

TUESDAY 1 DECEMBER 2026

TUESDAY 1 DECEMBER 2026

12:00 - 17:00	**Registration Open,** Level 1 - RONGOMĀTĀNEI FOYER *For those delegates wishing to register prior to the first day of the conference*		
13:00 - 17:00	**Room:** MAKĀRO **WORKSHOP 1:** Essential Elements of a Successful Grant Application **Lyn Airey** ***Proudly Sponsored by:*** the GrantEd Group — Because great research can change the world.	**Room:** MATIU **WORKSHOP 2:** True Cost of Change: Planning, Measuring, and Valuing Implementation **Dr Thomasina Donovan, Dr Lane Meredith, Dr Zoe Szewczyk & Dr Marina De Barros Pinheiro**	**Room:** MOKOPUNA **WORKSHOP 3:** Trans-Tasman collaborations in cancer inequities research **A/Prof Mona Jefferys & Dr Claire O'Loughlin** ***Proudly Sponsored by:*** Victoria University of Wellington Te Herenga Waka
14:00 - 17:00	**Early Speaker Support Open,** Level 1 - Organiser Office, next to Mokopuna Room *For any presenters wishing to upload their presentation with the AV team prior to the first day of the conference*		

WEDNESDAY 2 DECEMBER 2026

WEDNESDAY 2 DECEMBER 2026

7:00	**Registration Open,** Level 1 - RONGOMĀTĀNEI FOYER **Speaker Support Open,** Level 1 - Organiser Office, next to Mokopuna Room
7:45	**ECR Social Breakfast,** Level 1 - RONGOMĀTĀNEI FOYER
8:45	**MIHI WHAKATAU | OFFICIAL OPENING : Te Atiawa** **Dr Joe Bourne and Lorraine Heteraka, Ministry of Health** **Plenary Room:** RONGOMĀTĀNE A, B & C *Chair: A/Prof Mona Jeffreys and A/Prof Jan Dewar*
9:30 - 10:30	**PLENARY SESSION 1** **Research that makes a difference: Three decades of walking alongside Whānau and communities** **Cheryl Davies,** Tu Kotahi Māori Asthma Trust *Chair:* **Plenary Room:** RONGOMĀTĀNE A, B & C
10:30-11:00	**Morning Tea:** RONGOMĀTĀNE FOYER

WEDNESDAY 2 DECEMBER 2026 cont…

CONCURRENT SESSION 1

WEDNESDAY 2 DECEMBER 2026

11.00-12.30			Room: RONGOMĀTĀNE A *Chair: Prof Katherine Harding* **Session 1A: Implementation science**			Room: RONGOMĀTĀNE B *Chair: A/Prof Mona Jeffreys* **Session 1B: Co-design**			Room: RONGOMĀTĀNE C *Chair: Dr Varinder Jeet* **Session 1C: Valuing health**			Room: MAKĀRO *Chair: Dr Tracy Murphy* **Session 1D: Indigenous health**	Room: MOKOPUNA **Symposium 01**	Room: MATIU **Symposium 02**
11:00	209	**1A.1**	Towards Equitable Cancer Care: Determinants of Optimal Care Pathway Implementation in Rural and Remote Australia, Dr Anna Chapman, Deakin University	334	**1B.1**	Co-design of a prescription opioid safety toolkit for national dissemination, Dr Jessica Watterson, Deakin University	7	**1C.1**	Value for money of an extended care support program in Australia: A Social Return on Investment Analysis, Dr Kim Edmunds, University Of Queensland	372	**1D.1**	Implementing the What Matters to Adults (WM2A) Wellbeing Measure for Aboriginal and Torres Strait Islander Adults: Pre-implementation in Mental Health, SEWB and Chronic Care Services , Professor Michelle Dickson, Poche Centre For Indigenous Health	**Symposium 01: Giving VOICE to Mob – Co-designing a Consumer Experience Tool with Community and Primary Health Care Services** **Giving VOICE to Mob – Co-designing a Consumer Experience Tool with Community and Primary Health Care Services** 162: Partnering to empower Aboriginal and Torres Strait Islander consumers and communities in service delivery – the origins and co-design approach to developing the VOICE Patient Reported Experience Measure (PREM), Prof Megan Passey 289: Yarns with mob about their healthcare experiences - Identifying elements of quality and experience of care that are most valued by Aboriginal and Torres Strait Islander people attending PHC services, A/Prof Emma Walke & Tracey Piccoli 188: "Should be a dynamic tool": Aboriginal and Torres Strait Islander primary health care sector staff perspectives on an effective patient reported experience measure (PREM), Dr Amal Chakraborty & A/Prof Emma Walke 287: From concepts to questions: developing items for a Patient Reported Experience Measure (PREM) for use in Aboriginal and Torres Strait Islander Primary Health Care services, Erika Langham & Tracey Piccoli 290: Presenting the VOICE Patient Reported Experience Measures (PREMs) for use in Aboriginal and Torres Strait Islander Primary Health Care services, A/Prof Emma Walke & Erika Langham 314: The perspectives and experiences of the Aboriginal and Torres Strait Islander Advisory Group engaging in and guiding the VOICE project, Kellie Stacy	**Symposium 02: From GP Records to Real-World Impact: Unlocking Primary Care Data for Better Health Systems** **From GP Records to Real - World Impact: Unlocking Primary Care Data for Better Health Systems** 144: The PREDICT Cohort Study, Prof Rod Jackson 414: Unlocking the value of linked primary care data: dynamic risk prediction using Lumos, Prof Louisa Jorm 392: Do General Practice Environments Influence Emergency Care Use? Insights from a Statewide Linked Dataset, Dr Anna Campain 353: Working with linked primary care data in practice: challenges and lessons from the Lumos data asset, Dr Nicholas Kuo 335: Lessons from early community and consumer involvement in a Lumos focused research program: towards a foundation for social license for secondary use of linked data, Mx Isabella Spongberg-Ross 489: Towards an Australian Primary Health Care Data Collection, Ms Cassandra Gligora
11.15	570	**1A.2**	Developing strategies to address barriers and support implementation of physical activity clinical practice guideline recommendations for people with moderate-to-severe traumatic brain injury, Professor Leanne Hassett, University Of Sydney	356	**1B.2**	What retains the remote Australian health workforce? Quantifying retention priorities using Best–Worst Scaling, A/Prof Deborah Russell and Ms Yasmin Watts, Menzies School Of Health Research	556	**1C.2**	Estimating the Return on Research Investment Using Value of Implementation Analysis: Evidence from a Global Adaptive Platform Trial, Lane Meredith, Anzic-rc, Monash University	293	**1D.2**	He Tono Whakapiki Ora: An Indigenous model for pharmacist-led innovation, Dr Nora Parore, Waipapa Taumata Rau | University of Auckland		
11.30	586	**1A.3**	Workforce-driven approaches to enhance oral healthcare in regional Australia, Dr Chaminda Jayasekara, Australian Centre For Health Services Innovation And Centre For Healthcare Transformation	173	**1B.3**	A Community approach to co-designing a First Nations Health Equity Strategy in an urban government health service, Renae Anderson, Metro South Health	486	**1C.3**	Uncovering the cost-effectiveness of theory-based implementation approaches: a health economic analysis of the Hide and Seek Project (HaSP) trial, Associate Professor Bonny Parkinson, Macquarie University Centre for the Health Economy	107	**1D.3**	Reframing dementia care: Developing Indigenous-centred clinical guidance through participatory and culturally grounded approaches, Dr. Anika Sehgal, University Of Calgary		
11.35														
11.45	183	**1A.4**	Evaluating the Virtual Integrated Practice Program to support rural general practice viability in Australia: An Implementation Research Logic Model informed study , Prof Claire Jackson, Centre For Health System Reform And Integration	54	**1B.4**	Implementing co-designed health service improvements through Co-design Knowledge to Action Framework. , Dr Ashfaq Chauhan, Australian Institute of Health Innovation, Macquarie University	400	**1C.4**	Beyond case mix: Mapping the structural cost drivers that activity-based funding doesn't fully price in Victorian public hospitals, Dr Andrew Haywood, Department Of Health, Victoria	264	**1D.4**	Worldviews in Practice: Community Health Workers' Expressions of Relational Care, Mr Jude Vincent Parcon, University of Canterbury		

