

## Harmony Balls *also known as Dream Balls*

have been used since ancient times. The unique chiming bell contains a tiny Balinese xylophone, which creates the magical sound. The bell is made from brass and the ball or locket design is made from Sterling Silver.

Used for many things including relaxation and meditation, the tone of the Harmony Balls are soothing to the soul and helps promote inner balance and harmony. The balls are often worn by expectant mothers to reassure their unborn baby. Newborn babies recognise the sound of their mother's Harmony Ball when they are born.

Often given by best friends and family as a keepsake to represent their timeless love and friendship.

## The Meaning of Affirmations

Affirmations such as *Love, Prosperity and Peace* enable us to set our intention and attention towards positive manifestation and potential. Each day you wear your harmony ball you can set your intention for yourself or for the world.

Your Retailer Is....

## Jewellery Care

Sterling Silver can oxidise and tarnish when worn next to the skin. To help prevent tarnishing avoid contact with all chemicals. We recommend Connoisseurs Jewellery Wipes.

Remove before showering, swimming and sleeping.

Please note our Harmony Balls are handmade and sizes may vary slightly.
