THE AUSTRALASIAN DENTAL SYMPOSIUM 2023

./GC./

CELEBRATING  
ONE CENTURY  
OF GC CORPORATION

18<sup>th</sup> february  
australian national  
maritime museum  
sydney

# sharing 100 years of experience towards simplification in dentistry

GC

## GC CORPORATION CENTENARY

The turn of this decade marked 100 years of GC's contributions to the improvement of global well-being through oral healthcare. Most importantly, it marked a need to examine the evolution of dentistry that has resulted in modern challenges for today's practising professional.

The industry has witnessed a transformational shift in the face of a growing ageing population and a global pandemic. All the while, increased accessibility of treatment information through online platforms has changed public understanding of oral health and patient expectations. Yet, continuous development of treatment solutions and emerging technologies promise new horizons for practices across the world.

GC Corporation invites you to *Insight Hyaku100* on Saturday 18<sup>th</sup> of February at the Australian National Maritime Museum in Sydney: observe latest developments in the new age of clinical, procedural and evidence-based dentistry.

Engage with the country's leading experts and key opinion leaders against the backdrop of Darling Harbour as they share modern solutions to modern challenges and discuss ways to optimise clinical workflows whilst moving towards a higher standard of dentistry.

Celebrate one century of **GC, the Leader in Quality.**