Long Oral / Short Oral

WEDNESDAY 2 DECEMBER 2026 cont…

CONCURRENT SESSION 1 cont…

WEDNESDAY 2 DECEMBER 2026

11.00-12.30			Room: RONGOMĀTĀNE A *Chair: Prof Katherine Harding* **Session 1A: Implementation science**			Room: RONGOMĀTĀNE B *Chair: A/Prof Mona Jeffreys* **Session 1B: Co-design**			Room: RONGOMĀTĀNE C *Chair: Dr Varinder Jeet* **Session 1C: Valuing health**			Room: MAKĀRO *Chair: Dr Tracy Murphy* **Session 1D: Indigenous health**		Room: MOKOPUNA **Symposium 01**	Room: MATIU **Symposium 02**
11.50	10	1A.5	Scalability and disinvestment of complex digital health initiatives: An evaluation framework to support strategic decision-making, Dr Rachael Smithson, Gold Coast Health	368	1B.5	Implementation of co-designed hospital outpatient discharge guidelines: a pilot study in cardiology , Dr Angela Carberry, Sunshine Coast Health Institute (SCHI)	409	1C.5	Measuring the social value of a tikanga led kaumātua programme: a Social Return on Investment evaluation, Dr Erin Penno, University Of Otago	497	1D.5	More Than Programs: Indigenous Diabetes Care as Integrated Systems of Care, Mr Brendon McIntosh, Kia Kaha Chemist		Symposium 01: Giving VOICE to Mob – Co-designing a Consumer Experience Tool with Community and Primary Health Care Services Symposium 01 cont…	Symposium 02: From GP Records to Real-World Impact: Unlocking Primary Care Data for Better Health Systems Symposium 02 cont…
11.55	81	1A.6	From evidence to practice: Implementing evidence-based oral care practices in an Australian acute aged care ward, Miss Maddison Smith and Mrs Alexis McMahon, St Vincent's Hospital Sydney	147	1B.6	Co-designing plain language guides for applied health research projects for meaningful consumer and community engagement, Dr Julie Ayre, The University Of Sydney	572	1C.6	Financing vote:health and funding health care services in Aotearoa New Zealand: Recent Trends and their Implications, Dr Jacqueline Cumming, Independent Researcher	177	1D.6	What Matters to Us: Determining priorities for health research in an urban Aboriginal and Torres Strait Islander Community , Claudette 'Sissy' Tyson, Metro South Health			
12.00	206	1A.7	Implementing a Primary–Tertiary Shared Care Model to Enhance Cascade Testing for Familial Hypercholesterolaemia, Associate Professor Mitchell Sarkies, The University of Sydney	500	1B.7	Bringing manaakitanga to the wait: Early implementation insights from a co-designed digital resource, Hinako Percival, Massey University	411	1C.7	Do the patterns of invasive management for coronary syndromes for private versus public patients achieve equitable outcomes?, Professor Vijaya Sundararajan, St Vincent's Health Australia	260	1D.7	Decision-makers' perspectives on funding health services for Aboriginal and Torres Strait Islander children, Professor Michelle Dickson, University Of Sydney			
12.05	94	1A.8	Governance for health system collaboration: implementation and outcomes of the South West Primary Health Care Alliance, Queensland, Australia., Dr Caroline Nicholson, University Of Queensland	221	1B.8	Developing a co-produced concept map of loneliness and social isolation, Dr. Muhammad Fikru Rizal, Monash University	344	1C.8	Restricting access to fertility treatment on weight: cost analysis of maternity and neonatal care by Body Mass Index (BMI) , Dr Karyn Anderson, University of Auckland	301	1D.8	Improving PROEMs Engagement Through Culturally Responsive Communication, Clinical Associate Professor Paul Secombe, The University Of Melbourne			
12.10	364	1A.9	From access to engagement: Implementation insights from a digital heart failure program, Dr Kristy Fakes, The University Of Newcastle	349	1B.9	Co-designing consumer resources to support consumer understanding and engagement in medication management reviews in aged care, Dr Rajendra Gyawali, Australian Institute Of Health Innovation			Q & A (20 minutes)	449	1D.9	Scars all over on the road to resilience: A talanoa of Covid-19 experiences in Fiji: An iTaukei community context, Dr Akisi Ravono, University of Fiji			
12.15			Q & A (15 minutes)	83	1B.10	LISTEN - Patient perspectives on transdisciplinary models of care in allied health across settings, Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University						Q & A (15 minutes)			
12.20						Q & A (10 minutes)									
12:30-14:00	**Lunch:** RONGOMĀTĀNE FOYER **Exhibition and Poster Presentations**														
13:00-14:00	**25th Anniversary AGM and celebration:** MATIU														

WEDNESDAY 2 DECEMBER 2026 cont…

WEDNESDAY 2 DECEMBER 2026

CONCURRENT SESSION 2

14:00-15:15			Room: RONGOMĀTĀNE A *Chair: Dr Colleen Cheek* **Session 2A: Implementation science**			Room: RONGOMĀTĀNE B *Chair: A/Prof Magda Raban* **Session 2B: Primary health care**			Room: RONGOMĀTĀNE C *Chair: Dr Ally Gibson* **Session 2C: Co-design and lived reality**			Room: MAKĀRO *Chair: Dr Tara Officer* **Session 2D: Health professional education**			Room: MOKOPUNA **Symposium 03**			Room: MATIU *Chair: A/Prof Mona Jeffreys* **Session 2F: Rural health and geographic variations**
14.00	40	**2A.1**	Long Oral Feasibility and effectiveness of non-clinical safe spaces for people experiencing suicidal crisis: Findings from the Co-Creating Safe Spaces project, Professor Michelle Banfield, Australian National University	313	**2B.1**	Long Oral Expanding access to primary care through an innovative regional model in New South Wales Australia: a theory of change revision, Associate Professor Gill Schierhout, The George Institute for Global Health, UNSW Sydney	498	**2C.1**	Long Oral "You Actually Felt Heard": Whānau Voices on Medicines, Trust, and Diabetes Care, Mr Brendon McIntosh, Kia Kaha Chemist	481	**2D.1**	Long Oral Responsive or Rhetoric? A Framework for Evaluating Reconciliation in Health Care and Medical Education Institutions in Canada, Dr Lloy Wylie, Western University, Canada	**Symposium 03: Whiri: a Māori model of care for health and wellbeing**	**Whiri: a Māori model of care for health and wellbeing** 369: Whānau Voice at the Centre: Reframing Cancer Care in Aotearoa New Zealand, Ms Deanne King, Dr Nina Scott & Dr Amy Jones 211: Using Whiri, a Kaupapa Māori approach, to care for pregnant Māori women, Dr AMy Jones & Dr Nina Scott 322: From co-design to implementation, supporting determinants of health for Māori with chronic disease in Aotearoa New Zealand, Dr Nina Scott & Dr Amy Jones 225: Reframing Tuberculosis Care: A Kaupapa Māori Co-designed Model for Elimination, Darelle Toki 215: The Whiri register; development and data linkage to understand the impact of 'Whiri'; a holistic, culturally-safe programme to support health equity,Dr Amy Jones, A/Prof Polly Atatoa Carr & Dr Nina Scott	220	**2F.1**	Long Oral Geographic Variation in Loneliness and Social Isolation in Australia: Socio-Demographic and Healthcare Utilisation Determinants, Prof. Cathrine Mihalopoulos, Monash University
14.15	205	**2A.2**	Long Oral Access to specialist musculoskeletal clinicians for people at high risk of poor outcome living in non-metropolitan areas – development of implementation strategies to support adoption, Dr Alla Melman, USYD	284	**2B.2**	Long Oral Access to primary care in Ontario, Canada using an updated attachment algorithm, Dr Michael E Green, Queens University	51	**2C.2**	Long Oral Putting people first: using stories of lived experience to improve health care for people who experience frequent use of healthcare services , Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania	175	**2D.2**	Long Oral Anti-racism and cultural capability training using a First Nations First approach , Casey Coolwell, Metro South Health				305	**2F.2**	Long Oral Geographic and socioeconomic disparities in telehealth access among Australian women with asthma: a linked-data cohort study, 2012-2023 , Ms Aisha Towhari, The University of Newcastle
14.30	519	**2A.3**	Short Oral A national study to assess the effectiveness, acceptability, and feasibility of two models of consent for hepatitis C testing in community laboratory collection centres , Dr Karen Bartholomew, Health Nz | Te Whatu Ora	98	**2B.3**	Short Oral Proactive primary care for chronic disease: differential effects of a care coordination model on clinical outcomes by patient activation and clinical trajectory, Dr Lisa Pagano, Australian Institute Of Health Innovation, Macquarie University	546	**2C.3**	Short Oral Co-designing interventions to improve medication management in residential aged care: a scoping study to determine stakeholder priorities, Dr Amy Nguyen, Australian Institute Of Health Innovation, Macquarie University	277	**2D.3**	Long Oral From Commitment to Action: Implementing Truth and Reconciliation in Postgraduate Medical Training, Lisa Wlasichuk, University Of Manitoba				59	**2F.3**	Short Oral 'You cannot go empty-handed': Listening to the voices and invisible occupational burdens of community health promoters in rural maternal care, Ms Faith Siva, Strathmore University
14.35	459	**2A.4**	Short Oral Accelerating Research Translation: The ART of Evidence Based Care, Professor Katherine Harding, La Trobe University / Eastern Health	609	**2B.4**	Short Oral Co-designed Conversational AI to Support Community-Based Care, Mrs Katy Aish, Silverchain	605	**2C.4**	Short Oral "No voice is too soft when that voice speaks for others". Support characteristics needed to facilitate meaningful survivorship in head and neck cancer - Exploring lived survivorship experiences through Photovoice, Ms Mei-lin Melanie Anne Chan, University Of Wellington							49	**2F.4**	Short Oral Rurality, Relationships and System Design: A Mixed-Methods Study of Maternity Care in Taranaki and Whanganui, Aotearoa New Zealand, Dr Emma Davey, Health and Research Collaborative
14.40	485	**2A.5**	Short Oral Implementation of a model to reduce wait times and wait lists across a community health organisation: an observational study, Professor Nicholas Taylor, La Trobe University/DPV Health	251	**2B.5**	Short Oral Strengthening models of multi-disciplinary primary care in the remote, Aboriginal context in Central Australia, Ms Ashmita Karki, Menzies School of Health Research	330	**2C.5**	Short Oral Co-creating research inquiry with individuals with lived experience of Long COVID, Prof Paula Lorgelly, University Of Auckland							230	**2F.5**	Short Oral Developing an Optimal Care Pathway for rural and remote cancer care: Applying evidence and experience to improve equity and outcomes , Hannah Jongebloed, Deakin University

