

New Zealand's getting BikeReady

New Zealanders with
the competencies to
be responsible, safer
citizens ON and
AROUND bikes.

NZ – pre BikeReady

PROBLEM A - Limited reach

PROBLEM B - Limited integration

PROBLEM C - Limited quality

PROBLEM D - We don't measure the benefits

PROBLEM E - Duplication

The Winning Formula

BikeReady Grades

Complete Beginner

Grade 1

Grade 2

Grade 3

BikeReady

Skills and experience to bike for life
bikeready.govt.nz

NZ TRANSPORT
AGENCY

New Zealand Government

Grade 1 – Control and Master

Competencies- developing balance and bike control skills for:

- Starting, stopping and steering
- Riding with one hand to signal
- Looking all around, including behind

Competencies – building their knowledge of:

- What makes a safe bike and helmet
- The legal requirements for cycling on-road
- Bike control skills and observation techniques

Additionally, they begin to develop an attitude of cooperating with others who are cycling around them.

Through these competencies they gain the confidence to ride more often.

Grade 2 – See, be seen, communicate

Competencies- gaining the physical skills to:	Competencies – building their knowledge of:
<ul style="list-style-type: none">• Refine their bike handling skills to be able to ‘look, signal, look again, move’	<ul style="list-style-type: none">• Observation techniques and hazard awareness for cycling on-road• Defensive cycling strategies• Some of the road rules• The importance of lane position (to ‘see and be seen’)
<p>Additionally, they develop positive road sharing behaviours and attitudes to other road users.</p> <p>Through these competencies, they gain the confidence to use bikes on quiet local roads.</p>	

Grade 3 – Read and react

Competencies- gaining the physical skills to:	Competencies – building their knowledge of:
<ul style="list-style-type: none">• Extend their bike handling skills to manage hazardous road surfaces	<ul style="list-style-type: none">• Advanced road positions when navigating multi lane roads• Further progress hazard awareness and safe cycling strategies to negotiate complex road environments including higher speed rural roads
<p>Additionally, they continue to develop their positive road sharing behaviours and cooperative attitudes to other road users.</p> <p>Through these competencies, they gain the confidence to use bikes in more complex road environments.</p>	

Come along for the ride!
