

Vinvicta Services offers a range of viticultural equipment and machinery. We are proud to announce that we are the Australian dealership for Boisselet viticultural equipment, specialising in machinery and tools for working the soil between and under vines. Based in Burgundy, Boisselet have been offering sustainable, environmentally sound tailored solutions for managing your vineyard for over 50 years. Our range also includes ARVIPO pruning equipment, SERRAT agricultural and forestry mulcher products and more.
