In addition to the ALPMA Summit and ALTACON Program, a series of Partner Breakout Sessions will be held from Wednesday 3 to Friday, 5 September.

Partner sessions are free to attend but places are limited.

WEDNESDAY 3 SEPTEMBER

	C2.4	
2.50pm - 3.20pm	<p>Make Dark Data a Closed Matter, with Grace and RecordPoint <i>Christophe Gizardin, Software Solutions Manager, Grace Information Management.</i> <i>Joined by RecordPoint's Tristan Roberts, Vice President, Solutions Engineering.</i></p> <p>Legal teams handle some of the most sensitive, high-risk information in any organisation and are under growing pressure to govern it well. Together, Grace Information Management and RecordPoint will show you their tailored solution for law firms and in-house legal teams to take control of their data with a proactive, risk-based approach. From client files to contract archives, we'll explore how AI-powered classification, policy automation, and defensible retention can reduce privacy risk, streamline eDiscovery, and help legal teams lead with confidence.</p>	
3.25pm - 3.55pm	<p>From Hesitation to Transformation: Rethinking Technology in Your Legal Practice <i>Zahn Nel, Regional Vice President, Australia and New Zealand</i></p> <p>Explore how law firms can move past hesitation and harness SaaS technology to drive performance, delight clients, and retain top talent. Join the Actionstep team for an open discussion on overcoming common myths, prioritising technology strategically, and building a future-ready practice that reduces risk and meets evolving client expectations.</p>	
4.30pm - 5.00pm	<p>Evolution of the DMS from Secure Storage to Intelligent Platform <i>Jill Schornack, Vice President of Product, NetDocuments</i></p> <p>Step into the future of legal work with the intelligent DMS. NetDocuments VP of Product Jill Schornack spotlights the next wave of legal AI, where assistants go beyond answering questions to completing tasks like document editing. You'll also get a first look at the future of AI-powered search - built to help legal teams unlock insights and expertise from their own documents - all natively inside your DMS and in the tools legal professionals use to complete their work every day.</p>	

THURSDAY 4 SEPTEMBER

	C2.4	
10.30am - 11.00am	<p>How Technology is Disrupting the Legal Industry <i>Tobi Heskett, VP Product, Dye and Durham</i></p> <p>Technology is transforming the way legal services are delivered, creating both challenges and opportunities for professionals across the industry. In this session, Tobi Heskett will explore the key forces driving disruption and highlight how Dye & Durham's innovative legal software solutions are helping firms adapt and thrive.</p>	

THURSDAY 4 SEPTEMBER CONTINUED

	C2.4	
11.30am - 12.00pm	<p>How VXT Became the Most Popular Phone System for Law Firms <i>Luke Campbell, CEO, VXT</i></p> <p>Learn how two science students accidentally started the fastest growing legal tech company in Australia, at Uni. This session will end with an in-depth demo of VXT and time for Q&A.</p>	
1.00pm - 1.30pm	<p>Join us for a Practical Session where we'll Showcase how Property-Specific Prompts using LEAP's Matter AI can Help you Save Valuable Time <i>Angela Johnston, Manager, LEAP Property</i></p> <p>In this session, you'll learn how to quickly generate a letter reviewing a contract for sale and create clear summaries of your property matters using ready-made prompts that ensure consistency and accuracy.</p>	
1.30pm - 2.00pm	<p>How to Protect, Retain and Attract your Talent and Become a Practice of Choice <i>Dr. Patrick Aouad, Clinical Neurologist, Lecturer - University of Sydney, Founder & CEO of CU Health</i></p> <p>The future of talent and performance within the legal profession hinges on two key things; the appropriate use of technology such as AI and the wellbeing of your teams from leadership through to junior support staff, no matter how large or small the practice. In this session Dr Pat will walk you through the state of the workforce, including engagement rates, overall sentiment, wellbeing metrics and the mental and physical health risks that will detrimentally impact your reputation and performance if not addressed appropriately. This session is not to be missed.</p>	
2.50pm - 3.20pm	<p>Is Supply Chain Risk a Real Threat or Just a Mirage? <i>Frederick Prinsloo, Principal Advisor, Solutions & Growth, Cybertify, Dirk Kotze, Account Executive, Cybertify</i></p> <p>Join Cybertify for an engaging fireside chat on the growing debate around supply chain risk. Is it a genuine threat or just a risk mirage? Will explore how your suppliers and partners can influence your operations, compliance and reputation. This interactive conversation will share practical strategies to identify, assess and manage supply chain risks, ensuring your firm stays resilient and your clients' trust remains intact.</p>	
3.35pm - 4.05pm	<p>InfoTrack: Streamlining Property and Family Law Practice <i>Kyah Johansson, Business Development Manager, InfoTrack, Robert Gomez, Senior Client Relationship Manager, InfoTrack</i></p> <p>Our new matter-centric interfaces for property and family law are purpose-built to simplify your process, save you valuable time and strengthen compliance. See how our intuitive technology anticipates your needs and brings every essential task into one place. By the end, you'll see how these solutions free your team from admin, reduce costs, and create smoother client experiences, so you can focus on what matters most: achieving better outcomes for your clients.</p>	

FRIDAY 5 SEPTEMBER

	C2.4
11.00am - 11.30am	<div><div><div>Automate Billable Work with AI Paralegal</div><div><i>Andrew Wight, Adieu</i></div></div><div></div><div><p>Join Andrew Wight from Adieu for an eye-opening demonstration of AI Paralegal. Exclusively integrated with LEAP Legal Software, and to be made first available in family law, this cutting-edge legal AI tool not only completes billable tasks, but automatically tracks them against your costs agreement, ensuring your firm earns revenue every time it's used.</p><p>See how this autonomous assistant can handle complex, time-consuming work such as sourcing financial documents, preparing disclosure schedules and balance sheets, drafting proposals, and completing Application for Consent Orders - all with speed, accuracy, and compliance in mind.</p><p>Don't miss this chance to explore a tool that's set to transform how legal teams operate.</p></div></div>
