia	217	6F.16	Lightning Talk	Mixing it up: Exploring the motivations and experiences of consultants in public-private dual practice in southern New Zealand, Mr Gavin Bishop, University Of Otago	
16:25				430	6B.10		Supporting Learning Health Systems: Innovation for leveraging healthcare data in research, planning and policy cycles, Professor Douglas Boyle, The University of Melbourne, Department of General Practice and Primary Care	492	6C.6		Using social networking sites in health research: a case study , Dr Sara Holton, Monash University	494	6D.8		Measuring the clinical impact of research growth in a public health service organisation, Dr Tilley Pain, Townsville Hospital and Health Service	264	6F.17		Compensable General Practitioner consultations remains high during long workers' compensation claims , Preeti Maharjan, Monash University					
16:30								19	6C.7		Development and collective case study of the Cost IS (costing implementation strategies) instrument for digital health solutions , Miss Thomasina Donovan, Queensland University Of Technology	495	6D.9		Fortifying foresight- exploring implementation determinants in data-driven interventions for delirium , Swapna Gokhale, Eastern Health/Monash University	290	6E.5		Promoting visibility among the invisible - A linked-data approach to support more equitable health system planning and implementation, Tristan Bouckley, The George Institute for Global Health	270	6F.18		Invisible Distress: A Systematic Review of Mental Health Challenges Faced by Pregnant Women in Disasters, Ms Minnat Seema, Griffith University	
16:35							Q & A (15 minutes)												247	6E.6	Associations of neighbourhood air pollution and greenery with hospital admissions related to Cardiometabolic disease, Dr Alison Carver, Monash University			
16:40																		Q & A (5 minutes)						
16:45	Close																							

FRIDAY 6 DECEMBER 2024

7:00	Speaker Support Open, Meeting Room 7																				
8:00	Registration Open, Level 1 - Upper Registration Desk																				
9:00 - 9:05	WELCOME - DAY 3 Plenary Room: Hall B																				
9:05 - 10:30	PLENARY SESSION 3 Chair: Plenary Room: Hall B																				
	International Keynote: Professor Mike Drummond, University of York in the United Kingdom							Sponsored by:		  											
10:15 - 10:45	Morning Tea (Hall A)																				
10:45 - 12:15	CONCURRENT SESSION 7																				
	Room: Hall B Chair: Symposium 09: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals		Room: Meeting Room 1 Chair: Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation		Room: Meeting Room 2 Chair: Session 7C: Cancer (2)		Room: Meeting Room 3 Chair: Session 7D: Costing Healthcare		Room: Meeting Room 4 Chair: Session 7E: Primary Care		Room: Meeting Room 5 Chair: Session 7F: LIGHTNING TALKS										
10:45	260	Effectiveness and implementation of Hospital at Home, Dr Jason Wallis, Monash University	276	Utilising the National Centre for Healthy Ageing data infrastructure for digital innovation in residential aged care, Associate Professor Nadine Andrew, Monash University	213	7C.1	The cost and carbon footprint of surveillance imaging for patients with resected stage III melanoma, Mr Jake Williams, University Of Sydney	145	7D.1	17	7E.1	188	7F.1	Trends in the use of sodium-glucose cotransporter 2 inhibitors following hospitalisation with heart failure, New South Wales, Australia, Dr Jialing Lin, University of New South Wales							
10:50														315	7F.2	Evaluating antipsychotic administration in delirium over seven years at a metropolitan health network, Paul Wembridge, Eastern Health					
10:55															431	7F.3	Statin intensity and survival after stroke in people with and without dementia, Ms Leonie Picton, Monash University				
															67	7F.4	Equity and access to diabetes eye care in Te Toka Tumai Auckland 2008-2019: analysis of routinely collected health-facility data, Dr Pushkar Silwal, University Of Auckland				
11:00															483	7F.5	A qualitative exploratory study of staff perspectives of patient non-attendance in an outpatient physiotherapy setting, Miss Shayma Mohammed Selim, Queensland University Of Technology				
															420	7F.6	Towards the secondary use of clinical trial data, Dr Hugo Leroux, The Australian E-health Research Centre				
