INTERNATIONAL ACADEMY OF PATHOLOGY · IAMM 1906

02

About Us

The Australasian Division of the International Academy of Pathology is dedicated to fostering education, research and to advance knowledge in pathology.

The conference aims to provide attendees with updates and recent research findings, with practical applications to enhance their day-to-day practice of pathology and enable them to tackle challenges ahead.

The society's premier event brings together a global gathering of world-renowned pathologists who are acknowledged leaders in their own branch of anatomical pathology.

Exhibiting at the Annual Scientific meeting puts your organisation in front of some of the key decision makers in Pathology. The International Academy's Annual Scientific Meeting is one of the largest regular gatherings of anatomical pathologists within the region with 600+ registrants this year.

The event is dynamic and inspiring, including a fantastic mix of formal lectures, symposia, Meet the expert sessions, oral workshops, short courses, boot camps and poster presentations plus a variety of exhibits – all covering a wide spectrum of topics.

Supporting this important educational forum demonstrates our mutual commitment to pathology and continuing professional development for pathologists working in our region. In addition to directly promoting your brand and displaying your products, your involvement will give you the opportunity to communicate and network with key personnel from both hospital and private laboratory practice and connect with decision makers and early adopters of new technologies, software and services.

National and international leaders in pathology research will also be in attendance, and are looking for the latest that can propel their projects further amongst the global scientific community. Sponsors will therefore have the opportunity to showcase their products and innovations across both research and clinical practice.

The exhibition runs alongside the conference and gives your company/organisation the opportunity to display your product and/or service to potential clients. This prospectus outlines, in general terms, the various ways in which you and your organisation may wish to participate as a valued sponsor or exhibitor. The Academy will be delighted to work with you to develop a more customised package that directly meets your specific needs.

THE SCIENTIFIC PROGRAM WILL FEATURE

- International keynote speakers
- Subspecialty pathology sessions
- Short courses, Boot Camps & Master Classes
- Meet the Expert sessions
- Workshops and companion sessions
- Industry exhibitions and networking events
- Vincent McGovern Lecture
- Poster Presentations

TOPICS

- Bone & Soft Tissue Pathology
- Breast Pathology
- Dermatopathology
- Digital & Quantitative Pathology
- Endocrine Pathology
- Cytology
- Education in Pathology
- Gastrointestinal Pathology
- Gynaecological Pathology
- Head & Neck Pathology
- Liver Pathology
- Lung Pathology
- Lymphoma Pathology
- Neuropathology
- Molecular Pathology
- Ophthalvamic Pathology
- Paediatric Pathology
- Renal Pathology
- Uropathology

Keynote Speakers

The 2027 Annual Scientific Meeting will feature internationally recognised keynote speakers presenting across major subspecialty areas of pathology. Delegates will have the opportunity to engage with world leaders in diagnostic pathology, translational research, and medical education through keynote presentations, meet-the-expert sessions, and companion programs.

Anne Mills

GYNAECOLOGICAL PATHOLOGY

M.D. Associate Professor

Dr. Anne Mills is a tenured Associate Professor of Pathology at the University of Virginia. She received her MD from UVA in 2008 and completed Anatomic and Clinical Pathology Residency at Stanford University in 2012, subsequently returning to UVA to receive fellowship training in Gynecologic & Breast Pathology and Cytopathology. She joined the UVA faculty in 2015 and maintains a busy clinical schedule that includes in-house gynecologic pathology, breast pathology, and cytopathology specimens, as well as a consultative service for challenging gynecologic pathology cases submitted from all over the country.

Her research focuses on human papillomavirus-related neoplasia, heritable and mismatch repair-deficient malignancies, immunotherapy biomarkers, and rare endometrial carcinoma histotypes, and she has published over 100 original articles and chapters on these topics. She is active in reviewing emerging research through her role on the Editorial Boards of The American Journal of Surgical Pathology, Modern Pathology, and The International Journal of Gynecologic Pathology.

