

14th Health Services Research Conference

The Promise and Future of Health Services Research

Kia whakatōmuri te haere whakamua

I walk backwards into the future with my eyes fixed on my past

Tākina Wellington Convention and Exhibition Centre, New Zealand | 2-4 DECEMBER 2026

TUESDAY 1 DECEMBER 2026

TUESDAY 1 DECEMBER 2026

	Room: MATIU	Room: MAKĀRO	Room: MOKOPUNA
13:00-17:00	WORKSHOP 1: Essential Elements of a Successful Grant Application <i>Proudly Sponsored by:</i>  	WORKSHOP 2: True Cost of Change: Planning, Measuring, and Valuing Implementation	WORKSHOP 3: Trans-Tasman collaborations in cancer inequities research <i>Proudly Sponsored by:</i>  VICTORIA UNIVERSITY OF WELLINGTON TE HERENGA WAKA
13:00-17:00	Early Registration Open , Level 1 - RONGOMĀTĀNEI FOYER <i>For those delegates wishing to register prior to the first day of the Conference</i>		
	Early Speaker Support Open , Level 1 - CONFERENCE OFFICE <i>For any presenters wishing to upload their presentation with the AV team prior to the first day of the Conference</i>		

WEDNESDAY 2 DECEMBER 2026

WEDNESDAY 2 DECEMBER 2026

7:00	Registration Open , Level 1 - RONGOMĀTĀNEI FOYER Speaker Support Open , Level 1 - CONFERENCE OFFICE
9:00	MIHI WHAKATAU OFFICIAL OPENING : Te Atiawa Plenary Room: RONGOMĀTĀNE A & B Welcome Official Opening
9:30 - 10:30	PLENARY SESSION 1: Cheryl Davies , Tu Kotahi Māori Asthma Trust <i>Chair:</i> Plenary Room: RONGOMĀTĀNE A & B
10:30-11:00	Morning Tea: RONGOMĀTĀNE FOYER

WEDNESDAY 2 DECEMBER 2026 cont...

11.00-12.30	CONCURRENT SESSION 1																	
	Room: RONGOMĀTĀNE A			Room: RONGOMĀTĀNE B			Room: RONGOMĀTĀNE C			Room: MAKĀRO			Room: MOKOPUNA			Room: MATIU		
	Chair:	Symposium 01		Chair:	Symposium 02		Chair:	Session 1C: Valuing health		Chair:	Session 1D: Indigenous Health		Chair:	Session 1E: Implementation science		Chair:	Session 1F: Co-design	
11:00	Symposium 01: From GP Records to Real-World Impact: Unlocking Primary Care Data for Better Health Systems	From GP Records to Real -World Impact: Unlocking Primary Care Data for Better Health Systems	Symposium 02: Giving VOICE to Mob – Co-designing a Consumer Experience Tool with Community and Primary Health Care Services	7	1C.1	Value for money of an extended care support program in Australia: A Social Return on Investment Analysis, Dr Kim Edmunds, University Of Queensland	372	1D.1	Implementing the What Matters to Adults (WM2A) Wellbeing Measure for Aboriginal and Torres Strait Islander Adults: Pre-implementation in Mental Health, SEWB and Chronic Care Services , Professor Michelle Dickson, Poche Centre For Indigenous Health	209	1E.1	Towards Equitable Cancer Care: Determinants of Optimal Care Pathway Implementation in Rural and Remote Australia, Dr Anna Chapman, Deakin University	334	1F.1	Co-design of a prescription opioid safety toolkit for national dissemination, Dr Jessica Watterson, Deakin University			
11:15		144: The PREDICT Cohort Study		162: Partnering to empower Aboriginal and Torres Strait Islander consumers and communities in service delivery – the origins and co-design approach to developing the VOICE Patient Reported Experience Measure (PREM)	556	1C.2	Estimating the Return on Research Investment Using Value of Implementation Analysis: Evidence from a Global Adaptive Platform Trial, Lane Meredith, Anzic-rc, Monash University	213	1D.2	Yarning about self-discharge. Tania Unterheimer, Metro South Health	570	1E.2	Developing strategies to address barriers and support implementation of physical activity clinical practice guideline recommendations for people with moderate-to-severe traumatic brain injury, Professor Leanne Hassett, University Of Sydney	356	1F.2	Codesign and implementation of retention initiatives with four remote health services, A/prof Deborah Russell, Menzies School Of Health Research		
11:30		414: Unlocking the value of linked primary care data: dynamic risk prediction using Lumos		289: Yarns with mob about their healthcare experiences - Identifying elements of quality and experience of care that are most valued by Aboriginal and Torres Strait Islander people attending PHC services	486	1C.3	Uncovering the cost-effectiveness of theory-based implementation approaches: a health economic analysis of the Hide and Seek Project (HaSP) trial, Associate Professor Bonny Parkinson, Macquarie University Centre for the Health Economy	293	1D.3	He Tono Whakapiki Ora: An Indigenous model for pharmacist-led innovation, Dr Nora Parore, Waipapa Taumata Rau University of Auckland	586	1E.3	Workforce-driven approaches to enhance oral healthcare in regional Australia, Dr Chaminda Jayasekara, Australian Centre For Health Services Innovation And Centre For Healthcare Transformation	173	1F.3	A Community approach to co-designing a First Nations Health Equity Strategy in an urban government health service, Renae Anderson, Metro South Health		
11:45		392: Do General Practice Environments Influence Emergency Care Use? Insights from a Statewide Linked Dataset		188: "Should be a dynamic tool": Aboriginal and Torres Strait Islander primary health care sector staff perspectives on an effective patient reported experience measure (PREM)	400	1C.4	Beyond case mix: Mapping the structural cost drivers that activity-based funding doesn't fully price in Victorian public hospitals, Dr Andrew Haywood, Department Of Health, Victoria	107	1D.4	Reframing dementia care: Developing Indigenous-centred clinical guidance through participatory and culturally grounded approaches, Dr. Anika Sehgal, University Of Calgary	183	1E.4	Evaluating the Virtual Integrated Practice Program to support rural general practice viability in Australia: An Implementation Research Logic Model informed study , Dr Piumika Sooriyaarachchi, Centre For Health System Reform And Integration	54	1F.4	Implementing co-designed health service improvements through Co-design Knowledge to Action Framework , Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University		
11:50		353: Working with linked primary care data in practice: challenges and lessons from the Lumos data asset		290: Presenting the VOICE Patient Reported Experience Measures (PREMs) for use in Aboriginal and Torres Strait Islander Primary Health Care services	409	1C.5	Measuring the social value of a tikanga led kaumātua programme: a Social Return on Investment evaluation, Dr Erin Penno, University Of Otago	264	1D.5	Worldviews in Practice: Community Health Workers' Expressions of Relational Care, Mr Jude Vincent Parcon, University of Canterbury/University of the Philippines Visayas	10	1E.5	Scalability and disinvestment of complex digital health initiatives: An evaluation framework to support strategic decision-making, Dr Rachael Smithson, Gold Coast Health	368	1F.5	Implementation of co-designed hospital outpatient discharge guidelines: a pilot study in cardiology , Dr Angela Carberry, Sunshine Coast Health Institute (SCHI)		
11:55		489: Towards an Australian Primary Health Care Data Collection		314: The perspectives and experiences of the Aboriginal and Torres Strait Islander Advisory Group engaging in and guiding the VOICE project	298	1C.6	Eliciting Lead Maternity Carers preferences for modular payment: A Discrete Choice Experiment in Aotearoa New Zealand, Mr Olawale Oladimeji, University Of Auckland	497	1D.6	More Than Programs: Indigenous Diabetes Care as Integrated Systems of Care, Mr Brendon McIntosh, Kia Kaha Chemist	81	1E.6	From evidence to practice: Implementing evidence-based oral care practices in an Australian acute aged care ward, Miss Maddison Smith, St Vincent's Hospital Sydney	147	1F.6	Co-designing plain language guides for applied health research projects for meaningful consumer and community engagement, Dr Julie Ayre, The University Of Sydney		
12:00					572	1C.7	Financing vote:health and funding health care services in Aotearoa New Zealand: Recent Trends and their Implications, Dr Jacqueline Cumming, Independent Researcher	177	1D.7	What Matters to Us: Determining priorities for health research in an urban Aboriginal and Torres Strait Islander Community , Claudette 'Sissy' Tyson, Metro South Health	206	1E.7	Implementing a Primary–Tertiary Shared Care Model to Enhance Cascade Testing for Familial Hypercholesterolaemia, Associate Professor Mitchell Sarkies, The University of Sydney	500	1F.7	Bringing manaakitanga to the wait: Early implementation insights from a co-designed digital resource, Hinako Percival, Massey University		
12:05					411	1C.8	Do the patterns of invasive management for coronary syndromes for private versus public patients achieve equitable outcomes?, Professor Vijaya Sundararajan, St Vincent's Health Australia	260	1D.8	Decision-makers' perspectives on funding health services for Aboriginal and Torres Strait Islander children, Dr Shingisai Chando, University Of Sydney	42	1E.8	Organisational dynamics and systems complexity in Practice: Implementing Mental Health Emergency Care in the East Midlands, England, Dr Gupteswar Patel, University Of Lincoln	221	1F.8	Developing a co-produced concept map of loneliness and social isolation, Dr. Muhammad Fikru Rizal, Monash University		
12:10					344	1C.9	Restricting access to fertility treatment on weight: cost analysis of maternity and neonatal care by Body Mass Index (BMI) , Dr Karyn Anderson, University of Auckland	301	1D.9	Improving PROEMs Engagement Through Culturally Responsive Communication, Clinical Associate Professor Paul Secombe, The University Of Melbourne	94	1E.9	Governance for health system collaboration: implementation and outcomes of the South West Primary Health Care Alliance, Queensland, Australia., Dr Caroline Nicholson, University Of Queensland	349	1F.9	Co-designing consumer resources to support consumer understanding and engagement in medication management reviews in aged care, Dr Rajendra Gyawali, Australian Institute Of Health Innovation		
12:15							Q & A (15 minutes)	449	1D.10	Scars all over on the road to resilience: A talanoa of Covid-19 experiences in Fiji: An iTaukei community context, Dr Akisi Ravono, University Of Fiji	364	1E.10	From access to engagement: Implementation insights from a digital heart failure program, Dr Kristy Fakes, The University Of Newcastle	83	1F.10	LISTEN - Patient perspectives on transdisciplinary models of care in allied health across settings, Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University		
12:20																		
12:30-14:00	Lunch: RONGOMĀTĀNE FOYER Exhibition and Poster Presentations AGM																	