WEDNESDAY 2 DECEMBER 2026 cont…

WEDNESDAY 2 DECEMBER 2026

CONCURRENT SESSION 2 cont…

14:00-15:15				Room: RONGOMĀTĀNE A *Chair: Dr Colleen Cheek* **Session 2A: Implementation science**			Room: RONGOMĀTĀNE B *Chair: A/Prof Magda Raban* **Session 2B: Primary health care**			Room: RONGOMĀTĀNE C *Chair: Dr Ally Gibson* **Session 2C: Co-design and lived reality**			Room: MAKĀRO *Chair: Dr Tara Officer* **Session 2D: Health professional education**			Room: MOKOPUNA **Symposium 03**			Room: MATIU *Chair: A/Prof Mona Jeffreys* **Session 2F: Rural health and geographic variations**
14.45	593	**2A.6**		Barriers, enablers and principles to enhance the impact of Clinical Quality Registry reporting to health services: a qualitative study, Professor Denise O'connor, Monash University	239	**2B.6**		Protected appointment-based waiting list strategies are associated with waiting time reductions in outpatient and community health services: A systematic review and meta-analysis, Kate Noeske, Eastern Health and La Trobe University	573	**2C.6**	Short Oral	Co-designing implementation strategies to improve participation in Indonesia's Chronic Diseases Management Program among patients with hypertension and diabetes mellitus , Mochamad Iqbal Nurmansyah, The University Of Queensland	198	**2D.4**		Sex Ed in Med: Learning how to provide non-stigmatising care through sexual history taking, Leenie Kim, University Of Melbourne		Symposium 03: Whiri: a Māori model of care for health and wellbeing	Symposium 03 cont…	38	**2F.6**		Co-developing Safe Physical Activity Pathways for Transgender Communities in Rural Aotearoa New Zealand, Dr Katie McMenamin, Health And Research Collaborative (HARC)
14.50	182	**2A.7**	Short Oral	Improving timely general practitioner access to specialist advice: scaling a digital solution using the Implementation Research Logic Model , Dr Jenny Job, The University Of Queensland	544	**2B.7**	Short Oral	Is vertical integration of family medicine and hospital care a beneficial route for reforming primary health care? A comparative study of the Netherlands, Aotearoa New Zealand and England, Professor Judith Smith, University of Birmingham	45	**2C.7**	Short Oral	Co-designing culturally responsive perioperative care: translating firsthand experience into service improvement, Charmaine Bonus, Latrobe University	517	**2D.5**	Short Oral	Effectiveness of a multi-faceted implementation strategy on clinician knowledge in whiplash management: a pre–post study, Mr Marinus Du Preez, The University Of Sydney				149	**2F.7**	Short Oral	Collaborating with a Rural Pacific Organisation to Explore Health Needs, Dr Lesley Middleton, Te Herenga Waka Victoria University Of Wellington
14.55	138	**2A.8**		Optimising the use of targeted incentives for accessing hepatitis C treatment: a qualitative process evaluation of the MOTIVATE-C project , Ms Pippy Walker, University Of Sydney	88	**2B.8**		General practitioner perceptions of prescribing digital health apps for obesity management: a mixed-methods study, Dr Feby Savira, Deakin University				Q & A (20 minutes)	276	**2D.6**		Giga Mino Ganawenimaag Anishinaabeg: Development and Implementation of Manitoba's new Indigenous cultural safety training for health care and education, Lisa Wlasichuk, University Of Manitoba				129	**2F.8**		Huakina: Opening Doors to Care: Understanding the Lived Realities of Ageing in Rural Aotearoa, Dr Nora Parore, Waipapa Taumata Rau|University of Auckland
15.00				Q & A (15 minutes)				Q & A (15 minutes)					245	**2D.7**		Integrating midwifery education with community child and family health hubs to bridge transitions: A mixed-methods evaluation , Margaret MacGuinness, Gold Coast Hospital and Health Service							Q & A (15 minutes)
15.05																Q & A (10 minutes)							
15:15-15:45	**Afternoon Tea:** RONGOMĀTĀNE FOYER																						

WEDNESDAY 2 DECEMBER 2026 cont...

WEDNESDAY 2 DECEMBER 2026

CONCURRENT SESSION 3

15:45-17:00			Room: RONGOMĀTĀNE A *Chair: Dr Sundresan Naicker* **Session 3A: Digital advances in health systems**			Room: RONGOMĀTĀNE B *Chair: Dr Claire O'Loughlin* **Session 3B: Primary health care**			Room: RONGOMĀTĀNE C *Chair: Dr Tara Officer* **Session 3C: Methods**			Room: MAKĀRO *Chair: Dr Fiona McKenzie* **Session 3D: Chronic conditions**			Room: MOKOPUNA *Chair: Dr Emmanuel Gnanamanickam* **Session 3E: Paediatric and young people**			Room: MATIU *Chair: A/Prof Jan Dewar* **Session 3F: Indigenous health**
15.45	521	**3A.1**	Navigating the digital–experience divide: Cognitive and workflow tensions in clinical decision support use for cardiovascular care, Samah Sallam, Flinders University	186	**3B.1**	ACTMed: A Pharmacist Led Quality Improvement Intervention to Reduce Medication Related Problems in Primary Care, A/Prof Jean Spinks, The University Of Queensland	242	**3C.1**	Addressing over-coverage in Australian linked administrative data: Evaluating the signs-of-life method, Carrie Samuels, Australian National University	410	**3D.1**	Long Oral	Balancing value and equity in the allocation of invasive procedures in coronary syndromes for public versus private patients, Professor Vijaya Sundararajan, St Vincent's Health Australia	30	**3E.1**	The Financial burden of having a child with cancer – navigating financial toxicity, support and preferences of families of children with cancer, Ms Megumi Lim, Qut	143	**3F.1**	Yarning about cancer research participation: Perspectives of mob, health professionals and cancer researchers , Dr Bena Brown, The University Of Queensland
16.00	443	**3A.2**	Embedding equity in co-produced digital health innovation: A scoping review exploring methods and research adjustments, Dr Kara Burns, University of Melbourne, CDTH	270	**3B.2**	Assessing patient attachment following targeted investments in team-based primary care in Ontario Canada, Mr Eliot Frymire, Queens University	63	**3C.2**	NZDep(IDI): a new administrative-data-based version of the NZDep small area index of relative socioeconomic deprivation , Professor Peter Crampton, University Of Otago	340	**3D.2**		Understanding cardiac device follow-up as a complex adaptive system: A national case study in New Zealand , Mrs Amanda Scully, Victoria University of Wellington	501	**3E.2**	The Long Table Method: Listening for Service Impact in Childhood Dementia, Dr Fiona Russo, University Of Southern Queensland	103	**3F.2**	Music is medicine: A culturally grounded, community-based intervention to interrupt toxic stress among Indigenous youth, Emily McCardle, University Of Calgary
16.05										420	**3D.3**		Burden of Type 2 Diabetes and Its Complications in Australia: Evidence from Nationwide Linked Administrative Data, Associate Professor An Duy Tran, University Of Melbourne						
16.10										324	**3D.4**		Allied health service use for diabetes management: 10-year trends in Medicare service utilisation and out-of-pocket costs , Ms Emma Cox, University Of Sydney						
16.15	216	**3A.3**	Person-Centred AI-Adaptive Auditory Cueing application for Parkinson's Gait Impairments in Aotearoa New Zealand, Mr Shaojun Li, Auckland Bioengineering Institute, University Of Auckland	136	**3B.3**	A toolkit to prompt and support stopping antidepressants in general practice: An interview study exploring patient participants' experiences in the RELEASE trial , Dr Polyana Moura Ferreira, The University Of Queensland	311	**3C.3**	Do video instructions help participants complete discrete choice experiments?, Dr Alison Pearce, University Of Sydney	256	**3D.5**	Short Oral	Cost-Effectiveness Analysis of Interventions Used to Manage Individuals with Multimorbidity in New Zealand: a Discrete Event Simulation, Yen Wei Lim, University Of Otago	246	**3E.3**	SUSTAIN (ing) Strengthening Care for Children: A stepped wedge cluster randomised trial of digitally provided paediatric support for general practitioners (GP) in NSW, Australia , Professor Raghu Lingam, Unsw	571	**3F.3**	From principles to practice: Testing the Māori health data governance planning and protocol checklist in AAA/AF screening research, Dr Tracy Murphy, Te Whatu Ora
16.20							510	**3C.4**	Mapping sociodemographic differences in stage of breast cancer at diagnosis among women in Aotearoa New Zealand using Multilevel Analysis of Individual Heterogeneity and Discriminatory Accuracy (MAIHDA) , Miss Bailey Yee, University Of Wellington	207	**3D.6**		Improving eye care access and reducing costs with a hybrid collaborative telehealth model, Jingyi Chen, The University Of WA						
16.25							224	**3C.5**	Decomposing the healthcare cost gap associated with loneliness in Australia, Dr. Muhammad Fikru Rizal, Monash University	34	**3D.7**		Cardiovascular risk misclassification with non-fasting lipid testing: a paired analysis from a South Asian cohort, Dr Nilshan Fernando, Flinders Medical Centre						

