

Cozy Koala Recliner

Our Cozy Koala recliner is designed to give kids and young people a comforting sense of security and body awareness.

Soothing Pressure & Soft

Comfort: Our recliner has long, weighted arms that gently drape over the child, providing an even and calming pressure. Its soft, cushioned seat offers the perfect space to relax while also providing gentle sensory stimulation.

Muscle & Joint Stimulation: Each arm weighs 2 kg and is filled with small balls that stimulate the muscles and joints. Depending on the child's size and needs, you can use one or both arms to create a customised sensory experience.

A Space for Calm: Ideal for moments when a child needs a break, the recliner is often used in sensory rooms at kindergartens, preschools, and group homes to provide a quiet retreat.

Easy to Clean: Designed for everyday use, the recliner is simple to maintain, just wipe it down with a damp cloth and disinfectant soap for a hygienic and hassle-free experience.

Length: 130cm

Weight: 10kg

At Avant Innovations, we believe assistive technology (AT) should do more than just help people get by. It should help them truly live! For over a decade, we've been dedicated to creating innovative solutions that support people with disabilities.

While we originally focused on physical mobility aids, we quickly realised that mental well-being is just as important. That's why we've expanded our range to include products that promote comfort, relaxation, and joy, just like our sensory weighted toys.

Designed to help children, the elderly, and anyone experiencing anxiety, dementia, or sensory challenges, our weighted toys offer a soothing, grounding experience. They provide more than just comfort; they foster focus, reduce stress, and bring a sense of security in a world that can sometimes feel overwhelming.

Beyond our sensory range, we continue to offer assistive solutions that enhance quality of life, including accessibility products for beach and pool entry, ensuring inclusion in all aspects of life. Whether it's through play, relaxation, or access to outdoor fun, our mission remains the same: to help people not just survive, but truly thrive!

Contact us to find out more about our full range!

Soothing Weighted Sensory Toys

Cuddle with our friends

“Bent” the Sloth

- Designed to stimulate and calm the nervous system through pressure
- Can be hugged and carried
- Suitable for all ages (infants all the way to elderly)
- Comes in 4 different sizes:
 - Baby Bent: for 1yo+, 27 x 36cm, 1.7kg
 - Small Bent: for 3yo+, 31 x 32cm, 3.0kg
 - Big Bent: for 6yo+, 39 x 63cm, 4.5kg
 - Mega Bent: for 15yo+, 50 x 40cm, 6.3kg

“When the body is exposed to pressure stimuli, oxytocin is released, which has a stress-relieving effect and creates calm in a restless body”

“Poul” the Octopus

- Experience the calming and sensory effect of Poul the Octopus, our semi-heavy blanket and thigh pillow, created with special needs in mind
- Place Poul on your stomach or chest and wrap his arms around your body at bedtime or timeout situations
- Poul has a soft and bubbly surface in his arms, like a form of suction cups, that provides tactile stimulation
- One size, weight: 2.7kg

“Eric” the Squirrel

- Designed to soothe and entertain young children and older people with dementia
- Eric also offers tactile stimulation through his soft ears and “nuts” in his cheeks, which invite soothing touch
- Eric can comfortably fit on your stomach, chest or legs to create optimal calm
- One size, weight: 2.0kg

Play with our friends

“Zap” and “Zille” the Frogs

- Take our frogs on adventures and create a world of security and fun
- Designed with the heart to provide care and security to little ones who are restless from 1yo+
- Zap and Zille are not just for fun - also use it for motor exercises and play that strengthen the child’s balance and affect muscle-joint senses
- We can be your child’s best friend on the adventure towards a safer and more fun everyday life
- One size, weight: 1.2kg

“Niner” the Bunny

- Our little bunny can be made to seem lifelike by squeezing it, creating an interactive and soothing experience
- Niner has different fillings that stimulate the senses Small grains inside can be felt between the fingers and long ears can be twisted around to satisfy tactile needs
- Small toy under 1kg only for ages 3yo+

“We can easily be washed in the washing machine at 40°C. After washing, we should be left to air dry”

“Rita” the Donkey

- Rita the donkey is the perfect weighted toy for young children who need motor or tactile stimuli
- Designed with love and care to provide security through her weight for restless children +3yo
- Rita can be used in a myriad of situations, e.g. in a timeout situation in front of the TV after a long day at kindergarten, etc.
- One size, weight: 1.8kg

Snooze with our friends

“Morriz” the Rhino

- The rhino Morriz is a weighted blanket created for young children who may have difficulty falling asleep or need a calming timeout during the day
- Morriz has ears and horns that are perfect for fingering and creating stimulation for the child’s senses
- One size, for 1yo+, 47 x 47cm, 1.5kg

“Pilo” the Walrus

- Pilo is a fantastic sensory rest blanket, shaped like a small walrus and created for ultimate relaxation
- Provides tactile stimuli thanks to the soft material and the tusks that you can play with
- Feel the pressure on shoulders and body to create calm
- Available in 2 sizes:
 - Small: for 1+yo, 52 x 36cm, 1.4kg
 - Large: for 3+yo, 57 x 75cm, 2.7kg

“Kokos” the Llama

- Kokos is a llama with a calming heaviness that helps with restlessness
- Made of soft and luxurious fur with weight in the neck and body
- Kokos can be placed on the patient’s stomach and the neck can be raised over the shoulder
- Available in 2 sizes:
 - Small: for 2+yo, 41 x 77cm, 2.2kg
 - Large: for 6+yo, 54 x 103cm, 3.5kg

“Manta” the Ray

- Let Manta’s wings wrap around your body to create a sense of security
- Designed to calm and provide a sense of closeness
- Can also help relieving restless legs during sitting
- Available in 2 sizes:
 - Small: for 1+yo, 53 x 47cm, 1.2kg
 - Large: for 3+yo, 64 x 60cm, 2.9kg
