

Billy Button Babysitting Agency is an Approved Full Industry Registered and Accredited Childcare Nanny and Babysitting Agency. We are the Alpine Agency of Choice in Snowy Mountains and Australian Alpine regions. We Advocate for child safety in the professional childcare industry, by regulating our Agency through all governing bodies partnerships. Your Peace of mind is always our priority, making sure your child is safe and cared for

### **Your Child's Day**

This is a private service that comes to your booked accommodation. We bring a few toys and arts crafts for the booking. On the day we will take your little one out into the village playground and activities around nap time. The carers send you photos and updates throughout the day so you have total peace of mind. It also gives you an opportunity to share your day or give the carer direct instructions in case you forgot to mention a special toy bunny (perhaps nap toy etc). We ensure that you get the rest and recoup you need on your adult day out, while making sure your little one has their own memories via photos we take for you to keep from the chat

### **Multiple Families**

We recommend this option during the very busy winter season. You will need to be staying at the same accommodation and all handovers are to be done from this single location. All families under care have to complete separate paperwork for their own family. This we will issue separately to all families to cover important health and safety information for your individual family needs. Shared care is the most reasonable care arrangement you will find in the Snowy Mountains. You will be sharing the costs essentially as a multiple family booking.

### **Rates in Winter 2025**

#### Single Family

Hourly rate is \$65 per hour + gst

#### Multiple Family

Hourly rate is \$65 per hour + gst for the primary family.

Every additional family under the same booking is \$35 per hour + gst.

Essentially clients then share the total hourly cost of the booking equally.

We have childcare age and carer ratio numbers to follow with these bookings.

### **Don't Waste Precious Time**

Winter in the Snowy Mountains is extremely busy for our agency. There are simply No childcare centres for Tourists and you are booking a rural regional service in the mountains. Once you confirm your booking, you are an invoice payment away from a locked in babysitter for your Winter trip. You are best to secure your care for Winter before the season begins. Once our days are fully booked we run a waitlist.

### **Important Booking Information**

We are simply too busy in the Winter to offer flexi hours. Our carers need to safely get to and from the mountain between bookings. Only closer to your actual booking we can communicate with your booked carer to see if they can offer flexibility, but this will only be on a case by case booking and in the hands of your carer's availability.

### We have minimum hours for bookings in Winter

- Daytime : (07.00 - 17.00)

We can only offer you 6 hours Daytime minimum booking in Winter 2025 during the specific daytime slots

- Evening : (17.00 - midnight)

We can only offer you 4 hours minimum Nighttime booking in Winter 2025 during the specific night time slots

### Frequently Asked Questions

Please read this to understand the premium service we offer and have all your questions answered. You are most welcome to contact us directly on 0414846576 and speak with Lindy the Agency owner for any questions you didn't find answers to in the FAQ.
