FAQ's

Can I use my old Award Force login?

Yes. If you've already used Award Force, you can use your previous password (select forgot password to reset if you need).

How do I set up a new Award Force Login?

If you are new to Award Force, enter your email in the login section and click through to 'Forgot Password' and follow the instructions. Alternatively, ask your station manager to submit the entry on your behalf.

If Award Force is asking me to register but I already have, what can I do?

If you clear your browser search history and the cookies on your computer this should clear the history and you will be able to login with your account. If there are still issues talk to your station manager and ask them to submit on your behalf.

Do I need my station's permission to enter?

Yes. Entrants are required to obtain permission of the station's board President or Station Manager before submitting their entry. If the station board President or Station Manager is the individual entering the award, permission will not be required.

Can I submit a program I did a few years ago?

No. All entries must be focused on broadcasts or other station or individual activities occurring between 1 May 2024 and 30 April 2025.

When are entries due?

Entries must be received by 11:59 pm AEST Monday, 30 June 2025.

If I won or was a finalist in a category last year can I apply for the same category again?

Winners from previous years are ineligible from entering the same work in the same category. An entry will be deemed ineligible if the same content has previously won that category at a previous CBAA Community Broadcasting Awards. Finalists are eligible to enter.

Can our station put multiple entries in one category?

No. A maximum of one entry per category per member station will be accepted, if there is more than one entry it may disqualify the station from that category.

FAQ's

Can I enter the same program in multiple categories?

Yes. Entrants may enter the same work in more than one category if it fits the criteria for each category. A separate entry must be completed for each category. Please note that as a station is only allowed one entry per category, other entrants from the station are considered first.

What format does the audio upload need to be?

The accepted file types are: mp3, m4a and mpeg4. Each 'file upload' field is limited to 100MB per submission. Each category will state how long the file needs to be.

Does every entry need a 30 second audio bite?

Yes, if it's related to a program. All entries related to programs must upload a 30-second byte from the program/event in the attachments tab of the Award Force system.

How do I nominate for the Michael Law Award, Tony Staley Award, and the Community Broadcasting Honour Roll?

The Michael Law and Tony Staley Awards are decided by an internal panel. Each station may submit up to one entry for the Community Broadcasting Honour Roll for consideration.
