SERVICE & SUPPORT

Supporting your operation, wherever you are.

The Irizar commitment extends well beyond vehicle delivery.

With our national support network, dedicated service technicians and comprehensive parts availability, we provide the expertise and resources needed to keep your fleet operating at its best.

Our Australian headquarters and main parts distribution centre are located in Victoria, supported by strategically positioned safety stock across the country to ensure fast parts availability when required.

Mobile service technicians operating in multiple states provide on-site support directly at customer depots, minimising downtime and helping operators maintain maximum vehicle availability.

MOBILE SERVICE TECHNICIANS

On-site support at your depot by experienced technicians.

PARTS AVAILABILITY

Main parts warehouse in Pakenham, with safety stock in key states.

SERVICE CONTRACTS

Regular servicing by qualified technicians to keep fleets moving in all states.

ISERVICE PORTAL

Digital support and resources available anytime, anywhere.

IRIZAR ISERVICE PORTAL

SERVICE & MAINTENANCE AT YOUR FINGERTIPS

Irizar's iService Portal is an advanced digital platform with technical data simplifying complex maintenance processes and ensuring fleets remain operational with minimal disruptions. Customers can create their own login and have access to it anytime.
