

NATIONAL MND CONFERENCE 2026

Sponsorship Prospectus

Adelaide Convention Centre | 9-11 September 2026

PARTNERSHIP INVITATION

At MND Australia, we recognise that every organisation is unique. All sponsorship and exhibitor packages outlined in this prospectus are fully customisable. We welcome the opportunity to discuss how we can best partner with you to achieve your goals and maximise your impact at the conference. Please reach out to our team to explore tailored options and collaborative opportunities.

WHY BE INVOLVED?

In 2026, MND Australia will present the National MND Conference. This premier event will bring together the entire Australian MND community, for the first year combining the Australian Research and Care Conferences into one event.

This landmark conference will bring together leading clinicians, researchers and professionals across service delivery, neurology, palliative care, rehabilitation and respiratory medicine, alongside individuals with lived experience and sector leaders.

As a truly national gathering, the conference offers sponsors direct engagement with a highly relevant and influential audience of decision-makers, practitioners and sector stakeholders.

Building on the strong momentum of the 2025 MND Australia Care Forum, delivered in conjunction with the 2025 PACTALS and attended by more than 650 delegates - the 2026 event will provide expanded visibility and deeper engagement opportunities for partners.

Sponsors will benefit from premium brand exposure through tailored speaking opportunities, curated networking events, lunch symposia and targeted activations designed to showcase your expertise, products and services to a dedicated and engaged audience.

WHO WILL ATTEND?