WEDNESDAY 2 DECEMBER 2026 cont…

WEDNESDAY 2 DECEMBER 2026

CONCURRENT SESSION 3 cont…

15:45-17:00			Room: RONGOMĀTĀNE A *Chair: Dr Sundresan Naicker* **Session 3A: Digital advances in health systems**			Room: RONGOMĀTĀNE B *Chair: Dr Claire O'Loughlin* **Session 3B: Primary health care**			Room: RONGOMĀTĀNE C *Chair: Dr Tara Officer* **Session 3C: Methods**			Room: MAKĀRO *Chair: Dr Fiona McKenzie* **Session 3D: Chronic conditions**			Room: MOKOPUNA *Chair: Dr Emmanuel Gnanamanickam* **Session 3E: Paediatric and young people**			Room: MATIU *Chair: A/Prof Jan Dewar* **Session 3F: Indigenous health**
16.30	12	3A.4	Short Oral Framing the divide between the ideals of data and digital reform and the reality in New Zealand's Health System Reforms , Dr Lesley Middleton, Te Herenga Waka Victoria University Of Wellington	585	3B.4	Long Oral Nationwide audit and feedback to reduce overuse of pathology tests among general practitioners in Australia: a factorial, cluster-randomised controlled trial, Professor Denise O'connor, Monash University	567	3C.6	Short Oral From data to decisions , Dr Kate Miller, Population Health Research Network	512	3D.8	A structured participatory approach to implementation priority setting for neurodevelopmental follow-up care in congenital heart disease, Dr Thomasina Donovan, Queensland University Of Technology	257	3E.4	Short Oral A landscape analysis of youth mental health service access across rural and regional Australia , Mr Ross Driver, Queensland University Of Technology	243	3F.4	Short Oral Evaluating a culturally safe First Nations gynaecology clinic to address waitlist inequities and clinical acuity, Ms Alyshia Bevan and Brittanee Packer, Gold Coast Hospital and Health Service
16.35	472	3A.5	Short Oral Impact of a hospital digital coordination centre on patient flow in a large tertiary hospital: an interrupted time series study, Dr Portia Cornell, University Of Melbourne			Long Oral	278	3C.7	Short Oral Heart failure: Using big data to manage post discharge risk in primary care, Dr Michael Green, Queens University	31	3D.9	The effect of a cancer diagnosis on adherence to medicines for pre-existing chronic conditions, Dr Jackie Roseleur, Flinders University	332	3E.5	Short Oral Investigating hospital utilisation by children with rare diseases using administrative health data, Dr Carolyn Arico, University Of Sydney	614	3F.5	Short Oral Reframing Palliative Care Research: A Pacific methodological innovation for equity, Dr Amy Henry, Auckland University of Technology, and Dr Marianna Churchward, Te Herenga Waka, Victoria University of Wellington
16.40	202	3A.6	Short Oral Reimagining Hospital in the Home through co-designed digital care, Ms Zhicheng Li, University Of New South Wales			Long Oral	508	3C.8	Short Oral Comparison of the psychometric performance of the Experimental EuroQol Toddler and Infant Populations (EQ-TIPS) Version 3.0 and Pediatric Quality of Life Inventory Infant Scale™ (PedsQL) in young children in Australia , Prof Kim Dalziel, The University Of Melbourne			Q & A (20 minutes)	599	3E.6	Short Oral Cost-effectiveness of interventions to improve health outcomes in children born preterm: a systematic review, Zhuomin Liu, The University of Melbourne	212	3F.6	Short Oral ENT Saturdays: Innovative models of specialist care for Aboriginal and Torres Strait Islander children , Denise Hookey, The University of Queensland
16.45			Q & A (15 minutes)	179	3B.5	Short Oral How networks support Primary Care Practitioners to access advice about paediatric care: A systematic review, Mrs Tina Vickery, Australian Institute Of Health Innovation, Macquarie University			Q & A (15 minutes)				514	3E.7	Short Oral Qualitative exploration of strengths-based adaptations for the EQ-5D-Y-5L: advancing inclusive paediatric outcome measurement, Prof Kim Dalziel, University Of Melbourne			Q & A (15 minutes)
16.50						Q & A (10 minutes)									Q & A (10 minutes)			
16.55																		
17:00-19:00	**Welcome Reception :** RONGOMĀTĀNE FOYER Performance by Holy Family school waiata group																	

THURSDAY 3 DECEMBER 2026

THURSDAY 3 DECEMBER 2026

7:00	**Registration Open,** Level 1 - RONGOMĀTĀNE FOYER **Speaker Support Open,** Level 1 - Organiser Office, next to Mokopuna Room												
7:45	**Indigenous / First Nations Breakfast - Invitation Only,** Level 1 - RONGOMĀTĀNEI FOYER												
8:45	**Welcome to Day Two** *Chair: Dr Colleen Cheek* **Plenary Room:** RONGOMĀTĀNE A, B & C												
9:00	**PLENARY SESSION 2** **The promise and future of health services research: sex and gender considerations will be essential** **Prof Robyn Norton,** The George Institute for Global Health **Wellbeing as a goal in health services research** **Prof Arthur Grimes,** Victoria University of Wellington's School of Government **Plenary Room:** RONGOMĀTĀNE A, B & C												
10:30-11:00	**Morning Tea:** RONGOMĀTĀNE FOYER												
11:00-12:00	**Concurrent Session 4: FEATURED RESEARCH SESSION**												
	Room: RONGOMĀTĀNE A ***Chair: A/Prof Jan Dewar & A/Prof Mona Jeffreys*** **Featured Research 1 - Indigenous approaches to evaluation** flaxanalytics			**Room:** RONGOMĀTĀNE B ***Chair: Lane Meredith*** **Session 4B: ECR 3MT competition**			**Room:** RONGOMĀTĀNE C ***Chair: Prof Karen Price*** **Featured Research 2 - HCF Foundation** HCF RESEARCH FOUNDATION				**Room:** MATIU ***Chair: Dr Jackie Roseleur*** **Session 4F: ECR 3MT competition**		
11.00	Flax Analytics Symposium	Flax 1: Dr Ellison Loschmann. Indigenous evaluation of Whakamaua, the Māori Health Action Plan	46	**4B.1**	3MT	Improving surgical care for older adults from culturally diverse backgrounds: a co-design approach, Charmaine Bonus, Latrobe University	HCF Symposium	625: Co-design and evaluation of the 'Virtual or In-person Physiotherapist-led Evaluation of Referrals to spine surgeons' (VIPER) model of care, Dr Joshua Zadro, Institute for Musculoskeletal Health, Faculty of Medicine and Health, Sydney Local Health District	384	**4F.1**	3MT	Equity by Design: Supporting Rural Access to Novel Dementia Diagnostics, Ms Hannah Gulline, Monash University
11.05		Flax 2: Susan Iversen. Inequities in primary health care funding in Aotearoa New Zealand	621	**4B.2**		School-based Eyecare for Every Kid: Developing a Model of a Children's Eyecare Pathway in Aotearoa , Sachi Rathod, The University Of Auckland		623: Risk of frailty screening and management for older Australians in general practice, Dr Caroline Nicholson, Institute for Musculoskeletal Health, Faculty of Medicine and Health, Sydney Local Health District, University of Queensland	388	**4F.2**		The role of undergraduate Public Health Graduates in Strengthening Health System Resilience in Fiji, Mr Avendra Prakash, Victoria University Of Wellington
11.10		146: A/Prof Jan Dewar Developing a Kaupapa Māori indigenous led approach to health service evaluation in Aotearoa New Zealand	70	**4B.3**		More Than a Thank You: Revolutionising Consumer Recognition in Health Research, Ms Mingming Zhou, Anu		622: WECARE: Work-Enhancement through Computational Assessment of Real Environments – Re-designing Hospital Work to Increase Staff Satisfaction, Retention and Improve Patient Care, Prof Harriet Hiscock, University of Melbourne	433	**4F.3**		Exploring the use and economic value of clinical pathway for suspected acute coronary syndrome in Tasmanian emergency departments, Dr Rishita Chandra, University Of Tasmania
11.15		543: Dr Tracy Murphy. Illuminating Māori clinical leadership in Crown health organisations: Grit, authenticity and collective power	181	**4B.4**		How and from whom do Australian GPs seek advice about paediatric care?, Mrs Tina Vickery, Australian Institute Of Health Innovation, Macquarie University		624: Understanding the variation in the use of hysterectomy to improve outcomes for women with heavy menstrual bleeding, Prof Jenny Doust, University of Queensland	436	**4F.4**		A Web-Based Knee OA Program on an Orthopaedic Waitlist: A RE-AIM Implementation Evaluation, Ms Lin Tong, La Trobe University
11.20			210	**4B.5**		From Paper to Plate: Implementing Nutrition Guidelines for Children with Cancer in Aotearoa New Zealand, Miss Hannah Fuller, Waipapa Taumata Rau, University Of Auckland			451	**4F.5**		Understanding Value in Molecular Testing in Cancer, Dr Alice Minhinnick, University of Auckland and Auckland City Hospital

FRIDAY 4 DECEMBER 2026

FRIDAY 4 DECEMBER 2026

8:00 — **Registration Open,** Level 1 - RONGOMĀTĀNE FOYER
Speaker Support Open, Level 1 - Organiser Office, next to Mokopuna Room

9:00 - 9:15 — **Welcome to Day Three**
Plenary Room: RONGOMĀTĀNE A, B & C

9:15 - 10:30 — **PLENARY SESSION 3: PANEL**
Health services research: Global connections
A/Prof Alison Pearce, Dr Jennifer Zelmer, Prof Judith Smith, Dr Jacqueline Cumming
Chair: Prof Sally McArthur
Plenary Room: RONGOMĀTĀNE A, B & C

10:30-11:00 — **Morning Tea:** RONGOMĀTĀNE FOYER

CONCURRENT SESSION 7

11:00-12:30

Room: RONGOMĀTĀNE A — *Chair: Dr Nicola Creagh*
Session 7A: Influencing policy and systems

11:00	315	7A.1		Policy and cancer control: key determinants influencing policy formation and implementation , Ms Amelia Hyatt, Peter Maccallum Cancer Centre
11.15	617	7A.2		"More of the same, just packaged differently" - An evaluation of Aotearoa New Zealand's 2022 Pae Ora Health Reforms using Event Systems Theory, Professor Tim Stokes, University Of Otago
11.30	296	7A.3	Long Oral	Uptake and implementation of practice incentive reforms in an Australian metropolitan primary health network: a mixed methods evaluation, Dr Jackie Roseleur, Flinders University
11.35				
11.40				

Room: RONGOMĀTĀNE B — *Chair: Dr Thomasina Donovan*
Session 7B: Hospital-based care and cost

11:00	397	7B.1		Technology Gaps or Management Gaps? Decomposing Hospital Inefficiency to Drive Differentiated Policy in Victoria's Public Health System, Dr Andrew Haywood, Department Of Health, Victoria
11.15	505	7B.2		A no brainer? Improved hospital cleaning reduces infection and saves money , Professor Brett Mitchell, Avondale University
11.30	460	7B.3	Long Oral	Insights into the nature of waiting lists in specialist clinics: Early learnings from the WaitLESS Project, Professor Katherine Harding, La Trobe University / Eastern Health
11.35				
11.40				

Room: RONGOMĀTĀNE C
Symposium 07 and 08

11:00			Symposium 07	**Symposium 07: Improving Telehealth Delivered Mental Healthcare for Rural and Remote Areas** 494: Mental Health Service Use Under Better Access: Variation by Disorder Types and Severity 493: Telehealth Mental Health Care in Rural and Remote Australia: User characteristics, Waiting Times, Out-of-Pocket Costs in 2021 496: Preferences for psychological services in rural and remote Australia: A discrete choice experiment 495: Accessing telehealth psychology treatments for those living in rural and remote areas: a multi-disciplinary, needs assessment to inform co-designed solutions