In addition to focusing on resident and fellow education at UVA, where she serves as both the AP/CP Residency Director and Gyn/Breast Fellowship Director, she delivers lectures on gynecologic neoplasia for practicing pathologists around the world. Her contributions to the field have most recently been recognized with a CAP Lifetime Achievement Award (2023) and UVA School of Medicine Early Achievement Award (2025).

Outside of work she enjoys spending time with her husband and two children as well as trail and road running, lifting weights, reading fiction, tending and propagating indoor plants, and engaging in water sports both above and below the surface. While in Australia, she hopes to do some SCUBA diving with the Great Whites off Port Lincoln!

Keynote Speakers

Amy Chadburn

LYMPHOMA PATHOLOGY

M.D. Professor
Weill Cornell Medicine, New York, USA

Dr. Amy Chadburn received her medical degree from Stanford University Medical School. She did her pathology residency training at the now New York Presbyterian Hospital – Weill Cornell Medicine (NYP-WC) followed by a hematopathology fellowship at Columbia Presbyterian. She subsequently was part of the hematopathology faculties at Columbia Presbyterian, Northwestern-Feinberg School of Medicine and Weill Cornell Medicine, focusing her career on lymphoid lesions, particularly those arising in the setting of immunodeficiency and dysregulation.

She has held leadership roles in major Pathology Societies, including Society of Hematopathology, NY Pathological Society (president), United States and Canadian Academy of Pathology (USCAP; currently on the Board of Directors) and American Society of Clinical Pathology (ASCP; co-chair of the annual meeting).

She has over 200 peer reviewed papers, contributed to several book chapters and has written for the WHO Classification of Tumours (hematopathology in 2008, 2016, 2022 and digestive tract in 2019). She received the Arthur Purdy Stout award.

Raul S. Gonzalez

GASTROINTESTINAL PATHOLOGY

M.D. Professor

Dr. Gonzalez is Professor of Pathology & Laboratory Medicine and Director of the Gastrointestinal Pathology Service at Emory University Hospital. He received his MD from the Medical College of Georgia and completed AP/CP residency training at Emory University, followed by fellowships in surgical and gastrointestinal pathology at Vanderbilt University.

Dr. Gonzalez has authored more than 140 peer-reviewed publications and a textbook on liver pathology, as well as chapters for several other textbooks and numerous topics on Pathology Outlines, where he previously served as Editor in Chief. He has lectured nationally and internationally, including at USCAP and CAP annual meetings, and has given several lectures on the pathCast platform. He served as Chair of the CAP Surgical Pathology Committee (term ending 2026) and has participated in multiple dataset authoring committes for the International Collaboration on Cancer Reporting.

He is currently President-Elect of the Rodger C. Haggitt Gastrointestinal Pathology Society, Chair of the Social Media Subcommittee for the International Academy of Pathology, and a Regional Editor for Histopathology. Dr. Gonzalez has received residency teaching awards from Beth Israel Deaconess Medical Center and Emory, and in 2023, he received the Gastrointestinal Pathology Society's Jack Yardley Investigator Award.

05

Richard Scolyer Fun Run & Walk

The **Richard Scolyer Charity Fun Run and Walk** is a signature event of the 2027 IAP-AUS Annual Scientific Meeting.

The event is held in honour of Professor Richard Scolyer AO, former Australian of the Year, internationally renowned pathologist, melanoma researcher, and one of Australia's most respected medical scientists.

Professor Scolyer's extraordinary contributions to pathology, cancer research, medical education, and patient care have had a profound impact both nationally and internationally

Open to delegates, industry partners, and members of the public, the event recognises the remarkable achievements and ongoing legacy of one of Australia's most influential pathologists and in 2027 will raise funds for The Australian and New Zealand Head and Neck Cancer Society.

> "Every step recognises the remarkable achievements and ongoing legacy of one of Australia's most influential pathologists.

