

ACLCA NSW ACHIEVER AWARD 2024

Calling all **EARLY CAREER PROFESSIONALS!**

ACLCA NSW would like to give you the opportunity to present at our annual Achiever Award event. Do you have a contaminated land issue you are passionate about? Or an interesting project you have been involved in?

Submit your abstract using the guidelines provided by **Fri. 31st May**.

Four abstracts will be chosen for presentation to our members and the judging panel at the Achiever Award presentation night on **Thur. 27th June**. Venue TBC.

We are considering the option of virtual presentations for our members outside Sydney. Please contact us if you are interested in this option.

Abstracts & presentations will be judged on slightly different criteria (full details in the abstract submission guidelines provided), but generally on:

PROJECT – how it advanced your knowledge, describes how outcomes were reached for the client.

PERSONAL INVOLVEMENT – personal role & value-add to the project, lessons learnt from the project and how it has influenced your career.

PRESENTATION – eye contact, confidence, clarity.

The Achiever Award winner is sponsored to the value of **\$2000** to attend and present at Cleanup 2024 representing ACLCA NSW at the ECP session on 17/9. CleanUp 2024 is being held in Adelaide from 15-19 September.