Room: MAKĀRO — *Chair: Dr Tara Officer*
Session 7D: Refugee, migrant and ethnic minority health

11:00	8	7D.1	Long Oral	A realist study of equitable use and outcomes of digitally enabled healthcare among people from ethnic minority backgrounds with cancer in Australia , Dr Ashfaq Chauhan, Australian Institute Of Health Innovation
11.15	44	7D.2		Perioperative experiences of culturally and linguistically diverse older adults and their family carers: a multi-phase qualitative study, Charmaine Bonus, Latrobe University
11.30	48	7D.3		Barriers and facilitators to accessing preventive services for chronic diseases among Bangladeshi and Nepalese migrants in Sydney, Dr Sabuj Kanti Mistry, University Of New South Wales
11.35	235	7D.4	Short Oral	Improving Service Accessibility for Chinese Families of Neurodiverse Children in New Zealand: A Survey Study, Hongjuan deng, Hongjuan Deng
11.40	200	7D.5		Menopause experiences of women from multicultural communities in high-income Western countries: findings of a mixed methods systematic review, Ms Paula Legerton, The University Of Sydney

Room: MOKOPUNA — *Chair: Megan Campbell*
Session 7E: Emergency and urgent care

11:00	522	7E.1		Physiotherapist-led care in the emergency department for musculoskeletal conditions: results from the RESHAP-ED trial-based economic evaluation, A/Prof Philip Haywood, University Of Sydney
11.15	418	7E.2		Behavioural nudges to reduce low-value care for low back pain in the emergency department (NUDG-ED): a 2 × 2 factorial, pragmatic cluster randomized trial, Gemma Altinger, University Of Sydney
11.30	458	7E.3	Long Oral	From pilot to statewide scale: A programme of research evaluating the Victorian Virtual Emergency Department waiting room pathway, 2023–2025, Ass Prof Jennie Hutton, Victorian Virtual Emergency Department
11.35				
11.40				

Room: MATIU — *Chair: Dr Rob McNeill*
Session 7F: Cancer

11:00	412	7F.1		The Ready To Screen Trial: Organisational Readiness and Adoption of Lung Cancer Screening Recruitment Strategies in Australia, Dr Dzenana Kartal, University Of Melbourne
11.15	273	7F.2		What is important to patients when considering radiation therapy for prostate cancer? A health preferences study, A/Prof Amy Brown, Townsville Hospital And Health Service
11.30	288	7F.3	Long Oral	Health services costs for breast cancer in Australia by stage and subtype: Estimates from the 45 and Up Study, Dr Lara Petelin, University Of Sydney
11.35				
11.40				

FRIDAY 4 DECEMBER 2026 cont...

CONCURRENT SESSION 7 cont...

FRIDAY 4 DECEMBER 2026

11:00-12:30			Room: RONGOMĀTĀNE A *Chair: Dr Nicola Creagh* **Session 7A: Influencing policy and systems**			Room: RONGOMĀTĀNE B *Chair: Dr Thomasina Donovan* **Session 7B: Hospital-based care and cost**	Room: RONGOMĀTĀNE C **Symposium 07 and 08**			Room: MAKĀRO *Chair: Dr Tara Officer* **Session 7D: Refugee, migrant and ethnic minority health**			Room: MOKOPUNA *Chair: Megan Campbell* **Session 7E: Emergency and urgent care**			Room: MATIU *Chair: Dr Rob McNeill* **Session 7F: Cancer**
11.45	240	7A.4	Implementing evidence-based principles of demand management reduces waiting times in community health services: A statewide scale-up study, Kate Noeske, Eastern Health and La Trobe University	95	7B.4	Hospital costs associated with kidney transplantation and immunoglobulin therapy, Dr Sara Carrillo de Albornoz, Monash University	**Symposium 08: Navigating fragmented systems: Understanding, implementing and strengthening navigator roles (for equity) in Australia** 417: Navigators in health and social care: Challenges and opportunities, A/Prof Fiona Haigh 403: Peer Health Navigation for Patients at Risk of Frequent Hospitalisation: Programme Characteristics and Impact on Hospital Resource Utilisation, A/Prof Rebecca Jessup 361: Beyond Lived Experience: A capability framework to support peer health navigator roles in healthcare, A/Prof Rebecca Jessup	237	7D.6	Culturally Tailored Interventions for Endometriosis Care: A Scoping Review, Miss Sangita Chakraborty, Monash University	166	7E.4	Are urgent care services an effective alternative to hospital emergency departments?, Dr. Shangzhi Xiong, The George Institute For Global Health	577	7F.4	Prioritising Physiotherapy Rehabilitation for Māori with Matepukupuku (Cancer), Ms Rachel Swann, Health And Research Collaborative
11.50				444	7B.5	Counting the hidden work: genetic counselling costs and sustainable genomic service delivery, Dr Varinder Jeet, Macquarie University		530	7D.7	Understanding determinants of health service utilisation among Asian migrants in New Zealand: A quantitative study, Thilanthi Kaluarachchi, University of Wellington	358	7E.5	Unplanned presentation to emergency department is higher after virtual outpatient care in a renal cohort, Dr Ashfaq Chauhan, Macquarie University	331	7F.5	Prehab or Not? The Factors Behind a Critical Window in Lung Cancer Care. , Dr Jamie Waterland, Peter MacCallum Cancer Centre
11.55				141	7B.6	Embedding Prevention in Surgical Waiting-List Pathways: A Before–After Health Economic Evaluation of the Way to Wellness Service, Nirmali Sivapragasam, Queensland University Of Technology		89	7D.8	Does She Have a Say? Exploring Reproductive Health Rights among Afghan Women Resettling in Victoria, Australia, Ms Donya Eghrari, The University Of Melbourne	430	7E.6	Text message incentives increased patient-reported outcomes survey response in emergency care: SWAT findings , Gemma Altinger, University Of Sydney	118	7F.6	Comparing socioeconomic inequalities in colorectal cancer diagnosis and survival in Victoria, Australia and Ontario, Canada, Prof. Erin Strumpf, McGill University
12.00	469	7A.5	Embedding Equity in Cancer Policy: Lessons for Health Systems, Ms Rebecca Zosel, The University Of Melbourne	319	7B.7	Market strategies used by private hospital providers to consolidate and increase power; a systematic scoping review and evaluative synthesis, Mr Tom Shore, University Of Melbourne		110	7D.9	Are We Equally Accessing Reproductive Care? Challenges and opportunities to improve outcomes for Afghan women who have settled as refugees in Vic, Australia, Ms Donya Eghrari, University Of Melbourne	50	7E.7	New and emerging drivers of ambulance demand., Mr. Liam Hemingway, Monash University	185	7F.7	From Promise to Practice: Translating Functional Precision Oncology into Real-World Cancer Care , Dr. Samran Sheriff, Macquarie University
12.05	219	7A.6	Developing a national implementation strategy to improve detection of familial hypercholesterolaemia in Australia , Associate Professor Mitchell Sarkies, The University of Sydney	85	7B.8	Implementing Consensus-Based Perioperative Pathways: A Mixed-Methods Implementation Evaluation in Real-world Hospital Settings, Dr Lisa Pagano, Australian Institute Of Health Innovation, Macquarie University		365	7D.10	Co-developing a Digital Health Navigation Tool to Improve Access for Afghan Women in Victoria, Australia: A Pilot Study, Mr Amir Fila, The University Of Melbourne	463	7E.8	Lessons from the evaluation of community-based urgent care services in New South Wales, Dr Sanja Lujic, Centre for Big Data Research in Health, UNSW Sydney	306	7F.8	Australian preferences for genomic risk assessment to inform risk-tailored cancer screening, Dr Alison Pearce, University Of Sydney
12.10	440	7A.7	A national linked data framework for causal evaluation of aged care policy effectiveness, Prof Nadine Andrew, Monash University	574	7B.9	A randomized controlled trial comparing a vascular access specialist to usual care for peripheral intravenous device selection and insertion: improving outcomes and reducing frontline care burden, A/Prof Alison Craswell, University Of The Sunshine Coast				Q & A (20 minutes)	101	7E.9	Community paramedicine as a pathway to primary healthcare equity: Lessons from a rural First Nation, Dr. Anika Sehgal, University Of Calgary	619	7F.9	Understanding Psychosocial and Family Support Needs in Head and Neck Cancer Services, Dr Ally Gibson, Te Herenga Waka
12.15	309	7A.8	Global Cervical Cancer Elimination and Control Policy Analysis, Ms Amelia Hyatt, Peter Maccallum Cancer Centre			Q & A (15 minutes)					337	7E.10	A Decade of Change in Aotearoa's Specialist Emergency Medicine Workforce, Annaleis Tatkovic, Australasian College For Emergency Medicine			Q & A (15 minutes)
12.20			Q & A (10 minutes)										Q & A (10 minutes)			
12:30-13:15	**Lunch:** RONGOMĀTĀNE FOYER **Exhibition and Poster Presentations**