WHEN

ASM 2027

Open to all members of the public

WHERE

Adelaide

Riverbank route· Details TBA

By supporting the Richard Scolyer Charity Fun Run and Walk, your organisation can demonstrate a strong commitment to Corporate Social Responsibility while contributing to vital brain health research. Each year, the event raises funds for important research, and in 2027 the charity partner is the Head and Neck Cancer Society.

8 Sponsorship Opportunities

WHY SPONSOR THE 2027 ASM?

- 600+ delegates expected
- One of the largest anatomical pathology meetings in Australasia
- Extensive networking opportunities
- Dedicated exhibition space within the Adelaide Convention Centre
- High visibility branding opportunities throughout the meeting
- Direct engagement with pathology leaders and laboratory decision makers

SPONSORSHIP & EXHIBITION OPPORTUNITIES

Gold Sponsor

$17,400+GST

Your inclusions:

- One 6m x 3m exhibition stand
- Priority exhibition placement (subject to availability)
- Daily acknowledgement by the IAP President during plenary sessions
- Company logo displayed on delegate lanyards
- Logo included on conference website and promotional materials
- Logo displayed on conference holding slides between sessions
- Four complimentary registrations
- Four cocktail function tickets
- Opportunity to purchase additional discounted exhibitor registrations

Silver Exhibitor

$10,400+GST

Your inclusions:

- One 6m x 3m exhibition stand
- Logo included on conference website and promotional materials
- Three complimentary registrations
- Three cocktail function tickets
- Opportunity to purchase additional discounted exhibitor registrations

Sponsorship Opportunities

Bronze Exhibitor

$5,800+GST

Your inclusions:

- One 3m x 3m exhibition stand
- Logo included on conference website and promotional materials
- Two complimentary registrations
- Two cocktail function tickets
- Opportunity to purchase additional discounted exhibitor registrations

Richard Scolyer Fun Run – Major Sponsor

$10,000+GST

Sponsor benefits include:

- Major logo placement on all Fun Run promotional material
- Logo featured on participant signage and event collateral
- Verbal acknowledgement during the event
- Opportunity to provide branded merchandise for participants
- Recognition on the conference website and conference app
- Two complimentary conference registrations

Richard Scolyer Fun Run – Supporting Sponsor

$2,000+GST

Sponsor benefits include:

- Logo placement on Fun Run signage
- Recognition on conference website
- Acknowledgement in conference promotional materials
- Opportunity to contribute branded items for participants

Badge Printing Kiosk Sponsor

LIMITED OPPORTUNITY

$4,000+GST

Sponsor benefits include:

- Sponsor branding prominently displayed at the point of registration
- Recognition on the conference website
- Logo acknowledgement in conference promotional materials
- High visibility exposure throughout delegate registration periods
- Registration kiosks are among the highest traffic areas of the conference and provide excellent branding visibility

A 50% deposit is required to secure sponsorship or exhibition bookings.

Final payment must be received prior to 31 March 2027.

Future Meetings

2028 Annual Scientific Meeting

Cairns Convention Centre
Friday 2 June – Sunday 4 June 2028

The 2028 Annual Scientific Meeting will be held in tropical North Queensland at the Cairns Convention Centre. The meeting will continue the Academy's commitment to delivering world-class pathology education, international faculty engagement, and strong industry collaboration within a vibrant and highly accessible destination.

Further sponsorship and exhibition opportunities will be released closer to the meeting.

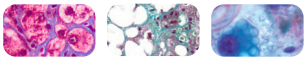

2029 Asia Pacific Congress

Sydney, Australia
Saturday 31 May – Wednesday 6 June 2029

The Australasian Division of the International Academy of Pathology is proud to announce that Sydney will host the 2029 International Congress.

This prestigious international event will bring together pathologists, researchers, educators, and industry leaders from around the world for a landmark scientific and networking experience.

Additional details regarding sponsorship opportunities and exhibition packages will be announced in future communications.
