Andre Magar
Director

What We'll Cover

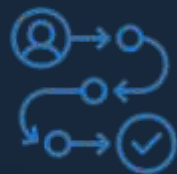

The Vision

Why Stormwater 2030
Was Formed

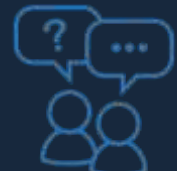

The Path Ahead

Opportunities & How to
Get Involved

The Journey So Far

From White Paper to
Action

Your Voice

Live Q&A

“

Stormwater 2030 is reimagining how stormwater is managed across NSW

Speaker:

David Nixon

Core Vision

To deliver **World-Class Beaches, World-Class Harbours, and World-Class Rivers** for our communities and environment.

The Catalyst

Born from a shared industry conviction that

*“ the current performance of our sector
is simply not at the level it needs to be.”*

INTERACTIVE POLL 1

Let's Hear From You

Join the poll:

Question:

What is the
single biggest
stormwater
challenge you
face in your
role?

What is the single biggest stormwater challenge you face in your role?

The 2022 Stormwater NSW White Paper

Speaker:

Dr. Andrew Thomas

Key Insight

The paper provided a detailed analysis but also highlighted the difficulty in finding tangible, actionable solutions.

Six Key Challenges Identified

Policy

Funding

Capacity Building

Collaborations

Planning & Management Deficiencies

Leadership

Key Achievements in Our Foundational Year

Speaker:
Colan Chin

Stormwater 2030 Model

A strategic roadmap for reform.

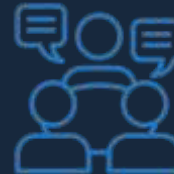

Advocacy Program

Building bipartisan support and key industry partnerships (IPWEA, UDIA, ICA).

Digital Tools

Launched the Stormwater 2030 Website and the public Stormwater Services Directory.

SQID Taskforce

An industry-led initiative to address critical gaps in SQID adoption and maintenance.

Expert Panels

Established Academic, Development, and Insurance panels to drive specialised solutions.

What Matters Most to You?

Join the poll:

Question: Which of our key achievements is most valuable to your work?

- A.** The Strategic Model
- B.** Political & Industry Advocacy
- C.** Digital Tools & Directory
- D.** SQID Taskforce
- E.** Expert Panels

Which of our key achievements is most valuable to your work?

What Matters Most to You?

Speakers: All Panelists

Key Opportunities

Deepen Collaboration

Strengthen strategic partnerships to drive unified reform.

Drive Innovation

Expand our working groups to co-design practical solutions to the sector's key issues.

Co-design Major Projects

Establish multi-stakeholder models like the proposed **Wianamatta South Creek Water Catchment Alliance**.

YOUR EXPERTISE IS NEEDED!

Join a working group, contribute to our advocacy,
and share your solutions.

Where Can You Contribute?

Join the poll:

Question:

In which area would you most like to get involved?

- A.** Policy Advocacy
- B.** Technical Working Groups (e.g. SQIDs)
- C.** Regional Alliances (e.g. South Creek)
- D.** Industry Education & Events
- E.** Development or Insurance Panels

In which area would you most like to get involved?