FRIDAY 4 DECEMBER 2026 cont…

FRIDAY 4 DECEMBER 2026

CONCURRENT SESSION 8

13:15-14:20																								
	Room: RONGOMĀTĀNE A *Chair: A/Prof Alison Pearce*						**Room:** RONGOMĀTĀNE B *Chair: Dr Raj Gyawali*						**Room:** RONGOMĀTĀNE C				**Room:** MAKĀRO *Chair: Dr Tara Officer*						**Room:** MOKOPUNA *Chair: Prof Nicholas Taylor*						**Room:** MATIU *Chair: Lane Meredith*					
	Session 8A: Evaluation and methodology						**Session 8B: Literacy and navigation**						**Symposium 09**				**Session 8D: Primary health care and pharmacy**						**Session 8E: Falls, frailty, mobility**						**Session 8F: Future proofing healthcare**					
13.15	100	8A.1	Long Oral	Developing rapid evaluation methodology to meet the challenge of multiple long-term conditions , Professor Judith Smith, University Of Birmingham	336	8B.1	Long Oral	The Relationship Between Health Literacy and Linked Administrative Health Outcomes, Hannah Beilby, University Of Queensland	Symposium 09: Understanding preferences for allied health substitution models to reduce wait times in outpatient specialist care – a program of research	**Understanding preferences for allied health substitution models to reduce wait times in outpatient specialist care – a program of research** 398: Using a best-worst scaling survey to investigate the relative importance of attributes associated with public hospital outpatient appointments, Corey Patterson 423: General population preferences for allied health substitution in Australian public hospital outpatient clinics: a discrete choice experiment, Dr Nerida Firth 275: Regional patient preferences for outpatient appointments: a discrete choice experiment, A/Prof Amy Brown 283: Measuring the general population's knowledge and awareness of allied health: a cross-sectional survey, A/Prof Amy Brown	565	8D.1	Long Oral	Shallow Roots: 25 years of Implementing a Population Health Logic in Primary Health Care in Aotearoa New Zealand, Dr Tim Tenbensel, University Of Auckland	580	8E.1	Long Oral	Economic evidence for system-level falls prevention planning: development and validation of a system dynamics model , Dr Marina Pinheiro, University Of Sydney	279	8F.1	Long Oral	Comprehensive primary care and the future of the primary care health workforce in Ontario, Canada, Eliot Frymire, Queens University
13.20																								
13.25																								
13.30	604	8A.2	Short Oral	Reflections from embedding health services research within a health service, Dr Emmanuel Gnanamanickam, Adelaide Epicentre, Adelaide University And Calhn	114	8B.2	Short Oral	Engagement under constraint: Lived Experience Partners' roles navigating Aotearoa New Zealand's mental health and addiction system, Saman Nazir, University Of Canterbury, Christchurch, New Zealand							548	8D.2	Short Oral	Evaluating a behavioural intervention to reduce antibiotic use in residential aged care, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University	328	8E.2	Short Oral	Measuring frailty at scale: development and validation of an electronic frailty index for Queensland Health hospitals, Dr Ida Tornvall, The University Of Queensland	189	8F.2	Short Oral	Healthcare consumer attitudes towards the environmental impact of medicines: A scoping review , Dr Emma Lydon, University of Auckland
13.35	43	8A.3		Estimating health utilities for joint behavioural risk factor profiles in Australian adults: Evidence from regression and machine learning approaches, Nirmali Sivapragasam, Queensland University Of Technology	561	8B.3		Co-Designing an Evidence-Informed Navigator Role with Priority Populations: Building an Equitable Pathway into the Australian National Lung Cancer Screening Program, Dr Lauren Gibson, University Of Melbourne							69	8D.3		Workload, stress and perceived medication safety risk in community pharmacy: a repeated measures field study, Dr Elcin Tuzel, University of Queensland	232	8E.3		Excess frailty and its population attributable fractions across the United States: A longitudinal analysis of data from the Health and Retirement Study, Dr Ida Tornvall, The University Of Queensland	18	8F.3		Resilience of healthcare systems to extreme weather: how are interventions evaluated?, Ms Emily Snowden, Brighton And Sussex Medical School
13.40	357	8A.4		The prevalence of socially complex patients presenting to inner-city metropolitan public hospitals , Professor Vijaya Sundararajan, St Vincent's Health Australia	379	8B.4		Implementation of a virtual health navigator to support new virtual model of outpatient care in a tertiary hospital allied health department, Associate professor Centaine Sonswell, The University Of Queensland							300	8D.4		Unjust treatment: Pharmacy under pressure, Dr Natalie Lindsay, Te Herenga Waka | Victoria University Of Wellington	427	8E.4		'Focus on Frailty': Development of online learning modules to increase knowledge and understanding of frailty in hospitals , Dr Ida Tornvall, The University of Queensland	581	8F.4		Transforming FASD care delivery: A novel statewide model to improve access and equity, Dr Kelsee Shepherd, Sydney Children's Hospital Network
13.45	426	8A.5		Using online randomised controlled trials to understand clinical decision-making and optimise intervention design , Gemma Altinger, University Of Sydney	446	8B.5		With doc as my witness: what is the role of primary care in helping patients navigate unexpected admissions to hospital?, Dr Cervantée Wild, University Of Auckland							381	8D.5		Exploring the benefits and challenges of a wearables integrated technology (WEAR-IT) intervention in primary care type 2 diabetes management, Dr Breanne Hobden, University of Newcastle	84	8E.5		Using digital Patient Reported Outcome Measures to screen for frailty in older outpatients referred for elective joint replacement surgery., Ms Liz Walkley, Austin Health	73	8F.5		Eliciting New Zealander preferences for respiratory pandemic control policies: A Discrete Choice Experiment, Dr Hui Yee Yeo, University Of Auckland

CONCURRENT SESSION 8 cont...

13:15-14:20	Room: RONGOMĀTĀNE A *Chair: A/Prof Alison Pearce* **Session 8A: Evaluation and methodology**			Room: RONGOMĀTĀNE B *Chair: Dr Raj Gyawali* **Session 8B: Literacy and navigation**			Room: RONGOMĀTĀNE C **Symposium 09**		Room: MAKĀRO *Chair: Dr Tara Officer* **Session 8D: Primary health care and pharmacy**			Room: MOKOPUNA *Chair: Prof Nicholas Taylor* **Session 8E: Falls, frailty, mobility**			Room: MATIU *Chair: Lane Meredith* **Session 8F: Future proofing healthcare**
13.50	529	**8A.6**	The impact between conventional polypharmacy measures and a measure incorporating all modes of administration, David Lim, Curtin University	247	**8B.6**	Medication information in fragment paediatric oncology care: Caregivers as the final safety checkpoint, Miss Micaella Hansen, The University Of Sydney	Symposium 09: continued	Symposium 09 cont...	262	**8D.6**	Multimorbidity, General Practice Engagement, and Emergency Department Utilisation in Rural Australia, Miss Sarah Al-Alawneh, Unsw	462	**8E.6**	Getting patients out of bed and out of hospital: health care leadership perspectives of why patient mobility is invisible and missed in acute care systems, Jo Nolan, Flinders University	562	**8F.6**	From development to scale-up of Choose to Move: Is it possible to optimize costs as scale-up proceeds?, Dr Zoe Szewczyk, The University Of Sydney
13.55	396	**8A.7**	Comparing generic and disease-specific quality of life instruments in sleep health: A dimensionality and latent path analysis with implications for health services research, Professor Billingsley Kaambwa, Flinders University	601	**8B.7**	Where do patients go when they can't access public dermatology? Alternative care pathways during a median nine-month wait in Western Sydney, Dr Emily Sisson, UNSW			15	**8D.7**	Exploring community-based multidisciplinary team care structures and changes over time among Western Australians aged 45 years and over with diabetes: a linked data k-medoids cluster analysis, Mrs. Ghazalah Alyazidi, Curtin University Of Technology	321	**8E.7**	PROTECT Fall Prevention Program: Early implementation results from a stepped-wedge hybrid type I effectiveness implementation cluster randomised trial., Ms Charlotte Mclennan, The University Of Sydney & Sydney Local Health District	591	**8F.7**	Effect of multi-component intervention to improve surveillance colonoscopy recommended intervals in line with Australian guidelines: an interrupted time series study, Professor Denise O'connor, Monash University
14.00	236	**8A.8**	Measurement challenges in patient flow studies: A new approach to evaluating change following interventions to improve timely access to care , Dr Annie Lewis, Eastern Health	405	**8B.8**	Exploring the intersection of organisational health literacy and implementation science: A scoping review , A/Prof Danielle Muscat, University Of Sydney			178	**8D.8**	Kaumātua Oral Health, Ms Shayola Koperu and Ms Jodi Bishop, Whitireia	208	**8E.8**	Risk of frailty screening and management of older people in general practice in Western Queensland: An implementation evaluation, Dr Jenny Job, Mater Research Institute - UQ	597	**8F.8**	Effect of public-private integration through District Health Centres on regular general practice attendance among patients with diabetes or hypertension in Hong Kong: a quasi-difference-in-differences study, Zhenyuan Liu, The University Of Hong Kong, School Of Public Health
14.05	584	**8A.9**	Values-based impact: a new impact assessment tool for Health Services Research, Dr Allison Drosdowsky, Peter Maccallum Cancer Centre	406	**8B.9**	Assessing the scalability of a health literacy digital innovation to support staff in developing understandable and accessible consumer health information, Associate Professor Danielle Muscat, University Of Sydney					Q & A (15 minutes)	587	**8E.9**	FORTRESS Plus: Results from a Multidisciplinary Intervention to Improve Mood, Frailty, and Quality of Life in Hospitalised Older Adults , Mrs Rosanna Tran, The University of Sydney			Q & A (15 minutes)
14.10	297	**8A.10**	Automation to accelerate initial screening in systematic reviews: a validation study, Dr Jackie Roseleur, Flinders University	196	**8B.10**	Barriers and Facilitators to Accessing Healthcare Services for People with a Disability: A Qualitative Exploration from the Perspectives of Disability Liaison Officer Program Consumers., Dr Kate Gledhill, Monash University						152	**8E.10**	Exploring frontline staff experiences with MQ-Dash, a digital falls-prevention dashboard implemented in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation			
14.15			Q & A (5 minutes)			Q & A (5 minutes)								Q & A (5 minutes)			
14:20-14:50	**Afternoon Tea:** RONGOMĀTĀNE FOYER																
14:50-15:30	**SESSION 4:** Closing ceremony, including awards and conference wrap up Kapa haka performed by Te Kahu Tātara ō Te Rangihaeata **Room:** RONGOMĀTĀNE B & C *Chair: A/P Alison Pearce*																
15:30	**Close**																

