ePrescriptions

47k+
doctors in transmitting
ePrescriptions

T Health Improving lives through digitally-enabled care for our community

Aged Care | Hospital | Pharmacy | Population Health | Primary & Community | Analytics & AI | Connected Care | Virtual Care

We work to improve lives through digitally-enabled care for our community.

Telstra Health operates across seven key sectors

Hospital

Helping providers deliver safer, high-quality patient care while improving efficiency.

Primary and Community

Helping patients connect with providers and improving efficiency within your practice.

Aged Care

Helping residential aged care providers to efficiently deliver personalised, quality care.

Virtual Care

We believe all Australians deserve access to high-quality healthcare regardless of their location.

Pharmacy

Helping you manage medications safely and securely, and improve your business efficiency.

Population Health

Integrating clinical information across the health system to help enable safer, well-informed, more personalised patient care.

Analytics and AI

Supporting healthcare organisations make better and faster decisions through our capabilities in analytics and AI.
