CYPSY28
SYDNEY, AUSTRALIA
15 – 17 JULY 2025
The 28th Annual CyberPsychology, CyberTherapy and Social Networking Conference

CyberPsychology and CyberSecurity: Shaping Health and Society

cypsy28.com

2025 CONFERENCE PROGRAM

PRE-CONFERENCE WORKSHOPS: TUESDAY, 15 JULY 2025

8.30 am	Workshop Registration – Tea and Coffee on Arrival
Location:	Brisbane Room
9.00 am	**WORKSHOP: Hands-on training on the application of VR in the treatment of anxiety and related disorders** **Prof. Stéphane Bouchard**, Université du Québec en Outaouais, Canada **Dr. Ana Beato**, HEI Lab, Lusófona University, Portugal
10.30 am	Morning Tea in Foyer
11.00 am	Workshop *recommences*
12.30 pm	Workshop Concludes/ Lunch in Foyer

CONFERENCE DAY 1: TUESDAY, 15 JULY 2025

12.30 pm	Conference Registration – Tea and Coffee on Arrival
Location:	Wentworth Ballroom
1.30 pm	**Welcome to Delegates and Housekeeping**
1.40 pm	**Welcome to Country**
1.50 pm	**Official Conference Opening**
2.05 pm	**KEYNOTE PRESENTATION - Understanding the Psychology of Cyberscams: Improving Upon Prevention, Detection, Disruption and Aftercare** **Professor Monica Whitty** *Head of the Department of Software Systems and Cybersecurity - Faculty of Information Technology Monash University, Australia*
3.05 pm	**Afternoon Tea in Foyer**

Location:	Sydney Room	Melbourne Room	Perth Room	Brisbane Room
Chair:	**Prof. Brenda Wiederhold**	**Dr. Rowena Forsyth**	**Prof. Andrew J. Campbell**	**Dr. Lise Haddouk**
Stream:	**AFTERNOON WORKSHOP** 3.30 pm – 5.00 pm	**Applied Cyberpsychology in Health and Society**	**Applied Cyberpsychology in Health and Society**	**Advancing Technologies and Global Impacts**
3.50 pm – 4.45 pm	**Advancing Cyber+Human Research** *Intelligence Advanced Research Projects Activity (IARPA):* *United States Office of the Director of National Intelligence*	**Dr. Angela Hinz** *University of The Sunshine Coast, Australia* Being Well on TikTok: A Critical Analysis of #Wellness and #Wellbeing Content **Dr. Dawn Branley-Bell** *Northumbria University, United Kingdom* TikTok, Body Image Content, and User Wellbeing: User Engagement, Algorithmic Exposure, and Coping Strategies **Dr. Iván Montes-Iturrizaga** *Universidad Continental (Peru)* Design, implementation, and results of an online Psychological First Aid Program (CALMA) in Peru	**Dr. Mieko Ohsuga** *Osaka Institute of Technology, Japan* Implementation and Potential Applications of Multimodal Interaction in a Three-Screen Projected Cyberspace **Prof. Stéphane Bouchard** *Université Du Québec En Outaouais, Canada* Exposure in VR for social phobia does indeed lead to change in dysfunctional beliefs **Prof. Stéphane Bouchard on behalf of Dr Lisa Sheehy** Bruyère Health Research Institute Immersive virtual reality experiences can decrease pain in patients living in complex care	**Prof. Elvira Perez Vallejos** *The University of Nottingham, United Kingdom* Emerging Digital Technologies on Death and Dying: A Scoping Review **Dr. Maria Sansoni** *Università Cattolica Del Sacro Cuore, Italy* Beyond Rationality: Bridging Cognitive, Emotional, and Individual Differences in XAI Decision-Making **David Lim** *Macquarie University, Australia* Improvements in cue utilisation following virtual reality training
4.45 pm	**Close of Day 1**			

CONFERENCE WELCOME RECEPTION: TUESDAY, 15 JULY 2025

6.30 pm – 8.30 pm	*2025 Welcome Reception* *Location: Waters Edge by Campbell Stores, The Rocks*