11:05									366	7C.2	Medically assisted reproduction and hormone sensitive cancers in women: Results from the CREATE study, Dr Adrian Walker, UNSW Sydney	97	7D.2	183	7E.2	52	7F.7	Long COVID Management in Primary Care, A/Prof Mona Jeffreys, Te Hikuwai Rangahau Hauora Health Services Research Centre, Te Herenga Waka - Victoria University Of Wellington			
11:10					96	Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals, Dr Kim Hansen, Virtual Emergency Care Service	340	Feasibility of a codesigned digital health solution to enable consumers to identify and communicate their needs and preferences with healthcare staff across a hospital care continuum, Ms Rebecca Barnden, National Centre for Healthy Ageing								100	7F.8	Use and effectiveness of general practitioner management plans and team care arrangements for patients with Type 2 diabetes, Dr Esa Chen, Monash University			
11:15																			116	7F.9	Practice Changes in the Family Physician Workforce in Ontario, Canada: 1993-2022, Mr Eliot Frymire, Queens University
11:20							Enhancing Psychosocial Support for Families of Children with Cancer: An Intervention Study, Janine Kemp, Children's Health Queensland	360	7D.3	75	7E.4	435	7F.11	HIV pre-exposure prophylaxis (PrEP) access in the modern age: a narrative review of PrEP telehealth models and their implementation considerations, Mr Tyson Arapali, Kirby Institute							
11:25										115	7E.5	79	7F.13	Comparison of 'Dental Caries Utility Index' and 'EQ-5D-5L' with the 'Oral Health Impact Profile-14': a cross-sectional study, Dr Ruvini Hettiarachchi, Centre for the Business and Economics of Health, The University of Queensland, Queensland, Australia,							

FRIDAY 6 DECEMBER 2024 cont...

10:45 - 12:15	CONCURRENT SESSION 7 cont...																						
	Room: Hall 8 Chair:		Room: Meeting Room 1 Chair:		Room: Meeting Room 2 Chair:		Room: Meeting Room 3 Chair:		Room: Meeting Room 4 Chair:		Room: Meeting Room 5 Chair:												
	Symposium 09: Hospitals without walls: Lessons learned through establishment of public and private virtual hospitals		Symposium 10: The National Centre for Healthy Ageing Data Platform: An Electronic Health Record derived platform for digital health innovation		Session 7C: Cancer (2)		Session 7D: Costing Healthcare		Session 7E: Primary Care		Session 7F: LIGHTNING TALKS												
11:30	248	Symposium 09	238	Symposium 09	367	7C.4	Long Oral	397	7D.4	125	7E.6	Short Oral	202	7F.14	Lightning Talk	Hospital care experiences for people who mainly speak a language other than English, Gui Franco, Bureau Of Health Information							
													345			7F.15	Trial-based cost-utility analysis of PROMISE: Patient Reported Outcome Measures in cancer care, a hybrid effectiveness-implementation trial to optimise Symptom control and health service Experience, Prof Louise Collins, Qimr Berghofer Medical Research Institute						
11:35													82			7F.16	The influence of digital systems on person-centred nutrition care and interprofessional practice in hospitals, Hannah Olufson, Queensland Health / University Of Queensland						
11:40					300	Symposium 09	224	Symposium 09	369			7C.5	Short Oral			239	7D.5	412	7E.7	Q & A	186	7F.17	Risk appetite of hospital staff during discharge planning from subacute care: a multidisciplinary qualitative exploration, Dr Kate Gledhill, Monash University
																					190	7F.18	Determining discharge-readiness from subacute care from the perspectives of key stakeholders: A qualitative exploration, Dr Kate Gledhill, Monash University
11:45																					361	7F.19	Exploring the relationship between health literacy, antibiotic knowledge, attitudes and behaviours in young Australian adults, Dr Katie Page, University Of Technology Sydney
11:50					194	7C.6	Short Oral									Q & A							
11:55					325	7C.7																	
12:00								156	7D.6	Short Oral													
12:05																							
12:10																							
12:15 - 13:15	Lunch (Hall A)																						
13:15 - 15:30	CLOSING PLenary Plenary Room: Hall 8																						
	Funders and Policy Makers - Panel																						
15:30	Close

37 108 175 272 328 376 404 123 477 218 246 46 316 355 408 278 286 339 343 387 461 485 74 76 302 331 368 327 23 16 22 61 149 207 99 402 372 481 491 153 342 418 425 460	P1	Acute Care	Omicron Surge Impact on Acute Kidney Injury in ICU Patients: A Study Using the ISARIC COVID-19 Database, Miss Dai Danyang, The University Of Queensland
	P2	Acute Care	Delirium and Cognitive Impairment: Why it's challenging to provide care., Mrs Margaret Cahill, Qld Health