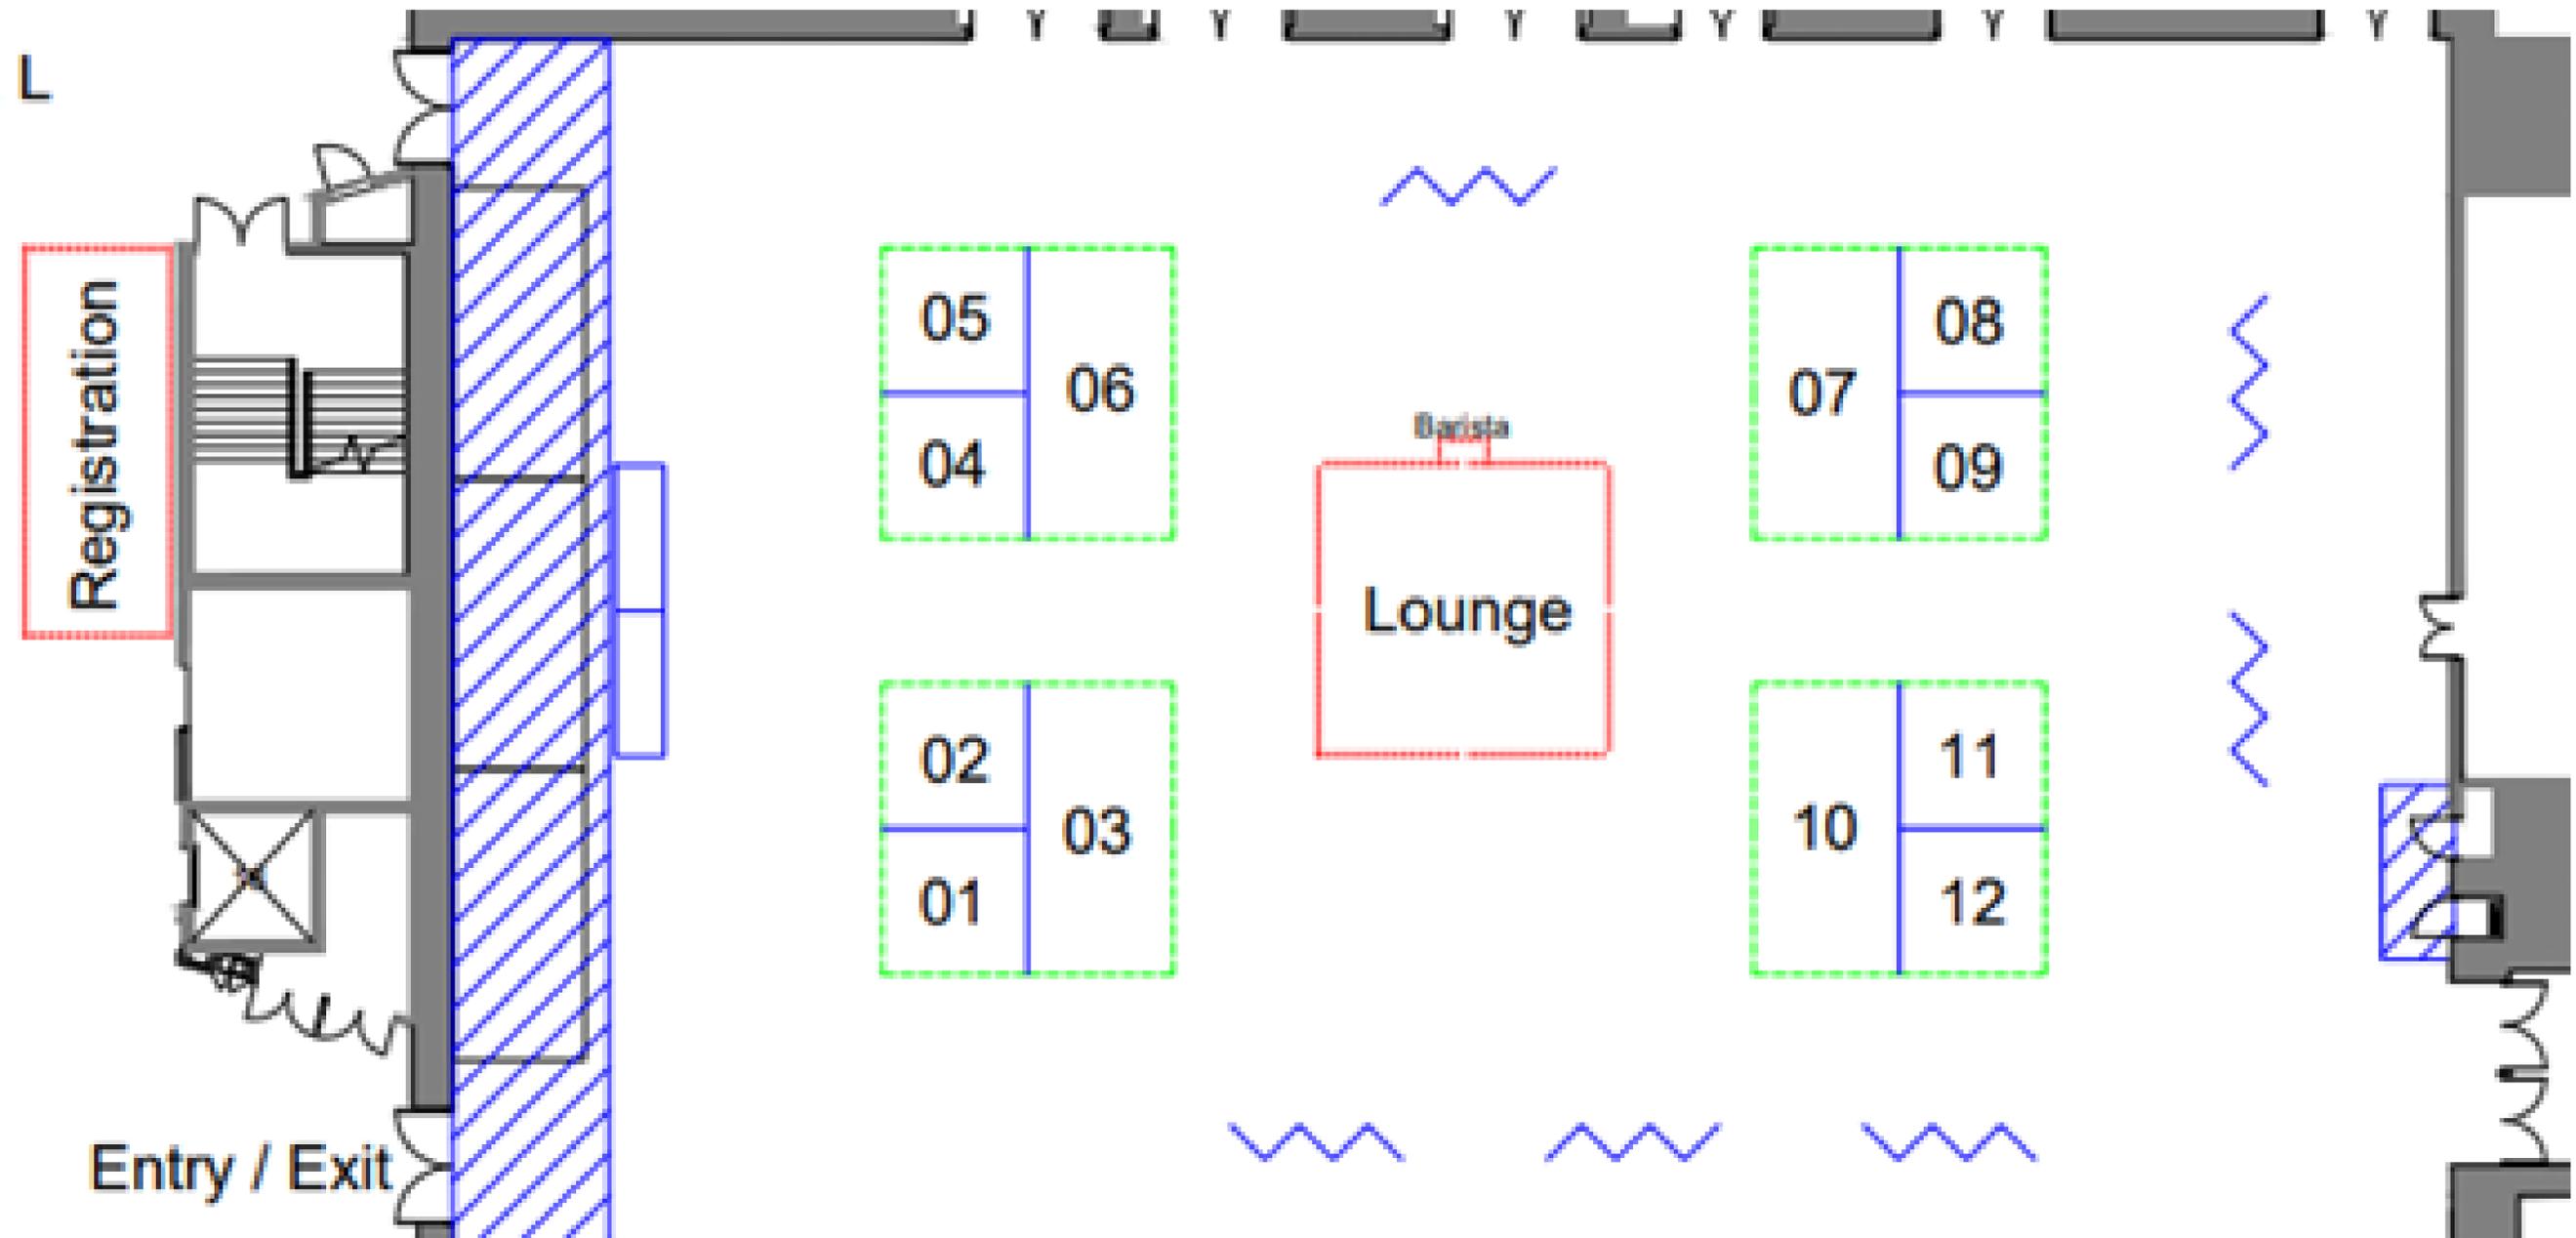

People with MND/ALS	Biomedical Scientists	
Patient Advocates	Carers	Clinical Neurophysiologists
Nurses	Epidemiologists	Charity Representatives
Dietitians	Federal and State Government	Nutritionists
Neurologists	Pharmacists	Immunologists
Physiotherapists	Respiratory Therapists	Palliative Care Specialists
Speech And Language Therapists	Occupational Therapists	Neuropsychologists