CONFERENCE DAY 2: WEDNESDAY, 16 JULY 2025

8.30 am	Conference Registration – Tea and Coffee on Arrival			
Location:	Wentworth Ballroom			
9.00 am	Welcome to Day 2 and Day 1 Recap			
9.10 am	Day 2 Conference Opening			
9.25 am	KEYNOTE PRESENTATION - Beyond Detection to Behavior Change: Using Psychology to Counter the Impact of Disinformation Attacks **Dr. Dana S. LaFon** *Senior U.S. Disinformation and Cyberpsychology Expert, USA*			
10.30 am	Morning Tea in Foyer			
Location:	Sydney Room	Melbourne Room	Perth Room	Brisbane Room
Chair:	Prof. Stéphane Bouchard	Dr. David Lacey	Dr. Brad Ridout	Dr. Emma Van Der Schyff
Stream:	SPECIAL FOCUS SYMPOSIUM **Vulnerability in the Machine: Human-Centred Cybersecurity Prospects and Concerns in the Aged of the Internet of Things**	Scams and Cybercrime Behaviour and Disrupters	Cybersecurity Human Factors	SPECIAL FOCUS SYMPOSIUM **What the Tech? Using Digital Health to support participation and inclusion after acquired brain injury**
11.15 am – 12.55 pm	**Francis Gingras** *Université Du Québec En Outaouais, Canada* AI Blurring the Lines Between Reality and Fiction? Reviewing Human Processing of AI-Generated Faces **Mathieu Brideau-duquette** *Université du Québec en Outaouais, Canada* On the Peril (but also) Opportunities of Data-driven Approaches to Human-Machine Interaction	**Dr. Alexander Thorpe** *University of Newcastle, Australia* The Hacker is Vulnerable Too: How Cognitive Science Can Inform Cybersecurity **Dr. James Dunn** *UNSW Sydney, Australia* Detecting AI-generated faces using human super-recognisers	**Dan Conway** *University of Technology, Sydney, Australia* Dual Process models in phishing victimisation. A beyond awareness approach to cyber security education **Naomi Victoria Panjaitan** *Waseda University, Japan* Who Falls for Deceptive Patterns? A Clustering Approach on User Susceptibility	**Dr. Sophie Brassel and Dr. Melissa Brunner** *The University of Sydney, Australia* Speech pathologist's perspectives on using virtual reality for assessing conversation skills after traumatic brain injury **Prof. Leanne Togher** *The University of Sydney, Australia* Interact-ABI-lity: A digital health communication partner training program for partners of people
		5-minute room change at 11.55 am

CYPSY28
SYDNEY, AUSTRALIA
15 – 17 JULY 2025
The 28th Annual CyberPsychology, CyberTherapy and Social Networking Conference
CyberPsychology and CyberSecurity: Shaping Health and Society

cypsy28.com

Chair:	Dr. Lise Haddouk	A/Prof. Ka Fei Thang	Dr. Andrew Reeves	with brain injury
	Centre Borelli, France	12.00 pm – 12.55 pm	12.00 pm – 12.55 pm	**Dr. Rachael Rietdijk** *The University of Sydney, Australia*
	AI, IOT, quantification of human behavior and ethical issues in psychology	**Keshini Muthukuda** *University of Queensland, Australia*	**Todd Fletcher** *Birmingham City University, United Kingdom*	Convers-ABI-lity: A novel online intervention platform targeting improved conversations after acquired brain injury
	Sara Saint-Pierre-Cote *Universite du Quebec en Outaouais, Canada*	Crime in the Digital Age: Do Cyber Attacks Lead to Identity Theft?	Understanding Cybersecurity Defender Personality Traits and Acceptance Behaviors: Implications for AI integration and mental well-being	**Dr. Melissa Brunner** *The University of Sydney, Australia*
	Human-Centered Cybersecurity: A Conceptual Cyber-Physical System for Forensic Psychiatric Research	**Dr. David Gaul** *University of Queensland, Australia*		The social-ABI-lity project: Co-creating digital health solutions to support social media use after brain injury
	Dr. Lise Haddouk *Centre Borelli, France*	Combining Cyber-Psychology and Semantic Technologies: Towards creating transdisciplinary scam disruption ontologies	**Dr. Luke French** *University of Newcastle, Australia*	**Kylie Southwell** *The University of Sydney, Australia*
	Regulatory issues in cyberpsychology: the example of telepsychology in France	**Assoc. Prof. Dr. Ka Fei Thang** *Asia Pacific University of Technology & Innovation, Malaysia*	The human behind the hack: Exploiting the representativeness heuristic to combat cyber-attacks	Level Up! NPC to Game Designer: a review of Cognitive-Communication Interventions with Adolescents with ABI
		Cyber Threat Behavior Detection using an Adaptive Machine Learning Framework with Cybercrime and Attack Profiling	**Tracy Tam** *RMIT University, Australia*	**Dr. Petra Avramovic** *The University of Sydney, Australia*
			Counting the Cyber-security Awareness-Action Gap from Australasian Small Business's Perspectives	Co-CALIBRATE: An Evidence-Based Framework for Co-designed Cultural Adaptation of Brain Injury Tools

