8.30 am	Pre-Conference Workshop Registration –	
	Pre-Conference Workshop 1	Pre-Conference Workshop 2
Room	Semillon 1	Semillon 3
9.00 am	<p><b>Guidelines for the Maintenance of Stormwater Treatment Measures</b></p> <p>Presenter: <b>Murray Powell</b>, Optimal Stormwater</p> <p>This full-day workshop covers all aspects of Operations and Maintenance for all types of stormwater treatment measures. These Guidelines, adopted by Stormwater VIC, have become the Australian industry standard and reference document for the maintenance of stormwater assets across the country. The Workshop is aimed at Maintenance Managers and Cleaning Contractors, as well as Council staff involved in the sizing, siting, and approval of stormwater treatment measures.</p>	<p><b>Navigating the WSUD Maintenance Compliance Framework: Step-by-Step Guidance for Councils</b></p> <p>Presenters: <b>Daniel Rider</b>, Ocean Protect <b>Dr Andrew Thomas</b>, Cooks River Alliance</p> <p>This his highly practical and interactive workshop is designed to demystify the WSUD Maintenance Compliance Framework and equip councils with the tools to enhance stormwater infrastructure resilience and environmental outcomes.</p> <p>This hands-on session will guide participants through a structured, step-by-step approach to implementing the Framework within existing council operations. Through real-world case studies and expert facilitation, attendees will gain:</p> <ul style="list-style-type: none"> <li>• A clear understanding of the key components of the WSUD Maintenance Compliance Framework</li> <li>• Practical strategies to overcome common implementation challenges</li> <li>• The ability to design and apply a compliance program tailored to their local context</li> </ul> <p>Whether you're just starting your WSUD journey or looking to strengthen existing programs, this workshop will provide you with actionable insights, peer collaboration opportunities, and access to technical experts.</p>

## TECHNICAL TOUR PROGRAM – FRIDAY, 17 OCTOBER 2025

### Showcase of Excellence Site Tour

Join Stormwater NSW for the *Showcase of Excellence* site tour—an exclusive opportunity to visit and learn from leading projects recognised for innovation in stormwater design, asset management, and landscape architecture.

This curated tour will take place across the Hunter Valley and Newcastle regions, featuring projects of varying scales and complexity. Each site will be hosted by industry experts who will provide insights into the design strategies, operational success, and best practice principles that set these projects apart.

Whether you're a seasoned professional or new to the field, you're guaranteed to gain valuable knowledge and inspiration to benefit both your work and your organisation.
