INVITATION

Partner with us to shape the future of infrastructure at the Infrastructure Sustainability Council Connect Conference 2026

It is my great pleasure to invite you to NZ Connect 2026, where our focus will be on infrastructure delivered responsibly and productively today, for a better tomorrow.

The Infrastructure Sustainability Council invites you to play an important role in advancing productivity and efficiency in the delivery of Aotearoa's much-needed infrastructure - while keeping people and planet at the heart of our decision-making.

For the first time, the NZ Connect Conference will turn its sights to Wellington for a jam-packed program of learning, listening, debating and sharing. Join senior executives, government and industry leaders, and sustainability professionals from across Aotearoa New Zealand who are actively solving challenges, setting ambitious targets and navigating accountabilities – each forging pathways to resilient, economical and transformational infrastructure.

Together, we will explore how infrastructure can be a force for good - enabling communities to thrive, regenerate ecosystems, and drive intergenerational impact.

With your partnership, we'll convene the thinkers, doers, and disruptors who are shaping the future.

Toby Kent
Chief Executive Officer

Why Partner?

Partnering with NZ Connect 2026 is a strategic opportunity to lead, influence, and inspire. Here's how your organisation will benefit:

Brand Impact: Amplify your brand's visibility and credibility among the most influential voices in infrastructure and sustainability. Be recognised as a visionary leader committed to shaping a better future.

Collaboration & Influence: Join forces with industry pioneers, policy makers, and innovators to co-create solutions to the most pressing challenges of our time - from circularity and sustainable procurement, to decarbonisation, nature-based solutions, social license and next-gen technologies.

Targeted Networking: Engage with a curated network of high-level decision-makers, change agents, innovators and emerging leaders. Build strategic partnerships that unlock new opportunities and accelerate impact.

Lead the Conversation: Take the stage in conversations that matter. Share your insights, showcase your innovations, and help shape the narrative around sustainable infrastructure and systems transformation.

Strategic Positioning: Align your organisation with a bold, future-focused agenda. Demonstrate your commitment to regenerative design, climate resilience, and inclusive growth.

Venue Te Papa, National Museum
5 Cable Street, Wellington

RESPONSIBLE EVENT DELIVERY

ISC Connect supports the principles of sustainable event management. These include the use of sustainable materials and production, recycled paper and fair-trade supply, the banning of bottled water, control of waste management, energy efficiency and monitoring, amongst a range of initiatives. In keeping with these principles 'satchel inserts' will not be offered as part of any partnership packages, and a paperless event is encouraged. We ask that you support our sustainability efforts in your conference planning.
