WARNING: Based on the results from a post-marketing safety study of another JAK inhibitor, RINVOQ should only be used if no suitable treatment alternatives are available in patients:

- With history of atherosclerotic cardiovascular disease or other cardiovascular risk factors (such as current or past long-time smokers).
- With malignancy risk factors (e.g. current malignancy or history of malignancy).
- Who are 65 years of age and older.

Refer to the Product Information.

RINVOQ PBS Information: Authority required. Refer to PBS Schedule for full authority information.

This medicinal product is subject to additional monitoring in Australia. This will allow quick identification of new safety information. Healthcare professionals are asked to report any suspected adverse events at www.tga.gov.au/reporting-problems.

Please review full Product Information before prescribing. Product Information is available on request from AbbVie Pty Ltd by calling 1800 252 224, at abbvie.com/au-rnqr-pi, or by scanning the QR code.

This communication is intended for a healthcare professional audience only and may also contain information that is proprietary, confidential, or exempt from disclosure. By accepting this invitation, you confirm that you have obtained all necessary consents, approvals and any required permissions from your employer or any institutions with which you are associated to attend the Educational Event ("Event"). The primary purpose of this Event is to provide medical education and therefore only invited and accredited healthcare professionals may attend the Event. In accordance with the Code of Conduct for the prescription medicines industry in Australia, any costs (for example travel or meals) incurred by a partner/spouse, guest or family member travelling with a healthcare professional must not be paid for or subsidised by AbbVie Pty Ltd. AbbVie products will be promoted during this meeting.

AbbVie is committed to environmental sustainability and has chosen to print on EcoStar. EcoStar is manufactured with 100% recycled post-consumer waste and is made carbon neutral. EcoStar is both FSC® and ISO 14001 Certified. This has been printed by a Forest Stewardship Council® (FSC®) chain of custody certified printer.