Poster Presentations		
Paper #	**Poster #**	**THEME: Delivering future healthcare: new models, settings, and pathways**
52	**P1**	Evidence-informed Experience-based Co-Design for high healthcare service utilisation, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
109	**P2**	The feasibility of implementing a cardiac rehabilitation–informed model of care after hip and knee joint replacement , Professor Nicholas Taylor, La Trobe University - Eastern Health
120	**P3**	Stakeholders' perceptions of breast density notification and supplemental screening in Australia: A qualitative interview study, Jennifer Isautier, The University Of Sydney
187	**P4**	Exploration of Early Psychosis Care Priorities of Community Partners in Aotearoa New Zealand, Miss Ruby Zwart, Victoria University Of Wellington
203	**P5**	Evaluating surgical transitional care interventions: what works, what is measured, and how are they implemented?, Georgia Tobiano, Griffith University
204	**P6**	Unpacking implementation complexity to inform scale up: protocol of a mixed methods process evaluation of a remote patient monitoring system, Ms Zhicheng Li, University Of New South Wales
226	**P7**	Improving end-of-life care pathways: Early findings from a pilot end-of-life care coordination program evaluation, Dr Kristy Fakes, The University Of Newcastle
244	**P8**	Early development intervention and engagement (EDIE) pilot: A cross-sectoral child health nurse model, Dr Danielle Borg, Gold Coast Hospital and Health Service
272	**P9**	Nurse practitioner contributions across primary care models in Ontario, Canada, Mr Eliot Frymire, Queens University
618	**P10**	Community Needs Assessments as a Learning and Public Health Practice Tool for Public Health Students in Fiji, Ms Risha Kumar, Fiji National University
329	**P11**	Prehab Logistics: barriers and enablers for timely delivery of Universal teleprehabilitation., Dr Jamie Waterland, Peter MacCallum Cancer Centre
354	**P12**	Characteristics of health systems offering insurance products in the United States, Xinliang Liu, Lehigh University
355	**P13**	Health New Zealand | Te Whatu Ora Taranaki Long COVID Staff Clinic: Developing an innovative model of long COVID care, Dr Claire O'Loughlin, Te Herenga Waka - Victoria University Of Wellington
367	**P14**	Patient perspectives of a Rapid Access Clinic for chronic disease in South-East Queensland, Australia, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
371	**P15**	Rurality and Colorectal Cancer Outcome in New Zealand, Mr Avinash Adhikari, Victoria University Of Wellington

382	**P16**	What do health services look like when we reframe what it is to live well with long term conditions?, Dr Shirley Keown, Tūranga Health
399	**P17**	Towards Establishing Shared Terminology for Person-Centred Care: A Modified Delphi Study with Consumers and Health Professionals, Mrs Rebecca Barnden, National Centre for Healthy Ageing (NCHA) - Monash University / Peninsula Health
408	**P18**	The Recovery Scaffold Gap: A Patient Journey Mapping Study of Hip and Knee Arthroplasty, Dr Swapna Gokhale, La Trobe University
415	**P19**	Cost-effectiveness of a virtual fracture clinic versus traditional in-person fracture clinic care for adults with acute simple fractures: a protocol for a health economic analysis within the RECITAL trial, Ms Rowena Charteris, The University Of Sydney
416	**P20**	Delivering fracture care in a virtual setting: a qualitative study of clinician experiences, Ms Rowena Charteris, The University Of Sydney
438	**P21**	High-level economic assessment of an innovative maternal health initiative for remote communities in Queensland, Australia, Jason Zischke, KPMG
441	**P22**	Implementation of state-based cascade testing centres for familial hypercholesterolaemia: a protocol, Dr Amanda Thijsen, University Of Sydney
474	**P23**	Pilot implementation of ‘virtual ward rounds’: connecting metro specialists with regional care, Dr Portia Cornell, University Of Melbourne
482	**P24**	Core components and determinants of a rapid access clinic for multiple chronic conditions – the Preventative Integrated Care Service, Mrs. Ashleigh Earnshaw, Queensland University Of Technology
490	**P25**	Increased complexity and frailty of non-cancer patients accessing specialist community palliative care – evidence suggests inequity, Mrs Katy Aish, Silverchain
526	**P26**	Enhanced and intermediate postoperative care units to improve patient outcomes in adult surgery – a scoping review, Mrs Jolene Jones, The University Of Waikato
532	**P27**	Closing Coverage Gaps: Māori-led, disability-responsive innovation in childhood immunisation, Prof Tristram Ingham, Foundation For Equity And Research New Zealand
551	**P28**	Establishing an approach for ecological-momentary assessment-style mental-health patient-reported outcomes , Dr Belinda Davey, University Of Melbourne
552	**P29**	Development and validation of a novel scale to determine perceived dental neglect of adolescents: A cross-sectional study , Dr Uttara Amilani Adikari Mudiyanselage, Queensland University Of Technology
578	**P30**	Strengthening Remote Healthcare Through Trial Participation, using Teletrial Methodology , Ms Roda Allen, Queensland Health, Townsville University Hospital

Paper #	Poster #	THEME: Doing more of things that work: implementation, disinvestment and knowledge translation
82	**P31**	Implementing My Therapy in sub-acute rehabilitation: a RE-AIM evaluation across four allied health disciplines , Dr Casey Peiris, Royal Melbourne Hospital And La Trobe University
121	**P32**	Strategy Mapping: A Catalyst for Evidence-Informed Implementation that closes the evidence-to-practice gap – An older person healthcare approach , Shirtcliffe Andi, University Of Auckland
130	**P33**	Doing more of what works: a multifaceted telementoring implementation intervention to increase telehealth adoption across allied health, Professor Liam Caffery, University Of Queensland / Queensland Health
268	**P34**	The Structure and Impact of a Center for the Science of Health Care Delivery at the Mayo Clinic in the United States, Elizabeth Habermann, Mayo Clinic
343	**P35**	The effectiveness of preoperative oral carbohydrate loading on postoperative nausea and vomiting in adults receiving total intravenous anaesthesia compared to inhalational anaesthesia: A systematic review and meta-analysis, Dr Oya Gumuskaya, Western Sydney University
377	**P36**	Embedded research and new models of care: Accelerating evidence translation through co-designed health service innovation, Dr Rebecca Shipstone, Sunshine Coast Hospital And Health Service
413	**P37**	Reporting of RE-AIM Domains in Digital Self-Management Programs for Hip and Knee Osteoarthritis: A Scoping Review, Ms Lin Tong, La Trobe University
424	**P38**	Effectiveness of clinician-directed default nudges on reducing overuse of tests and treatments in healthcare: a systematic review of randomised controlled trials , Gemma Altinger, University Of Sydney
442	**P39**	Research evidence use in blood collection: a qualitative study with front-line staff, middle managers, and senior managers, Dr Amanda Thijsen, University Of Sydney
454	**P40**	Implementation interventions to promote healthcare professional uptake of evidence-based opioid prescribing for adults with acute non-cancer pain: A Cochrane Systematic Review , Dr Jason Wallis, Monash University
563	**P41**	Cost data collection tools for health care research and practice: a systematic scoping review of grey and peer-reviewed literature, Dr Zoe Szewczyk, The University Of Sydney
612	**P42**	School-based Eyecare for Every Kid: Developing a Model of a Children's Eyecare Pathway in Aotearoa , Sachi Rathod, The University Of Auckland

Paper #	Poster #	THEME: Future proofing healthcare: value, sustainability, and system resilience
131	**P43**	Enabling sustainable, resilient telehealth services: validation of the Telehealth Service Audit Tool (T-SAT) , Professor Liam Caffery, University Of Queensland / Queensland Health
157	**P44**	Patient informed changes to default meals: A feasible approach to reducing food and packaging waste in a tertiary hospital, Aimee Dow, The Royal Melbourne hospital
233	**P45**	Complex patients or complex systems? Exploring complexity in allied health , Dr Annie Lewis, Eastern Health
266	**P46**	Rising Tides, Deepening Inequities: A Scoping Review of Coastal Health Provision and Persistent Disparities, Pujitha Kanakam, University of Lincoln
339	**P47**	The Sustainability of Familial Hypercholesterolaemia Screening Programs Globally: A Convergent Mixed-Methods Study, Dr Amanda Thijsen, University Of Sydney
385	**P48**	Towards Environmentally Extended Health Economic Analysis Plans: A Case Study for the MEL-SELF Trial, Jake Williams, University Of Sydney
402	**P49**	Diffusion of Coronary CT angiography for chest pain syndromes after its introduction into the Australian health system, Professor Vijaya Sundararajan, St Vincent's Health Australia
428	**P50**	Exploring clinical pathway use for suspected Acute Coronary Syndrome in Tasmanian emergency departments to support standardised care: a retrospective cohort study , Dr Rishita Chandra, University Of Tasmania
466	**P51**	Thirty days or nine months? Category 1 dermatology waiting times and outcomes in Western Sydney, Dr Emily Sisson, UNSW
503	**P52**	Evolving patterns of antiepileptic drug use in Australian residential aged care 2014-2025: a retrospective cohort study, Dr Amy Nguyen, Macquarie University
506	**P53**	Evolving landscape of consumer smartphone apps for skin cancer prevention, Nurul Hussain, The University Of Queensland
507	**P54**	The on and off nature of quality improvement in healthcare: Using the central line-associated bacteraemia 'Target CLAB Zero' initiative as a case study, Dr Tara Officer, Victoria University Of Wellington
547	**P55**	Hospital-in-the-Home (HITH) for Older Adults: A Systematic Review of Costs, Resource Use and Cost-Effectiveness, Ms Mary Rose Angeles, Deakin University
569	**P56**	Trial-based economic evaluations conducted alongside studies embedded in Australian healthcare services and programs: a scoping review, Dr Marina Pinheiro, University Of Sydney
582	**P57**	Embedding economic evaluation in a hybrid effectiveness-implementation trial: lessons from the PROMOTE-PA study , Dr Marina Pinheiro, University Of Sydney
391	**P58**	Methods to Include Environmental Impacts in a Cost-Effectiveness Analysis: A Case Study of Surveillance Imaging After Treatment for Stage III Melanoma, Jake Williams, University Of Sydney

