2026 Stormwater Victoria Conference

1-4 JUNE 2026 LORNE, VICTORIA

Cloud to Coast

ABOUT THE CONFERENCE

On behalf of the **2026 Stormwater Victoria Conference** Organising Committee, it is our pleasure to invite your organisation to participate as a Sponsor or Exhibitor at the premier urban water management event to be held in Lorne, Victoria during 2026. This Conference is Victoria's leading forum for practitioners and decision makers across industry, government and academic sectors, to discuss the key issues affecting how we manage stormwater.

The theme for the 2026 Stormwater Victoria Conference is '**Cloud to Coast**'. The conference will be held in Mantra Lorne on Tuesday, 2 and Wednesday, 3 June 2026, with optional pre-conference workshops planned for Monday, 1 June and Technical Tour on Thursday, 4 June.

Victoria faces a range of challenges from climate change, a growing population and a critical need for housing development to meet the needs of its growing population that all impact the water cycle in different ways. This could create the perfect storm, particularly in urban areas, with the potential for unmanaged stormwater to exacerbate flooding and degrade waterway health. Solutions to these issues are also sometimes conflicting and need to be balanced with considered planning, design and management.

These challenges and the range of solutions do however present a range of opportunities for our future, especially in cities and towns. With good planning, stormwater management together with considered asset design and maintenance can help with water security, reducing flooding, supporting waterway health. In turn, fostering biodiversity, and creating cooler, greener, and more resilient spaces for all to enjoy now and in the future.

The Conference program will include two days of multi-stream sessions as well as a trade exhibition, providing an excellent opportunity to learn about the latest in product innovation.

The primary audience includes industry professionals including engineers, asset managers, researchers, landscape architects, urban planners, developers, sustainability managers, policy development practitioners, politicians, and advisors

With the Conference set to attract more than 220 delegates, this is an opportunity for your organisation to increase brand awareness, network with your target audience and add value to your marketing and business development objectives.

WHO ARE OUR DELEGATES?

BENEFITS TO YOUR ORGANISATION

The Sponsorship and Trade Exhibition packages for the 2026 Stormwater Victoria Conference have been designed to provide your business with maximum exposure to Conference delegates.

These are just some of the reasons why you should sponsor or exhibit at the 2026 Stormwater Victoria Conference.

Unrivalled opportunity to meet commercial prospects face-to-face. Exhibiting allows you to reach out to potential customers so you can explain why your company is the right choice for them. It's all about education and helping them understand what you are about.

The opportunity to network with 220+ urban water management professionals. The Stormwater Victoria Conference has been consistently well attended, and with a continuing desire for face-to-face interactions, we believe that our attendance this year will exceed previous numbers.

In a world of strong competitors that are growing at a rapid pace, your company needs to be looking for ways to be visible. Your virtual presence may be strong but to grow there also needs to be a level of real visibility.

Add value to your marketing strategy and accelerate the buying process – this is a great opportunity to tell the industry what your organisation has been working on over a coffee, meal or just a chat on the booth.
