

Reusing What We've Got

Delivering Affordable Cycle Infrastructure

09 March 2026

Designing a 7 km cycle network in New Lynn

- Limited space
- Limited time
- Limited budget

Designing a 7 km cycle network in New Lynn

 Trees that must be retained

 Congested roads

 Power poles / services

 Existing drainage issues

 Narrow corridors

Doing a Lot With Very Little

From simple kerb realignments,

to threading paths around trees
both horizontally and vertically,

resolving conflicts early before they
became costly

focusing on outcomes rather than
perfection

Curious How We Made It
Work?