	P3	Acute Care	Examine the usage and benefits of mobile applications for sepsis-related healthcare: a scoping review of literature and a review of publicly available mobile applications, A/Prof Ling Li, Macquarie University
	P4	Acute Care	Exploring the characteristics, outcomes and clinician perspectives of general medicine patients with complex allied health needs in the digital age – an observational cohort and cross-sectional survey, Ms Elena Gerstman, Austin Health
	P5	Acute Care	Launch of a dedicated After-Hours Care Unit and the impact on junior doctors., Dr Cat Lunter, Princess Alexandra Hospital
	P6	Acute Care	Adverse Events and Associated Economic Burden of COVID-19 Vaccination in Queensland, Australia: a cross-sectional QoVAX-Statewide study, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
	P7	Acute Care	Research, Innovation and Care of hospitalised children: developing paediatric nurse research capacity. , Sandra Charlton, Sydney Children's Hospital Network
	P8	Acute Care	Mind the gap! Measuring the unmet clinical demand across allied health in general medicine – an audit of episodes of care and complexity post implementation of new model of care, Dr Aruska D'Souza, The Royal Melbourne Hospital
	P9	Acute Care	Supporting knowledge translation within health services: an umbrella review of the use and impact of clinical pathways, Dr Rishita Chandra, University Of Tasmania
	P10	Admission Prevention Services	Community care navigation intervention for people who are at-risk of unplanned hospital presentations, Associate Professor Nadine Andrew, Monash University
	P11	Admission Prevention Services	Modifiable risk factors for hospital readmission – patient and health professional perspectives, Ms Holly Wilson, School of Pharmacy, The University Of Auckland
	P12	Ageing	Protocol for the Process Evaluation of the GOAL Trial: investigating how comprehensive geriatric assessment (CGA) improves patient-centred goal attainment in older adults with chronic kidney disease in the outpatient setting, Dr Sarah Fox, University of Queensland (CHSR)
	P13	Ageing	Valuing the economic burden falls injury in residential aged care to the Australian health system: A within-trial analysis , Dr Charles Okafor, The Unversirty Of Queensland
	P14	Ageing	Projecting future demand for residential aged care in Queensland, Imogen Page, Queensland Health
	P15	Ageing	Progression of Frailty among hospital patients 50+ in New South Wales: a Markov multistate modelling approach , Dr Thu Vuong, NSW Agency For Clinical Innovation
	P16	Ageing	The interRAI assessment for elder abuse: we can do better? lessons from the elder abuse prevention fund project in New Zealand, Professor Robin Turner, University Of Otago
	P17	Ageing	The realities of digital connectivity for frontline aged-care workers., Ms Belinda Moshi, Wesley Research Institute
	P18	Ageing	An analysis of falls in 25 residential aged care (RAC) facilities before and during COVID-19 lockdowns (2019 to 2021), Associate Professor Magda Raban, Macquarie University
	P19	Ageing	Adapting a Sensory Support Intervention for Older Adults with Sensory Impairment for the Australian Home Care Setting, Dr Melinda Toomey, The University Of Queensland
	P20	Ageing	Using routinely collected data to develop and evaluate a clinical tool for early identification of palliative care needs in care homes: RESPECT-LTC, Ms Maya Murmann, Bruyere Research Institute
	P21	Ageing	Quality Under the Microscope: Examining the Impact of Medicaid Policies on U.S. Long-Term Home Care , Dr Namal Balasooriya, The University Of Queensland
	P22	Ageing	THE TRAFFIC LIGHT SYSTEM: A NOVEL PREDCITIVE GERIATRIC PATIENT PRIORITISATION MACHINE LEARNING MODEL, Dr Abtin Ijadi Maghsoodi, Te Whatu Ora Health New Zealand
	P23	Cancer	Factors impacting hospitalisation and related health service costs in cancer survivors in Australia: results from a population data linkage study in Queensland (COS-Q), Dr Katharina Merollini, University of the Sunshine Coast
	P24	Cancer	Assessing the hospital volume-cost relationship in pancreatoduodenectomy (PD) for pancreatic cancer patients: a population-based longitudinal study, A/Prof Ling Li, Macquarie University
	P25	Cancer	Strategies to improve adherence to skin self-examination and other self-management practices in people at high risk of melanoma: a scoping review of randomised clinical trials , Dr Deonna Ackermann, University Of Sydney
