<p>2:50 - 3:00 pm Stand 13</p>	<p>Mitimes Set up for growth with automated client activity capture – automate timesheets or use the data to understand your cost to serve. Regardless of how you invoice clients, client activity data is a useful window into your business and as your firm grows you have less visibility of the details. Our perception of the tasks we do and the details are judged with our own bias and not always fact based...tasks are forgotten or undervalued and therefore not counted. How do you know your true cost to serve? How is your client engagement trending? Is it online, face to face or via the phone, and which workflows take longer than they should or perhaps are inconsistent across the firm? Come along to the Mitimes demonstration & talk about how you can bring in all client activity data to either automate your firm's timesheets or collect the data to help you price your legal services.</p>	
<p>2:50 - 3:00 pm Stand 7</p>	<p>Clio Watch How Law Firms Use Clio! Find out how law firms are using Clio's leading cloud-based legal software to become more productive, efficient and profitable.</p>