12.55 pm	Lunch and Poster Presentations in Foyer

POSTER PRESENTATIONS

Tumadhir Alghudayyan, *Queensland University of Technology, Australia*

Cyberbullying in Saudi Arabia: Do Definitions Influence Prevalence Rates?

Dan Conway, *University of Technology, Australia*

Machine Learning for grouping users via phishing email behaviours. New personalisation methods for training programs.

Prof. Neil Coulson, *University of Nottingham, United Kingdom*

Analysis of user-generated content shared in dementia-related online support communities:
A systematic review.

Stephanie Habak, *The University of Sydney, Australia*

Scam Compliance and Grooming: A Taxonomy of Early Warning Signs

Yunhao Hu, *Deakin University, Australia*

Player vs. Player: Cyberbullying in Multiplayer Online Games – A Systematic Review

Dr. Gordon Ingram, *RMIT Vietnam, Vietnam*

Teaching Gratitude Through Digital Play: Insights from Prototyping and Usability Testing with Colombian Children

Prof. Po-Sheng Huang, *National Taiwan University of Science and Technology, Taiwan*

The Mediators of the Relationship Between Social Media Use and Depression

PhD Fabrizia Mantovani, *Università degli Studi di Milano-Bicocca, Italy*

Design and validation of a dance-based rehabilitation program: the DANCE Rehabilitation EXperience Digital Therapeutics (DANCEREX-DTx)

Dr. Matthew Naylor, *The University of Sydney, Australia*

Exploration of Virtual Reality Environments as an Evidence-Based Stress Reduction Activity in the Workplace Setting

Anete Poriete, *Royal Holloway, University of London, United Kingdom*

The CICP Scale: A Psychometric Tool for Assessing Cognitive Biases and Heuristics in Cybersecurity Perceptions

Jacob Szloch, *The University of Sydney, Australia*

Scammed to damned: Scoping review of secondary victimisation and institutional attitudes towards online scam victims

Location:	Sydney Room	Melbourne Room	Perth Room
Chair:	**Prof. Andrew J. Campbell**	**Prof. Scott Debb**	**Dr. Brad Ridout**
Stream:	**Applied Cyberpsychology in Health and Society**	**Advancing Technologies and Global Impacts**	**Cybersecurity Human Factors**
1.55 pm – 2.35 pm	**Ts. Dr. Chin Ike Tan** *Asia Pacific University of Technology & Innovation, Malaysia* Investigating the behavioral impact of video game's social elements on motivation, learning and student engagement **Dr. Emma Van Der Schyff** *The University of Sydney, Australia* Videogaming and Social Capital: Investigating digital communities	**Dr. Gordon Ingram** *RMIT Vietnam, Vietnam* Attention problems and short video use online: A scoping review **Prof. Scott Debb** *Norfolk State University, United States* Digital Technology and Political Polarization in the United States: Amplification or Exacerbation?	**Dr. Bin Mai** *Texas A&M University, United States* A Behavioral Economics Framework to Study Human Factors in Attacker-Defender Interactions in Cybersecurity Games **Prof. Quanyan Zhu** *New York University, United States* PsybORG+: Exploiting Cognitive Biases and AI-Driven Behavioral Mapping for Advanced Threat Mitigation
5-minute room change			

Chair:	**Dr. Rowena Forsyth**	**Dr. David Lacey**	**A/Prof. Ka Fei Thang**	**A/Prof. Tan Chin Ike**

