

# CONNECTING TO NEW ZEALAND'S MOST ACCESSIBLE PLAYGROUND

KIRSTY HORRIDGE AND GEORGE LANE

## Bridging details over tree roots

It was discovered late in the design phase that the tree roots would probably sustain damage during construction. The transportation staff collaborated with the Parks team and the arborists to create a protective 'bridge' over the tree roots.

## Providing safe access to the Mosque and Settlement Centre

This is Hamilton's busiest mosque, where daily prayers are held. The surrounding area is known for its high migrant population, with many worshipers relying on walking to reach the mosque.

## Modes Separated

## Before and After counts

Mode	Before	After	%increase
	194	273	+41%
	4	39	+875%

## Future Connections

## Shared path through the park