	P26	Cancer	Locally adapted meta-analysis: generating relevant effect estimates for the economic evaluation of supportive care interventions for breast cancer patients, Dr Jackie Roseleur, Flinders University
	P27	Cancer	Consumer perspectives on data sharing in cancer research, Dr Lizzy Johnston, Cancer Council Queensland
	P28	Cancer	Development and testing of consensus quality indicators for cancer supportive care: a Delphi study , Amelia Hyatt, Peter Maccallum Cancer Centre
	P29	Chronic Disease	Women are leading the socioeconomic gradient transition in non-communicable diseases in China: longitudinal national data analysis between 1991 and 2020, Miss Xuemei Zhang, University Of Melbourne
	P30	Chronic Disease	Improving Heart Failure Outcomes with the Smart-HF Program., Dr Chris Lynch, La Trobe University
	P31	Chronic Disease	The effect of socioeconomic status mobility on adult’s NCD development: a nationwide longitudinal data analysis in China between 1991 and 2020, Miss Xuemei Zhang, University Of Melbourne
	P32	Chronic Disease	The Impact of Digital Solutions in the Outpatient Care of Diabetes on the Quadruple Aim: A Scoping Review , Mr Wenyong Wang, Queensland Health
	P33	Chronic Disease	Machine learning techniques to predict diabetic ketoacidosis and HbA1c >7% among individuals with type 1 diabetes- a large multi-centre study in Australia & New Zealand, Professor Arul Earnest, Monash University
	P34	Chronic Disease	The Changing Landscape in Cost-Utility Analysis Literature: An Australian Perspective, 1992-2022, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
	P35	Chronic Disease	Cardiovascular disease incidence by ethnicity in New South Wales, Australia, Associate Professor Fiona Stanaway, University Of Sydney
	P36	Chronic Disease	Using Natural language processing in health services research: a proof of concept study using a process evaluation of salt substitutes in Peru , Dr Hueiming Liu, The George Institute for Global Health
	P37	Chronic Disease	Economic evaluation of a Virtual Model of Antenatal asthma Care (VMAC) compared to a face-to-face model, Ms Aisha Towhari, University Of Newcastle
	P38	Chronic Disease	Healthcare use and costs among children with cerebral palsy participating in the GAME trial, Miss Xin Zhan, The University Of Sydney
	P39	Chronic Disease	Do choice of population and ethnicity information source affect estimates of ethnic disparities in non-communicable disease rates?, Dr Frederieke S Petrović-van der Deen, University Of Otago
	P40	Chronic Disease	Move to improve - prescribing physical activity and deprescribing paracetamol for low back pain in a waiting room point of care, Ms Josielli Comachio, The University Of Sydney
	P41	Chronic Disease	Differences in health-related quality of life among adults with and without behavioural risk factors for chronic disease: A systematic review and meta-analysis, Nirmali Sivapragasam, Queensland University Of Technology
	P42	Chronic Disease	Digital Interventions to Prevent Type 2 Diabetes: A Systematic Review, Higher Degree by Research Scholar Tuan Duong, Queensland Digital Health Centre, Faculty of Medicine, The University of Queensland, Brisbane, Australia
	P43	Chronic Disease	Exploring how peer workers provide support to people with mental health conditions for healthy lifestyle, Sophie Love, University Of Newcastle
	P44	Chronic Disease	Data linkage to inform health service planning for paediatric palliative care, Dr Alison Bowers, Queensland University Of Technology
482 489 87 111 214 219	P45	Chronic Disease	Infant Toddler Quality of Life Questionnaire (ITQOL) among cerebral palsy children in GAME trial, Miss Xin Zhan, The University Of Sydney
	P46	Chronic Disease	Does area deprivation affect the lived experience of long COVID in Aotearoa?, Professor Paula Lorgelly, Waipapa Taumata Rau The University Of Auckland
	P47	Community Based Care	Interprofessional collaboration between pharmacists and community health workers to improve medication adherence: a systematic review, Dr Carole Bandiera, University Of Sydney
	P48	Community Based Care	Evaluation of WELLfed, Associate Professor Mona Jeffreys, Te Herenga Waka-victoria University Of Wellington
	P49	Community Based Care	Using data linkage to develop comorbidity profiles for community wound care clients, Ms Joanna Smith, Silverchain
	P50	Consumer Engagement and Co-Design	Combining Systems Science and Implementation Science Approaches to Co-Design Implementation Strategies Within Health Services: A Case Study, Dr Anna Chapman, Deakin University

Poster Displays			