WEDNESDAY 2 DECEMBER 2026 cont...

14:00-15:15	CONCURRENT SESSION 2																							
	Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B				Room: RONGOMĀTĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU			
	Chair: Symposium 03				Chair: Session 2B: Implementation science				Chair: Session 2C: Rural health and Geographic variations				Chair: Session 2D: Primary Health Care				Chair: Session 2E: Health Professional Education				Chair: Session 2F: Co-design and lived reality			
14.00	Symposium 03: Whiri: a Māori model of care for health and wellbeing	Whiri: a Māori model of care for health and wellbeing 369: Whānau Voice at the Centre: Reframing Cancer Care in Aotearoa New Zealand	40	2B.1	Long Oral	Feasibility and effectiveness of non-clinical safe spaces for people experiencing suicidal crisis: Findings from the Co-Creating Safe Spaces project, Professor Michelle Banfield, Australian National University	220	2C.1	Long Oral	Geographic Variation in Loneliness and Social Isolation in Australia: Socio-Demographic and Healthcare Utilisation Determinants, Prof. Cathrine Mihalopoulos, Monash University	313	2D.1	Long Oral	Expanding access to primary care through an innovative regional model in New South Wales Australia: a theory of change revision, Associate Professor Gill Schierhout, The George Institute for Global Health, UNSW Sydney	481	2E.1	Long Oral	Responsive or Rhetoric? A Framework for Evaluating Reconciliation in Health Care and Medical Education Institutions in Canada, Dr Lloy Wylie, Western University, Canada	498	2F.1	Long Oral	"You Actually Felt Heard": Whānau Voices on Medicines, Trust, and Diabetes Care, Mr Brendon McIntosh, Kia Kaha Chemist		
14.15		211: Using Whiri, a Kaupapa Māori approach, to care for pregnant Māori women 322: From co-design to implementation, supporting determinants of health for Māori with chronic disease in Aotearoa New Zealand	205	2B.2		Access to specialist musculoskeletal clinicians for people at high risk of poor outcome living in non-metropolitan areas – development of implementation strategies to support adoption, Dr Alla Melman, USYD	305	2C.2		Geographic and socioeconomic disparities in telehealth access among Australian women with asthma: a linked-data cohort study, 2012-2023, Ms Aisha Towhari, The University of Newcastle	284	2D.2		Access to primary care in Ontario, Canada using an updated attachment algorithm, Dr Michael E Green, Queens University	175	2E.2		Anti-racism and cultural capability training using a First Nations First approach, Casey Coolwell, Metro South Health	51	2F.2		Putting people first: using stories of lived experience to improve health care for people who experience frequent use of healthcare services, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania		
14.30		225: Reframing Tuberculosis Care: A Kaupapa Māori Co-designed Model for Elimination	519	2B.3		A national study to assess the effectiveness, acceptability, and feasibility of two models of consent for hepatitis C testing in community laboratory collection centres, Dr Karen Bartholomew, Health Nz Te Whatu Ora	59	2C.3		"You cannot go empty-handed": Listening to the voices and invisible occupational burdens of community health promoters in rural maternal care, Ms Faith Siva, Strathmore University	588	2D.3		The Cost of MyMedicare: A Preliminary Analysis of Administrative Burden in Australian Primary Care, Dr Smriti Raichand, Macquarie University	277	2E.3		From Commitment to Action: Implementing Truth and Reconciliation in Postgraduate Medical Training, Dr. Lisa Monkman, University Of Manitoba	546	2F.3		Co-designing interventions to improve medication management in residential aged care: a scoping study to determine stakeholder priorities, Rachel Urwin, Australian Institute Of Health Innovation, Macquarie University		
14.35		215: The Whiri register; development and data linkage to understand the impact of "Whiri"; a holistic, culturally-safe programme to support health equity	459	2B.4	Short oral	Accelerating Research Translation: The ART of Evidence Based Care, Professor Katherine Harding, La Trobe University / Eastern Health	49	2C.4	Short oral	Rurality, Relationships and System Design: A Mixed-Methods Study of Maternity Care in Taranaki and Whanganui, Aotearoa New Zealand, Dr Emma Davey, Health and Research Collaborative	98	2D.4	Short oral	Proactive primary care for chronic disease: differential effects of a care coordination model on clinical outcomes by patient activation and clinical trajectory, Dr Lisa Pagano, Australian Institute Of Health Innovation, Macquarie University				605	2F.4	Short oral	"No voice is too soft when that voice speaks for others". Support characteristics needed to facilitate meaningful survivorship in head and neck cancer - Exploring lived survivorship experiences through Photovoice, Ms Melin Melanie Anne Chan, University Of Wellington			
14.40		485	2B.5	Implementation of a model to reduce wait times and wait lists across a community health organisation: an observational study, Ms Kim Manderson, La Trobe University/DPV Health		320	2C.5	Best Practice in Medicines Management: Implementing Aged Care On-site Pharmacists in a Regional and Rural Areas, Ms Laura Kavanagh, Barwon Health		609	2D.5	Co-designed Conversational AI to Support Community-Based Care, Mrs Katy Aish, Silverchain		330				2F.5	Co-creating research inquiry with individuals with lived experience of Long COVID, Prof Paula Lorgelly, University Of Auckland					
14.45		286	2B.6	Closing the evidence practice gap in neonatal hypoglycaemia: A co-designed implementation toolkit, Dr Luling Lin, Liggins Institute, University Of Auckland		230	2C.6	Developing an Optimal Care Pathway for rural and remote cancer care: Applying evidence and experience to improve equity and outcomes, Hannah Jongebloed, Deakin University		251	2D.6	Strengthening models of multi-disciplinary primary care in the remote, Aboriginal context in Central Australia, Ms Ashmita Karki, Menzies School of Health Research		198				2E.4	Sex Ed in Med: Learning how to provide non-stigmatising care through sexual history taking, Leenie Kim, University Of Melbourne		573	2F.6	Co-designing implementation strategies to improve participation in Indonesia's Chronic Diseases Management Program among patients with hypertension and diabetes mellitus, Mochamad Iqbal Nurmansyah, The University Of Queensland	
14.50		593	2B.7	Barriers, enablers and principles to enhance the impact of Clinical Quality Registry reporting to health services: a qualitative study, Professor Denise O'Connor, Monash University		38	2C.7	Co-developing Safe Physical Activity Pathways for Transgender Communities in Rural Aotearoa New Zealand, Dr Katie McMenamin, Health And Research Collaborative (HARC)		239	2D.7	Protected appointment-based waiting list strategies are associated with waiting time reductions in outpatient and community health services: A systematic review and meta-analysis, Kate Noeske, Eastern Health and La Trobe University		480				2E.5	Can a New Medical School Improve Community Health? Evaluating a Primary Care-Focused Intervention, Professor Kimberlyn Mcgrail, Simon Fraser University		14	2F.7	Healot: Senior Citizens' Lived Experiences of Hilot in Luna, La Union, Russel Clint Caoeng, LORMA Colleges—Basic and Inclusive Education Schools	
14.55		182	2B.8	Improving timely general practitioner access to specialist advice: scaling a digital solution using the Implementation Research Logic Model, Dr Jenny Job, The University Of Queensland	149	2C.8	Collaborating with a Rural Pacific Organisation to Explore Health Needs, Dr Alitisi Sua-Tavila, Te Herenga Waka Victoria University Of Wellington	544	2D.8	Is vertical integration of family medicine and hospital care a beneficial route for reforming primary health care? A comparative study of the Netherlands, Aotearoa New Zealand and England, Professor Judith Smith, University of Birmingham	517	2E.6	Effectiveness of a multi-faceted implementation strategy on clinician knowledge in whiplash management: a pre-post study, Mr Marinus Du Preez, The University Of Sydney	45	2F.8	Co-designing culturally responsive perioperative care: translating firsthand experience into service improvement, Charmaine Bonus, Latrobe University								
15.00		138	2B.9	Optimising the use of targeted incentives for accessing hepatitis C treatment: a qualitative process evaluation of the MOTIVATE-C project, Ms Pippy Walker, University Of Sydney	129	2C.9	Huakina: Opening Doors to Care: Understanding the Lived Realities of Ageing in Rural Aotearoa, Dr Nora Parore, Waipapa Taumata Rau University of Auckland	88	2D.9	General practitioner perceptions of prescribing digital health apps for obesity management: a mixed-methods study, Dr Feby Savira, Deakin University	276	2E.7	Giga Mino Ganawenimaag Anishinaabeg: Development and Implementation of Manitoba's new Indigenous cultural safety training for health care and education, Dr. Linda Diffey, University Of Manitoba								Q & A (15 minutes)			
15.05				Q & A (10 minutes)			Q & A (10 minutes)			Q & A (10 minutes)	245	2E.8	Integrating midwifery education with community child and family health hubs to bridge transitions: A mixed-methods evaluation, Margaret MacGuinness, Gold Coast Hospital and Health Service											
15.10																								
15:15-15:45	Afternoon Tea: RONGOMĀTĀNE FOYER																							