Paper #	Poster #	THEME: Intelligent health systems: digital innovation, AI, and data-driven care
55	**P59**	Rethinking Data-Driven, Knowledge-Integrated Care: A Culturally Intelligent Digital Framework for Rural Maternal Nutrition Intervention, Ms Faith Siva, Strathmore University
66	**P60**	A systematic review and meta-analysis of the effectiveness of AI chatbots in reducing symptoms of anxiety and depression, and feelings of loneliness, Laura Neil, University Of Queensland
91	**P61**	Engagement with a patient portal system following lung transplant – a cross-sectional survey study , Ms Vicky Yuan, Deakin University School Of Nursing And Midwifery
97	**P62**	Factors associated with engagement of a digital care pathway for patients undergoing total knee or hip replacement. , Professor Adam Semciw, La Trobe University
153	**P63**	Translating innovation into practice: Real-world evidence and lessons from implementing MQ-Dash, a prescriptive digital falls dashboard in aged care, Dr Amy Nguyen, Australian Institute of Health Innovation
346	**P64**	Digital decision support to optimise antibiotic prescribing for urinary tract infections in residential aged care: a qualitative evaluation of clinician experiences, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
350	**P65**	A digital dashboard to prioritise medication management reviews in residential aged care: development and design, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
363	**P66**	Delirium risk prediction from routinely collected electronic health records: model development and internal validation., Dr Swapna Gokhale, Eastern Health
383	**P67**	Ophthalmic medication uses in Australian residential aged care facilities: analysis of a medication administration dataset, Dr Rajendra Gyawali, Australian Institute Of Health Innovation
439	**P68**	Presentation Diagnoses and Diversion Outcomes in a Statewide Virtual Emergency Department., Ass Prof Jennie Hutton, Victorian Virtual Emergency Department

Paper #	Poster #	THEME: Listening today for a better tomorrow: equity, voices, and lived realities
71	**P69**	Consumer Engagement in Chronic Conditions Research: An Integrated Framework Informed by Recognition Theory, Ms Mingming Zhou, Anu
192	**P70**	Mental illness and access to kidney transplantation in universal healthcare systems: a multi-national population-based cohort study, James Hedley, University Of Sydney
229	**P71**	Economic evaluation of ambulance transportation strategies for out-of-hospital cardiac arrest: A systematic review of methodologies and reported equity data., Ms Kyumin Jang, The University Of Sydney
338	**P72**	Reimagining rationing in fertility care - the preferences of the New Zealander public and fertility treatment consumers, Dr Karyn Anderson, University of Auckland
359	**P73**	Dimensionality reduction and exploring country of birth in linked primary care data, Mrs Rimma Myton, The George Institute For Global Health
373	**P74**	Beyond Consultation: Voice, Power, and Aboriginal and Torres Strait Islander Leadership in Health System Design. A Scoping Review of Consumer Informed Approaches in Australia , Dr Claudia Alarcon Espinoza, Poche Centre For Indigenous Health
445	**P75**	What options do patients consider in the absence of recognised treatments for Long Covid?, Dr Cervantée Wild, University Of Auckland
468	**P76**	Relationships and relationality of the SPLASH Project: A collaboration in Health Service Research grant – taking the time to listen deeply, Dr Allison Gray, Menzies School Of Health Research
492	**P77**	Turning distress into distraction: Using virtual reality during penicillin injections for rheumatic fever, Mrs Julie Cooper, University Of Otago
509	**P78**	Inequities among women with primary invasive breast cancer in Aotearoa New Zealand: Stage at diagnosis, tumour characteristics, survival and recurrence – A scoping review., Miss Bailey Yee, Te Herenga Waka - Victoria University Of Wellington
538	**P79**	Participants' reflections on age-related preferences in health gain prioritisation, Professor Kim Dalziel, University Of Melbourne
579	**P80**	Understanding General Practitioner utilisation and cost-related unmet need among Asian migrants in New Zealand., Thilanthi Kaluarachchi, Victoria University of Wellington

Paper #	Poster #	THEME: Methodological innovation to advance health services research
47	**P81**	Extent of Use of Validated Self-Reported Cost Data Collection Tools in Trial-Based Economic Evaluations for Osteoarthritis: A Systematic Review, Moody Gayed, University Of Otago
58	**P82**	Development of a draft Patient Reported Experience Measure tool to capture patient experience of Total Body Photography (PREM-TBP), Ms Preksha Machaiya Kuppanda, The University Of Queensland
122	**P83**	How countries justify investment in genomics research infrastructure: lessons for health economic evaluation, Andrew Mccullough, University Of Auckland
227	**P84**	Operationalising a pragmatic cluster randomised controlled trial in Australian general practice: a mixed methods exploration of steps and timelines, Maryanne Cleetus, The University of Queensland
312	**P85**	Shaping the National Cancer Cohort Platform: A Human-Centred, Stakeholder-Driven Approach, Genevieve Chappell, Peter Maccallum Cancer Centre
316	**P86**	Identifying social determinants of health via International Classification of Diseases (ICD) codes in routine healthcare data: a systematic scoping review, Dr Christine Shiner, St Vincent's Health Australia
327	**P87**	Prehabilitation trials under pressure: time to rethink the RCT? Dr Jamie Waterland, Peter MacCallum Cancer Centre
370	**P88**	Bayesian versus frequentist validation of generic and condition-specific quality-of-life instruments for health services research in sleep disorders, Professor Billingsley Kaambwa, Flinders University
432	**P89**	Use and impact of clinical pathways across healthcare settings: an umbrella review of global evidence, Dr Rishita Chandra, University Of Tasmania
560	**P90**	Beyond clinical silos: a research agenda and learning systems model for building cumulative knowledge on implementation strategies , Dr Nicola Creagh, University Of Sydney
Paper #	**Poster #**	**THEME: Next-generation prevention, diagnostics and care: evidence translation into policy and practice for real world impact**
35	**P91**	Are high-intensity statins truly different? Evidence from a randomized trial after acute coronary syndrome, Dr Nilshan Fernando, Flinders Medical Centre, Sa, Australia
37	**P92**	Temporal interactions of key risk factors leading to COPD diagnosis, Ms Sheryl Ng, Nhg
115	**P93**	Economic evaluation of universal genomic newborn screening for cystic fibrosis in Australia: a cost-effectiveness analysis, Jiajun Hao, Macquarie University Centre For The Health Economy
222	**P94**	A systematic literature Review of User Preferences for Features of Loneliness and Social Isolation Interventions, Dr. Muhammad Fikru Rizal, Monash University
228	**P95**	Health-related quality of life following personalised breast cancer risk assessment incorporating polygenic risk, Dr Lara Petelin, University Of Sydney
282	**P96**	Hospitalisation costs and their determinants among patients with hepatocellular carcinoma in Australia: A population-based analysis. , Milena Lewandowska, University Of Technology Sydney
360	**P97**	An early-warning prognostic model for sustained severe psychological distress in Australian adults: development, temporal validation, and equity audit using HILDA, Mr Md Ehsanul Haque Tamal, Murdoch University
559	**P98**	Supporting and upskilling health professionals to promote physical activity: the PROMOTE-PA implementation-effectiveness trial, Prof Cathie Sherrington, University Of Sydney

Paper #	Poster #	THEME: Power, policy, and ethics: governing tomorrow's health systems
167	**P99**	When Price Control Becomes Negotiation: Governing Pharmaceutical Markets Under Constraint , Mrs Manori Jayasinghe, University of Sydney
395	**P100**	Trends in psychotropic medication administration in residential aged care during national aged care reforms, 2018-2022, Associate Professor Magda Raban, Australian Institute Of Health Innovation, Macquarie University
471	**P101**	Title: Disentangling the Drivers of Rising Computed Tomography Use in the Emergency Department: A Decomposition Analysis , Ms Fouziah Almouqati, Curtin University
Paper #	**Poster #**	**THEME: The future health workforce: development, support and well-being**
53	**P102**	Stakeholder perspectives of causes and consequences of high healthcare service utilisation and how to address it, Ms Deirdre McGowan, Menzies Institute For Medical Research, University Of Tasmania
76	**P103**	Exploring intensive care unit staff's perspectives on factors that impact employee engagement, patient safety, and their relationship, Ms Grace Scott, University Of New South Wales
132	**P104**	An ecological analysis of sick and annual leave patterns in Victorian healthcare workers, July 2011 – June 2024, Ms Emma Doust, Monash University
135	**P105**	Comparisons of absence trends across the Australian Workforce, 2016-2025, Ms Emma Doust, Monash University
164	**P106**	From Hospitals to Community Care: Workforce Redistribution of Clinical Psychologists and Implications for Health Service Delivery in Taipei City, Clinical Psychologist Yi-feng Lu, Taipei City Hospital
250	**P107**	Workforce determinants affecting regional public oral healthcare provision in Queensland: A context-sensitive qualitative study, Dr Chaminda Jayasekara, Australian Centre For Health Services Innovation And Centre For Healthcare Transformation
307	**P108**	Antenatal workload and wellbeing: A scoping review to inform the future midwifery workforce, Ms Elsa Suk Fan Chan, Gold Coast University Hospital
326	**P109**	Exploring the influence of organisational culture on interprofessional collaboration in New Zealand primary health care , Miss Melika Rajaeian, University Of Auckland
404	**P110**	Measures to assess health professionals' knowledge, skills and competencies related to health literacy: A scoping review and development of an online searchable repository , Associate Professor Danielle Muscat, University Of Sydney
483	**P111**	Validated instruments for measuring wellbeing among healthcare workers: A scoping review, Vicky Yuan, Deakin University
595	**P112**	Assessment of Allied Health research capacity and culture across a large Australian health service: A cross-sectional survey, Professor Leanne Hassett, University Of Sydney