Paper #	Poster #	Theme	
Poster Presentations			
307	P51	Consumer Engagement and Co-Design	Using the Behaviour Change Wheel to develop strategies to improve adherence in randomised clinical trials: the example of MEL-SELF trial of patient-led surveillance for melanoma., Dr Deonna Ackermann, University Of Sydney
	P52	Consumer Engagement and Co-Design	Health information needs and preferences of parents and guardians of children transitioning home on oral antibiotic therapy, Mrs Jessica Suna, Uq
	P53	Consumer Engagement and Co-Design	Cancer survivors’ involvement in oncology research: A systematic review of co-designed digital initiatives, Associate Professor Skye Marshall, Deakin University
	P54	Consumer Engagement and Co-Design	What are patients' perceptions or attitudes regarding the use of Artificial Intelligence in skin cancer screening or diagnosis - narrative review, Ms Preksha Machaiya Kuppanda, Centre For Health Services Research
	P55	Consumer Engagement and Co-Design	Development of preventive health intervention apps for chronic disease prevention., Ms Joanna Munro, Health And Wellbeing Queensland
	P56	Consumer Engagement and Co-Design	Comparing polarised and non-polarised dermatoscopes in the MEL-SELF trial of patient-led surveillance: a randomised study within a trial. , Dr Deonna Ackermann, University Of Sydney
	P57	Consumer Engagement and Co-Design	Checking your unconscious bias - A guideline for researchers engaging with consumers., Peta Dampney, Australian Frailty Network
	P58	Consumer Engagement and Co-Design	Health system interventions for the cost containment of drugs used for cardiovascular diseases: A systematic review and exploration of how the results could be adapted to the Sri Lankan context, Dr Chaminda Jayasekara, Australian Center for Health Services Innovation, Queensland University of Technology, Australia
	P59	Consumer Engagement and Co-Design	Preferences of adolescents and young adults for sexual and reproductive health services in Ethiopia: A discrete choice experiment, Mr Melaku Alemu, Curtin University
	P60	Consumer Engagement and Co-Design	Developing a platform for translational research to inform policy and practice, Dr Justin Chapman, Griffith University
65	P61	Cutting Edge Methods	The Australian Evidence Ecosystem: Current Overview and Areas for Improvement, Professor Zachary Munn, HESRI, School of Public Health, University of Adelaide
106	P62	Cutting Edge Methods	Revolutionising access to research data in Australia , Professpr Adrian Barnett, Queensland University of Technology
59	P63	Cutting Edge Methods	Use of Neural Networks for Rare Disease Detection: A Systematic Review, Mr Sri Surya Krishna Rama Taraka Naren Durbha, George Mason University
80	P64	Cutting Edge Methods	Using the counterfactual framework to estimate non-intention-to-treat estimands in randomised controlled trials: a methodological scoping review , Ms Ellie Medcalf, The University Of Sydney
215	P65	Cutting Edge Methods	Title: Pivoting Pacific research methods for qualitative research during COVID-19 and beyond, Dr Marianna Churchward, Victoria University Of Wellington
297	P66	Cutting Edge Methods	Beyond the metrics: the contribution of narratives in understanding the social impact of research, Dr Gabriel Moore, Menzies Centre For Health Policy And Economics
401	P67	Cutting Edge Methods	Implementing and assessing health service research ethics and governance, Dr Rachel L Duckham, Northern Health
405	P68	Cutting Edge Methods	Enhancing healthcare efficiency and access: Applications of dynamic simulation modeling in New South Wales, Dr Hassan Assareh, NSW Agency For Clinical Innovation
473	P69	Cutting Edge Methods	Beyond Realist Evaluation: Reviewing the Realist Economic Evaluation Approach, Dr Olawale Oladimeji, University Of Auckland
259	P70	Diagnostic Medicine	Trends and issues in pathology point of care testing (PoCT) in Australian healthcare settings, Dr Mirela Prgomet, Macquarie University
284	P71	Diagnostic Medicine	Point of care testing (PoCT) standards: how do Australia’s national standards compare?, Julie Li, Macquarie University
299	P72	Diagnostic Medicine	Point of care testing (PoCT) training resources in Australia: a review , Dr Judith Thomas, Macquarie University
142	P73	Emergency Care	Evaluation of the Priority Primary Care Centre program in the Western region of Victoria, Australia , Dr Feby Savira, Deakin University