WEDNESDAY 2 DECEMBER 2026 cont...

CONCURRENT SESSION 3															
15:45-17:00	Room: RONGOMĀTĀNE A			Room: RONGOMĀTĀNE B			Room: RONGOMĀTĀNE C			Room: MAKĀRO			Room: MOKOPUNA		
	Chair: Session 3A: Methods			Chair: Session 3B : Indigenous Health			Chair: Session 3C: Primary health care			Chair: Session 3D: Chronic conditions			Chair: Session 3E: Digital advances in health systems		
15.45	242	3A.1	Addressing over-coverage in Australian linked administrative data: Evaluating the signs-of-life method, Carrie Samuels, Australian National University	143	3B.1	Yarning about cancer research participation: Perspectives of mob, health professionals and cancer researchers , Dr Bena Brown, The University Of Queensland	186	3C.1	ACTMed: A Pharmacist Led Quality Improvement Intervention to Reduce Medication Related Problems in Primary Care, A/Prof Jean Spinks, The University Of Queensland	410	3D.1	Balancing value and equity in the allocation of invasive procedures in coronary syndromes for public versus private patients, Professor Vijaya Sundararajan, St Vincent's Health Australia	521	3E.1	Navigating the digital-experience divide: Cognitive and workflow tensions in clinical decision support use for cardiovascular care, Samah Sallam, Flinders University
16.00	280	3A.2	Everything everywhere all at once: Developing geospatial infrastructure for health services research, Dr Jesse Whitehead, Te Ngira: Institute For Population Research, University Of Waikato	103	3B.2	Music is medicine: A culturally grounded, community-based intervention to interrupt toxic stress among Indigenous youth, Dr. Anika Sehgal, University Of Calgary	270	3C.2	Assessing patient attachment following targeted investments in team-based primary care in Ontario Canada, Mr Eliot Frymire, Queens University	259	3D.2	From guidelines to practice: understanding gaps in real-world heart failure care, Dr Sameera Senanayake, Duke-NUS Medical School, Singapore	443	3E.2	Embedding equity in co-produced digital health innovation: A scoping review exploring methods and research adjustments, Dr Kara Burns, University of Melbourne, CDTH
16.05										340	3D.3	Understanding cardiac device follow-up as a complex adaptive system: A national case study in New Zealand , Mrs Amanda Scully, Victoria University of Wellington			
16.10										420	3D.4	Burden of Type 2 Diabetes and Its Complications in Australia: Evidence from Nationwide Linked Administrative Data, Associate Professor An Duy Tran, University Of Melbourne			
16.15	63	3A.3	NZDep(IDI): a new administrative-data-based version of the NZDep small area index of relative socioeconomic deprivation , Professor Peter Crampton, University Of Otago	571	3B.3	From principles to practice: Testing the Māori health data governance planning and protocol checklist in AAA/AF screening research, Dr Tracy Murphy, Te Whatu Ora	136	3C.3	A toolkit to prompt and support stopping antidepressants in general practice: An interview study exploring patient participants' experiences in the RELEASE trial , Dr Polyana Moura Ferreira, The University Of Queensland	324	3D.5	Allied health service use for diabetes management: 10-year trends in Medicare service utilisation and out-of-pocket costs , Ms Emma Cox, University Of Sydney	216	3E.3	Person-Centred AI-Adaptive Auditory Cueing application for Parkinson's Gait Impairments in Aotearoa New Zealand, Mr Shaojun Li, Auckland Bioengineering Institute, University Of Auckland
16.20										256	3D.6	Cost-Effectiveness Analysis of Interventions Used to Manage Individuals with Multimorbidity in New Zealand: a Discrete Event Simulation, Yen Wei Lim, University Of Otago			
16.25										207	3D.7	Improving eye care access and reducing costs with a hybrid collaborative telehealth model, Jingyi Chen, The University Of WA			
16.30	311	3A.4	Do video instructions help participants complete discrete choice experiments?, Dr Alison Pearce, University Of Sydney	243	3B.4	Evaluating a culturally safe First Nations gynaecology clinic to address waitlist inequities and clinical acuity, Ms Alyshia Bevan and Brittanee Packer, Gold Coast Hospital and Health Service	585	3C.4	Nationwide audit and feedback to reduce overuse of pathology tests among general practitioners in Australia: a factorial, cluster-randomised controlled trial, Professor Denise O'connor, Monash University	34	3D.8	Cardiovascular risk misclassification with non-fasting lipid testing: a paired analysis from a South Asian cohort, Dr Nilshan Fernando, Flinders Medical Centre, Sa, Australia	12	3E.4	Framing the divide between the ideals of data and digital reform and the reality in New Zealand's Health System Reforms , Dr Lesley Middleton, Te Herenga Waka Victoria University Of Wellington
16.35	510	3A.5	Mapping sociodemographic differences in stage of breast cancer at diagnosis among women in Aotearoa New Zealand using Multilevel Analysis of Individual Heterogeneity and Discriminatory Accuracy (MAIHDA) , Miss Bailey Yee, University Of Wellington	614	3B.5	Reframing Palliative Care Research: A Pacific methodological innovation for equity, Dr Amy Henry, Te Herenga Waka, Victoria University of Wellington				512	3D.9	A structured participatory approach to implementation priority setting for neurodevelopmental follow-up care in congenital heart disease, Dr Thomasina Donovan, Queensland University Of Technology	472	3E.5	Impact of a hospital digital coordination centre on patient flow in a large tertiary hospital: an interrupted time series study, Dr Portia Cornell, University Of Melbourne
16.40	224	3A.6	Decomposing the healthcare cost gap associated with loneliness in Australia, Dr. Muhammad Fikru Rizal, Monash University	212	3B.6	ENT Saturdays: Innovative models of specialist care for Aboriginal and Torres Strait Islander children , Denise Hookey, The University of Queensland				252	3D.10	Healthcare costs of obesity in Singapore: longitudinal evidence for sustainable health system planning, Ms Dharani Kanna Ravi, Duke-nus	202	3E.6	Reimagining Hospital in the Home through co-designed digital care, Dr Andrea Torres Robles, University Of New South Wales
16.45	567	3A.7	From data to decisions , Dr Kate Miller, Population Health Research Network			Q & A (15 minutes)	278	3C.5	Heart failure: Using big data to manage post discharge risk in primary care, Dr Michael Green, Queens University	31	3D.11	The effect of a cancer diagnosis on adherence to medicines for pre-existing chronic conditions, Dr Jackie Roseleur, Flinders University	615	3E.7	Using E-testing for sexually transmissible infections and blood-borne viruses in New South Wales, Australia: a cost analysis, Dr Caroline Watts, The Kirby Institute
16.50			Q & A (10 minutes)				179	3C.6	How networks support Primary Care Practitioners to access advice about paediatric care: A systematic review, Mrs Tina Vickery, Australian Institute Of Health Innovation, Macquarie University			Q & A (10 minutes)			Q & A (10 minutes)
16.55									Q & A (5 minutes)						
17:00-19:00	Welcome Reception : RONGOMĀTĀNE FOYER														