CyberPsychology and CyberSecurity: Shaping Health and Society

cypsy28.com

Stream:	Applied Cyberpsychology in Health and Society	Scams and Cybercrime Behaviour and Disrupters	Cybersecurity Human Factors	Advancing Technologies and Global Impacts
2.40 pm – 3.35 pm	**Dr. Dawn Branley-Bell** *Northumbria University, United Kingdom* "Imperfect transition": Service Provider Experiences of Remote Care Technologies for Eating Disorders in the UK. **Prof. Stéphane Bouchard and Carla Torres Pessanha** *Université Du Québec en Outaouais,* Canada Assessing telepresence when delivering psychotherapy in videoconference: relevance and test-retest of the Telepresence Videoconference Scale **David Edwards** *WellMob, Australia* Addressing the needs of First Nations peoples when designing digital health websites and tools	**Irina Prusova and Alisa Notkina** *HSE University, Russian Federation* The psychological risk-factors of cybervictimization **PhD Ilaria Vergine** *Università Cattolica del Sacro Cuore di Milano, Italy* Radicalisation and Technology-Generated Environments: A Living Scoping Review **Assoc. Prof. Brad Ridout** *The University of Sydney, Australia* Cybercrime Victimisation and Mental Health: Insights from IDCARE's Cyberpsychology Support Centre	**Dr. Zarina Vakhitova** *Monash University, Australia* Digital Bonds, Real Protection **Assoc. Prof. Dr. Ka Fei Thang** *Asia Pacific University of Technology & Innovation, Malaysia* Addressing Cyber Violence Against Women: Investigating Challenges, Impact, and Digital Security Solutions **Assoc. Prof. Dr. Ka Fei Thang presenting on behalf of Dr. Seyedmostafa Safavi** *Asia Pacific University of Technology & Innovation, Malaysia* Understanding Romance Scams in Asia: A Systematic Literature Review on Psychological Manipulation and Cybersecurity Awareness	**Ts. Anantha Krishnan Raman Fesabas** *Maxis Communications, Malaysia* Exploring Ethical AI in Digital Mental Health Therapy: Accountability, Transparency, and Empowerment in Southeast Asia **Nina Perry** *The University of Sydney, Australia* AI-assistive devices and their promise to support adaptive functioning in individuals with neurodevelopmental conditions **Prof. Scott Debb presenting on behalf of Dr Louise O'Dea** *Norfolk State University, United States* Social Science in AI Research and Development: Interdisciplinary Needs vs. Hiring Realities
3.35 pm	**Afternoon Tea in Foyer**			

Location:	Sydney Room	Melbourne Room	Perth Room	Brisbane Room
Chair:	**Dr. Krestina Amon**	**Dr. Andrew Reeves**	**Vinorra Shaker**	**Dr. Lise Haddouk**
Stream:	**Applied Cyberpsychology in Health and Society**	**PANEL SESSION** **Scams and Cybercrime Behaviour and Disrupters**	**Applied Cyberpsychology in Health and Society**	**SPECIAL FOCUS SYMPOSIUM** **Multimodal approach of fear, presence and style in virtual reality**
4.20 pm – 5.15 pm	**Dr. Anna Janssen** *The University of Sydney, Australia* "I haven't heard of any patients using ChatGPT": Health professionals' perspectives on patients and GenAI **Dr. Elena Sajno** *Università Cattolica del Sacro Cuore, Italy* AI says I'm better: evaluating the effect of AI defer on users. A Study Protocol **Dr. Karen Pérez-Maravi** *Universidad Continental (Peru)* Design, development and validation of a virtual reality software for the treatment of fear of spiders: experiences and preliminary results	**Panellists: Dr. Dana S. LaFon, Dr. Andrew Reeves, Prof. Debi Ashenden, Claire Quinlan** Can Psychology Revolutionise Cyber Deception? A panel on attacker decision making and influencing adversary behaviour	**Dr. Stephanie Tobin** *Queensland University of Technology, Australia* Interpersonal Goal Contagion through Social Media Posts **Dr. Viktorija Čepukienė, Dr. Ugnė Paluckaitė and Dr. Kristina Žardeckaitė-Matulaitienė** *Vytautas Magnus University, Lithuania* Safe-Photo-Share App: Assessing Personalized Feedback Intervention to Reduce Problematic Online Photo Self-Disclosure Among Adolescents	**Dr. Lise Haddouk** *Centre Borelli, France* An attempt to correlate anxiety, physiological variables and presence during the Ritchie Plank protocol **Donovan Morel** *Université Paris Cité, France* Multimodal assessment of anxiety in VR: effects of context, anxiety and emotions on Presence **Dr. Danping Wang** *Université Paris Cité, France* Multi-segmental control of style
5.15 pm	**Day 2 Close**			