146	P74	Indigenous Health	Critically examining health complexity experienced by urban Indigenous peoples in Canada by exploring the factors that allow health complexity to persist: a qualitative study of Indigenous patients in Calgary, Alberta , Dr. Anika Sehgal, University Of Calgary
147	P75	Indigenous Health	Truth and Reconciliation in Medical Schools: Forging a Critical Reflective Framework to Advance Indigenous Health Equity, Dr. Anika Sehgal, University Of Calgary
395	P76	Indigenous Health	Training for Change: Tailoring Cultural Safety Training for Health Care Providers, Dr Lloy Wylie, Western University
139	P77	Integrated Care	Rural Rebalancing: RuralKidsGPS - Measuring the Value of Integrated Care Coordination, Dr Rezwatul Rana, Macquarie University
335	P78	Integrated Care	Integrating allied health services using a transdisciplinary assessment model, Aleysha Martin, Mater Research Institute - University Of Queensland
407	P79	Integrated Care	Why is implementing Health Information Technology (HIT) so hard: understanding HIT implementation and health services integration for chronic disease management, Dr Chelsea Liu, National Centre for Epidemiology and Population Health, College of Health & Medicine, the Australian National University
453	P80	Integrated Care	Piloting a value-based care toolkit in an online community of practice platform, Dr Eloise Hummell, Queensland University Of Technology
240	P81	Integrated Care	Governance of Australian integrated care in initiatives from 1995 to 2023: A scoping review, Alexandra de Souza, Menzies Centre For Health Policy & Economics, The University Of Sydney
244	P82	Integrated Care	Key methodological, recruitment and implementation challenges within a randomised trial of a Community Health Navigator intervention with patients transitioning from hospital to home., Associate Professor Margo Barr, University Of NSW
283	P83	Integrated Care	Hospital Nutrition Care in the Digital Age , Hannah Olufson, Qld Health
25	P84	Medicine Provision	Exploring user and provider experiences with health education chatbots: a qualitative systematic review, Prof. Dr. Kyung-eun, Anna Choi, Center For Health Services Research, Brandenburg Medical School, Neuruppin, Germany
200	P85	Medicine Provision	Quality of Ambulatory Surgical Care: A Systematic Review and Meta-Analysis, Ms Pooja Arumugam, University Of Queensland
38	P86	Mental Health	Schizophrenia and Diabetes Mobile-Assisted Remote Trainer (S.M.A.R.T.): A co-designed digital intervention to improve diabetes self-management in people with schizophrenia, Dr Urska Arnautovska, Queensland Health
265	P87	Mental Health	Understanding views on value based mental healthcare payment reform in a complex healthcare system: The Australian experience., Ms Alicia Norman, Macquarie University
88	P88	Mental Health	Prevalence and patterns of mental health service use for Australian workers with compensated low back pain, Dr Shannon Gray, Monash University
90	P89	Mental Health	Young Australians’ use of mental health services, Esther Qiu, Australian Institute Of Health And Welfare
93	P90	Mental Health	The availability of national data on Australian mental health services, Mr Kevin Yeo, Ms Indus Chopra, Dr Matt Robson and Ms Amy Young, Australian Institute Of Health And Welfare
329	P91	Mental Health	Systematic Review of Economic Evaluations for Suicide Prevention, Dr Long Le, Monash University
347	P92	Mental Health	Establishment of a Cross-Domain Comprehensive Mental Health Care Model, Clinical Psychologist Yi-Feng Lu, Taipei City Hospital
410	P93	Mental Health	Mental health service use after minor to moderate motor vehicle crash injury: A systematic review, Simone Yu, Healthy Working Lives Research Group, School of Public Health and Preventative Medicine, Monash University
444	P94	Mental Health	Talking the talk and walking the walk: Using the right language in mental health and suicide prevention. , Peta Dampney, Australian Frailty Network
21	P95	Occupational Health/Workforce	How change management models and methods have been applied in digital transformation? , Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University
126	P96	Occupational Health/Workforce	Patterns of physiotherapy attendance in compensated Australian workers with low back pain: a retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
128	P97	Occupational Health/Workforce	How much physiotherapy, chiropractic and osteopathy care do compensated Australian workers with low back pain receive? A retrospective cohort study, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
