Presentation overview (250 words maximum)

The Travelwise Programme primarily refers to active travel and safe travel behaviour change programmes in Auckland primary, intermediate and secondary schools.

On March 2018, Auckland Transport delivered an Auckland-wide lead teacher conference for Travelwise schools. The conference theme was: ActivATe: getting kids out of cars and active.

The conference was designed to equip Lead Teachers to implement the Travelwise Programme in their school and community focused on achieving lasting behaviour change.

Previously, AT delivered a series of lead teacher/student workshops that led to limited sustainable outcomes. This year AT implemented a conference model that enabled teachers to select from a range of topics specific to active travel and road safety issues and concerns they faced at their school.

The conference was attended by 149 teachers from 132 schools and led to at least 337 completed or planned follow up activities and events in the following three months.