2025 GALA DINNER

7.00 pm – 10.00 pm	**2025 Gala Dinner** *Location: Clearview Glass boat Harbour Cruise* *Departure port: King Street Wharf, Darling Harbour (departing 7.15 pm SHARP)* *Return port: King Street Wharf, Darling Harbour*

CONFERENCE PROGRAM: THURSDAY, 17 JULY 2025

8.30 am	**Conference Registration – Tea and Coffee on Arrival**
Location:	**Wentworth Ballroom**
9.00 am	**Welcome to Day 3 and Day 2 Recap**
9.10 am	**Day 3 Conference Opening**
9.25 am	**KEYNOTE PRESENTATION - Reframing Cybersecurity: People, Process, and Technology Frontiers in the Age of Autonomy** **Professor Ryan Ko** *Chair and Director of UQCyber* *Director of Research - School of Electrical Engineering and Computer Science* *The University of Queensland, Australia*
10.30 am	**Morning Tea**

Location:	Sydney Room	Melbourne Room	Perth Room	Brisbane Room
Chair:	Dr. Catriona Lorang	A/Prof. Tan Chin Ike	Prof. Giuseppe Riva	Prof. Andrew J. Campbell
Stream:	Applied Cyberpsychology in Health and Society	Cybersecurity Human Factors/ Applied Cyberpsychology in Health and Society	Advancing Technologies and Global Impacts	Applied Cyberpsychology in Health and Society
11.15 am – 11.55 am	**Prof. Neil Coulson** *University of Nottingham, United Kingdom* Understanding support marshalling and provision within a dementia-related asynchronous peer discussion forum **Dr. Rowena Forsyth and Dr. Krestina L. Amon** *The University of Sydney, Australia* Professional-personal boundary negotiation and access to professional networks in health professionals' use of online communities	**A/Prof. Kai Fe Thang on behalf of Joshua Samual** *Asia Pacific University of Technology and Innovation, Malaysia* Beyond Detection: Vision Transformer-Based Deepfake Detection with Public Awareness Strategies **Dr. Alex Sandro Gomes Pessoa** *Universidade Federal De São Carlos, Brazil* Non-Consensual Disclosure of Intimate Images in Adolescence: Survivor's Resilience Processes, Youth Agency, and Healing	**Gwilym Couch** *Texas A&M University, United States* Measuring Pilot Fatigue with Subjective, Objective, and Physiological Tools **Dr. Shanu Shukla** *Masaryk University, Czech Republic* Exploring Eye Tracking in Media Multitasking Research: A Scoping Review of Methodological Approaches and Insights	**Dr. Andrey Vlasov** *HSE University, Russian Federation* Comparison Breast Cancer Radiologists' Decisions and Trained AI Classification Model: Experimental Study **Dr. Andrey Vlasov** *HSE University, Russian Federation* Variability in Decision Making of Breast Cancer Radiologists and Commercial AI Models: Experimental Study

12.00 pm – 12.55 pm	**Dr. Carter Sun** *The University of Sydney, Australia* AI-Driven Multi-View Facial Feature Analysis for Automated Autism Spectrum Disorder Classification in Naturalistic Free Play **Prof. Adam Guastella** *The University of Sydney, Australia* Integrating digital platforms in child neurodevelopment and mental health services **Dr. Kelsie Boulton** *The University of Sydney, Australia* Digital Tools for Child Neurodevelopment, Mental Health and Wellbeing: Development of the Kids Digi-Hub	**Assoc. Prof. Dr. Ka Fei Thang** *Asia Pacific University of Technology & Innovation, Malaysia* Mitigating Social Engineering Attacks: Psychological, Financial Impact, and a Conceptual Framework for Cybersecurity Awareness **Dr. Yalda Nozad Mojaver** *The University of Sydney, Australia* Cyber-harm in Digital Health: Legal Perspective **Prof. Scott Debb** *Norfolk State University, United States* Cybersecurity Attitudes and Behaviors of Gen Z: Update to and Validation of the OSBBQ-75	**Anastasia Gorshkova** *HSE University, Russian Federation* Warmth and competence: "Status" relationships in the use of artificial intelligence and voice assistants **Nandhini Manikandan** *Texas A&M University, United States* Understanding Trust Dynamics in Cobots: Human Factors and Performance Implications **Gleyzie Tongo, Dr. Farnaz Farid, Dr. Ala Al-Areqi and Dr Farhad Ahamed** *Western Sydney University, Australia* Optimizing Malicious URL Detection with Transformer Models: A Study on BERT-LoRA Fine-Tuning	**Sentha Govin-vel** *Queensland University Of Technology, Australia* Perceptions of overparenting behaviours on social media: Exploring perspectives from parents and emerging Adults **Vinorra Shaker** *Asia Pacific University of Technology & Innovation, Malaysia* Beyond Likes and Filters: Exploring Malaysian University Students' Perceptions of Beauty in the Digital Age **Danielle Villoresi** *Queensland University of Technology, Australia* Understanding interpersonal Goal Adoption and Pursuit on social media
12.55 pm	**Lunch**			