440	P98	Occupational Health/Workforce	Trauma Informed vs Trauma Responsive: What is the actual difference and what could we be doing better? , Peta Dampney, Australian Frailty Network
317	P99	Perinatal and Maternal Health	Age-Related Disparities and Geospatial Distribution of Low Birth Weight in Sub-Saharan Africa: Decomposition and Spatial Analysis of DHS Data, Mr Tadesse Tolossa Daba, Deakin University

Poster Displays			
Paper #	Poster #	Theme	
Poster Presentations			
77	P100	Perinatal and Maternal Health	Protocol for the process evaluation of the MOHMQuit trial (Midwives and Obstetricians Helping Mothers to Quit smoking), Dr Jo Longman, University Of Sydney
39	P101	Primary Care	The barriers and enablers for health professionals in providing vaping cessation support: A scoping study, Dr Jo Longman, University Of Sydney
471	P102	Perinatal and Maternal Health	Payment mechanism of the Lead Maternity Carer service in Aotearoa New Zealand: Exploring the landscape of modular payment in maternal health., Dr Olawale Oladimeji, University Of Auckland
476	P103	Perinatal and Maternal Health	Excess burden of preterm birth among immigrant women in high-income countries: a systematic review and meta-analysis, A/Prof Gizachew Tessema, Curtin University
416	P104	Perinatal and Maternal Health	Unveiling the economic burden of adverse perinatal outcomes from birth to early childhood in high-income countries: a systematic review, Tsegaye Haile, Curtin University
167	P105	Pharmacy and Prescribing	Psychotropic medicine utilisation in Australian workers with back and neck musculoskeletal disorders or injuries , Mr Yonas Tefera, Monash University
172	P106	Pharmacy and Prescribing	Impact of COVID-19 Pandemic on Adherence to Antidepressants in Saudi Arabia, Dr Khalid Orayj, King Khalid University
212	P107	Pharmacy and Prescribing	Relationship of a Pharmacist Delivered Minor Ailment Service in Ontario, Canada and Service Recipient Attachment to a Primary Care Provider, Dr. Liisa Jaakkimainen, University Of Toronto
350	P108	Pharmacy and Prescribing	Changes in pregabalin dispensing to Australians with workers’ compensation claims for low back pain following the listing of pregabalin on the pharmaceutical benefits scheme, Dr Michael Di Donato, School of Public Health and Preventive Medicine, Monash University
375	P109	Pharmacy and Prescribing	Cost-Effectiveness of Semaglutide in Treating Type 2 Diabetes – a Systematic Review, Dr Qing XIA, Australian Centre for Health Services Innovation (AusHSI), Queensland University of Technology
493	P110	Pharmacy and Prescribing	Addressing Challenges and Opportunities of Indonesia’s Pharmacy Digital Services: Lessons from Australia, Miss Siti Saleha, The University Of Sydney
163	P111	Population/Environmental Health	The Digital Divide: Use of mobile health services use and self-efficacy, social adaptation in older adults, Lu Yang, Baker Heart And Diabetes Institute
34	P112	Population/Environmental Health	Creating an environment for virtual care: Infrastructure and capability requirements for efficient virtual healthcare delivery, Dr Ashfaq Chauhan, Macquarie University
58	P113	Population/Environmental Health	Use of an online valuation tool to create an SF-6Dv2 social value set for Aotearoa New Zealand , Associate Professor Trudy Sullivan, University Of Otago
445	P114	Population/Environmental Health	Development of a taxonomy of suicide prevention services for a national need-based planning model in Australia, Mr Manuel Wailan, Queensland Centre for Mental Health Research
69	P115	Pre-clinical Research	Lean times but we still need the wins: Innovation in developing funding-readiness of researchers, Dr Sharon Brennan-Olsen, The Granted Group
150	P116	Pre-clinical Research	Using virtual models of care for outpatient services: a systematic review of quality-of-care outcomes, Dr Maryam Sina, Macquarie University
110	P117	Primary Care	Changes in primary health care utilisation in Aotearoa New Zealand, 2008-2023, Associate Professor Mona Jeffreys, Te Herenga Waka-victoria University Of Wellington
130	P118	Primary Care	Pharmacist management of conjunctivitis in a primary care setting in Ontario, Canada, Mr Eliot Frymire, Queens University
48	P119	Primary Care	African Australians’ health information needs and community-based health literacy solutions at the point of care, Dr Abela Mahimbo, University Of Technology Sydney
