Acknowledgement

- I acknowledge and pay my respect to the Gadigal people, the Traditional Owners and ongoing custodians of the land on which we are presenting today.
- I pay my respects and express my gratitude to their ancestors and their descendants who have, and continue to provide custodianship of the land, water, sky's, culture and knowledge systems of their county.
- I acknowledge that innovation, research, and medicine did not simply appear in this place in 1788, but that this place has always been a place of science, observation, evaluation and healthcare.
- I acknowledge that Aboriginal and Torres Strait Islander peoples are Australia's first scientists, our first educators, and our first healers of illness.