Location:	Sydney Room	Melbourne Room	Perth Room
Chair:	Prof. Stéphane Bouchard	Prof. Andrew J. Campbell	Prof. Pedro Gamito
Stream:	Applied Cyberpsychology in Health and Society	Cybersecurity Human Factors	Applied Cyberpsychology in Health and Society
1.55 pm – 2.50 pm	**Dr. Roos Pot-kolder** *Orygen - The University of Melbourne,* Australia Piloting REVIVE: Enhancing social functioning in at-risk youth using virtual reality for mental health	**Dr. James Phillips** *Auckland University of Technology, New Zealand* Decision Processes Contributing to Support and Willingness to Forward Links on the Ukraine War	**Morgan Sinko** *Texas A&M University, United States* "Heads Up!" Using Head Sway Data to Predict VR Motion Sickness
	Dr. Roos Pot-kolder *Orygen – The University of Melbourne, Australia* VISOR VR-Therapy: A co-produced intervention for social functioning in young people with emerging psychosis	**Erick Miyares** *Capitol Technology University, United States* Operational Cyberpsychology: Support to Cyberspace Operations	**Sergio C. Torres** *Leibniz Institut für Wissensmedien (IWM)-Knowledge Media Research Center, Germany* Does Digital Grabbing Boost Affectivity in Less Empathic Users? An Interactive Approach to Affective Laterality
5-minute room change			

Chair:	Prof. Giuseppe Riva	Prof. Pedro Gamito	Professor Andrew J. Campbell
Stream:	Applied Cyberpsychology in Health and Society	Cybersecurity Human Factors	Applied Cyberpsychology in Health and Society
2.55 pm – 3.50 pm	**Prof. Filippo La Paglia** *University of Palermo, Italy* A New Virtual Reality Environment to Improve Attention and Visuospatial Ability in Schizophrenic Patients. **Dr. Maria Sansoni** *Università Cattolica Del Sacro Cuore, Italy* Exploring Self-Discrepancies Through Customizable 3D Avatars: Myself Desktop Tool **Lucas Pessoa** *Universidade Católica de Pernambuco, Brazil* Mental health in the era of work platformization in Brazil: Entrepreneur's experience on social media.	**Dr. Farnaz Farid** *Western Sydney University, Australia* I Can Act, Lead, Defend: Co-designing a cyber safety education and training for CALD Communities **Dr. Karl Bridges** *NZ Defence Force, New Zealand* Using Resilience Engineering and Maturity Matrices to Measure Cybersecurity Team Effectiveness **Dr. Kamilya Salibayeva** *University of Newcastle, Australia* Deceptive Patterns and Defence: Teaching Cognitive Biases through Gamification	**Dr. Alex Pessoa** *Federal University of São Carlos, Brazil* Addressing Online Violence Against Adolescents: A Feasibility Study for Parents and Professionals **Dr. Bianca Klettke** *Deakin University, Australia* Cyber challenges: Comparisons of parent and child concerns regarding problematic online behaviours. **Dr. Sophie Mckenzie** *Deakin University, Australia* Designing and developing a metaverse experience to build cyber-harm awareness in children and young people
3.50 pm	**Afternoon Tea in Foyer**		
4.20 pm	**End of Conference Proceedings & Awards**		
4.30 pm	**Conference 'wrap up' with CyPsy29 Conference Announcement**		
4.45 pm	**Conference Close**		

Please note: program and presentation times may be subject to change.