294	P120	Primary Care	The use of alternative prehospital referral pathways by paramedics in Queensland: Barriers, facilitators, and potential solutions to improve implementation, Mrs celeste Trembath, QUT
363	P121	Primary Care	Effectiveness of models of care in improving the quality of care for non-specific low back pain, Sean Docking, Monash University
439	P122	Primary Care	Experience of, satisfaction with, and preference for telehealth for HIV and sexual health consultations: Results of a cross-sectional online survey of men who have sex with men in Australia, Dr Benjamin Bavinton, The Kirby Institute, UNSW Sydney
452	P123	Primary Care	Pathways to enhancing people-centred preventive healthcare: investigating the role of traditional and complementary medicine providers, Dr Rachel Canaway, The University Of Melbourne
463	P124	Primary Care	Use of multi-sector whole-of-population linked data to inform telehealth policy in primary care in Australia , Dr Danielle Butler, National Centre For Epidemiology And Population Health, Australian National University
266	P125	PROMs and PREMs	Patients’ experiences with virtual care with NSW public hospital outpatient clinics, Gui Franco, Bureau Of Health Information
10	P126	PROMs and PREMs	The impact of a targeted education package on the knowledge, attitudes, and utilisation of patient reported outcome measures amongst chiropractors in Australia, Dr Natalie Clohesy, Central Queensland University
11	P127	PROMs and PREMs	Clinicians' perceived value and demographic factors that predict the utilisation of patient reported outcome measures for low back pain amongst chiropractors in Australia, Dr Natalie Clohesy, Central Queensland University
12	P128	PROMs and PREMs	A preliminary investigation examining patient reported outcome measures for low back pain and utilisation amongst chiropractors in Australia: facilitators and barriers to clinical implementation. , Dr Natalie Clohesy, Central Queensland University
13	P129	PROMs and PREMs	Utilization of Low Back Pain Patient Reported Outcome Measures Within Chiropractic Literature: A Descriptive Review, Dr Natalie Clohesy, Central Queensland University
50	P130	PROMs and PREMs	Health-related quality of life and work productivity impairment among people with knee osteoarthritis awaiting total knee replacement, Dr Zhomart Orman, Monash University
73	P131	PROMs and PREMs	Improving the uptake of patient reported outcome measures (PROMs) in the routine care of culturally and linguistically diverse (CALD) patients: a systematic review, Jessica Nikolovski, University Of Sydney
204	P132	PROMs and PREMs	Patient Reported Outcomes: the real end goal (in Orthopaedic Surgery), Ms Elizabeth Walkley, Austin Health
205	P133	Rehabilitation	Avoiding Robot Roulette: A clinician’s toolkit for choosing the optimal physical therapy robot, Melanie Carter, Metro North Health
374	P134	Rehabilitation	Feasibility of a multi-disciplinary, multi-modal prehabilitation service for patients undergoing major head and neck surgery with free flap reconstruction, Ms Lyndsey Hoogenhout, Royal Melbourne Hospital
117	P135	Cutting Edge Methods	Efficient for Whom? The Broader Implications of Innovative Clinical Trial Designs, Dr Alisa HIGGINS, ANZIC-RC, Monash University
89	P136	Rural and Remote Health	Launch of the Equitable Cancer Outcomes across Rural and Remote Australia (ECORRA) Program , Associate Professor Skye Marshall, Deakin University
154	P137	Rural and Remote Health	Evaluating a digital antibiogram tool to support data accessibility and use for improved antimicrobial stewardship in Northern Australia, Ms Yukiko Ezure, University Of Queensland
166	P138	Rural and Remote Health	Implementation of the Virtual Integrated Practice (VIP) Partnership Program: Digitally enabled primary care in rural Queensland communities, Ruby Strauss, Centre for Health System Reform and Integration
296	P139	Rural and Remote Health	The Dietitian First Gastroenterology Clinic in the digital age – a virtual service model providing timely care closer to home, Hannah Olufson, Surgical Treatment and Rehabilitation Service (STARS)
337	P140	Rural and Remote Health	Staff-reported barriers and facilitators to the implementation of patient-focused interventions within regional and rural healthcare services: A rapid review, Dr Anna Chapman, Deakin University
55	P141	Rural and Remote Health	Enhancing health services through digital innovation: The Northern Australian Regional Digital Health Collaborative (NARDHC), Dr Michelle Krahe, James Cook University
