CETANZ Technical Innovation Award

The CETANZ Technical Excellence award recognises innovation from an individual or collective laboratory. The innovation can be in regard to any aspect of materials testing or laboratory practise.

This award is presented every two years at the conference and recognises all finalists.

Nomination Criteria

Nominations must be for an individual or collective laboratory. The laboratory/workplace must have at least one employee at that office location with an active CETANZ membership.

The nomination shall describe the innovation in 300 words or less and should include evidence and examples of the innovation including the improvements it development brings.

All nominations must be emailed in PDF format to info@cetanz.org.nz

The closing date for nomination submissions is **Friday 4th July**.