THURSDAY 3 DECEMBER 2026 cont..

THURSDAY 3 DECEMBER 2026

CONCURRENT SESSION 4

13:00-14:45		Room: RONGOMĀTĀNE A			Room: RONGOMĀTĀNE B			Room: RONGOMĀTĀNE C			Room: MAKĀRO			Room: MOKOPUNA			Room: MATIU	
		Chair:			Chair:			Chair:			Chair:			Chair:			Chair:	
		Symposium 04			Session 5B: Workforce			Session 5C: Maternal, neonatal and child health			Session 5D: Addiction,Mental health and wellbeing			Session 5E: AI in healthcare			Session 5F: Disability, Dementia, aged care, and palliative care	
13.00	Symposium 04: Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	Pacific Perspectives: Reimagining Health Systems through Policy, Data Equity, Indigenous Values, Community and Provider Voices	450	SB.1	Sustaining Midwifery Through an Ethics of Care: Insights from Aotearoa New Zealand Primary Maternity Units, Dr Sarah Lovell, University Of Canterbury	513	SC.1	From promise to hard data: 12 years of electronic medical records in maternity care, Titus Kirwa, The University Of Queensland	90	SD.1	Risk stratification models for value-based mental health funding: A machine learning approach, Mona Aghdaee, Macquarie University For Health Economy	476	SE.1	AI-assisted chemotherapy dosing optimisation: prospective budget-impact analysis of an oncology clinical decision support platform, Dr Portia Cornell, University Of Melbourne	516	SF.1	Whakarongo Mai: Disability-Led Community Action for Equity and Inclusion, Mrs Pip Mclean, Foundation For Equity And Research New Zealand	
13.15		576: Pacific health strategies and action plans: their purpose and value, and the factors that support implementation	375	SB.2	Advancing staffing methodologies for allied health in Aotearoa New Zealand , Dr Miranda Buhler, University of Otago School of Physiotherapy	600	SC.2	Socioeconomic inequalities in healthcare utilisation, costs, and medication use across the perinatal period, Zhuomin Liu, The University of Melbourne	169	SD.2	Health service utilisation prior to drug-related deaths: A systematic review and meta-analysis, A/prof Natasa Gisev, Unsw Sydney	145	SE.2	Mixed-method evaluation of online symptom checker formats to support trust in artificial intelligence, Dr Julie Ayre, The University Of Sydney	539	SF.2	The Costly Transition: Dementia Recording, Residential Aged Care, and Healthcare Spending in Older Australian Men, Dr Marshall Makate, Curtin University	
		564: Before AI: Why Pacific Data Equity Matters for the Future of Health Systems	310	SB.3	Long Oral	Beyond Workload: Structural and Psychosocial Drivers of Turnover Intention Among Public Sector Physiotherapists in Aotearoa New Zealand, Gillian Watson, University of Otago		Long Oral					Long Oral				Long Oral	
		553: Trust and Relationships as Mechanisms for Improving Health Services: The Role of Pacific Providers in Aotearoa																
		554: Creating the rhythm of change: Developing Tongan and Samoan-centred ways to improve primary health care access in Auckland, Aotearoa New Zealand	376	SB.4		The role of undergraduate Public Health Graduates in Strengthening Health System Resilience in Fiji, Mr Avendra Prakash, Victoria University Of Wellington												
13.30			557: Locating inequity in fragmented systems: Health professional perspectives on Chronic Kidney Disease care for Cook Islands Māori in Aotearoa New Zealand	180	SB.5	A Needs Based National Pharmacy Workforce Model to Inform Equitable Access to Pharmacist Care in Australia, A/Prof Jean Spinks, The University Of Queensland	611	SC.3	Identifying research gaps and data needs regarding urban Indigenous perinatal mental health in Southeast Ontario (Canada): culturally congruent integrated care as a path forward, Dr. Amrita Roy, Queen's University	549			541	SE.3	Barriers and enablers of artificial intelligence adoption in the health service provision of Western Australia: A qualitative study, Dr Md Taulhidul Islam, Murdoch University	20	SF.3	What drives successful implementation of a palliative care intervention in residential aged care? Embedding a realist process evaluation within the IMPART trial., Kayla Lock, National Ageing Research Institute
13.35			566: Cook Islands' Families' Experiences of Living with Chronic Kidney Disease	304	SB.6	Strengthening Nursing Workforce Research Capacity and Capability Through Structured Research Support, Dr Kelsee Shepherd, Sydney Children's Hospital Network				21								
13.40				342	SB.7	BOOST 2.0: Feasibility of using nursing student workforce to increase activity: A qualitative study , Dr Seema Radhakrishnan, Fairfield Hospital				231								
13.45				537	SB.8	Key informants' perspectives on the public sector oral health therapist workforce in Aotearoa New Zealand: A Qualitative Study , Ms Sarah Majeed-Gale, University of Otago	28	SC.4	Effectiveness of mHealth Apps for Maternal Health Care Delivery: Systematic Review of Systematic Reviews, Dr. Edward Kwabena Ameyaw, Lingnan University	380	SD.4	No mental health without oral health: addressing systemic neglect in Australian care, Professor Amanda Wheeler, Centre for Mental Health, Griffith University	217	SE.4	Bridging the Rehabilitation Gap: Co-Designing an AI- enhanced Augmented Reality Application for Post-Stroke Attention Rehabilitation in New Zealand, Mr Shaojun Li, University Of Auckland	387	SF.4	Implementing novel dementia diagnostics in practice: insights from a multi-site qualitative study, Ms Hannah Gulline, Monash University
13.50				616	SB.9	Enhancing the Self-Efficacy and Wellbeing of Newly Qualified Midwives Through a Co-designed Psychological Performance Skills Training Program, Dr. Diarmuid Hurley, Bond University	79	SC.5	A 'one stop shop': evaluation of an innovative multidisciplinary model of pregnancy care for women who use drugs , Dr Sara Holton, Western Health	389	SD.5	How does the community engage with a national accredited Digital Mental Health Service? A behavioural analysis of reach and digital consumer engagement with the THIS WAY UP service, Dr Christine Shiner, St Vincent's Health Australia	603	SE.5	Attitudes to and development of machine vision to assist in predicting and preventing occupational violence in an acute hospital setting, Associate Professor Alison Craswell, University Of The Sunshine Coast	87	SF.5	Digital social connectivity platform preferences among people with disability and carers: a discrete choice experiment, Dr Feby Savira, Deakin University

	Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B				Room: RONGOMĀTĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU			
	Chair: Session 8A: Literacy and navigation				Chair: Session 8B: Evaluation and methodology				Chair: Symposium 09				Chair: Session 8D: Primary Health Care and Pharmacy				Chair: Session 8E: Falls, frailty, mobility				Chair: Session 8F: Environmental Impacts and Future proofing healthcare			
13.15	336	8A.1	The Relationship Between Health Literacy and Linked Administrative Health Outcomes, Hannah Bellby, University Of Queensland	100	8B.1	Developing rapid evaluation methodology to meet the challenge of multiple long-term conditions , Professor Judith Smith, University Of Birmingham	Symposium 09: Understanding preferences for allied health substitution models to reduce wait times in outpatient specialist care – a program of research	565	8D.1	Shallow Roots: 25 years of Implementing a Population Health Logic in Primary Health Care in Aotearoa New Zealand, Dr Tim Tenbensel, University Of Auckland	580	8E.1	Economic evidence for system-level falls prevention planning: development and validation of a system dynamics model , Dr Marina Pinheiro, University Of Sydney	189	8F.1	Healthcare consumer attitudes towards the environmental impact of medicines: A scoping review , Dr Emma Lydon, University of Auckland								
13.20	Long Oral				Long Oral						Long Oral					391	8F.2	Methods to Include Environmental Impacts in a Cost-Effectiveness Analysis: A Case Study of Surveillance Imaging After Treatment for Stage III Melanoma, Jake Williams, University Of Sydney						
13.25																455	8F.3	Assessing the environmental impact of health technologies. Example investigating the water, electricity and carbon emissions associated with medical instrument reprocessing. , Dr Victoria Mccreanor, Hunter Medical Research Institute						
13.30	114	8A.2	Engagement under constraint: Lived Experience Partners' roles navigating Aotearoa New Zealand's mental health and addiction system, Saman Nazir, University Of Canterbury, Christchurch, New Zealand	604	8B.2	Reflections from embedding health services research within a health service, Dr Emmanuel Gnanamanickam, Adelaide Epicentre, Adelaide University And Calhn		279	8D.2	Comprehensive primary care and the future of the primary care health workforce in Ontario, Canada, Dr Richard H Glazier, Queens University	232	8E.2	Excess frailty and its population attributable fractions across the United States: A longitudinal analysis of data from the Health and Retirement Study, Mr Zhexun Lou, The University Of Queensland	11	8F.4	An animation's impact on clinician knowledge and attitudes to the carbon footprint of low-value care, Momo Hudson Barton, The University Of Sydney								
13.35	561	8A.3	Co-Designing an Evidence-Informed Navigator Role with Priority Populations: Building an Equitable Pathway into the Australian National Lung Cancer Screening Program, Dr Lauren Gibson, University Of Melbourne	43	8B.3	Estimating health utilities for joint behavioural risk factor profiles in Australian adults: Evidence from regression and machine learning approaches, Nirmali Sivapragasam, Queensland University Of Technology						328	8E.3	Measuring frailty at scale: development and validation of an electronic frailty index for Queensland Health hospitals, Dr Ida Tornvall, The University Of Queensland	18	8F.5	Resilience of healthcare systems to extreme weather: how are interventions evaluated?, Ms Emily Snowden, Brighton And Sussex Medical School							
13.40	379	8A.4	Implementation of a virtual health navigator to support new virtual model of outpatient care in a tertiary hospital allied health department, Dr Jaimon Kelly, The University Of Queensland	357	8B.4	The prevalence of socially complex patients presenting to inner-city metropolitan public hospitals , Professor Vijaya Sundararajan, St Vincent's Health Australia						84	8E.4	Using digital Patient Reported Outcome Measures to screen for frailty in older outpatients referred for elective joint replacement surgery., Ms Liz Walkley, Austin Health	608	8F.6	Carbon emissions, costs, and health outcomes of a national non-surgical program for knee osteoarthritis: an economic evaluation, Dr Sean Docking, Monash University							
13.45	446	8A.5	With doc as my witness: what is the role of primary care in helping patients navigate unexpected admissions to hospital?, Dr Cervantée Wild, University Of Auckland	426	8B.5	Using online randomised controlled trials to understand clinical decision-making and optimise intervention design , Gemma Altinger, University Of Sydney		548	8D.3	Evaluating a behavioural intervention to reduce antibiotic use in residential aged care, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University	427	8E.5	'Focus on Frailty': Development of online learning modules to increase knowledge and understanding of frailty in hospitals , Dr Sakshi Chopra, The University of Queensland	281	8F.7	Climate induced inequities in health service accessibility, Dr Jesse Whitehead, Te Ngira: Institute For Population Research, University Of Waikato								
13.50	247	8A.6	Medication information in fragment paediatric oncology care: Caregivers as the final safety checkpoint, Miss Micaella Hansen, The University Of Sydney	529	8B.6	The impact between conventional polypharmacy measures and a measure incorporating all modes of administration, David Lim, Curtin University		69	8D.4	Workload, stress and perceived medication safety risk in community pharmacy: a repeated measures field study, Dr Elcin Tuzel, University of Queensland	462	8E.6	Getting patients out of bed and out of hospital: health care leadership perspectives of why patient mobility is invisible and missed in acute care systems, Jo Nolan, Flinders University	581	8F.8	Transforming FASD care delivery: A novel statewide model to improve access and equity, Dr Kelsee Shepherd, Sydney Children's Hospital Network								
13.55	601	8A.7	Where do patients go when they can't access public dermatology? Alternative care pathways during a median nine-month wait in Western Sydney, Dr Emily Sisson, UNSW	396	8B.7	Comparing generic and disease-specific quality of life instruments in sleep health: A dimensionality and latent path analysis with implications for health services research, Professor Billingsley Kaambwa, Flinders University		300	8D.5	Unjust treatment: Pharmacy under pressure, Dr Natalie Lindsay, Te Herenga Waka Victoria University Of Wellington	321	8E.7	PROTECT Fall Prevention Program: Early implementation results from a stepped-wedge hybrid type I effectiveness implementation cluster randomised trial., Ms Charlotte McLennan, The University Of Sydney & Sydney Local Health District	73	8F.9	Eliciting New Zealander preferences for respiratory pandemic control policies: A Discrete Choice Experiment, Dr Hui Yee Yeo, University Of Auckland								
14.00	568	8A.8	Public trust, literacy and health data foundations in Canada, Professor Kimberlyn Mcgrail, Simion Fraser University	583	8B.8	The transformative potential of co-operative inquiry for health service change: Overview and initial findings of an equity driven project in Aotearoa New Zealand., Dr George Parker, Victoria University Of Wellington		381	8D.6	Exploring the benefits and challenges of a wearables integrated technology (WEAR-IT) intervention in primary care type 2 diabetes management, Dr Breanne Hobden, University Of Newcastle	208	8E.8	Risk of frailty screening and management of older people in general practice in Western Queensland: An implementation evaluation, Dr Anvita Chadha, Mater Research Institute - UQ	562	8F.10	From development to scale-up of Choose to Move: Is it possible to optimize costs as scale-up proceeds?, Dr Zoe Szweczyk, The University Of Sydney								

