VELA Tango chairs

Independent living

The VELA Tango chair range – support for independent living, every day

Whether at home, at work, in school or in any environment where mobility is essential, the VELA Tango chair range provides a comfortable, stable, and supportive seating solution that promotes independence.

Designed for ease of movement, these chairs feature an adjustable seat height of 200 - 300mm, a smooth seat rotation for effortless positioning, and easy-rolling wheels for increased mobility.

Users can even walk or 'punt' the chair around the room when seated at a low height, making daily routines easier and more manageable.

Supporting daily life at home and beyond

Independence in the classroom

The chair's adjustment options support comfortable and safe seating in learning environments, helping to improve concentration and encourage active participation in learning activities.

Independence in personal care

These chairs provide safer mobility and independence for daily tasks like cooking, cleaning, and self-care, with adjustable height, seat angle, and smooth movement.'

Ideal for office environments

The ergonomic design, adjustable height, and rotating seat make the VELA Tango perfect for office settings, offering comfort and reducing strain during long hours.

Reduced strain on carers

The VELA Tango chairs ease the physical demands on carers with features like a central brake and adjustable height, ensuring safer, smoother transfers.

VELA Tango Chair range

The VELA Tango range of specialised chairs are designed to help adults and seniors maintain their independence and daily routines, both at home and in the workplace.

Offering a perfect blend of comfort and mobility, it provides an ideal solution for enhancing everyday activities.

VELA Tango 700

Offers a gas-assisted mechanism for manual seat height adjustment, ideal for users of up to 160kg (ideally 145kg) with sufficient leg strength and balance.

VELA Tango 700E

Supports users up to 160kg (ideally 145kg) and features electric height adjustment up to 300mm for easy customisation.

VELA Tango 310E

Designed for users up to 300kg. Provides the same mobility support with added comfort and space for higher weight capacities.

The VELA Tango 700/700E gives you the choice between two ergonomically designed seat and backrest styles – 'Active' or 'Contour' – with the added option of power wheels for enhanced mobility.

Everyday mobility for independent living

VELA Tango chairs are built to promote independence with an intuitive, user-friendly design. Engineered for comfort and mobility, they enable users to move freely and confidently throughout their daily routines.

- **Adjustable Height:** the 200-300mm range helps users reach higher surfaces without assistance.
- **Rotating Seat:** Rotates 90° to the left and right, providing flexible positioning.
- **Central Brake:** Ensures the chair remains stable and secure when not in use, preventing any unwanted movement
- **Ergonomic Design:** Provides comfort and support for long periods of use.
- **Maneuverability:** Smooth-rolling wheels provide greater mobility on hard floors without excessive physical effort.
- **Seat tilt:** Adjusts 10° forward and 15° back to support posture and reach.
