

WEBINAR SERIES 2026-2027

# NZSO

NEW ZEALAND SOCIETY FOR ONCOLOGY  
Te Pūao Mātai Pukupuku

## ONCOLOGY IMMUNOTOXICITY WEBINAR SERIES

With the expansion of immunotherapy indications for cancer treatment in New Zealand, immune-related adverse events are expected to increase.

**Te Pūao Mātai Pukupuku NZSO Oncology Immunotoxicity Webinar Series** has been developed to support New Zealand health professionals in identifying, managing, and understanding immunotherapy toxicities and contraindications.

This free educational series will bring together leading national and international experts to provide practical, evidence-based guidance for professionals involved in cancer care.