FRIDAY 4 DECEMBER 2026

FRIDAY 4 DECEMBER 2026

CONCURRENT SESSION 8 continued..																															
13:15-14:30		Room: RONGOMĀTĀNE A				Room: RONGOMĀTĀNE B				Room: RONGOMĀTĀNE C				Room: MAKĀRO				Room: MOKOPUNA				Room: MATIU									
		Chair: Session 8A: Literacy and navigation				Chair: Session 8B: Evaluation and methodology				Chair: Symposium 09				Chair: Session 8D: Primary Health Care and Pharmacy				Chair: Session 8E: Falls, frailty, mobility				Chair: Session 8F: Environmental Impacts and Future proofing healthcare									
14.05	406	8A.9	Assessing the scalability of a health literacy digital innovation to support staff in developing understandable and accessible consumer health information, Associate Professor Danielle Muscat, University Of Sydney				236	8B.9	Measurement challenges in patient flow studies: A new approach to evaluating change following interventions to improve timely access to care , Dr Annie Lewis, Eastern Health				Continued... Understanding preferences for allied health substitution models to reduce wait times in outpatient specialist care – a program of research	262	8D.7	Multimorbidity, General Practice Engagement, and Emergency Department Utilisation in Rural Australia, Miss Sarah Al-Alawneh, Unsw				587	8E.9	FORTRESS Plus: Results from a Multidisciplinary Intervention to Improve Mood, Frailty, and Quality of Life in Hospitalised Older Adults , Mrs Rosanna Tran, The University of Sydney				68	8F.11	The Assessing Cost-Effectiveness on Oral Health Preventive Interventions (ACE- Oral Health Prevention) Study, Mr Tan Nguyen, Monash University			
14.10	405	8A.10	Exploring the intersection of organisational health literacy and implementation science: A scoping review , Dr Olivia Mac, University Of Sydney				584	8B.10	Values-based impact: a new impact assessment tool for Health Services Research, Dr Allison Drosdowsky, Peter Maccallum Cancer Centre					597	8D.8	Effect of public-private integration through District Health Centres on regular general practice attendance among patients with diabetes or hypertension in Hong Kong: a quasi-difference-in-differences study, Zhenyuan Liu, The University Of Hong Kong, School Of Public Health				126	8E.10	Does Frailty Influence Immediate Kidney Transplant Selection? A Comparison of the Frailty Index and Fried Frailty Phenotype, Ms Kaixin Li, The University Of Queensland				127	8F.12	Cost-effectiveness of Specialist Palliative Care in Residential Aged Care in Australia: A Markov Model, Miss Xueqing Yang, Queensland University Of Technology			
14.15	196	8A.11	Barriers and Facilitators to Accessing Healthcare Services for People with a Disability: A Qualitative Exploration from the Perspectives of Disability Liaison Officer Program Consumers., Dr Kate Gledhill, Monash University				297	8B.11	Automation to accelerate initial screening in systematic reviews: a validation study, Dr Jackie Roseleur, Flinders University					15	8D.9	Exploring community-based multidisciplinary team care structures and changes over time among Western Australians aged 45 years and over with diabetes: a linked data k-medoids cluster analysis, Mrs. Ghazalah Alyazidi, Curtin University Of Technology				152	8E.11	Exploring frontline staff experiences with MQ-Dash, a digital falls-prevention dashboard implemented in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation				591	8F.13	Effect of multi-component intervention to improve surveillance colonoscopy recommended intervals in line with Australian guidelines: an interrupted time series study, Professor Denise O'connor, Monash University			
14.20			Q & A (10 minutes)						Q & A (10 minutes)					178	8D.10	Kaumātua Oral Health , Ms Jeanette Grace, Whitireia						Q & A (10 minutes)						Q & A (10 minutes)			
14.20															Q & A (5 minutes)																
14.30	Move to closing session																														
14:35-15:30	SESSION 4: Closing ceremony, including Awards and Conference wrap up Room: RONGOMĀTĀNE A & B																														
15:30	Close																														

Poster Presentations

Paper #	Poster #	THEME: Delivering future healthcare: new models, settings, and pathways
	P1	Withdrawn
27	P2	Beyond Frailty and Multimorbidity: Understanding Care Complexity for Older People Living at Home, Dr Jennifer Boak, La Trobe University
52	P3	Evidence-informed Experience-based Co-Design for high healthcare service utilisation, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
96	P4	The impact of healthcare expansion: Evidence from cancer care, Dr Dan Liu, University Of Technology Sydney
109	P5	The feasibility of implementing a cardiac rehabilitation–informed model of care after hip and knee joint replacement , Professor Nicholas Taylor, La Trobe University - Eastern Health
117	P6	What Do Patients Value in Empowerment-Based Heart Failure Care? Developing a Discrete Choice Experiment, Dr Yuxin Wang, Duke-nus Medical School
120	P7	Stakeholders' perceptions of breast density notification and supplemental screening in Australia: A qualitative interview study, Jennifer Isautier, The University Of Sydney
137	P8	Characterising Use of Out of Hospital Care Services, Prof Christine Stirling, University Of Tasmania
142	P9	A Protocol to Develop Scalable Digital Social Prescribing to Support Diabetes Care, Dr Chris Lynch, Baker Heart And Diabetes Institute
168	P10	Sustainable Funding of eHealth Enhanced Chronic Care in Australia: A Qualitative Exploration of Barriers, Enablers and Policy Recommendations, Mr Souhayel Hedfi, Uq - School Of Public Health
170	P11	Future Directions for Heart Failure Management: Integrating Community-Based Care and Patient Empowerment in Singapore, Associate Prof Sanjeewa Kularatna, Duke-nus Medical School
187	P12	Exploration of Early Psychosis Care Priorities of Community Partners in Aotearoa New Zealand, Miss Ruby Zwart, Victoria University Of Wellington
190	P13	The Current Landscape of Heart Failure Care Delivery in Singapore: Real-World Challenges and Questions , Dr Audry Lee, National Heart Centre Singapore
203	P14	Evaluating surgical transitional care interventions: what works, what is measured, and how are they implemented?, Georgia Tobiano, Griffith University
204	P15	Unpacking implementation complexity to inform scale up: protocol of a mixed methods process evaluation of a remote patient monitoring system, Ms Zhicheng Li, University Of New South Wales
226	P16	Improving end-of-life care pathways: Early findings from a pilot end-of-life care coordination program evaluation, Dr Kristy Fakes, The University Of Newcastle
244	P17	Early development intervention and engagement (EDIE) pilot: A cross-sectoral child health nurse model, Dr Danielle Borg, Gold Coast Hospital and Health Service
272	P18	Nurse practitioner contributions across primary care models in Ontario, Canada, Mr Eliot Frymire, Queens University
274	P19	Aligning primary care attachment with comorbidity burden in Ontario, Canada , Mr Shahriar Khan, Queens University
325	P20	Are Semaglutide and Tirzepatide Cost-Effective for Weight Management? A Systematic Review and Meta-analysis, Dr Yile Xu, Queensland University Of Technology
618	P21	Community Needs Assessments as a Learning and Public Health Practice Tool for Public Health Students in Fiji, Ms Risha Kumar, Fiji National University
329	P22	Prehab Logistics: barriers and enablers for timely delivery of Universal teleprehabilitation., Dr Jamie Waterland, Peter MacCallum Cancer Centre

354	P23	Characteristics of health systems offering insurance products in the United States, Xinliang Liu, Lehigh University
355	P24	Health New Zealand Te Whatu Ora Taranaki Long COVID Staff Clinic: Developing an innovative model of long COVID care, Dr Claire O'Loughlin, Te Herenga Waka - Victoria University Of Wellington
366	P25	Developing a care pathway for people experiencing Domestic and Family Violence with a mild traumatic brain injury: A Delphi study, Dr Breanne Hobden, University of Newcastle
367	P26	Patient perspectives of a Rapid Access Clinic for chronic disease in South-East Queensland, Australia, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
371	P27	Rurality and Colorectal Cancer Outcome in New Zealand, Mr Avinash Adhikari, Victoria University Of Wellington
382	P28	What do health services look like when we reframe what it is to live well with long term conditions?, Dr Shirley Keown, Tūranga Health
399	P29	Towards Establishing Shared Terminology for Person-Centred Care: A Modified Delphi Study with Consumers and Health Professionals, Mrs Rebecca Barnden, National Centre for Healthy Ageing (NCHA) - Monash University / Peninsula Health
408	P30	The Recovery Scaffold Gap: A Patient Journey Mapping Study of Hip and Knee Arthroplasty, Dr Swapna Gokhale, La Trobe University
415	P31	Cost-effectiveness of a virtual fracture clinic versus traditional in-person fracture clinic care for adults with acute simple fractures: a protocol for a health economic analysis within the RECITAL trial, Ms Rowena Charteris, The University Of Sydney
416	P32	Delivering fracture care in a virtual setting: a qualitative study of clinician experiences, Ms Rowena Charteris, The University Of Sydney
438	P33	High-level economic assessment of an innovative maternal health initiative for remote communities in Queensland, Australia, Dr Kathleen Mcfadden, Kpmg
441	P34	Implementation of state-based cascade testing centres for familial hypercholesterolaemia: a protocol, Dr Amanda Thijsen, University Of Sydney
457	P35	Public and Private Bariatric Surgery in Australia: Population Based study in Hospital Utilisation , Dr Jia Liu, The University Of Sydney
474	P36	Pilot implementation of 'virtual ward rounds': connecting metro specialists with regional care, Dr Portia Cornell, University Of Melbourne
482	P37	Core components and determinants of a rapid access clinic for multiple chronic conditions – the Preventative Integrated Care Service, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
490	P38	Increased complexity and frailty of non-cancer patients accessing specialist community palliative care – evidence suggests inequity, Prof Karen Smith, Silverchain
526	P39	Enhanced and intermediate postoperative care units to improve patient outcomes in adult surgery – a scoping review, Mrs Jolene Jones, The University Of Waikato
532	P40	Closing Coverage Gaps: Māori-led, disability-responsive innovation in childhood immunisation, Prof Tristram Ingham, Foundation For Equity And Research New Zealand
551	P41	Establishing an approach for ecological-momentary assessment-style mental-health patient-reported outcomes , Dr Belinda Davey, University Of Melbourne
552	P42	Development and validation of a novel scale to determine perceived dental neglect of adolescents: A cross-sectional study , Dr Uttara Amilani Adikari Mudiyansele, Queensland University Of Technology
575	P43	Clinical Service Networks, Medical Homes and integrated mental health services: learning from failures as well as successes, A/Professor James Gillespie, University Of Sydney
578	P44	Strengthening Remote Healthcare Through Trial Participation, using Teletrial Methodology , Ms Roda Allen, Queensland Health, Townsville University Hospital
590	P45	Lessons from Australia's work and health regimes for better integrating prevention, care and rehabilitation in mental health , Professor John Buchanan, Mental Wealth Initiative, University Of Sydney

Paper #	Poster #	THEME: Doing more of things that work: implementation, disinvestment and knowledge translation
29	P46	Embedding organisation-wide change in healthcare , Natalie Wilson, Nsw Health
82	P47	Implementing My Therapy in sub-acute rehabilitation: a RE-AIM evaluation across four allied health disciplines , Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University
121	P48	Strategy Mapping: A Catalyst for Evidence-Informed Implementation that closes the evidence-to-practice gap – An older person healthcare approach , Shirtcliffe Andi, University Of Auckland
130	P49	Doing more of what works: a multifaceted telementoring implementation intervention to increase telehealth adoption across allied health, Renee Cook, University Of Queensland / Queensland Health
268	P50	The Structure and Impact of a Center for the Science of Health Care Delivery at the Mayo Clinic in the United States, Elizabeth Habermann, Mayo Clinic
302	P51	Unpacking the modular payment system of the Lead Maternity Carer service in Aotearoa, New Zealand, Mr Olawale Oladimeji, University Of Auckland
343	P52	The effectiveness of preoperative oral carbohydrate loading on postoperative nausea and vomiting in adults receiving total intravenous anaesthesia compared to inhalational anaesthesia: A systematic review and meta-analysis, Dr Oya Gumuskaya, Western Sydney University
377	P53	Embedded research and new models of care: Accelerating evidence translation through co-designed health service innovation, Dr Rebecca Shipstone, Sunshine Coast Hospital And Health Service
413	P54	Reporting of RE-AIM Domains in Digital Self-Management Programs for Hip and Knee Osteoarthritis: A Scoping Review, Ms Lin Tong, La Trobe University
424	P55	Effectiveness of clinician-directed default nudges on reducing overuse of tests and treatments in healthcare: a systematic review of randomised controlled trials , Gemma Altinger, University Of Sydney
434	P56	Context assessments in designing the Supporting More Appropriate Routine Testing in the Intensive Care Unit (SMART-ICU) trial , Gemma Altinger, University Of Sydney
442	P57	Research evidence use in blood collection: a qualitative study with front-line staff, middle managers, and senior managers, Dr Amanda Thijsen, University Of Sydney
454	P58	Implementation interventions to promote healthcare professional uptake of evidence-based opioid prescribing for adults with acute non-cancer pain: A Cochrane Systematic Review , Dr Jason Wallis, Monash University
515	P59	Scaling a Digital Asset Register Across 429 Upazila Health Complexes in Bangladesh: A national implementation research study using the RE-AIM framework, Mr. Md. Fazla Rabbi, Management Information System, Directorate General Of Health Services
535	P60	Experiences of healthcare providers and key stakeholders with the maternal and perinatal deaths surveillance and response system in Ethiopia, Mr Elias Roro, The University Of Queensland
536	P61	Maternal and Perinatal Death Surveillance and Response in Low- and Middle-Income Countries: Systematic Review of Implementation Factors , Mr Elias Roro, The University Of Queensland
563	P62	Cost data collection tools for health care research and practice: a systematic scoping review of grey and peer-reviewed literature, Dr Zoe Szewczyk, The University Of Sydney
612	P63	School-based Eyecare for Every Kid: Developing a Model of a Children's Eyecare Pathway in Aotearoa , Sachi Rathod, The University Of Auckland

Paper #	Poster #	THEME: Future proofing healthcare: value, sustainability, and system resilience
26	P64	From Care Pathways to Care Ecosystems: Reframing Healthcare for Integrated, Person-Centred Care, Dr Jennifer Boak, La Trobe University
36	P65	Building Psychosocial Safety and Resilience in the Regional Health and Aged Care Workforce: the CARE-R Project, Prof Marion Gray, University Of Southern Queensland
125	P66	Shifting the lens from event rates to days alive and out of hospital: A patient-centred view of 30-day and 1-year trends and equity after heart failure hospitalization in Singapore, Mr. Sibio Liu, Duke-NUS Medical School
131	P67	Enabling sustainable, resilient telehealth services: validation of the Telehealth Service Audit Tool (T-SAT) , Renee Cook, University Of Queensland / Queensland Health
157	P68	Patient informed changes to default meals: A feasible approach to reducing food and packaging waste in a tertiary hospital, Aimee Dow, The Royal Melbourne hospital
233	P69	Complex patients or complex systems? Exploring complexity in allied health , Dr Annie Lewis, Eastern Health
249	P70	Costs and Cost-Effectiveness of Palliative Care in Residential Aged Care Homes: A Scoping Review, Miss Xueqing Yang, Queensland University Of Technology
266	P71	Rising Tides, Deepening Inequities: A Scoping Review of Coastal Health Provision and Persistent Disparities, Pujitha Kanakam, University of Lincoln
271	P72	Modelled economic evaluation of acute venous thromboembolism treatment: A systematic review, Xin Zhan, Nhmrc Clinical Trials Centre
339	P73	The Sustainability of Familial Hypercholesterolaemia Screening Programs Globally: A Convergent Mixed-Methods Study, Dr Amanda Thijsen, University Of Sydney
385	P74	Towards Environmentally Extended Health Economic Analysis Plans: A Case Study for the MEL-SELF Trial, Jake Williams, University Of Sydney
402	P75	Diffusion of Coronary CT angiography for chest pain syndromes after its introduction into the Australian health system, Professor Vijaya Sundararajan, St Vincent's Health Australia
428	P76	Exploring clinical pathway use for suspected Acute Coronary Syndrome in Tasmanian emergency departments to support standardised care: a retrospective cohort study , Dr Rishita Chandra, University Of Tasmania
466	P77	Thirty days or nine months? Category 1 dermatology waiting times and outcomes in Western Sydney, Dr Emily Sisson, UNSW
503	P78	Evolving patterns of antiepileptic drug use in Australian residential aged care 2014-2025: a retrospective cohort study, Dr Amy Nguyen, Macquarie University
506	P79	Evolving landscape of consumer smartphone apps for skin cancer prevention, Nurul Hussain, The University Of Queensland
507	P80	The on and off nature of quality improvement in healthcare: Using the central line-associated bacteraemia 'Target CLAB Zero' initiative as a case study, Dr Tara Officer, Victoria University Of Wellington
547	P81	Hospital-in-the-Home (HITH) for Older Adults: A Systematic Review of Costs, Resource Use and Cost-Effectiveness, Ms Mary Rose Angeles, Deakin University
569	P82	Trial-based economic evaluations conducted alongside studies embedded in Australian healthcare services and programs: a scoping review, Belinda Wang, University Of Sydney
582	P83	Embedding economic evaluation in a hybrid effectiveness-implementation trial: lessons from the PROMOTE-PA study , Belinda Wang, University Of Sydney

Paper #	Poster #	THEME: Intelligent health systems: digital innovation, AI, and data-driven care
55	P84	Rethinking Data-Driven, Knowledge-Integrated Care: A Culturally Intelligent Digital Framework for Rural Maternal Nutrition Intervention, Ms Faith Siva, Strathmore University
66	P85	A systematic review and meta-analysis of the effectiveness of AI chatbots in reducing symptoms of anxiety and depression, and feelings of loneliness, Laura Neil, University Of Queensland
91	P86	Engagement with a patient portal system following lung transplant – a cross-sectional survey study, Ms Vicky Yuan, Deakin University School Of Nursing And Midwifery
97	P87	Factors associated with engagement of a digital care pathway for patients undergoing total knee or hip replacement, Professor Adam Semciw, La Trobe University
140	P88	Meaningful use of clinical decision support systems to reduce unwarranted variation in acute care, Dr Anton Pak, The University Of Queensland
150	P89	Clinician preferences for using Artificial Intelligence-assisted skin cancer diagnosis: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
153	P90	Translating innovation into practice: Real-world evidence and lessons from implementing MQ-Dash, a prescriptive digital falls dashboard in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation
154	P91	Clinician preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
156	P92	Patient preferences for using mobile phone health application (mHealth) in multidrug-resistant tuberculosis (TB) management: A pilot discrete choice experiment, Dr Anh Tran, The University of Sydney
346	P93	Digital decision support to optimise antibiotic prescribing for urinary tract infections in residential aged care: a qualitative evaluation of clinician experiences, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
350	P94	A digital dashboard to prioritise medication management reviews in residential aged care: development and design, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
363	P95	Delirium risk prediction from routinely collected electronic health records: model development and internal validation., Dr Swapna Gokhale, Eastern Health
383	P96	Ophthalmic medication uses in Australian residential aged care facilities: analysis of a medication administration dataset, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
439	P97	Presentation Diagnoses and Diversion Outcomes in a Statewide Virtual Emergency Department., Ass Prof Jennie Hutton, Victorian Virtual Emergency Department
447	P98	Improving Radiology Patient Flow Through Transport Efficiency and Digital Task Management: A Mixed-Methods Evaluation of General and Dedicated Orderly Models, Ms Chantsalsuren Galbaatar, University Of New South Wales

Paper #	Poster #	THEME: Listening today for a better tomorrow: equity, voices, and lived realities
25	P99	Home-Based Care Experiences through Australian Aged Care Reform: Care Where Life Happens, Dr Jennifer Boak, La Trobe University
71	P100	Consumer Engagement in Chronic Conditions Research: An Integrated Framework Informed by Recognition Theory, Ms Mingming Zhou, Anu
86	P101	Ethnic inequalities in preventive care for cardiovascular disease in Australia, Yiyi Lin, University Of Sydney
108	P102	Reframing Anxiety in Higher Education: Student Understandings, Coping Practices, and Implications for Co-designed Support, Ms Gabrielle Watson, Victoria University Of Wellington
113	P103	Do Health Insurance Schemes Protect Against the Financial Burden of Non-Communicable Diseases? Evidence from China, Ms Xuemei Zhang, University Of Melbourne
123	P104	Patient perspectives on empowerment in heart failure: a qualitative study, Ms Bairavee -, Duke-NUS Medical School
192	P105	Mental illness and access to kidney transplantation in universal healthcare systems: a multi-national population-based cohort study, James Hedley, University Of Sydney
218	P106	Barriers and Enablers to guideline-directed prescribing for heart failure with reduced ejection fraction: A multi-stakeholder qualitative study, Ms Thin Win, Duke-nus Medical School
229	P107	Economic evaluation of ambulance transportation strategies for out-of-hospital cardiac arrest: A systematic review of methodologies and reported equity data., Ms Kyumin Jang, The University Of Sydney
338	P108	Reimagining rationing in fertility care - the preferences of the New Zealander public and fertility treatment consumers, Dr Karyn Anderson, University of Auckland
359	P109	Dimensionality reduction and exploring country of birth in linked primary care data, Mrs Rimma Myton, The George Institute For Global Health
373	P110	Beyond Consultation: Voice, Power, and Aboriginal and Torres Strait Islander Leadership in Health System Design. A Scoping Review of Consumer Informed Approaches in Australia , Dr Claudia Alarcon Espinoza, Poche Centre For Indigenous Health
445	P111	What options do patients consider in the absence of recognised treatments for Long Covid?, Dr Cervantée Wild, University Of Auckland
468	P112	Relationships and relationality of the SPLASH Project: A collaboration in Health Service Research grant – taking the time to listen deeply, Dr Allison Gray, Menzies School Of Health Research
484	P113	“It's just the planning and the communication that is the issue”: Consumers and healthcare professionals experiences of healthcare communication, Dr Stephanie Chappel, Deakin University
492	P114	Turning distress into distraction: Using virtual reality during penicillin injections for rheumatic fever, Mrs Julie Cooper, University Of Otago
509	P115	Inequities among women with primary invasive breast cancer in Aotearoa New Zealand: Stage at diagnosis, tumour characteristics, survival and recurrence – A scoping review., Miss Bailey Yee, Te Herenga Waka - Victoria University Of Wellington
538	P116	Participants’ reflections on age-related preferences in health gain prioritisation, Ms Ashwini De Silva, University Of Melbourne
579	P117	Understanding General Practitioner utilisation and cost-related unmet need among Asian migrants in New Zealand., Thilanthi Kaluarachchi, Victoria University of Wellington

Paper #	Poster #	THEME: Methodological innovation to advance health services research
16	P118	Detecting change in residential aged care quality indicators: an application and evaluation of statistical process control methods, Dr Isabelle Meulenbroeks, Australian Institute Of Health Innovation, Macquarie University
47	P119	Extent of Use of Validated Self-Reported Cost Data Collection Tools in Trial-Based Economic Evaluations for Osteoarthritis: A Systematic Review, Moody Gayed, University Of Otago
58	P120	Development of a draft Patient Reported Experience Measure tool to capture patient experience of Total Body Photography (PREM-TBP), Ms Preksha Machaiya Kuppanda, The University Of Queensland
122	P121	How countries justify investment in genomics research infrastructure: lessons for health economic evaluation, Andrew Mccullough, University Of Auckland
195	P122	A Methodological Review of Frameworks for Evaluating Research Capacity Building in Health Settings , Dr Olivia King, Western Alliance
227	P123	Operationalising a pragmatic cluster randomised controlled trial in Australian general practice: a mixed methods exploration of steps and timelines, Maryanne Cleetus, The University of Queensland
253	P124	Assuming a little too much? A reality check on economic evaluation, Ms Dharani Kanna Ravi, Duke-nus
299	P125	Why some people get screened more than others: Stable personality traits and preventive screening behaviour in Australia, Dr Paul Kuwornu, Australian Centre For Health Services Innovation (aushsi), Queensland University Of Technology
312	P126	Shaping the National Cancer Cohort Platform: A Human-Centred, Stakeholder-Driven Approach, Genevieve Chappell, Peter MacCallum Cancer Centre
316	P127	Identifying social determinants of health via International Classification of Diseases (ICD) codes in routine healthcare data: a systematic scoping review, Dr Christine Shiner, St Vincent's Health Australia
